CLAPP ESTATE SALE.

Historic Property Sells for \$550,000. Two Million Dollar Offer Once Refused.

Negotiations have been practically completed by Captain John M. Clapp for the sale of the well known Edwin E. Clapp property in President and Pinegrove townships, with several line tracts just over the Forest county line, comprising about 14,000 acres. Captain Clapp reserves a 2,000-acre tract in Pinegrove township, at the northwestern corner of the property, which is covered with white pine, the only tract, it is believed, in the State that has never been touched by the woodsman's axe. There are white pine trees in this particular tract that will measure 8 feet across the stump and which tower 250 feet into the air.

One thousand acres in Forest county that expert lumbermen have estimated will yield 5,000,000 feet of white pine and hemlock, several fine farms, with excellent buildings, a President hotel and 315 producing oil wells and nine paying gas wells are included in the sale. The wells are all located in Pinegrove township and are 1 1/2 miles from Oil City, on a tract of 1,400 acres. The production is 145 barrels per day.—Derrick.

J. F. Proper and Son Injured.

The Los Angeles Times of December 24 contains a rather alarming special from Long Beach, California, to the effect that J. F. Proper, the well known oil operator and business man of Tionesta, and his 12-year-old son, Curtis, had been seriously injured. A letter received on Tuesday of last week from Mrs. Proper states that both the injured members of the family were out of danger and would be able to be out of doors by New Year's. The special states that both were in the hospital, the son suffering from a fractured skull and the father from brain fever and possibly internal injuries. They were standing on the top of the toboggan slide and the father was trying to induce his son to ride down the declivity. The boy was afraid and the two engaged in a good-natured scuffle on the wet landing when the father slipped, and he and the boy went over the side on to the cement floor, 12 feet below. They were placed on a train and taken to Los Angeles, where they entered the Pacific hospital. The lad had a fracture of the skull, but the inner bones were not injured. From the letter written by Mrs. Proper, it is evident that the first accounts of the accident were considerably exaggerated. Latest reports received by friends here are to the effect that it was expected that both Mr. Proper and Curtis would leave the hospital on the 1st inst., and they are probably around again now.

One Year and Nine Months to the Work House.

Chas. Russell, who has figured considerably in the criminal court matters of late, was on Friday sentenced to one year and nine months to the Work House at Allegheny. When Russell was convicted at September court, 1898, of being implicated in the hide stealing business, and sentenced to three years in the pen, he was at the same time convicted on a charge of being a common nuisance, but the court suspended sentence, pending his good behavior after serving his time on the other charge. It was necessary a few weeks ago for Officer William Hunter to lock Russell up for a breach of the peace and in default of payment of a fine and costs he was lodged in jail for 30 days. On Friday, at adjourned court he was brought before Judges Crawford and Dotter.—Judge Lindsey being unable to attend—and Judge Crawford pronounced the above mentioned sentence upon him and he was taken by Sheriff Jamieson the same evening to Allegheny.

Brick Plant for Tionesta.

We have assurances on what is considered the best of authority that a brick yard will be started in the place, West Side, in the spring. The stock has all been subscribed and papers drawn, and all the land and material secured. The necessary machinery, buildings, etc., will be placed in position as soon as can be after the spring opening, and before the summer is fairly begun the manufacture of a superior quality of brick will be in thorough operation. The plant will be on an extensive scale and capable of turning out many thousand bricks daily. The shale secured here is said to be the finest in the United States, having been repeatedly tested, and the supply is considered to be practically inexhaustible. This, with the light works which has been determined upon will give our town quite a boom for next summer.

Readers of The Pittsburg Dispatch Made Happy.

The New Year's number of the Pittsburg Dispatch was a great treat to its many readers. It consisted of 32 pages (just think of it!), containing a complete resume of events of 1902, accurate and reliable. It was not only of interest to the hundreds of thousands of Dispatch readers in the Pittsburg territory, but invaluable to all, no matter where, for it was a ready reference to thousands of useful and interesting items. Undoubtedly it was the best number of its kind ever published, and one which could be issued only by one of the greatest journals in the United States. No wonder the Dispatch enjoys the largest circulation of any Pittsburg paper! It is the only 2c morning paper published in that city, and that partly accounts for its wonderful popularity. The people know it pays to buy the best, and it holds good with the trifling 1-cent difference (the daily being only 1c by the week).

Those who are not now taking the Dispatch should at once subscribe, as they will not regret it. When you do subscribe ask the newsdealer to send and get you a copy of that great Review Edition. It alone is worth the price of a six months' subscription. Pittsburgers should be proud of their great paper.

Time-Honored.

On Christmas morning the employees of the mantel works took possession of the company's office, where they proceeded to call the very worthy and popular Superintendent, Charles R. Bowman, "to time," pre-entending that genial and good-natured gentleman with a handsome, gold-mounted clock. The spokesman, in presenting the beautiful memento in substance used these words:

To the Respected Manager, of the Tionesta Mantel Manufacturing Co. We, the undersigned employees of the Tionesta Mantel Manufacturing Co., do hereby present to Chas. Bowman, not as a valuable present, but merely as a token of our respect and remembrance for the many favors and kindnesses shown to each and every employe in his employ during the year of 1902. Wishing you and your family a Merry Christmas, and that the New Year 1903, will be the happiest and most prosperous year you have lived. We are, yours very sincerely,

- ALEX SWANSON, FRANK SWANSON, JOHN GOLD, MERTON MEALLY, LOUIE SWANSON, JAMES HARRISON, CARL HULBERT, JOSEPH CHITABA, EDWARD SANNER, MARTIN BUCKDELL, LEVI METZ, GUST JOHNSTON, L. DAHLSTROM, GEO. ELLIS, PHIL BLUM, RAY BIRTILL, C. A. CAMPBELL.

To which Mr. Bowman in substance replied:

"In receiving this beautiful token, I wish to thank My fellow workers, employes of the Tionesta Mantel Mfg Co., Inc., and while I appreciate the present greatly, yet I think the gift was too costly and that a less expensive present would have been appreciated. And yet I feel this one, and the good will of the men, was not purchased at the expense of this company, in paying for work not done, and with my best wishes for a long life, happiness and prosperity, I trust they will not pass a single Christmas, in all the years to come, that they may not be made as happy as they have made me this Christmas.

Resolutions of Respect.

-Mrs. Johanna Soderholm, of Ferguson Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep which she had not done for several days.
