D. S. Knox, P. M. "I am not much of a mathematician," said the cigarette, "but I can add to a man's nervous troubles; I can subtract from his physical energy; I can multiply his aches and pains, and take interest from his work, and discount his chance of success."

We never know how many sick and ailing people we have right in our midst until some slick tongued medicine vender rears a platform on some street corner and after a free entertainment and a speech on the ills of humanity offers his wares for sale.—Ex.

Dr. F. F. Davis, one of Oil City's oldest and most prominent physicians, died suddenly of heart trouble last Friday afternoon. He was well and favorably known in Tionesta where he had frequently been called in consultation on critical cases of sickness.

There is now in the treasury at Washington a heap of gold coin amounting to \$200,000,000, the largest amount of hard money ever gathered in one heap—enough to build two hundred and forty first-class battle ships or dig two Panama canals. It weighs 1,137 tons.—Ex.

Weather Prognosticator Foster, in his latest forecast says that cold weather will arrive the first week in November, but will not remain long, and will be followed by a continued warm spell. He says that November will be a warm month, and that fuel for 10 days will be sufficient. We'll see.

Dr. Benjamin Lee, secretary of the State Board of Health, is sending out notices to the effect that the board has adopted a resolution requiring cities and boroughs to enforce laws prohibiting the spitting on sidewalks, floors of cars, and public places. The penalty for violation of this ordinance is \$5 to \$25 fine or imprisonment.

When it comes down to real items of interest, you may bet your last collar button that it comes from Corry. This is the latest from that burg: "The women of this place are scanning the eggs they make use of very closely at present, owing to the fact Mrs. James Brotherton, last Saturday, discovered a snake about four inches long in an egg which she opened."

The grape season is nearly at a close, and people have begun to realize that this fruit, in former years considered very abundant, is running a close second to antracite for scarcity. The amount of grapes shipped in this season has been lighter than for many years. As a rule the grape-growers have had a very small crop, but now and then a vineyard came up to the standard of average years.

John G. Hunter, the reliable night watchman at the mantle factory, employs much of his leisure time in making ornamental wooden ware, such as fancy boxes, Oriental clock houses, etc., at which he has become quite expert. "Jack" presented us with one of his latest master-pieces in this line, which is a real work of art and represents a considerable outlay of time and patience, and for which he has our best thanks.

There's no getting behind it—you can buy all the ready-to-wear clothing on the market, you can have your measure taken by some one who knows nothing about the business, and sent to some so-called Tailoring company, but when you get a suit of clothes that fits, stands up, and holds its shape as a suit of clothes should, you must have the workmanship of a merchant tailor, as well as the goods. Examine F. E. Dick's new samples.

Thirty-five years ago there was placed upon the taxpayers of Crawford county a bonded indebtedness of about \$30,000. Taxpayers had not only that \$30,000 to pay, but interest during that time to the amount of more than \$400,000. Bonds were first issued bearing seven per cent interest; then the debt was refunded into six per cent bonds, and finally into bonds bearing four per cent interest. It has taken more than \$750,000 to pay the original debt.

Heath & Feit have on hand an extensive line of Sample Furs which will be on exhibition at their store until Nov. 8, inclusive, after which they will be returned to the manufacturers. You should not miss this opportunity for a look at the finest assortment of furs ever shown in Forest county. As we return these we do not sell, we run no risk, and are thus enabled to sell on very small margins. Come and examine furs before they are returned.

An exchange says the people who need religion are: The man who left his horse out in the cold all day without a blanket on; the man who grows like a wild beast when his wife asks him for money; the woman who is not what she ought to be; the minister who is looking for an easier place and a higher salary; the man who walks the streets with his hands in his pockets, while his wife carries the baby; the man who keeps a dog and can't afford to take the home paper.

The infant child of Mr. and Mrs. Chas. Kennison was severely injured yesterday morning by his three-year-old brother Ralph, who had a toy broom, in the end of which was a screw hook used for hanging it up. The little fellow was holding the broom and letting the baby bite on the screw when it threw its head forward and the screw caught in the little one's throat, severely lacerating it. Dr. Boyard attended the baby and in hopes that it will get along without serious results.

In speaking of the downfall and subsequent death of a young girl, the Punx sutawney Spirit says: "The first step downward of a young person is taken under the influence of evil associates. The shores of time are strewn with the wrecks of young lives—lives that might have been happy, lives that might have been an honor to some aged father and mother—had it not been for the first evil step, a step that possibly was considered as having 'no harm in it,' but which led to the second, and then to the third and so on down the scale to darkness and dishonor."

The death, on Tuesday of last week, of Richard, eldest son of H. M. Irwin, publisher of the Franklin Spectator, was a severe shock to the large circle of friends of the young man here as well as at his own home. He was one of the rising young men of his city, and while but a little past 22 years of age had achieved marked success as a writer and business man, having been for some time associated with his father in the conduct of Venango county's leading Democratic newspaper. The sympathy of many of our citizens goes out to the stricken parents in this the darkest hour of their lives.

Wm. Lawrence has just completed extensive repairs on his private foot bridge and desires to warn the people that no further trespassing will be tolerated on that bridge. It is the habit of a number of young people to congregate there in the evenings and use the bridge as a swing, wrecking it and straining the wires, and making it a constant source of expense. Mr. Lawrence has never had any objection to people using the bridge for crossing the creek while they acted fairly, but he does not intend to keep it up as a place of amusement any longer. It would be wise to keep off in the future unless you have business.

S. C. Johnston, met with a very narrow escape Monday forenoon while raising the old residence of Judge Crawford with the intention of moving the building up town to a lot adjoining Mrs. Bradbury's. James Johnston has purchased the building and while raising it up preparatory to moving, the blocking gave way and the building crashed back into the rear of the Judge's new residence, breaking the roof of the pantry and injuring the plastering and roof to the extent of about fifty dollars. Mr. Johnston was just preparing to go under the building when he noticed that it was moving and just saved himself by jumping quickly. A half minute longer and he would undoubtedly have been crushed to death under the building, which will now be torn down and moved.

Public Notice. Take notice that I have this day bought of J. C. Knight all the logs he has on the Henry landing on Clarion river to be removed at my pleasure. W. W. BRADEN. Oct. 27th, 1922.

George Went of Mannington, W. Va., made a visit to his old home here the past week, returning on Monday. George was looking well and had the pleasure of meeting many old friends during his stay. J. N. Gerow went to Oil City Monday and brought home his son, L. B. Gerow, who it will be remembered lost his right leg and severely injured the left one while braking on the work train between here and Oil City last spring. The young man is able to get around on crutches and his injuries are healing nicely.

Fred Bristow, who has been in the anthracite coal fields with Co. G, of the 16th regiment, came home Monday afternoon. Fred says they had just completed winter quarters when they got ordered to break camp for home, but the news was not welcome, for military camp life at this season of the year is no picnic. Fred was promoted to corporal while in the field.

Leonard C. Smith, who has been in partnership with Clyde Shriver in the Tionesta Steam Laundry, has severed his connection with that institution and left last evening for his home in Waterford, Pa., last evening. Clyde Shriver will now have entire charge of the laundry and as he has been connected with it ever since its start and can now turn out as nice laundry work as anyone, and as he is a hustler there is no question about the success of the laundry under his management.

Held for Trial.

Coroner J. W. Morrow and a jury consisting of J. C. Welsh, D. W. Downey, O. E. Rupert, C. A. Eastman, E. L. Downey and E. Preston held an inquest upon the body of Norman Reed Hetrick, whose death occurred at Kane hospital last week, as a result of being hit with a stone on the forehead, on the 13th of October. Upon the evidence of several witnesses the jury rendered a verdict to the effect that the deceased came to his death as a result of a wound caused by a stone thrown by the hand of one Harry Detrick. Sheriff Jamieson arrested the accused at his home near Leener, Pa., and he is now in jail awaiting trial. Detrick is aged about 18 years, and is a son of Jerry Detrick, a respected farmer living about a mile and a half from Leener. The unfortunate trouble between Hetrick and Detrick occurred at Trumans, a station on the Sheffield & Tionesta railroad near Fools Creek, in Howe township. On the day in question Hetrick and two companions were at Sheffield and had been drinking. Returning in the evening the trouble arose which culminated in the company's store, as has been stated.

The body of the deceased, who was aged about 22 years, was taken to the home of his father, George Hetrick, living at Schaufner's Corners, in Jefferson county, for burial.

Killed by the Cars.

The Marienville Express gives the following account of the shocking death of a former well known and popular citizen of Jenks township: John F. Klabbatz, oldest son of Edward Klabbatz, was killed on Monday evening of this week between 5:30 p. m. and 6:30 p. m. at Brookton, N. Y. Mr. Klabbatz whose home is at Conneaut, Ohio, where he has a wife and child, was a brakeman on the Nickel Plate railroad and was in the performance of his duties when the unfortunate calamity befell him. He had been on a grape engine and at Brookton, was sent out to flag the north bound train on the Pennsylvania road. When after repeated calls to come in they went out to look for him and found his lifeless body alongside of track horribly mangled. The supposition is that he sat down, and a grape train coming from the other direction struck him. The deceased was about 30 years of age and was a member of the B. of R. T. in which he was insured for \$1200. His remains were brought to his old home at Byrontown, where his parents reside, last evening and was buried this afternoon. Mr. G. M. Bixler, conductor on the same road and his brother, P. J. Klabbatz, who is also employed by that company brought the remains home. The relatives and friends have the sympathy of all in their sad bereavement.

In Memoriam.

WHITMORE.—Simon C. Whitmore, the subject of this sketch, was born in Clarion county, Pa., June 27th, 1834. Enlisted October 19th, 1861, in Company I, 8th Regt., Pa. Vol. Inf. He, with his regiment then under Shields, aided in the defeat of Jackson at Port Republic March 23d, 1862. Here it was that Comrade Whitmore was disabled by the premature discharge of a field piece which his Regt. was supporting. At this battle Col. Murry, of the 8th Regt. was killed. On account of this injury he was honorably discharged on surgeon's certificate of disability Oct. 23, 1862. In 1864 he became a member of Stow Post of Tionesta, where he remained a consistent member until January, 1895, when he withdrew and became a charter member of Eli Berlin Post at East Hickory, where he remained an active member until his death stopped the warm pulse-beat of a patriotic and kind heart at 2:45 p. m., Oct. 29th, 1922, at the age of 88 years, 4 months and 2 days. Comrade Whitmore in all his every day association with his fellow men proved himself to be a man of stern integrity and honesty. He has only passed on ahead of his comrades in the last grand march of final triumph led by the Captain of our salvation. His request to the writer and friends was to have the beautiful hymns sung at his funeral, "When the Roll is Called Up Yonder I'll Be There," and "Falling One by One." His requests were all complied with. Rev. Potter of the M. E. church delivered an able discourse to the very large assembly of friends who came to assist and pay their last respects to their friend and comrade at 1 p. m., Oct. 31st. Eli Berlin Post had charge of the services by request of deceased and family. The beautiful G. A. R. burial service was held at the grave, assisted by a number of comrades of Post 274 and Rev. Potter, for all of which we feel very grateful. A sorrowing widow, two sons and their families, are left to mourn for a kind husband and father and grandpa. All was done by skill and loving hands that was possible to alleviate suffering and cheer as the sad hour of parting drew near, and although he has now gone to rest beyond the battle line of worlds to that rest on the tented hill of everlasting light and happiness, let us as a family, as comrades of the G. A. R., and as neighbors and friends, emulate his example for good and prepare to meet our God. Those attending the sad services from a distance were, Comrades Morrow, Hill and Agnew, of Tionesta, Mrs. Southworth, of Grunderville, and Mrs. Barnes of Youngsville, Pa., and many others whose names we failed to catch.

The casket was banked in beautiful flowers prepared and presented by the W. R. C. of Tionesta, the Lady Macabees and Ladies' Aid Society of Hickory. Eli Berlin Post met in special session at the hall where the following action was taken on the death of our late comrade: Inasmuch as it has pleased our Great Commander-in-Chief who holds in His hands the issues of life and death, to remove from our midst our highly esteemed comrade, Simon C. Whitmore, to the tented fields beyond the battle lines and suffering of this life, be it therefore Resolved, That we as a Post and as comrades sensibly in touch with wounded hearts sympathetically bow to the will of a merciful and just God, whose hands have sheltered us all during the calamities of the past and say Thy will be done. Resolved, That our Post charter and flag shall be draped with the symbol of mourning, and that the chair of Post surgeon shall remain vacant until January 1st, 1923, in token of our respect and in memory of our departed comrade and Post surgeon. And further, we do tender our sympathy to the sorely bereaved widow and children, assuring them that we realize their great loss, and weep with them that weep. By order of Post: J. ALBERTSON, Com. W. E. WITTEKILL, Adjt.

German-English services will be held at the Mt. Zion Lutheran church next Sunday, preceded by Sunday School exercises, beginning at 10 o'clock, preaching one hour later. The German services have not been attended as well as might be expected. Many of the Germans residing within easy reach of the church, and also others who are able to appreciate a German sermon better, or at least equally as well as an English service have thus far neglected to take advantage of the opportunity. Let all those who live anywhere near the church, at Tionesta or elsewhere within reach of the church, and who are conversant with the German or wish to learn it, attend the German services which will be held in connection with the English ones every three weeks. All are welcome always. After the services there will be a meeting of all the men to make arrangements for the cleaning of the cemetery during the following week. This will prove to be a very important meeting, therefore all those who hold lots, have some one buried in the old part or are in any way interested in the cleaning and beautifying of the church property should put in their appearance. A fixed day for this work will be determined on coming Sunday. Let the good work of improving the church property continue. All help.

The Soft Hat.

The soft hat still retains its popularity, and while it seems almost impossible to show a new style and not be an absurdity, we can show a decidedly new and pleasing style, Blacks and Pearls with black bands, \$3.00.

The Stiff Hats this season are higher crowns, wider and heavier brims, very few colors being shown by any of the leading manufacturers. Prices are \$1.50 \$2.00 to \$4.00.

The \$4.00 Hat is the product of the John B. Stetson Co's in Black, Soft and Stiff. Special, one case mens Black Stiff Hats, bran new goods and styles, two heights of brows at \$1.00.

A shirt bargain, all sizes but 15, remnants of last season's stiff bosom, Madras and Percalé shirts. Regular \$1.00, shirts, some soiled in our window for 50 cents.
