TROOPS CALLED OUT.

Citizen Soldiers on Hill Overlooking Shenandoah.

Weekly Trade Review - Omnibus Coronation-Deaths From Trolley Wreck - Rochester's New Depot Change of Motive Power.

A reign of terror held Shenandoah in its grasp Wednesday.

Two of the borough policemen were shot, one fatally. Joseph Beddall, a leading merchant and a cousin of Sheriff Beddall, was brutally clubbed to death, and upwards of a score of strikers were shot by policemen, and it is expected that many deaths will re-

The trouble started about 6 o'clock when Deputy Sheriff Thomas Beddail attempted to escort two non-union workers through the strikers' line of sickets. The workmen were dressed in their strest clothes but one of them carried a bundle under his arm and this aroused the suspicion of the strikers. The bundle was torn from him and when it was found to contain a blouse and overalls the man was tak en from the deputy and beaten almost to death.

In the meantime Beddall opene fire on the mob which had gathered by this time, and emptied his revolver. Two of the shots took effect, one man being shot in the leg and the other in the foot. The deputy and the other strike breaker were compelled to fly for their lives and took refuge in the Philadelphia and Reading depot.

The depct was soon surrounded by an angry mob of 5,000, who were becoming more threatening and demon-

strative every moment, Shortly after this the entire borough police force arrived on the scene and escorted the deputy sheriff and his man to an engine which had been backed into the depot for that purpose. When the mob realized that their prey was about to escape, they sur-rounded the engine and the engineer was afraid to move. In a few moments the police fired a volley, dispersing the crowd for a brief period and horses were dragged 250 feet. the engineer turned on full steam and got away with his men. Stones were thrown thick and fast about the heads

of the police whereupon Chief John Fry gave the order to fire. At the first volley the mob fell back and several were seen to fall. it is estimated that upwards of 1,fee shots were fired and the wonder is

that more fatalities did not result. More than 20 strikers, all of whom were foreigners, were shot and at least two of them will die. Twelve hundred state troops are encamped on a hill overlooking Shenandoah. Down in the town where rioters and policemen fought the bloody

California Earthquake Shocks.

A strip of county 15 miles long by four miles wide rent with gaping fissures and dotted with hills and knolls that sprung up during the night as if by magic, a village in ruins and hundreds of people fleeing for their lives, are the results of Wednesday night's seismic disturbance in the valley of Los Alamos, in the northern part

of Santa Barbara county, Cal. The stricken village appeared like ulns of a city long deserted. A church had been leveled to the ground and not one brick building was left standing. Chimneys had toppled over frame buildings had been wrenched apart and thrown from their foundations, telegraph and telephone wires had been broken and there is not a building in town that has not been damaged more or less seriously.

Since the first disturbances on Sunday night there have been more than 70 distinct shocks and those who have been keeping records have now given up as the disturbances have be come almost continuous.

Omnibus Struck by Train.

The band wagon conveying the Ilion baseball team to Suburban park Thursday afternoon was struck at the Broad street crossing in Lestershire by Erie train No. 2 and the driver instantly killed and six others were injured, one seriously. Both horses were

also instantly killed. Catcher Shea of the Ilion team attempted to save the Signor boy on the front seat, who had his left leg cut off, but was unsuccessful.

Pitcher Hess and his father, who had come to town to see his son play, were on the rear of the wagon when the train struck and were hurled 25 feet, landing on the tracks.

The wagon was turned completely around and badly damaged. The train ran nearly half a mile be

fore it could be stopped.

Chicago to New York In Canoe. Two young mariners in an open 13foot canoe and dipping their paddles deep in the water, pulled in from Lake Erie Saturday afternoon and came to the dock of the Buffalo Yar at the foot of Porter avenue, both young men having canoed all the way from Chicago. The young navigators are James Wallace and E. R. Parsons, each 19 years old, and each a member of the naval reserve in Chicago. They left Chicago three weeks ago Sunday. Monday morning they continued their journey to New York, going by way of the Eric canal. Reaching their destination they will have covered a distance of 1 200 miles of waterway

from Chicago to New York. Rochester's New Depot.

Work will shortly be begun on a new New York Central railroad passenger station at Rochester, which will cost about \$230,000, to be three stories in height and have just double the capacity afforded by the present Joseph Heddall, who was beaten to depot. The trainshed will also be coninseasibility, died at the Miners' hos siderably enlarged. TROOPS ON THE ALERT

Officers Increased Their Vigilance and Activity.

Fears That His Two Brothers Who Attended the Funeral Would Be Attacked - No Attempt to Resume Work at Any of the Collieries-Inspection of Mines Necessary.

Shenandoah, Pa., Aug. 5 .- While the situation in this region is calm the troops encamped here showed more activity yesterday than they have on any day since they were ordered to Shenandoah.

There was nothing on the surface to indicate anything, yet there was a feeling of uneasiness which caused the commanding officers to increase their vigilance and hold the soldiers in a state of preparedness. The grater part of this vigilance

was due to the fact that the funeral of Joseph Beddal, who died as a result of injuries received in Wednesday's riot, took place. Beddal is a brother of Deputy Bed-

dal, who was one of the principal figures in the fight, and a nephew of Sheriff S. R. Beddal.

These men attended the funeral and in consequence there were many rumors affoat that they would be attacked. These stories reached brigade headquarters and General Gobin decided to take every precaution possible to prevent any untoward incidents while the funeral was being held without too great a display of the military force.

A platoon of the governor's troop was stationed at one of the town's principal streets near headquarters and one battalion of the 12th infantry was held in readiness in camp to march on short notice. Provost Mar shal Farquhar also kept a watchful eye on matters with a detail of men. The funeral services were held at William Penn, a mile from here. The body was escorted by the Shenandoah lodge of the Masonic Order to Shenaudoah and through the principal streets to the cemetery, which is located on

a mountain north of the city. A great crowd lined the sidewalks, the majority of the people being striking miners. Nothing occurred to disturb the funeral and after it was over the platoon of cavalry was withdrawn

from the town. Company H of the 12th regiment was placed on duty at Indian Ridge colliery of the Philadelphia and Reading Coal and Iron company near the foreign quarters. This was done so that a town constable could be assisted in case he was attacked while making arrests of persons who were in last week's riot. The services of the soldiers, however, were not needed.

Rumors of a resumption of work in this territory are still in circulation out there is nothing to indicate that these reports have any foundation whatever. There are in the Shenandoah district 19 collieries operated by the Philadelphia and Reading Coal and Iron company, which formerly employed 12,000 men at d six collieries owned by the Lehigh Valley Coal and Iron company, which employed 3,000 mine workers. Besides these there are sev-

eral individual collieries. The mine inspector for this district said yesterday that where a coal company desires to place a mine in operation it is compelled by law to notify the mine inspector of the district in which the mine is located, so that he can make an inspection to see whether it is safe to permit men to enter it. Up to this time, he said, he had not received the slightest intimation that the companies are about to

Increase in Pension Roll. Washington, Aug. 5 .- Commissioner of Pensions Ware said that legislation enacted by last session of congress will result in at least 10,000 new pensioners. Commissioner Ware said that this growth was accounted for by the constant new pension legislation by congress.

PROSPECTOR STRIKES IT RICH. Owns Ten Claims and Gold Assays Show a Value of \$3,513,39,

Salt Lake Utah Aug 4 -- James E Haggerty, an old-time prospector, has just obtained assays of 206 pounds of Thunder Mountain quartz in Salt Lake, showing a value of \$3.513.90 per ton. And he has something like 60 tons of this quality piled up on his dump.

Haggerty owns 10 claims, known as the Perseverance group, out of which the samples were taken. He went into the country through a blizzard, on snowshoes, arriving there April 2, and has come out a millionaire in a little more than three months. He went right to prospecting, he says, and while men were hunting for porphyry all around him, in quest of another Dewey mine, and others were sinking holes to a depth of 10 feet in easy places, he sunk on the ledge and struck it rich.

Haggerty has prospected all over the West and was in Shasta county, Cal. when the Thunder mountain fever caught him. He went in as a practical miner, rather than as a chaser after mythical fortune, but after making his strike knew well enough that he had a fortune in his hands. Assisted only by his son he developed the first claim to some extent, and at the first opportunity started out of the district

with about 500 pounds of ore. Part of this was assayed by J. W. Currie, and it runs 170 ounces in gold and 53.90 ounces in silver, the value per ton being \$3,513.90. One piece of the ore weighing 101 pounds was left in Weiser by Haggerty. It showns 287 pieces of free gold. Business men of Weiser have subscribed \$200 to defray the expense of bringing out 1,000 pounds of Haggerty's ore to place on exhibition.

Haggerty has been offered \$150,000 for a half interest in his claim. He says the men who made the offer took him for a "sucker." He wants \$400. 000 for a one-eighth interest, and that much is for sale, he says, only to representative parties who will agree to put up as much money for development purposes as himself.

On the claims there is a mill site, according to Haggerty, and a water right of three thousand miners' inches. The State bank of Weiser owns 16 claims adjoining Haggerty on the same

Gypsies Stole a Child. Marion, Ind., Aug. 4.-Several members of a band of gypsies are imprisoned in the county jail here charged with child stealing. The 3-year-old laughter of Henry Herman, a glass manufacturer, was stolen from the home of her grandparents, where her parents had left her while they were enjoying an outing. Gypsies driving past the house kidnaped the child and drove south with her. In South Marion they stopped at a saloon, when the little girl was recognized by Mr. Wilson, a friend of her parents.
