Member of Congress—J. K. P. Hall Member of Senate—A. M. Neeley, Assembly—A. M. Doutt. President Judge—W. M. Lindsey, Associate Judges—R. B. Crawford, W. The anthracite coal commissioners of the opinion that the men were sufappointed by the president have made a tour of the extreme upper coal field | Commission at Hazleton, and seen every step taken in the proauction of coal from the time it is blasted from the ground up to the point where it is sent to market ready for

> After the party had been rigged out with rubber overshoes, overalls, jump- from President Mitchell Monday. On ers and mine caps and provided with Thursday, it is expected the operators' miners' lamps, which they either carried in their hands or fastened to their caps, the descent of the 160 foot shaft

The arbitrators had an interesting time at the Coalbrook breaker at Carbondale. They went to the top of the great black building and inspected all the machinery down to the ground. Then they were escorted to the chute where the coal, fresh out of the mine, is sent to the breaker by means of a "conveyor," an endless chain arrangement of scrapers.

It is here that one of the principal bones of contention between the employes and employer is found. The miners maintain they are often unjustly docked by the docking boss for the amount of slate, boney or other refuse found in the coal. The com missioners watched the work of a boss closely and saw him dock several miners because, in his judgment, there was too much foreign matter in the car of

Trade Indications Promising.

Bradstreet's says of the state of Confidence in the outlook for next year's business is a notable feature in the trade situation. The volume of orders booked for next spring's delivery is large for this season of the year, and is explained partly by the exceptionally good business done on fall and winter account and the large crop yields of the year and also by the good position of the winter wheat

crop as cold weather approaches. The absence of killing frosts at the South has allowed of the maturing of a considerable top crop of cotton.

At the East the retail trade needs steady cold weather to stimulate demand, but jobbing business feels the effect of the lifting of the coal em-

bargo Woolen goods, strengthened more by higher cost of raw wool than by current demand, are tending up; yarns have already advanced. Spring trade indications are promising.

Business failures for the week ending Thursday, Oct. 30, number 194, as last year, 165 in 1900, 174 in 1899 and 183 in 1898

New Lake Erie Harbor.

H. C. Frick, A. W. Mellon and R. B Mellon of Pittsburg; A. J. Cassatt president of the Pennsylvania, and the oard of directors and other officials of the Pennsylvania held a conference In Eric which may consummate one of the most important deals recently made by the Pennsylvania railroad.

On Oct. 20 a deal was completed in Pittsburg whereby A. W. Mellon and R. B. Mellon became possessors of one Erie for a harbor, a railroad charter and a land company with options on land near the mouth of Elk creek. The interest of H. C. Frick in the plan has been kept secret heretofore.

This land lies only a short distance from the lines of the Erie and Pittsburg division of the Pennsylvania railroad and is the only available harbor site left in Pennsylvania.

The conference between the Pitts burg men and the Pennsylvania officials, it is understood, was for making an agreement whereby the Pennsylvania railroad can build a branch from the Erie and Pittsburg division to reach this new harbor.

End of a Long Strike. The Hudson Valley railroad strike has been settled by unanimous vote of the striking employes, the company accepting a proposition made by the men, who returned to work Monday morning. The union is not recognized.

The terms upon which the strike is settled are as follows: Men who had been receiving 16 cents an hour will receive 17 cents and men who had been receiving 181/2 the coroner will make a rigid investigacents will hereafter be paid 19 cents. Instead of having inspectors on the Stillwater division who are paid 25 and foul play has been hinted at. 15 cents, that work will be done at

night by men from the main offices. All the former employes will be re instated in their old positions except those who are under indictment.

Trying to Settle Strike. President Loubet of France is following the example set by President Roosevelt and is taking an active part in settling the French coal miners strike. He held an extended conference with M. Vincent, prefect of the department Du Nord, who has been acting as intermediary between the strikers and the mine owners in that department. The mine owners have given the prefect the names of four persons who are to represent them in conference with an equal number of strikers. In a semi-efficial statement for an early settlement of the strike and declares that this would be a po-

litical accomplishment beyond prece

Report of Treasurer of the United States.

The tunnel trunk sewer recently struck a peculiar flow of water, boring Increase of \$16,000,000 in the Rea vein of rock from which water imceipts From Customs But Internal pregnated with sulphur flowed in such Revenue Lower Due to Repeal of large streams that the level at which War Taxes-Increasing Gold Circulathe tunnel was being built was abanconed and one 10 feet higher taken. tion-Mines Confirm Gold Standard. The physicians at the hospital are

Washington, Nov. 4 .- Eilis H. Roberta, treasurer of the United States, in opening his annual report says that the magnitude of the available cash The mine strike commission left Scranton for Hazleton at 11 o'clock balance and the unprecedented hold-Sunday night to spend four days ings of gross gold are the striking featin further acquainting themselves with ures of the condition of the treasury at the close of the fiscal year 1902.

The net ordinary revenues for the year were \$562,478,233 and the expenditures \$471,190,857, showing a surplus of \$91,287,376.

In comparison with the previous year, there was a decrease of \$25,207, the two parties will be expected to have completed the preparation of 104 in the revenues, offset by a falling off of \$381,776,495 in the expenditures. their cases and be ready to go on with While there was an increase of \$15. 859,252 in the receipts from customs. the internal revenues, under the operation of new laws repealing the war taxes, fell off \$35,300,541. There was a decrease of \$32,343,481 in expenditures on account of the war department and an increase of \$7,296,149 in the cost of the navy. The total receipts of the year from all sources, in cluding the public debt, were \$1,062, 124,037, and the disbursements \$969, 627,041. United States notes and treasury notes were redeemed in gold to the amount of \$17,482,590 of the for mer and \$1,274,590 of the latter, with out any impairment of the gold reserve

The available cash balance in the treasury July 1, 1902, was the largest net balance in our history. It amount ed to \$862,187,361. The gold reserve is counted in as it is available for the

redemption of legal tender notes. The sums in national banks to the credit of the treasurer and disbursing officer were \$127,190,056. The subsidiary silver, \$11,462,533, and the minor coin, \$919,404, could hardly be used for large payments, nor is the silver bulion to be reckoned for such purpose.

With such deductions, there re mained in the treasury vaults, July 1 a little over \$72,000,000. As \$50,000,000 deemed a fair working fund, about \$22,000,000 could be spared. By Oct. 1 this excess became \$25,000,000 and justified measures to reduce it. By Nov. 1 it was brought to a trifle over a million dollars below the working fund.

jubilee of the Young Men's Christian association of France. Ex-Minister Gold Coin and Certificates. Nearly one-half of the available cash balance July 1 was in gold coin and Foreign Minister Delcasse amid en-thusiastic cheering. Mr. Stokes docertificates \$103,801,200 over and above the gold reserve of \$150,000,000 and by England temporarily, where he will act nated the funds necessary to erect the Oct. 1 it became \$126,124,771. As a as adviser to the foreign office. Gen association's Paris buildings and was measure of the financial strength of eral Manning has assumed command also instrumental in erecting similar

buildings at Rome, St. Petersburg and fact deserves mention. At Nyack, N. Y., Frank Wyman, the of \$15,283,512 in the total of the debt. if allowance be made for the increase Indian troops in the belief that the naprisoner convicted of burglary who escaped from Rockland county jail on of \$57,624,400 in gold certificates, the April 13 after murderously assaulting national obligations will be shown to the jailer and who was recaptured in have been diminished by \$42,340,888 New York last week, was sentenced during the fiscal year.

The bonds for circulation, which were on Oct. 1, 1901, \$330,693,180, fell to \$315,754,630 on June 4, 1902, rising \$450 to permit his escape. The charge is being investigated by the authorito \$217,038,530 on June 30. On Oct. I they were \$326,023,270, and on Nov. 1, \$338,082,270. These changes show a measure of elasticity in notes based head, crushing Mrs. Meadows' skull on bonds. Edward Beahan, a laborer employed

country, an addition of \$80,198,681 was made during the fiscal year. Of this \$67,955,527 was in gold coin and bulroof of the mine was noticed to be in lion. There was also an increase of \$19,735,259 in standard dollars and of props and on his return found that a 57,360,991 in substdiary silver; United States notes remained under the law unchanged, treasury notes fell off \$17,783,000. National bank notes re ceived an increment of \$2,851,589.

The gold coin and bullion Oct. 1 exreeded all other kinds of money, excluding national bank notes, by \$200, 368,433. In five years the ratio of gold in the country to total circulation has run up from 36.52 to 46.45 to the hunery got out Sunday and men started dred. The growth in the volume of money in circulation during the year was \$74,082,589, carrying the per capita from \$27.98 to \$28.43.

hundred are visiting the scene of the The element of gold coin and gold certificates was the largest part, and Thomas Hogan, residing near Fair the increase reached \$61,966,174 and port had been missing from his home advanced from 40.30 per cent of the for ten days. Coroner Killip and his total to 41.73 per cent. In silver of all assistants dragged the canal and denominations including certificates found the body of the missing man. here was an increase of \$25,226,146 of The death is shrouded in mystery and which \$6,486,014 was in subsidiary coin. The reduction in treasury notes tion of the affair. Hogan was not of of \$17,677,800 is due to their witha melancholy or morose disposition and

The advance in circulation in the olume of gold including certificates. Moses Wilson, who shot his wife within, 12 years, by the large sum of and then turned the revolver against \$433,703,516. Is the measure of the himself at LeRoy, N. Y., died Sunday

greater strength of our circulation. Increased Output of Gold. The addition during the past fiscal year was \$61,986,174. The increase in the future can hardly be less than \$50

000,000 to \$60,000,000 a year. The mines, the report says, are thus confirming the gold standard, steadily and invincibly, and it adds:

"For the immediate present and doubtless for a few years at least, the inflow of gold will be in such large measure as to lift the volume of currency to the highest level of all needs

of business. Our currency keeps more than equal pace with the population." On June 27 the gold certificates out standing for the first time exceeded in volume the United States notes and were \$347,179,089. By Nov. 1 they were \$267 078,569.

The gold in the treasury keeps in active circulation as currency the cer tificates issued against it and moreover \$346,681,018 in United States notes and \$30,000,000 in treasury notes, or over \$140,000,000 more than its own

value. The question may well be considere whether the United States notes may not properly be turned by congress into gold certificates. They have much that quality already and the change could be gradually made as the supply of the yellow metal takes on

greater proportions. The demands of the people for note

of small denominations have surprised the closest students of the currency. The act of March 14, 1900, makes i the duty of the secretary of the treasury to maintain the parity of value of all forms of money issued or coined by the United States with the gold standard defined and fixed by that law. This parity has been and is now easily maintained and all kinds of govern ment money are exchangeable with each other.

The inflow of gold, permitting the free issue of gold certificates of \$20 and upwards, is the key to this main tenance of parity and interchangeabil ity of all kinds of government money On the other hand small denomina tions, including silver coin, are con stantly in demand for the myriad transactions of retail trade and the cur rent uses of rural communities, as well as for pay rolls in furnaces and factories and harvest fields.

PRESIDENT AT HOME.

Met With Enthusiasm at the Depor Voted This Forencon.

Oyster Bay, L. I., Nov. 4.-President Roosevelt reached Oyster Bay last night in order to vote today. His was met with a surprise. About the depot a thousand persons were gathered with a band; big bonfires blazed and fire works were discharged

When the president appeared at the door of his special car he was greeted with cheers. As he passed across the depot platform on his way to his carriage he shook hands with many of those who pressed forward to greet him. No demonstration of this kind had been anticipated, the whole affair being spontaneous.

The president was accompanied by Mrs. Roosevelt, Secretaries Cortelyou and Loeb, F. C. Travis of this village Messenger Delaney, his physician and stenographer.

The president voted before noon today in the fifth district. Mr. Loeb votes here and Mr. Cortelyou in Hemp stead.

Somali Expedition.

Aden, Arabia, Nov. 4.-It is rumored in native quarters that the Mullah has raided an advance British outpost in the vicinity of Bohotle, Somaliland capturing a large camel transport the government the report says the of the British Somaliland expedition Three thousand men will begin to ad vance against the Mullah about Nov. debt on their face show an increase | 27. This delay is due to the fact that General Manning is dispensing with tive levies are more effective,

Negro Murderer Lynched.

Salem, Ala., Nov. 4.—Sam Harris a negro, entered the home of George Meadows, a prominent planter who lives near here, during Mr. Meadows absence, and with an axe struck his wife and 18-year-old daughter on the and fracturing that of the daughter Mrs. Meadows will die. The negro was arrested. Miss Meadows identified him; whereupon the negro was taken In charge by about 125 men and his body riddled with bullets.

Wellsville, N. Y., Nov. 4.-Work will sion of the Buffalo and Susquehanna railroad from Sinnemahoning, in Potter county, Pa., to Dubois, Clearfield county, Pa., a distance of 48 miles. Good year Bros. have given the contract for the work to Frank Greco of Galeton. The northwestern extension of the road from Wellsville to Buffalo will be started in the spring.

Killed by Train. Wellsville, N. Y., Nov,-Jerry Han rahan of this city was struck and instantly killed by a westbound Eric train at Scio. He was a moulder, 44 years old.

Close Canvas In Minnesota. St. Paul, Minn., Nov. 4 .- The Demo crats have conducted their best campaign in years. Republican Chairman Buck each claims 25,000 plurality for his party. The fight has been princh pally on the governorship, the Demoerats virtually conceding the rest of the ticket to the Republicans.

Apropos of those who never enjoy the luxury of a carriage save when the death of some one makes for a free ride to the cemetery the Rev. John girl standing at Fifth avenue and Thirtieth street, New York. She was a ragged little thing, and she was watching the carriages rolling past with the

"Well, little one," he said, "would you like to own one of those carriages? The blue eyes turned up, and there

"I never rode in a kerridge," she said softly. "Me little brudder died

C. Smith. Niagara Falls, Nov. 4.-The Crown Prince of Siam arrived here after an interesting trip through the Empire. state. The crown prince and his party were the guests of Lyman C. Smith, the merchant prince and philanthropist of Syracuse, and a truly American reception it was, the royal visitor being

greatly pleased with it. Mr. Smith was at the station with a tallyho to meet the party and to the cheers of the crowd which had as sembled they started on a drive through the residence section of the city. They then passes through the grounds of the Syracuse university from which a grand view of the city and valley is obtainable and where the

students gathered to cheer the prince. Crossing the valley the coaching party enjoyed a drive through the city park. A few minutes were spent in a typewriter factory which was of special interest to the prince as typewriters with Siamese characters are manufactured there for use in Siam and at the

Siamese legations. Carriages took the party from the factory to the residence of the host where the prince met the leading public and business men of Syracuse, at a beautifully prepared luncheon. There were present besides the prince's party, Francis Hendricks, superinendent of insurance; Mayor J. B. Kline, former Judge Charles Andrews, Judges Vann, Andrews, McLennan and Hiscock, Chancellor James R. Day, Congressman Driscoll, F. R. Hazard and others.

Returning to their train the party resumed their western trip, passing through Buffalo on their way to Niaagara Falls. Today will be spent at the Falls and visiting the power plants

Burglars Got \$3,000. Newark, N. Y., Nov. 4.-C. K. Knapp of Sodus, N. Y., whose banking house was entered by burglars on Wednesday, said that the burglars secured \$3,000. The banking house was fully protected by insurance.
