School Directors' Convention.

Pursuant to call of the County Superintendent of Schools the Directors of Forest county met at the court house, at 1:00 o'clock on Friday, July 17th, 1903, and were called to order by Superintendent Stitzinger, who read the law providing for the convening of such convention passed by the Pennsylvania legislature at its last session. In accordance with the provisions of said act the directors proceeded to organize temporarily by electing J. E. Wenk, of the Borough, as President, and Frank Dickinson, of Howe twp., as Secretary. The permanent organization was then effected by the election of the following officers for the ensuing year: President, E. W. Bowman, of Tionesta; Vice Presidents, Lyman Cook, of Green twp., and A. W. Albaugh, of Hickory twp. Secretary, R. L. Haslet, of Tionesta. Treasurer, Herman Blum, of Green twp. The convention was addressed by Prof. D. W. Morrison, Principal of the borough high school, upon county uniformity of examinations and graduation in our public schools. Mr. Morrison gave an outline of a plan which he had known to work well, and which seemed to be rather taking with those present. Supt. Stitzinger also spoke for a uniform course of studies, saying he had long had a desire to see such a system in vogue in our country. On motion the chair was empowered to appoint a committee consisting of three of the prominent educators of the county, including the county superintendent, to prepare plans for putting the system in operation in the county, and if possible, to begin with or during the current or school year, this committee to submit their conclusions to the several school boards of the county. The chair appointed as such committee, Prof. Morrison, of Tionesta, Stewart, of Hickory, and Slight, of Marienville. There were present about twenty-five of the sixty directors of the county, quite a good turnout for the first convention, and considering the unfavorable season of the year. The interest in the meeting was quite marked, and in another year, when a program can be arranged, the interest will doubtless be quite greater, and will continue to increase as the objects and aims of the convention become better known and appreciated. It was suggested that the meeting be called for next year on the second Friday in June.

Pretty Home Wedding.

A very pretty wedding took place Thursday, July 16th, 1903, at the home of the bride's parents on German Hill, when Miss Grace Leonard McIntyre, daughter of Mr. and Mrs. O. B. McIntyre, was united in marriage with Arthur B. Lederber. Only the immediate families of the contracting parties witnessed the ceremony, which was performed by the Rev. M. L. Frederick, of Mt. Zion Lutheran church. The bride wore a pretty traveling gown of navy blue silk, and carried a bouquet of white carnations. She was attended by Miss Ida Lederber, sister of the groom, and Mr. Norman McIntyre, brother of the bride, acted as best man. After the ceremony a wedding breakfast was served. The house decorations were in evergreen and sweet peas, the latter forming a center-piece for the bride's table. Many pretty and useful gifts were received. This popular young couple is assured the sincere congratulations and very best wishes of a large circle of friends, in which happy felicitations the REPUBLICAN heartily joins. They enjoyed the past week at Chautauqua and other pleasant resorts, and will shortly be at home to their many friends.

Lightning's Queer Freak.

J. S. Hood of the north ward lost a fine healthy March calf Monday afternoon in a rather mysterious manner. About 2 o'clock a severe storm came up and he and Mrs. Hood being in the garden were driven into the barn for shelter. After the first hard shower was over they went to the house, after which the storm again broke and was accompanied with considerable electricity, but there were no close bursts of lightning. When the atmosphere had again cleared Mr. Hood went to the barn, where he found the calf stone dead, and a broom that stood about eight feet away had been ignited and was still smouldering. He examined the critter but found no mark upon its body to indicate that it had been struck by lightning, and the closest scrutiny has thus far failed to reveal a spot about the building indicating a stroke of electricity. Of course it was lightning that did the damage, but how it did it is the mystery that puzzles Mr. Hood, as there seemed at no time during the progress of the storm a bolt, sufficiently near to the premises to cause such a result.

Death of R. J. Butler.

Roswell J. Butler, died last Wednesday evening, July 15th, at 5 o'clock at the home of his daughter, Mrs. Leo Davis, in this place, lacking but two days of being 70 years of age. Mr. Butler was born in Youngstown, N. Y., July 17, 1833. He soon after went with his parents to Jamestown, N. Y., where he spent his boyhood, learning the trade of a printer in the Journal office more than half a century ago. Later he learned the blacksmith trade, which trade he followed with success at East Hickory, Whig Hill, and other points in this county. Shortly after the breaking out of the civil war he enlisted in the U. S. Navy, serving as ships armorer, aboard the U. S. Cruiser, Cimarron of the Mississippi squadron, until the close of the war. For the past few years, and particularly since the death of his wife, he has made his home with his children, all of whom reside in this vicinity. He possessed a very kind disposition, was composed of a genial nature, and was greatly beloved by a large circle of friends, the young children being his special favorites. Funeral services were conducted by Rev. Illingworth assisted by all the ministers of the town, at 11 o'clock on Friday forenoon, after which the body was taken in charge by the members of Stow Post, G. A. R., of which deceased was a member, and taken to their last resting place in Riverside Cemetery. He is survived by four daughters and one son, all of whom were present at the funeral, as follows: Mrs. Leo Davis, of Tionesta; Mrs. F. M. Whitmer, Endeavor; Mrs. L. W. Robinson, Enterprise; Mrs. E. M. Porter, and Frank J. Butler, of Getzville.

The severe penalties and restriction imposed upon cigar dealers in the anti-cigarette law passed by the last legislature are not generally known. The following copy of the act will be of interest to local dealers and well worth preserving for reference:

An Act.

Section 1. Be it enacted, &c., That if any person or persons shall sell cigarettes or cigarette paper to any person or persons, under the age of 21 years, he or she so offending shall be guilty of a misdemeanor, and upon conviction thereof shall be sentenced to pay a fine of not more than three hundred dollars, nor less than one hundred dollars.

Base Ball.

"Our Boys" journeyed to North Clarendon last Wednesday and got mixed with the speedy team of that town to the extent of leaving a game with them, but not by any heavy majority. As with the Tidioute aggregation the week prior, the Clarendon contingent made most of its scores in the first few innings, (six runs). After that it was a series of gossamer eggs, while Tionesta piled up so many of the same sort of eggs in the first eight innings that they couldn't connect to the full extent in the ninth, although they had the premium oil producers in a bad state of "rattlers" in their half of that inning, battling the sphere out for five runs, closing the pretty game with a score of 6-5 in favor of the p. o. p. The team came home praising their hosts for the nice treatment accorded them, and having not a kick to register against the umpire, which is truly a refreshing contemplation. It is hoped the Clarendon team may give us a return game soon, when we bespeak for them the same elegant treatment accorded our boys on this occasion.

It is noted with a good deal of an anxious apprehension that the Clarendon ball sluggers have "called the bluff" of the Marienville aggregation in its attempt to arrogate to itself the baseball championship of the county. It is horrible to contemplate the possible outcome of this uprising, but it is hoped it may pass over without bloodshed or an inter-township imbroglio of any sort.

Grunderville.

The dance given in the dining room of the boarding house Saturday night was largely attended and thoroughly enjoyed. Louie Swanson, of Tionesta, stepped off on his way home from Clarendon and visited his chum, John Lawrence, last Wednesday and Thursday. Walter Scott, foreman of the Heintz shooek mill, has moved his family from Pittsburg to this place, taking possession of their new house last Thursday. Nearly all of the young people attended a birthday surprise party at the home of Lee Lett, across the river from this place, on Thursday evening last. At this writing the prospects for a flood are favorable and if so the company will start some more boats and larges for the Pittsburg market.

Thompson's Barosma, Kidney and Liver Cure

Is not only performing wonderful cures, as the following statements will prove, but all the cures have been permanent, there being no return of the disease or any of the symptoms after a lapse of many years.

E. K. THOMPSON & SON, Titusville, Pa.—Dear Sirs—Several years ago I was taken with kidney and bladder disease, and suffered with terrible pains, besides losing control of the action of my kidneys and bladder. A number of doctors had my case at different times, but I received no benefit, and was given up as incurable and fully expected death would relieve my sufferings. A friend recommended BAROSMA and I began taking it. At first I could see little change, but after taking about six bottles, I began to get better. I continued to use it and today am entirely cured. I am an old resident of this county and an well known in this section, and consider myself a walking advertisement for your TITLY WONDERSFUL medicine, BAROSMA. Yours respectfully, NATHAN BURDICK, West Hickory, Pa.

The first bottle did me so much good that I bought the second and it cured me of female weakness, with which I had been troubled more than two years. I gained in strength and flesh and have been well ever since. This was six years ago. Mrs. M. GROVE, Plum, Penn'a.

A PUMPKIN HEAD

Isn't necessarily a dullard. It may have a sense of humor which is the saving grace of the human race. But the merriest boy is likely to be the hardest on his clothes and it is with regard for his tendency to wear out whatever he puts on that we put special thought and care into making his clothes so they will stand the inevitable wear and tear. Don't be misled into the belief that because we sell fine and durable garments for the boys that our prices are higher than they should be. No better boys' clothing is made than we sell. Nothing more reasonable in price. Here's a chance in Boys' Wash Suits. Pay you to buy for next season:
