 -They are coming, Xmas goods, Hopkins.  
 -Don't buy a winter cap till you see prices at T. C. S.  
 -All wool underwear for everybody at Heath and Felt's.  
 -Wooltex means just what it says, all wool skirts and jackets, Hopkins sells them.  
 -Attend Edinboro Normal; winter session commences Dec. 23. Send for catalogue to John F. Bigler, Principal.  
 -At this season of the year fresh vegetables, if they are fresh, make the pleasant and best diet. Try those found at the White Star Grocery.

-An exchange figures it that the safest way for boys to hunt is with ferrets. They will then be arrested and locked up, and thus be prevented from shooting themselves.  
 -The career of Dr. Andrew D. White, who is just retiring from the American ambassadorship in Berlin, is the subject of an article in the Review of Reviews for December by Mr. E. J. Edwards.  
 -Following is the list of letters remaining un-called for in the Tionesta, Pa., Post Office, for the week ending Dec. 3, 1922: Mr. Chas. M. Moore, card.

D. S. Knox, P. M.  
 -The stringing of another wire from Tionesta to Hickory is going to improve the service over the Forest Co. Phone between these two stations very materially. The work is going on as fast as weather will permit.  
 -Do not air your troubles, says the Puny's Spirit. Remember that every man has troubles enough of his own. Blessed is that man and beloved of all the gods who never squats, and who seems to bellyache.  
 -C. A. Randall has purchased Harry Mcintosh's dwelling near the eastern end of Wm. Lawrence's swinging bridge. The house has lately been occupied by George Corbin, who has removed to his former home near Leekingville.  
 -Following a custom established in recent years, Messrs. Wheeler & Dusenbury of Endeavor, presented each of the married men in their employ with a fine fat turkey for Thanksgiving. It took several dozen of the royal birds to fill the bill.  
 -The Herrick's oil report for November shows 729 new wells completed in the Pennsylvania field, and 1011 rigs and drilling wells. There is a gain of 16 in new wells and a loss of 190 barrels in new production over the October showing. The increase in new work is 42.  
 -The Marienville Express says that "Tionesta has several cases of diphtheria," which is not the case. Since the death of Mr. Bromley's little boy no signs of the disease have appeared in that family nor in any portion of the borough limits, we are pleased to inform the Express.  
 -The season for legally killing deer closed on Saturday, and it so happens that not a deer was killed in this vicinity during the open season. Which ought to make the game somewhat plentier next year. 'T would be a good thing, in fact, if no deer were killed for the next five years.  
 -Thanksgiving day was a disagreeable one as far as weather went, but there was cheer in most households, nevertheless, and people remained indoors for the most part and enjoyed their turkey, chicken, family reunions and small party gatherings. Thanksgiving day is never a failure.  
 -Col. D. C. McCoy died at his home in Meadville on Sunday last after a protracted illness, aged about 78 years. Col. McCoy will long be remembered by a large circle of friends, and especially the old survivors of the gallant 83d Regiment, which he led to many a victory during the civil war.  
 -Capt. Hobson, of Merrimack fame, is the attraction at the Ridgway teachers' institute this week. He will lecture on "the United States as a world power," but the gallant captain would doubtless make a greater hit were he to give the pretty Elk county school ma'am an idea of how it goes to be kissed by several thousand girls "in just no time."  
 -The interior of Snowden & Clark's hardware store is undergoing quite a change for the better. The walls have been lined with yellow pine, and a steel ceiling of very handsome design is being placed overhead. A scheme of shelling extending to the ceiling will be placed on the south side, and when completed the room will be one of the showiest in town, and anything needed in the hardware line can be had at this well appointed store.  
 -A profitable and pleasant W. C. T. U. mother's meeting was held at the home of Irvin Allison at Tionesta, Nov. 19th. The following ladies from Tionesta were present: Mesdames A. B. Kelly, C. A. Randall, G. W. Watson, J. B. Hagerly, J. A. Adams and A. C. Urey.  
 -The Lady Macabees wish to remember that their masked box social takes place in Bovard's Hall next Friday evening. A short program has been arranged for the occasion, and the sale of the boxes and eating of the lunches will furnish a pleasant evening's enjoyment for all who attend.  
 -Don't expect an occasional ad to bring you much business. The business man who everlastingly keeps his name before the public through the columns of his local paper never complains of dull business. He needs all his time to check up his business. Ask any successful business man if this is not so.  
 -Attention is directed to the ad. of the Tribune Farmer of New York. This is perhaps the best all round farm paper printed in America, and through our clubbing arrangements can be had in connection with the REPUBLICAN for \$1.50 for both papers. Either old or new subscribers can have the benefit of this big deal. Try it.  
 -L. Hammond of Cory and widely known throughout this section, died at his home on Thanksgiving night. He was the senior member of the firm of Hammond & Crosby, lumbermen doing an extensive business at McCrays, Forest county, for a number of years past, and was well known to many of the business men of this county.  
 -Last week two cows belonging to Stephen Rapp died, the circumstances surrounding their death being peculiar. Mr. Rapp dipped water for the cows in a bucket in which patent plaster had been carried, and soon after drinking the water the cows became sick, there being every evidence of poisoning. A dog belonging to Miss Mary Smith drank of the water and it also died.—Emlenton News.  
 -Boys who shoot airguns should take to heart the lessons often pointed by the frequent accidents which occur. An air-gun in the hands of a reasonable boy is a safe toy, for he appreciates the danger of indiscriminately pointing it at people and uses it for the harmless sport which it furnishes. In the hands of an irresponsible, thoughtless lad, it becomes an instrument to be feared and the possessor is in a fair way to become a man who will "rock the boat" or "not know it was loaded."  
 -If you are indebted to the REPUBLICAN on subscription a settlement of the account at this time would be very greatly appreciated. If you can't pay the whole amount of your indebtedness do the best you can in that direction. It is not often that we trouble subscribers for remittances, but it becomes necessary now and then, because some of them are entirely too far in arrears and it isn't fair to the printer to allow your subscription to run for years without an effort to square up.  
 -Pursuant to its usual custom, the Pennsylvania Railroad Company will issue clerical orders for the year 1923 to ordained clergymen having regular charge of churches located on or near its lines. Clergymen desiring such orders should make individual application for same on blanks furnished by the Company through its Agents. Applications should reach the General Office of the Company by December 21, so that orders may be mailed December 31 to all clergymen entitled to receive them. It.  
 -Uncle Sam's rural delivery has brought out many peculiar things. At one point on a cross road in Indiana a number of farmers, in order to make it convenient to themselves as well as the mail carrier, have rigged up a novel contrivance. Here 16 farmers are served and all have their mail boxes mounted on an old wagon wheel, which has been set on top of a post. The 16 boxes are around the rim of the wheel, and when the carrier comes he simply has to give the wheel a turn to reach the boxes. It is a miniature postoffice out of doors.  
 -One of the nicest accessories for the front porch, especially during the wet, sloppy weather, is a rubber mat. And about the handsomest of this sort of thing that has come under our notice, is a mat which Mr. J. C. Chadwick is selling. It is made of the best grade of rubber, deeply grooved or embossed and handsomely gotten up in every way, making it not only a very useful article but a real ornament for the door step. They are made in the most appropriate sizes and sell at a reasonable figure. When Mr. Chadwick calls on you don't fail to order one of these pretty mats, for you will enjoy it for many years. Another very excellent article for which Mr. C. has taken the agency is Dr. Chase's celebrated book of recipes, never excelled in its particular line.  
 -Quick and complete justice was meted out to Joe Manning, alias Hawthorne, who was tried in the Venango courts last week, for the shooting of Policeman McKibben of Siverly last summer. At 11:15 o'clock on Tuesday afternoon the jury rendered a verdict of guilty as indicted on all the counts charged against him. He was immediately sentenced by Judge Criswell to eight years and nine months in the Western Penitentiary, and within an hour after the Sheriff was on his way to prison with the convict. This is Manning's third trip within a few years, his last being from Forest county for stealing a bicycle and hide blades, for which he was sentenced to five years. When through with his latest term he will have spent nearly a third of his lifetime behind prison walls.  
 -One of Meadville's oldest and most experienced physicians made a statement to a Tribune representative a day or two ago which should be comforting to the general public. It was regarding smallpox, and he said that from some cause unknown the disease had been so modified in this country in recent years that it is very seldom that a case is seen in this country which leading physicians are willing to accept as genuine smallpox. Many physicians have expressed the opinion that what is now classed as smallpox is a new and different disease, of much milder form. The physician quoted is of the opinion that the disease still exists in the country, however, but in such a modified form that barring the isolation it incurs for the patient, it is not so serious a complaint as malaria, a severe attack of grip, or many other of the more ordinary troubles.—Meadville Tribune.

-Revs. O. H. Nickle and F. M. Small, of the Tionesta and Tylersburg M. E. charges, respectively, will exchange pulpits next Sabbath, Dec. 7, when their schedules will be as follows: Rev. Nickle—Tylersburg 10:30, Washington 2:30, Leeper 7:30. Rev. Small—Tionesta 10:30, Cropp Hill 2:30, Tionesta 7:30.  
 -Last Saturday Frank Hood was taken to the Oil City hospital in charge of Dr. Siggins, who operated on the patient for appendicitis Monday afternoon. He rallied quite well from the shock and his condition was such last evening that his brother and cousin, Jake and Will Hood, felt warranted in coming home, feeling that Frank was coming through all right.  
 -John A. Joyce, son of our townsman Patrick Joyce, and Miss Elizabeth Rosey, daughter of Mr. and Mrs. Thomas Rosey of Franklin, were married in St. Patrick's church at city, Saturday morning, Nov. 25, 1922, Rev. Father Donohue officiating. Mrs. Joyce, Miss Mary and Joe of this place were present at the ceremony. John's many friends hereabouts extend best wishes on his happy occasion.  
 -While returning home yesterday afternoon Joshua Thompson, of Nebraska, was thrown out of the buggy at a point about a mile from here, and struck his head on a rock, inflicting a very severe scalp wound. His son John was driving, and after arriving at home Dr. Bovard was called, who dressed the wound and left the patient feeling quite comfortable. Mr. Thompson is aged upward of 73 years.  
 -Miss Emma George, daughter of Mrs. Benjamin Mealy of the township, has been ailing for a few days past with what her physician, Dr. Bovard, pronounces impetigo contagiosa, or contagious pustular skin disease. The disease is attended with sorely any fever, no pain, and very little constitutional disturbance, the chief symptom being pustules with itching, the pustules leaving no scar. The disease is not severe enough to cause confinement to bed, and has practically no symptoms of small-pox, with which some people and physicians have confounded it. Miss George had been stopping at Leola, where several people are affected, but most of whom are not even confined to the house.  
**Paint Manufacture At Tionesta.**  
 On Wednesday last Mr. F. Lehberger and Mr. Clark, of New Castle, Pa., were in town consulting with S. D. Irwin concerning the location of a paint manufactory, at or in the immediate vicinity of Tionesta. It will be remembered that Mr. L. about two years ago purchased 10 acres of land of Seiden and Geo. Whitman, which includes the valuable ochre and chrome beds on the Whitman place, about 3 1/2 miles above this place on the hill above Tionesta creek. These gentlemen are quite well satisfied with the quality and quantity of the ore, which it appears is of a superior quality, and particularly adapted for a first class paint.  
 Our citizens generally will welcome the enterprise which now appears to be an assured success. These gentlemen have formed, we understand, a company and have concluded to mine the ore, and haul it to their works at or near Tionesta, where the product will be manufactured and canned, ready for use. They propose after the ground is secured to begin building this fall and finish in the spring.  
 We are pleased indeed to see a development of a mineral character of this kind, and hope and believe it will be a blessing to the promoters and to the people.

**Balltown and Porkey.**  
 A party of hunters were guests at the home of James Welsh for the past week. They were Messrs. Harrington of Conneaut, Fenton of Jamestown, Jefferson Walters of Leechburg, and John Wolf of Whig Hill.  
 Mrs. Card entertained the families of Mrs. Eastwood and Mrs. E. O. Stroup at two o'clock dinner Thanksgiving day.  
 Mrs. John McNally of N. Clarendon, called on the Misses Nordin last week.  
 School No. 2 re-opened on Monday, Nov. 17. It was closed for repairs and has now the bright atmosphere of a modern school-room.  
 George Welsh has recovered from his late illness, but we are sorry to say that Mrs. Welsh, Miss Dortha, Miss Lois and James are quite ill.  
 The dance given in the Balltown hall last Thursday was well attended and a success. Supper was served at the home of Mrs. James Welsh; music by Messrs. Walters, Roper and Colt.  
 Miss Helen Stroup, who teaches at Sheriffs, spent Thanksgiving with her mother.  
 Thomas Wolfe spent Saturday evening at the home of his sister, Mrs. Welsh.  
 Miss Lena Es-twood returned Sunday from Grand Valley, where she has been visiting her sister, Mrs. Will Card.  
 Leslie Spencer is ill with catarrhal fever.  
 Myra Stroup, Bertha Hunter, Myrtle Durnell and Alice Byers of room No. 2, have been present every day for the month of November.  
**Duties of Township School Boards as to Health Regulations.**  
 An Act of Assembly of April 11, 1889, constitutes the school directors of each township a Board of Health, with full power to "make and enforce all needful rules and regulations to prevent the introduction and spread of contagious or infectious diseases." All physicians are required to report to the secretary of the school board the names and residences of all persons coming under their charge afflicted with such diseases, within 24 hours after the development of the disease.  
 The school directors have authority by themselves or a sanitary agent appointed by them, with the consent of the court or law judge, to go upon any premises, where any such disease exists or where there is a suspicion that there is such disease, for the purpose of examination and take all necessary steps to abate the nuisance, if found to exist.  
 As smallpox and other contagious diseases are now reported in several places in Forest county, school boards should at once form themselves into boards of health and make all necessary regulations to prevent the spread of such disease. You owe this duty to the children under your charge.

**CLOAKS AND SUITS.**

It's an entirely new department we invite our out-of-town friends to: **Every garment this season's make, insuring only correct styles.** Going to run this new department on a small profit basis that will justify your coming quite a distance to patronize. **Suits here for \$10.** We'd rather sell you a \$15 one, though, as we firmly there's easily \$5 difference in the two suits. Prices of Ladies' and Misses' Coats commence at \$5 for an All Wool Kresy Cloth, then run up from this to \$25.  
 We'll be pleased to send you samples of the New Dress Goods, Silks and waistics—if you'll kindly write, saying about what you would like to see—a postal card will do.

**WILLIAM B. JAMES, OIL CITY, PA.**

**The Danger of Knowing Too Much.**  
 There is a class of men who pretend to know it all when it comes to the selection of a SUIT or OVERCOAT. They refuse to be guided by the dealer, however high his standing, and depend wholly upon their own knowledge, or rather lack of knowledge, in making a choice. Such men generally get the worst of every bargain they drive.  
 Now we like to see customers with "souls of their own." We welcome critical people—hard to please people—because we know we have the goods they want, and once we have convinced them of the fact, they appreciate our interest in their welfare and become best friends. When we say "this suit or this Overcoat is the best value you can obtain anywhere for the price you have named," we are stating the plain truth and will back it up by the strongest possible guarantee, and that is **YOUR MONEY BACK IF YOU ARE NOT SATISFIED.**
