Republican Meeting.

There will be a meeting of the Roosevelt Republican Club, at the Club's headquarters, in rooms in the Forest county National Bank building, next Saturday evening, October 11th, at 8 o'clock.

All Republicans and others desirous of joining the club are earnestly requested to be present.

JAY BANKHEAD, Pres. J. G. JAMIESON, Sec'y.

If you want Pattison for President, vote for him for Governor. The one means the other.

If Guffey can win the U. S. Senate the oil kings and trusts will have a representative to their liking.

"No splitting in mine: I am for the straight ticket, first, last and all the time," is the expression of nearly every Republican you meet.

THE Pennsylvania Germans, those who spring from the stock which first settled Pennsylvania, are enthusiastic for Pennsylvania. He is their best-loved hero.

CAN any sane Republican, looking at the magnificent showing of his party in the administration of the affairs of government, do anything else than vote his straight party ticket this year?

PENNSYLVANIA denounced the Ripper at Pittsburg in the face of its friends, Pattison would like to imitate him, but he cannot, for Guthrie, his running mate, was the author of the bill and its advocate until the day it was signed. It is a funny situation.

LOOK at history within your memory. A Democratic governor in Pennsylvania has invariably meant a Democratic President two years later. A vote in this State is far reaching in its results. It is for the weal or woe of the nation for more than half a decade.

THE supreme duty of Republicans during the balance of the campaign is to forget disappointments, ignore differences, make an end of resentments, and give the State, district and county candidates an earnest and sincere support. There is much at stake in this campaign.

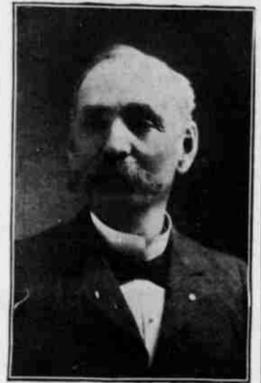

At a time like this, when there is such general prosperity throughout the country, when men are at work and business is good, there is the greatest danger of apathy and indifference among voters. They are too likely to think that the game is already won and that their personal absence from the fight will make no material difference. For that reason it is the duty of every Republican to take personal interest in the campaign and go to the polls on election day, and see that his friends and neighbors get there.

"If, when the people wax at they kick as they have been prone to do since the days of Joshua, they will speedily destroy their own prosperity," said President Roosevelt in a recent speech. Before making up your minds to elevate public morals by voting the Democratic ticket, it would be well to think this over for a few minutes, wisely observe the Punky Spirit. When people come to the voter second thought there will be mighty few to stray off into the dismal Democratic swamp, just to help the scolding ex-Governor Pattison into the gubernatorial chair again.

THE Pattison spellbinders who held forth in the Court House last Thursday morning between 9 and 10 o'clock, were accorded a very respectful hearing by a fairly good audience. Mr. Pattison was scolding about the same things he had so much to say about on two other occasions when he stumped the State, and notwithstanding the people took him at his word and placed him where he could have righted any wrong that existed, he seems to have utterly failed to do so, otherwise they would not now be in existence. Can anyone state what good Mr. Pattison accomplished in his two terms as Governor? Of course he stopped the pay of the poor scrub women about the legislature, but he spoiled that great stroke of economy by calling the legislature in extra session and running up a bill of expenses to the Commonwealth of over five hundred thousand dollars. Another of his great reforms (?) consisted in his veto of the bill providing for the decent and respectable burial of old soldiers by counties, who happen to die leaving insufficient funds to give them such burial. Mr. Guthrie likewise failed to explain why he was so strong for the ripper bill which his party platform so strenuously condemns. But these are mere incidents. What the Pattison crowd wants is votes. Which they are not going to get this fall.

OUR COUNTY TICKET.

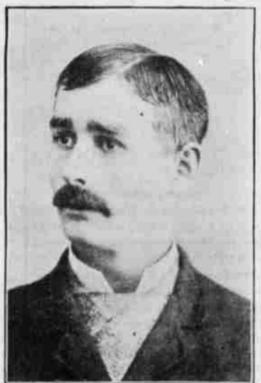

The campaign being now thoroughly on in Forest county, it is meet and proper that fitting reference be made to the candidates on the county ticket, which concerns the voters more directly than the larger field of State and National politics and candidates. Take the ticket from top to bottom and we doubt whether a cleaner, worthier or more competent set of candidates ever placed before the people for their consideration. If any one can give a plausible reason why this ticket or any individual candidate upon it should not receive the hearty support of every Republican in the county we would like to hear it. That the Republican nominees will receive and are receiving the loyal support of the party in all sections of the county is unquestioned. This is right. It is what you would want were you one of the nominees and what you would have a right to expect from your fellow Republicans. For the present we will speak of two of the Republican candidates, reserving the others for a future issue:

COL. C. W. ANSLER.

Col. C. W. Anslar is the Republican nominee for Assembly in Forest county. Col. Anslar has been a resident of this county for more than twenty years, having moved to Jenks township from Clarion county when the thriving little city with whose growth and progress he has been so thoroughly identified, was but a small hamlet. He was raised on a farm and attended the public schools, fitting himself for teaching which he followed for several years, afterward engaging in mercantile pursuits. On his removal to Forest county he established an extensive mercantile trade in his new home town where his honorable and liberal dealings won him the friendship and esteem of his fellow citizens in a high degree. Embarking in the lumber business not long after coming to this county, he with his partners has carried on one of the largest establishments in the county, their mills having an average output of 75,000 feet of lumber and upward daily. During all these years their business has been conducted on such broadminded and liberal principles that most of those employed with the firm at its inception are still with them and enjoying a share of the prosperity and happiness which is ever a part of up-to-date business methods. Ever since Col. Anslar has been a resident of the county he has been one of its mainstays, a benefactor in its material interests and a great help to the laboring class of people, paying his employees very liberally and never turning a weedy one away. His dealings have been honorable and upright at all times and under all circumstances. In his Republicanism he has ever been loyal and steadfast, and having a most thorough knowledge of the needs of this section he is peculiarly fitted to represent Forest county in the Legislature, where brains and honesty count for so much in the enactment of good and wholesome laws and the killing of vicious legislation. Col. Anslar will prove an honor to his county. This statement will not be gainsaid by friend or foe.

Col. C. W. Anslar is the Republican nominee for Sheriff of Forest county, Pa., May 8, 1899, being the 11th of a family of 12 children. When yet a babe his parents moved to Brookwayville, Jefferson county, where he attended the public schools, when he arrived at the proper age, until 17 years of age, acquiring a good common school education which has stood him in good stead in the battle for bread to the present day. At the end of his school days George entered his father's shop and spent a four years' apprenticeship as a blacksmith. Being of age at the end of that period, he went west, where he worked at his trade, returning in 1883 to Pennsylvania, and met and married Miss Della A. Gilson, at Barnes, Pa. Shortly thereafter he moved to Pigeon, in Howe township, Forest county, where he established himself in the blacksmithing business, and where he has since resided, following his occupation steadily. Mr. Noblit, by his quiet, gentlemanly demeanor, and honorable business dealings, soon made friends whom he has retained in a remarkable degree. His fellow citizens elected him repeatedly to nearly all the important offices of trust in his township, the duties of which he discharged with fidelity and credit to himself and his people alike. At present he is postmaster at his home office. George has ever been identified with the Republican party, which he has loyally supported ever since he cast his first vote, and his efforts in behalf of the party have led in the election of many a good Republican to office. Mr. Noblit has never had any soft snaps in his efforts to gain a livelihood for himself and family but has worked hard and honorably all his days. He has been loyal to his party and his party will be loyal to him as its nominee. Of Mr. Noblit's capabilities for the position of Sheriff there is not the slightest question. He will be a popular, efficient and careful official.

PRESIDENT ROOSEVELT has become the champion of protection. His speeches show this. He doesn't weaken under Democratic free trade fire. Nor does he fear the trusts. From these he would sift the good, and destroy the bad, and he would revise only palpable mistakes in the tariff schedule, and then only after expert investigation.

Is a letter to J. C. Millin, Chairman of the Republican County Committee of Elk county, Ed. M. Wilson, of Clarion, whom the Republican Senatorial Conference of this district recently nominated for State Senator, withdraws from the canvass, giving as his reason the fear that he cannot be elected. Of course with that notion in his head it would be useless for Mr. Wilson to go into the fight, but a whole lot of people believe differently, and among them are scores of Mr. Hall's former supporters. But a faint heart never won a fair lady, nor a Senatorship either, and it is quite likely a nervous man will be placed upon the ticket.

Letter to Chas. Clark.

Dear Sir: You buy your horseshoes and nails; your grand-father, if he was a blacksmith, made 'em. You can't afford to hammer them out by hand, when you can buy as good, or bet or perhaps, ready-made to your hand, for a little more than the cost of the iron.

What do you think of a painter who goes on buying his linseed oil and white-lead, and mixing and tinting by hand; and charging his time for work that is far better done than he can do it, bone by machinery, done as your horseshoes and nails are made.

Mistake isn't it? He is wasting his chance in the world. There is no better stuff to do business with than good horseshoes and paint; and no better work than putting them on. Good horseshoes will put on; it's the putting 'em on that makes you a blacksmith; no matter who makes 'em.

Who wants to go back to old times and make his own horseshoes? Between us two, that painter don't know how to make good paint—he used to; but paint has run away from him. Yours truly,

GET NO ROYALTIES.

Operators Have Leases Which Release Them During Strike.

New York, Oct. 7.—John B. Kerr, general counsel for the New York, Ontario and Western railroad, speaking of the report from Boston that certain New England owners of coal mining properties in Pennsylvania, that are held under lease by the operators are talking of beginning suit to break the lease because their royalties have stopped since the strike began, had this to say of the matter:

"In the first place there are very few New England owners of coal lands in Pennsylvania. Then all the leases, so far as I know, contain strike clauses. They provide that in case of a strike, when the lessee is willing to pay the prevailing wages to his employees he is excused from the payment of royalties during the strike."

"The leases also provide that the lessee is excused from paying the royalties in case of an accident at a mine that prevents the mining of coal, or in case of trouble on the railroad that makes it impossible to transport the coal."

"In other words, all the leases I know of place the lessee in the position in which the owner would be placed if he were operating the mine."

"If an operator attempts to cut the wages of his men to less than the prevailing wages and they strike, he is not excused by the strike clause. But in the present instance the operators are willing to pay the prevailing wages and are excused from the payment of royalties."
