S. H. HASLET & SONS, GENERAL MERCHANTS, Furniture Dealers, AND UNDERTAKERS. TIONESTA, PENN.

WAS MISREPRESENTED.

Grover Cleveland Not Satisfied With Interview.

Weekly Trade Review—Situation at Belgrade—Postoffice Chief Removed. Genesee Huntsman Shot—Bridges Carried Away—Government Vessel Seized—Fifth Victory For Reliance.

Ex-President Grover Cleveland on being shown an alleged interview reported by Mr. Bailey of the Galveston News, made the following statement to a correspondent:

"I am very much astonished to see such an outcome from a visit made to me by one who only gained friendly access to me by reason of his being a representative of a paper formerly conducted and owned by my deceased friend, Colonel Bailey and now conducted by his son.

"I don't know whether Mr. Bailey intended it or not, but he has given a very erroneous impression of what occurred between us.

"If I had dreamed that he would attempt to construct an important interview dealing with important subjects out of what was said on the occasion of his visit I would certainly have insisted, according to my habit, upon its being true and there reduced to writing and submitted to me. Instead of gaining the least intimation of such an intention on his part his first words were that he knew an ex-president was not a person to be interviewed and he left me without the least hint that I had been interviewed for publication.

"All I care to add is that the substance of the interview as published is in some respects grossly inaccurate. There are statements in it attributed to me that I certainly would not have made to a person no nearer to me and no more in my confidence than Mr. Bailey."

The alleged interview to which Mr. Cleveland objects credited him with saying that it was absurd to suppose for an instant that he had any desire to re-enter public life, or to have even remotely entertained the thought since he left Washington six years ago.

Mr. Bailey's Statement. "In answer to my letter," said Mr. Bailey, "I received a letter from Mr. Cleveland saying 'I have received your letter of the 4th instant, suggesting a visit to my home on your way to New York in behalf of your paper, but suggesting the visit be deferred until after his return from Ohio, as he was very busy then and if the trip were postponed the chances of a satisfactory visit would be greatly increased."

"In view of this response it is beyond my conjecture what it could be thought I was in Princeton for except to get a story for my paper. I would gladly have submitted my copy to Mr. Cleveland if he had requested it, and if there is any inaccuracy in any part of my story I regret it but as no specification is made as to inaccurate statements I cannot know to what part the criticism is offered. Certainly there was no purpose to do Mr. Cleveland any injustice."

Enormous Production of Pig Iron. Evidence multiplies that the second week of June saw the turning point for the better in crop, trade and labor matters. The flooded districts of the West are gradually winning out, rehabilitation and repair are making good progress, some new business is developing there, and the feeling is much more optimistic than earlier in the month.

Pig iron and steel are weaker, buying is still slow and production is at an enormous rate. An important but expected decline has materialized in lead, and cotton, owing to manipulative handling, has advanced, further complicating the situation of manufactured goods.

Cotton has fluctuated wildly, at one time showing advances of 50 to 60 points on the new crop and 25 points on spots, but most of this was lost later on good crop advices, reports of poor buying by manufacturers here and abroad, and a feeling that, while the old crop is hopelessly cornered, next season's prices are held too high.

Pig iron production is at the rate of 21,000,000 tons yearly, and buyers still hold off, whence weakness and declines of 15 cents to \$1 per ton at all markets. Resales of imported iron are at concessions. Steel is easier and finished products are less active.

Anthracite coal is called for more rapidly than it can be furnished.

Foreign Newspapers Censored. All foreign newspapers are delayed in delivery at Belgrade to enable the authorities to deface the accounts and comments of the tragedy at the Konk.

Fearing the effect of the Austro-Russian denunciation of the assassinations, the conspirators have taken an oath not to divulge one another's names or any particulars of the tragedy.

One of them declares that 50 pounds of dynamite was placed in the palace with the intention of blowing up the building in the event of the royal couple attempting to escape.

Many people here are of the opinion that Russia's demand for the punishment of the murderers is pretext to gain a foothold in Serbian affairs and that King Peter will be compelled to grant concessions to stave off the Russian demand.

Money Order Chief Removed. As a result of alleged indiscretion in regard to award of contracts for

SENSATIONAL CHARGES.

Made by the Washington Post In Postoffice Matters.

Second Order For 10,000 Placed Although First Order of 7,000 Were Not Used—Post Says Ex-Congressman Loud Was Active In Pressing the Device on the Department.

Washington, June 22.—The Post says that among the matters which Fourth Assistant Postmaster General Bristol is investigating is the purchase from a California company, the Postal Device and Improvement company, of some 17,000 letter devices for indicating the hours of collection of mail. The invention is that of the postmaster at San Francisco, it is said.

It is also said that 7,000 of these devices originally were ordered at a cost of \$4 or more each, or a profit of 100 per cent on cost, and the allegation is made that a further order for 10,000 more was placed notwithstanding the original 7,000 devices were not used but were reposing in a storehouse.

The company controlling the device was largely made up of California postal employees and the Post says that it is informed ex-Representative Loud of California, former chairman of the house postoffice committee, took an active part in their behalf and wrote several letters urging the device in the department, and in one of them said it would be an accommodation to him if the matter was attended to.

After the company had difficulty in securing its money for the device, Mr. Loud, the Post says, appeared at the department in its behalf, but specifically disclaimed any interest in the company other than that it was composed of his constituents.

During his recent visit to this city, Mr. Loud, on certain of his visits to the department, took up some of these unpaid bills, making it plain, however, that he appeared only in behalf of constituents and not as one financially interested in the company.

The allegation was made, the Post says, that \$45,000 of the deficiency of \$105,000 in the free delivery service with which Mr. Machen is charged, was due to purchase of the device in question, but at the postoffice department this was denied and the statement made that while the matter was under investigation the complaint might have been reactionary and intended against the investigation.

CUNARD LINE'S WITHDRAWAL.

No Danger of a Rate War, Says James A. Wright.

New York, June 22.—When James A. Wright of the International Navigation company was shown the Cunard line statement as to withdrawal from International Mercantile Marine company and asked what he thought about that line's position he replied: "I don't think there is any danger of a rate war. When several parties are doing business together under an agreement and when one of those parties think that certain changes are necessary they give notice and wish to have the agreement revised. This seems to be the condition of the Cunard line. They have asked for a revision of the agreement. So far this revision has not been accomplished and they have exercised their privilege to withdraw. I cannot prophesy what the outcome will be but whatever it is done will probably be settled upon at the other side."

Miller's Lawyer Convicted.

Robert A. Ammon was convicted in New York of feloniously receiving stolen money, the proceeds of the \$20 per cent Franklin syndicate. The amount specifically stated in the indictment was \$20,500.

The jury was out just 51 minutes. Ammon took the verdict indifferently. Just before he was taken back to his cell he said: "Well, I've got as much nerve with me as Miller had."

Sundberg Sentenced For 4 1/2 Years.

Claude Sundberg was sentenced by County Judge Robert S. Parsons at Binghamton, N. Y., to Auburn state prison at hard labor for four years and six months. Sundberg pleaded guilty to the charge of manslaughter in the first degree in having given to Edith Snapp of Union oil of tansy for criminal purposes, causing her death.

Hon. John S. Foster Elected.

At Niagara Falls on Thursday evening the Hon. John S. Foster of Port Leyden, N. Y., was elected department commander of the G. A. R. There was no opposition. H. C. Hendricks of Cortland was elected medical director and the Rev. McFendire Shaw of Williamsville was elected chaplain.

Sheriff Seizes War Vessel.

Sheriff Coriel said he has placed Deputy Henry J. Schotte in charge of the Chattanooga in the yards at Elizabethport, N. J., to satisfy a claim against the United States Shipbuilding company. He felt he would be fully protected in seizing the Chattanooga by the highest courts in New Jersey.

Manager of Batavia State Home.

Governor Odell has appointed Mrs. Wolcott J. Humphrey of Warsaw as manager of the state home for the blind at Batavia.

Suit For Life Insurance.

Brantford, Ont., June 22.—The suit of Mrs. Quirk, now of Buffalo, whose husband was murdered at Brantford a year ago, against the London Guarantee, Liverpool Life and Ocean Accident company, for \$12,000 insurance on her husband's life was to have been tried yesterday, but was postponed until fall, the companies demanding a jury. Payment is resisted on the ground that Quirk was murdered.

Boys Arrested For Incendiarism.

Brantford, Ont., June 22.—Seven Indian boys, pupils of the Mohawk Institute, were arrested for causing five incendiary fires, including the destruction of the institute, involving a loss of \$30,000. Several of the lads confessed, including the Englisher, Roy Wilson, aged 12. The others average 15 years each. Their reason for kindling the fires is that they wanted to see a big blaze.

COMING COLLEGE REGATTA.

All Crews Hurd at Practice—Unprecedented Demand For Seats.

Poughkeepsie, N. Y., June 23.—After seeing all of the crews at practice on the river, Fred Adams Briggs, who stroked the victorious Cornell crews of 1895, 1897 and 1898, made the following statement: "To speak according to my best judgment, I do not think it possible for any man to pick a winner from among the splendid crews that are training for the regatta on Friday. I realize that Cornell is the general favorite, and I know from observing the men at work under Mr. Courtney's direction that they are a good average Cornell crew. Their form is excellent and their weights and height are to their advantage; but you must consider that all the other crews are good. I look for a very close race and if the leaders are not lagging at the finish I shall be surprised."

The demand for seats on the chaou-vallon train is unprecedentedly large. All the tickets for the Cornell section have been sold. Seven of the 40 cars have been sold to Poughkeepsie people alone.

While the two crews from Syracuse university do not attract as much attention as the older aggregations, they are working the hardest of all under the direction of James Ten Eyck. They rowed nine miles in the morning and 12 in the afternoon.

Both of the Wisconsin crews went over the course last evening, but no time was taken. As a matter of discipline Coach O'Leary took Richards out of the coxswain's seat for running into a rowboat on Saturday and put McNally in his place.

Hanlon changed the Columbia freshman crew about again and seated them in the following order, from bow to stern: Wiggins, Merritt, Green, Seymour, Rich, Mitchell, Miller, Taylor. Post will probably return to No. 6.

Dayton, N. Y., in the Pennsylvania freshman crew has been disqualified by the board of stewards under rule 4 and Barrett or Smith will take his place.

RAILROAD MORTGAGES.

Opinion by Attorney General Confirms Control of State Railroad Commissioners.

Albany, June 23.—An opinion by Attorney General Cunnun confirms the control of the state board of railroad commissioners over the issue of mortgages and bonds by railroad corporations, and leaves the Buffalo, Aurora and Hamburg Electric Railroad company in a peculiar position.

The company recently placed a mortgage upon its property and issued its bonds to meet the same, without asking consent of the railroad commissioners. For this consent they subsequently applied, and the commissioners asked the opinion of the attorney general.

Mr. Cunnun holds that the law requires the consent of the railroad commissioners before the mortgaging of the property, and that it would be inconsistent for the board to give its consent after the thing to which it is to consent is completed. It is impossible, he holds, for the board to give its consent now as of the same effect as if the application had been filed before the bonds were issued.

CONSTITUTION ABROGATED.

Malta's Legislative Council Reorganized—Trouble About Language.

London, June 23.—According to a dispatch from Valetta, Malta, a minor coup d'etat has been effected there by the abrogation of the constitution of 1887 and the re-establishment of the constitution of 1849.

By this step the legislative council hereafter will be composed of eight elected members and nine government members, instead of 14 and six respectively, as heretofore. Some such action had been expected in consequence of the trouble about the language question.

The elected members objected to the preponderance of the English language in the schools and recently defeated the education appropriation for the current year.

On June 17 the lieutenant governor desired to reconstitute the appropriation bill, but the elected members refused him permission to do so. Under the new constitution the government will control the legislative council.

Application For Change of Venue. Columbia, S. C., June 23.—Application for a change of venue for James H. Tillman, former lieutenant governor of this state, charged with the murder of N. G. Gonzales, editor of The State, in this city last January was begun here. Making their motion the defense alleged it will be impossible for a fair and impartial trial to be obtained here. The defendant showed no ill effects of his confinement. United States Senator Tillman was in court.

Peter I Leaves Geneva.

Geneva, Switzerland, June 23.—King Peter I of Serbia left Geneva on his way to Belgrade at 8:45 p. m., Swiss time. He was loudly cheered and was presented with many bouquets of flowers. In response to the cheering King Peter cried: "Vive La Suisse."

Contract For Repair of Pier.

Albany, June 23.—Superintendent of Public Works Charles S. Boyd has awarded the contract for the repair of the Cayuga lake state pier at Blanca to Frank Pidgeon of Saugerties, N. Y., he being the lowest bidder. The amount of the bid was \$5,300.

POINTED PARAGRAPHS.

Summary of the Week's News of the World.

Cream of the News Culled From Long Dispatches and Put in Proper Shape For the Merited Reader Who is Too Busy to Read the Longer Reports and Desires to Keep Posted.

Wednesday.

Two aged women testified to having lost the savings of a lifetime in the Franklin syndicate.

The three district presidents were named as members of the conciliation board by the miners' convention at Scranton.

Pending the appeal of the application for a receiver of the Shipbuilding company, a protective committee of bondholders is forming.

A low estimate of the number of dead at Happer, Ore., by the cloudburst which caused Willow creek to overflow the town is 200.

Charles S. Macfarlane, a detective for the Anti-police society, was killed in the criminal court house at New York by William Spencer, whose arrest he had caused for violating the police laws.

Thursday.

Dr. Edwin Stevens Lines of New Haven was elected bishop of Newark.

An amendment to the Irish land bill, moved by John Redmond, was rejected by 47 votes, and the bill is considered to be in danger.

Mexican government breaks all records in arbitrations by depositing \$1,420,682 on account of the Pius fund award with Ambassador Clayton.

The Cornell Publishing society has decided to issue a history of Cornell university and its students. It will be edited by Professor Hewitt of the German department and will contain the biographies of 15,000 students.

Counsel for the dissenting first mortgage bondholders of the United States Shipbuilding company notified Mr. Schwab that they would accept his offer to return his \$20,000,000 of stock and bonds, and take back the Bethlehem steel plant in exchange.

Friday.

State emancipation G. A. R. held big parade at Niagara Falls.

Colonel Robert A. Ammon was found guilty of having received \$20,500 of Miller syndicate stolen funds.

Recognition of the new King of Serbia by the czar has been followed by that of the Emperor of Austria and the King of Italy.

The Reliance lost her topmast directly after starting in the Larchmont regatta, leaving the Constitution and the Columbia to finish, the former winning a decisive victory.

James T. Metcalf, superintendent of the money order division of the postoffice department, was removed for "indiscretion" in connection with bids for supplying money order blanks.

Saturday.

An explosion in the lyddite factory at Woolwich, England, arsenal killed 20 persons and injured 13 others.

Several sons of distinguished army and navy officers were appointed cadets in the military academy by President Roosevelt.

Otto Thornet, an electrical expert from Germany, was killed by teaching a live wire while inspecting a new switchboard for the Germantown, Pa. Electric Light company.

OFFERED WAYLES \$50.

For His Suggestion as to Settling Coal Strike, Mitchell Says.

Indianapolis, June 20.—President Mitchell has employed attorneys here and at Wilkes-Barre, Pa., to defend the suit which has been brought by Attorney Wayles of New York, in which Wayles asks for \$200,000 for alleged suggestions that led to the settlement of the anthracite strike.

Mitchell said that the miners' board had offered Wayles \$50, but he seemed to want \$200,000. He added: "Mr. Wayles came to us with a plan of settlement of the strike by political pressure. He suggested bringing action under the New York anti-trust law against the railroad companies, and framed a petition to send to Chairman Dunn of the New York railroad commission on the subject."

"It probably required 15 or 20 minutes to draw up the petition. Nothing was said as to the pay he should receive and we offered \$50 for the trouble he had taken. His connection with our operations amounted to nothing more than that."

YORK MINES TO OPEN.

Prospects Are That That Industry Will Flourish Again.

York, Pa., June 22.—The revival of the mining of iron ore in York county is proving successful and the industry which flourished in the county a century ago is likely to come to the front again.

The mines at Hellam and near Wrightsville, which were opened several months ago, are producing 60 tons of ore daily. That taken out near Wrightsville is used at the Aurora furnace. The Hellam ore is shipped to smelters in New York state.

The old ore mines at Margarett furnace, which were abandoned 60 years ago, are to be reopened if the ore proves satisfactory under tests.

A number of York capitalists have secured an option on the old mine and Colonel H. C. Demming, geologist, of Harrisburg, has been employed to make a survey of the mines and test of ore.

FOUR ROBBERS CAPTURED.

Were Caught in the Mountains After an Exchange of Bullets.

Bellefonte, Pa., June 22.—The four robbers who attempted to rob the Center Hall bank were captured in Seven mountains after one of them had been so severely wounded that he cannot recover. The men were tracked to the mountains by Sheriff Taylor and a posse of 50 men armed with Winchester rifles. The sheriff and his deputies came upon the gang hiding in an old stable. The command to surrender was answered by a volley of bullets from revolvers.

The deputies returned the fire after which the men surrendered. The men were placed in jail here.

They have been identified as members of a gang that has been committing many robberies in Union and Center counties during the past week.

Route of Wabash Railroad.

Washington, Pa., June 22.—In response to an inquiry as to whether the Wabash railroad would be built through Canonsburg, J. W. Patterson, president of the Pittsburg, Carnegie and Western, has sent the following reply: "The line through Canonsburg depends on how we will be treated in the matter of rights of way. On our main line we have been raised pretty heavily in the settlements of rights of way, and we are considering alternative lines between Washington and Bridgeville. One will take in Canonsburg, and the other leaves it off to the right. We will probably build on the line that shows liberal disposition in the matters of rights of way."

Rioters Held For Court.

Indiana, June 22.—As a sequel to the arrest of Italian strikers at F. H. Clement & Co.'s railroad construction camp No. 2 on the Buffalo, Rochester and Pittsburg railroad at Parkwood for rioting eight men were held for trial at the September term of court. Being unable to give bail in \$1,000 each, they were sent to jail. The men were known only by numbers. The Italians were given a hearing before Justice J. A. Crossman. One man, No. 295, was discharged. No. 26, the man believed to be the ringleader of the trouble, who also did not arrest of the shooting, has not been arrested.

Farmhand Kills Employer's Son.

Philadelphia, June 22.—Elias Williams, a negro employed by Alonzo White, a well-to-do farmer, near Swarthmore, shot and killed Horace White, aged 25 years, son of the farmer. The two young men had an altercation. The negro borrowed a shotgun. Ten minutes later young White was found near the barn with a hole in his breast. William escaped.

Miners Returned to Work.

Linton, Ind., June 22.—The 600 striking miners who stepped work in the Island Coal company's mines last week returned to work today in compliance with the ultimatum of President John Mitchell. It is understood that the miners were compelled to return to work or surrender their charters and suffer other workmen to take their places.

Fatally Hurt In Explosion.

New Castle, June 22.—At the Shonango furnace Saturday molten metal struck water leaking from the bath as it rushed out and the explosion that resulted sent burning liquid over Mike Montrook and Andrew Matter. Montrook will die.
