It Never Fails. Thompson's Barosma has never been known to fail to cure any disease of the Kidneys, Liver and Bladder; also Rheumatism, Sciatica, Palpitation of the Heart, Nervous Debility, and Female Weakness. Thompson's Barosma reduces all the inflammation, neutralizes the acid and dissolves gravel, carrying off all matter that is poisonous to the blood, stomach, heart, kidneys and liver. It is purely vegetable and pleasant to take. No opiate in any form is used in its manufacture.

It can be taken by all ages and has cured many children of non-retention or bedwetting. "I had been troubled with rheumatism ever since I was eighteen years old, and when I went into the drug store I had little faith in Thompson's Barosma. I have taken six bottles of Barosma and am better than I have been in twelve years. I can work every day, something I had not done in ten years. Thompson's Barosma regulates my whole system and I am stronger and better in every way, and am glad to bear this testimony. Thanks to Thompson's Barosma."-Johnson N. Dunn, Troy

If costive, Thompson's Dandelfon and Mandrake Pills should be taken with Barosma. They are purely vegetable and do not gripe.
