ANNOUNCEMENTS.

The Republican primary election in Forest county takes place Saturday, May 16, 1903.

STATE DELEGATE.

We are authorized to announce Dr. C. Y. Detar, of Kelleysville, as a candidate for Delegate to the Republican State Convention.

Republican Committee Meeting.

Pursuant to adjournment the Republican County Committee of Forest county met at the Republican club in Tionesta, Saturday, April 23, 1903, at 2 o'clock, p. m., and was called to order by the Chairman, Dr. W. G. Morrow, who stated the object of the meeting to be the fixing of a date for holding the Republican primary election in Forest county.

It was moved by Joseph King, of Hickory, seconded by James Elliott, of Harmony, that Saturday, May 16th, 1903, be fixed as the date. The motion was unanimously adopted.

The following list of voting places was agreed upon:

- Barnett-Clarington, Cooksburg, Redcliffe, Green-Nebraska, Gaultsville, Harmony-West Hickory, Fogie Farm, Hickory-East Hickory, Howe-Brookston, Cooper Tract, Pigeon, Lynch, Porkey, Cloughs, Kingsley-Newtown, Starr, Mayburg, Kelleysville, Jenks-Marienville, Duhring, Tionesta Township, Tionesta Borough.

The following resolution was unanimously adopted: Resolved, That the Rules governing the Republican Primary Election of Forest county be strictly enforced, and that no voter be permitted to vote outside of the township in which he resides, and that no one but qualified Republicans be permitted to vote at such Primary Election, as provided by Rules.

On motion the meeting adjourned.

SENATOR CULLON advances the idea of extending American trade with her South American neighbors as a judicious substitute for the "Iowa idea."

The Cleveland people who voted for Tom Johnson and 3 cent fares got the former. It is likely to be some time before they get the latter, however.

NEWS COMES from Louisiana that the rice acreage is greatly increased this year. This ought to furnish encouragement to prospective June brides and bridegrooms.

EVERYONE who knows Fourth Assistant Postmaster General Bristol, knows that his investigation of the post office scandals will be thorough and fair in the extreme.

FANNY BULLOCK WORKMAN has engaged two expert mountaineers and guides to assist her in climbing the Himalayas. As a Frenchman would say, there is nothing impossible to "ze ladies."

THE President evidently found the seclusion he failed to secure in the Mississippi canoe brakes, in the Yellowstone Park. Even the "fakirs" have had no stories of his experiences in the Yellowstone.

THREE Ceylonese deer have been imported into this country. They are the exact counterpart of the fallow deer so common in England, but are midgets. Although they are full grown they are only 14 inches high.

THE Government has determined upon an irrigation project on the Salt River in Arizona which will cost \$2,500,000 and will, according to the estimates, irrigate 200,000 acres of land from a reservoir which will constitute the largest artificial lake in the world.

THERE is grave suspicion that Senator Gorman is doing a large amount of "greasing the ways" preparatory to launching a large sized Presidential boom. And yet we suspect that it will have worse luck than the Shamrock III, once it is launched.

ACCORDING to John D. Rockefeller Jr., golf without a hat on has restored his father's hair and cured a serious case of baldness. This will mean an increased enthusiasm for golf on the part of most of the bald headed men of the country. It is important if true.

WHEN the political situation grows dull, the editors always manage to cook up a grand row between Senator Platt and Governor Odell, but when election time comes the Senator and the Governor are always found coming down the pike sitting side by side, and driving the winning team.

MR. BRYAN made speech at Kansas City last week in which he warned Democrats against making their party too much like the Republican party. This idea that the Democratic organization is in danger of becoming a Republican annex would be more plausible if the Democratic party, as a party, had not shown such a powerful tendency to get on the wrong side of public questions and to represent obstruction instead of progress. The Republican door swings inward to individual Democrats who enjoy prosperity and national advancement; but if the Democratic party wants to come in as a whole—well, that needs careful thought.

REPUBLICAN politicians need have no fear that the postoffice investigations will injure the President or his party. When an honest President discovers fraud and removes the cause the people always approve and show their approval at the polls. Mr. Machen, now under investigation was a Cleveland appointee.

It is estimated by the treasury officials that the exports of the United States for the current fiscal year will reach \$1,500,000,000. The imports for the year ending with March exceeded \$1,000,000,000. In the light of such a gigantic foreign commerce, the largest in the world, Democratic railway at Republican prosperity is puerile.

THE common sense of President Roosevelt's position is so obvious that it would seem that no rational politician would attempt to dispute it, or, so soon after the disaster that followed President Cleveland's free trade experiments, to attempt a new essay in that direction. Unfortunately, the Democratic party has no other issue on which it can make a fight, and the next campaign will probably be fought out on that issue. With that prospect confronting us the educational campaign which Theodore Roosevelt is conducting is a matter of high import to the nation.

In the people had an idea that a general change or even an uncertain partial change was to be made in the tariff every manufacturer would reduce his output, for fear he might be caught with goods whose cost would be greater than imported competitive material. Every merchant would reduce his orders in hopes of buying foreign goods cheaper in time to meet the demands of his trade. The greater the uncertainty about what schedules might be changed the more widespread this action would be and the general reduction of output and orders would produce hard times.

High School Commencement.

The following program was rendered at the commencement exercises of the graduating class last evening at the court house:

- Musie, "Tarrantelle," Mills. Invocation, "Rev. R. F. Feit Solo," "You and I," Lehman. "Waiting for Something to Turn Up," Florence Fulton. Music, "Rhapsodie," Jaell. "Memories of the War," Alice V. Agnew Solo, "Love's Proving," Lohr. "Electricity—It's Progress," John C. Ritchey Music, "National Airs," Howard. "As the Labor, So the Reward," Leona Scowden Solo, "A May Morning," Deza. Class Address, Rev. J. W. Smith, Warren Conferring Diplomas, Mr. D. W. Morrison Solo, "The Violets," Madenberg. Benediction, Rev. R. McGarvey.

The audience was undoubtedly one of the finest ever assembled in the court house, and we doubt whether on any former occasion the audience was more royally entertained. The members of the class surely acquitted themselves like heroes, and the manner in which each one passed through his or her particular ordeal was a pride to all who had to do with the pleasing occasion. The class address by Rev. J. W. Smith, of Warren, was also a masterpiece, and the music, vocal and instrumental, was an inspiration. We would like to particularize, but space will not permit. Suffice it to say, the class of '03 was none behind its illustrious predecessors.

Committed Suicide.

A dispatch from DuBois, Pa., under date of April 23, says: "Maude Walsh, aged 22, committed suicide this morning by shooting herself in the head with a revolver. The act was committed as the girl sat in a room talking to a younger sister. She suddenly arose, said 'good bye all,' stepped into the hallway and fired the shot. The unfortunate woman came here three months ago from Siegel, Jefferson county, where her parents, Mr. and Mrs. Samuel Walsh, reside. Her sister, whom she had sent for, arrived only a few hours before the tragedy." The father and brother of Miss Walsh are employed with the Warren Lumber Co., at Grunderville.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case resulting in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by Dr. Dunn, Tionesta, W. G. Wilkins, West Hickory.

Granderville.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SEVERE ATTACK OF GRIP.

Cured by one Bottle of Chamberlain's Cough Remedy. "When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing and sneezing by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it mildly. I had no idea that it would or could knock at the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Perry had bid me adieu." For sale by Dr. Dunn, Tionesta, W. G. Wilkins, West Hickory.

PEOPLE WHO CAN'T SLEEP.

Many people go to bed—not to sleep, but to think—to tumble and toss—to get up, wait about until tired Nature and a few fitful hours of sleep are obtained just before dawn—a sleep that does not rest—a sleep from which one wakes weary and tired, wholly unfitted to take up the daily routine of household, shop or office duties. That this condition grows on un-cared for is almost criminal when the well-known, time-tried and tested powers of Dr. A. W. Chase's Nerve Pills to give restful natural sleep have been so fully proven in such cases.

Mrs. W. H. Stevens, of 310 East Water St., Warren, Pa., says: "As a medicine for weakness—languid tired feeling, nervousness and inability to sleep at night I can recommend Dr. A. W. Chase's Nerve Pills to anyone. I got a box and they successfully cured me. I am strong and active again—eat and sleep well and no longer have those nervous spells. I am glad to give this evidence of their great power." For further information call at J. C. Dunn's drug store, Tionesta, Pa. 50c a box at dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. A disordered stomach may cause no end of trouble. When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are painless and therefore the most to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets. For sale by Dr. Dunn, Tionesta, W. G. Wilkins, West Hickory.
