MOON'S PHASES table with columns for Full Moon, New Moon, First Quarter, and Last Quarter.

Republican Ticket.

STATE. State Treasurer—WM. L. MATHUES, Delaware County. Auditor General—WM. P. SNYDER, Chester County.

FIVE members of the St. Louis council sentenced to the penitentiary for hoodlums are still serving in the capacity of lawmakers.

THE Kansas flood sufferers are telling Universal Benefactor Carnegie of another way by which he can accomplish his object of dying poor.

IT speaks well for the business methods of the United States that when it calls a citizen or corporation to time the matter is taken seriously.

TOM JOHNSON'S attempt to defeat Senator Hanna for the Senate is singularly suggestive of Don Quixote's attack on the windmills.

GOV. OBEHL says the trouble in Wall street stock speculation is hysteria. It is evident that the country generally takes but little interest in the long and short of the furries.

THE President is deeply interested in financial legislation but the gentlemen now in session in Providence, drafting a Senate financial bill, should remember that Mr. Roosevelt is not wedded to the idea of a bill pleasing only to the Wall Street interests.

THERE'S a comforting suggestion in the Yawp that incessantly comes from candidate Bryan. Even his friends and erst-while supporters are becoming very tired.

MR. GORMAN is back from Europe and has given several interviews to newspapermen. In substance Mr. Gorman says that it is too early to take a democratic presidential nominee although "Barkis is willin'."

SOME papers are criticizing General Young for putting on the three stars while Miles still had a right to wear them. But then Miles put them on while Hennessey still had a right to wear them, and old Gen. Scott's memoirs confess that he looked himself in his room and posed before the mirror for three hours when he got his brigadier general new uniform.

ACCORDING to a Washington dispatch, the days of the crisp bank notes are numbered, and their place will be filled by notes that will be soft, pliable, and velvety. Officials of the United States Treasury Department are experimenting with paper treated by a lately discovered chemical process, and are already much in favor of the change.

ONE of the New York papers proposes Gen. Miles as a candidate for vice president on the Democratic ticket. As the general has often been mentioned for head of the ticket, this suggestion is hardly likely to strike him unfavorably.

GOEMAN'S boomers among the Democrats can not understand how it is that the Republicans are disposed to welcome that personage as a personal candidate. This is all easy. The Republicans would be glad to see Gorman nominated, because of the fact that they believe he would be weak.

THE report that the President refused to permit a picnic of Washington poor children on the White House grounds because colored children had been excluded because the invitations were sent out in another newspaper "fake".

The Attack on Roosevelt.

A many-columned attack upon President Roosevelt which appeared in a number of Democratic papers yesterday most strikingly illustrated the impregnable position occupied by the present chief executive of the Nation.

The President's firmness in insisting upon proper treatment for the negro, and in standing by appointments made by him of creditable members of the race, is another charge against him.

—A woman loves a man in proportion to his ability to make her angry. —Boy's knee pants at cost to close out. —Go and see the St. Louis Stars ladies' base ball team do up the Tionesta team next Friday afternoon.

—Laws, Dainties and all summer dry goods go at greatly reduced prices and a nice assortment left to choose from at Hopkins'. —Don't overlook the fact that Wednesday, Sept. 23, is the last day for registering if you wish to vote this fall.

—Female pickpockets are rare. No lady will pick any pockets but her husband's. —The White Star can always be counted on to have the best line of groceries. Never any stale goods, and always sold at the lowest figures.

—Lots of people would rather die a natural death than send for a doctor. —Summer goods at any price. Health & Feit. —Never judge an actress by the diamonds she thinks you think she wears.

—Try the Blucher coltskin shoe for sale at Hopkins' store. It is made by W. L. Douglas, which is a guarantee of excellence. —It takes more money to be a millionaire now than it did 50 years ago.

—New hats for fall are here. All the newest shapes and styles. Health & Feit. —The world is but a fleeting show—and all the best seats taken. —Every variety of fruit at the White Star Grocery, besides all the seasonal vegetables, fresh and crisp. Call or phone for what you want.

—As a rule, popular subscriptions are in the unpopular class. —A new lot of ladies shirt waists patterns for fall wear just received at Hopkins' store. —It is some times easier to meet a bill than to dodge it.

FLOOD OIL. During the days of the oil excitement in the Pleasantville field and in the vicinity of Pithole, the Farel farm, between Pleasantville and Pithole, was operated on and proved quite prolific.
