Is Performing Wonders.

Thompson's Barosma, Kidney and Liver Cure

Is not only performing wonderful cures, as the following statements will prove, but all the cures have been permanent, there being no return of the disease or any of the symptoms after a lapse of many years.

E. K. Thompson & Sons, Titusville, Pa.—Dear Sirs—Several years ago I was taken with kidney and bladder disease, and suffered with terrible pains, heavy control of the action of my kidneys and bladder. A number of doctors had my case at different times, but I received no benefit, and was given up as incurable and fully expected death would relieve my sufferings. A friend recommended BAROSMA and I began taking it. At first I could see little change, but after taking about six bottles, I began to feel better. I continued to use it and today am entirely cured. I am an old resident of this county and am well known in the medical, and consider myself a walking advertisement for your TRULY WONDERFUL medicine, BAROSMA.

Yours respectfully,
NATHAN BURDICK, West Hickory, Pa.

The first bottle did me so much good that I bought the second and it cured me of female weakness, with which I had been troubled more than two years. I gained in strength and flesh and have been well ever since. This was six years ago.

When Robespierre Was "Stung."

Under the terror Robespierre used to play a peaceful game of chess at the Cafe Regence, and the story is told of a youth who once challenged him and beat him twice. Robespierre, after his defeat, asked how much he owed, no stakes having been previously fixed. The supposed youth, who in reality was a girl in man's clothes, presented an order for the release of her lover from prison, and Robespierre signed it. Napoleon Bonaparte during his consulship was seen at the famous cafe, but he showed himself no tactician at chess.—London Telegraph.

The Usual Thing.

"It's lucky I did not meet Miss Hopkins before I married you, my dear."
"Well, yes; it is extremely—for her," was the rejoinder.

Differences in Woods.

Timber is classed as hard or soft, and the main point of difference between the trees that produce these classes is that the soft wooded tree has "needle leaves," slim, narrow and almost uniform in breadth, while the hard wood trees have broad leaves of various shapes. Again, some soft wood trees carry cones, such trees being termed conifers. Resin, too, is more characteristic of soft than of hard wood. To the class of soft woods belong the pines, spruces and firs, and the most common examples of these are yellow pine, white fir, pitch pine and spruce or red fir. In the commoner hard woods are oak, beech, mahogany, ash, walnut, plane, elm, birch and ebony.

WANT FIRST VOTERS

Pennsylvania Republican Leaders
Seek to Enroll Young Men.

ACTIVE AGENCIES AT WORK

Club League and League of College Clubs Laboring With the Coming Presidential Election in View.

[Special Correspondence.]

Harrisburg, Oct. 20.—A feature of the present campaign in Pennsylvania is the determined effort of the Republican committee throughout the state to have all the young men who are qualified to vote cast their ballots for the Republican state and local candidates at the election to be held on November 3.

Particular attention is being given to this class of voters by direction of Chairman Penrose, of the Republican state committee, who is looking ahead for the presidential election of next year. Senator Penrose is a great believer in the policy of reaching out for the first voters, no matter to what party their fathers may belong, and setting them to cast their first ballots for the Republican candidates. He argues that this is one of the best ways to build up and strengthen an organization and to increase the majorities of any party. By continuing enrolling the young voters there will always be activity and vitality in the organization and there will be no danger of the party suffering from dry rot and failure to keep in touch with the march of progress.

It is believed that the efforts made to get the first voters out for the future Republican ticket will mean an increase of many thousands of votes for the Republican nominees next month.

There are two agencies upon which Chairman Penrose is relying to assist him and the regular party organization in this line of campaign work—the State League of Republican Clubs and the League of College Clubs. Much effective work has already been done through these agencies and more will be done before election day.

QUALIFICATION OF VOTERS.
This information bearing upon the qualification of voters is being circulated by the Republican state committee:

All persons born or naturalized in the United States and subject to the jurisdiction thereof are citizens of the United States and of the state wherein they reside.

Every male citizen 21 years of age possessing the following qualifications shall be entitled to vote at all elections:

a. He shall have been a citizen of the United States at least one month.
b. He shall have resided in the state one year (or if having been a qualified elector or native-born citizen of the state he shall have removed therefrom and returned, then six months) immediately preceding the election.

c. He shall have resided in the election district where he shall offer to vote at least two months immediately preceding the election. A minor becomes of age on the day prior to the 21st anniversary of his birth.

REPUBLICAN LEAGUE WORK.
J. Hampton Moore, of Philadelphia, who is president of the National League of Republican Clubs, is cooperating with Chairman Penrose in the campaign in this state.

"The Republican League," says President Moore, "is looking hopefully to Pennsylvania for splendid results at the coming election. The young men of Pennsylvania are being aroused to the great opportunity which presents itself to become enrolled in the Republican organization now so as to be in line early for the presidential campaign."

"The experience of the last decade and a half demonstrated the advantages and demerits of the two great political parties. We had two Democratic administrations, each of them depressing the business and laboring interests of the country, and we had two Republican administrations, each establishing confidence and restoring commercial and industrial activity. We are going to vote in another year for one or the other of these conditions.

"As we view the situation today it is hard to imagine how any sane man familiar with the progress the country has made under Republican doctrine could want to vote to restore the demoralizing influences of Democracy."

"The National Republican League stands for Republican principles. It believes the Republican party to be better in policy and performance than the Democratic party; better for commerce, better for manufactures, better for mining, better for the workingmen. It stands with its face bravely set against the conditions which destroyed the industries of the country under Democratic management. It stands against the return of soup houses and idleness.
