Republican Ticket.

STATE. State Treasurer—WM. L. MATHUES, Delaware County.

Auditor General—WM. P. SNYDER, Chester County. Superior Court Judges—JOHN J. HENDERSON, Crawford County; THOMAS A. MORRISON, McKean County.

COUNTY. District Attorney—S. D. IRWIN. Coroner—Dr. J. W. MORROW.

Our Local Ticket.

The candidates on the local Republican ticket this fall are not many, but they are good ones just the same. Judge Samuel D. Irwin, candidate for District Attorney, has been accorded the high honor of the field to himself, having no opposition for re-election to the important office of which he has been an undisputed possessor for so many years that the memory of man runseth scarcely to the contrary.

Dr. J. W. Morrow is the Republican nominee for Coroner, a trust that has been also repeatedly reposed in the learned doctor, and which he has never in a single instance betrayed. His administration of the office of Coroner has been the least expensive of any that have ever preceded him. The county can be saved many dollars during the year with a Coroner who understands his business and has no disposition to pile up fees that are entirely useless.

It is such an organization that enables political managers to make close predictions in general and detail. And the canvass so far made throughout Pennsylvania this year warrants the claim, that the Republican majority will be unexpectedly large, probably exceeding any recent majority in any but a Presidential year. It may be a slow campaign, but it is a sure one.—Philadelphia Press.

Simply let every Republican feel incumbent on himself to get out and cast his vote. Nothing more is needed. Republicans are satisfied with present conditions and are ready to vote to keep them as they are. Go to your respective polling places, and quietly cast your ballot. That's enough.

Get out the vote, Republicans. You may rest assured the other side will.

It is said that Senator Gorman is already planning for a second term in the White House.

PRESIDENT ROOSEVELT'S advice to the Maryland Republicans seems to have worried Senator Gorman.

THE yellow press has been such a success that William Randolph Hearst believes we want a yellow administration.

PORTO RICO is being strongly fortified by our government. It will serve as an excellent "No Trespassing" sign for the Monroe Doctrine.

A CATALOGUE of abusive epithets will not be lacking in the New York municipal campaign, if the party orators will sit at the feet of Gamaliel Dowie.

It is reported that Mr. Hearst is Bryan's candidate for the Democratic nomination. If it is so Hearst had better keep it secret until after the election.

LORD ALVERSTONE, the representative of Great Britain who voted for the United States in the Alaska boundary case, would make a good ambassador to this country.

THE sum of \$625,000,000 was spent last year in Germany for alcoholic liquors. This is an average of \$35 per head for persons over 15. Where is the German W. C. T. U.?

MR. BRYAN'S paper explains that a man may amass a fortune without being a plutocrat. It cites former Governor Hogg, of Texas, as an example, but it doubtless refers to its own editor.

PRESIDENT PALMA has pardoned the only two American soldiers remaining in Cuban prisons, so that they might accompany their companions, who left for home on the transport Kilpatrick.

THE Maryland Democrats say that this is the white man's country and the Massachusetts Democrats condemn lynchings in the South. The party leaders are trying to find an issue which will make these two factions forget each other.

NEXT Tuesday will be election day, and it is hoped every Republican in Forest county will show the material he is made of by getting out and casting his vote for the ticket. The election is of more than ordinary importance for an "off year" in that our friends, the enemy, are waiting to see a considerable falling off in the Republican vote on account of the stay-at-homes in our ranks, which fact they will attempt to construe as an unfriendly attitude toward the National administration. Let's catch 'em at this little game by getting out the vote, and if anything increase our majorities. The county ticket is not large this fall, and some may consider it scarcely worth while to vote on that account. This is a mistake. It is just as important to win by good majorities now as ever for the effect it may have on future contests. Don't absent yourself from the election next Tuesday.

P. C. GORMAN brother of the United States Senator from Maryland has been dropped from the rolls of the Treasury Department "for the good of the service."

Perhaps this will induce the Maryland senator to make another attack on the President.

SOME super-sensitive Democrats of New York City objected to the fusion banner which reads: "All thieves, gamblers and dive-keepers will vote for Tammany—hall—how will you vote?" The fusionists changed it to read, "No thief, gambler or dive-keeper will vote to elect Mayor Low—how will you vote?"

A Slow But Sure Campaign.

Everybody is agreed that this campaign is a pretty quiet one for Pennsylvania. Outside of half a dozen counties, where there are interesting and rather warm contests for Common Pleas Judges, there is scarcely a ripple on the surface of politics anywhere.

Such a situation does not mean that the result of the election will be any less decisive than if oratory and music and red fire were making the campaign boisterous. The people of Pennsylvania have always known what to do in the year preceding a presidential election. They are then looking forward, not backward. They will understand how much a decisive Republican majority in this Commonwealth this year will contribute to quiet any possible apprehension and establish confidence in the result next year. With the party fully committed to President Roosevelt and the certainty of his nomination, the significance of the vote to be cast in November is well understood.

This has much to do with the complete failure of the Democrats to arouse any interest on what they call State issues. They were warned that the press muzzler could not be made a vitalizing issue this year, as the real opposition to it would be reserved for use in the Legislative districts next year, when members of the Legislature are to be chosen. They must begin to understand this themselves by this time. They have made no impression because they are out of season, and the candidates who have at two or three places made speeches have not left behind them to afford an hour's comfort and pleasant discussion for the faithful.

The Republican campaign has been going on, however, through all the ramifications of an organization more complete than any other in the country. That organization reaches into every district and substantially to every voter. The popular pulse can be felt through it within a few hours. Any matter disturbing the situation in a single township is instantly known. The quiet work through complete organization has been shown to be more effective in such campaigns as the present one than noisy demonstrations.

It is such an organization that enables political managers to make close predictions in general and detail. And the canvass so far made throughout Pennsylvania this year warrants the claim, that the Republican majority will be unexpectedly large, probably exceeding any recent majority in any but a Presidential year. It may be a slow campaign, but it is a sure one.—Philadelphia Press.

Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substances and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by Dr. J. C. Dunn.

Teachers' Institute.

Ninety-five of the one hundred and one teachers of the county, were enrolled as members of the annual institute of the teachers of Forest county, held at Marienville last week. These, with their friends, quite filled the neat little opera house on Monday afternoon, as they assembled in the building for the first session. After devotional exercises conducted by the Rev. M. B. Riley, pastor of the M. E. church, Dr. Andrew J. Kinneman, president of the Central Normal College, Danville, Indiana, was introduced and cordially received by the institute. This was Dr. Kinneman's second visit to Forest county and the teachers who listened to his instruction two years ago were pleased to welcome him again. The Dr. gave nine addresses to the institute besides an illustrated address Tuesday evening on the famous productions of Dore, Tissot and Hoffman. Five of the addresses were devoted to what might be termed "Personal improvement from an ethical standpoint." He showed how we are creatures of environment, and how the possibilities of suggestion within our nervous systems are a force for good or evil. The child does not have the breaks of reason, judgment and will, but is an imitator. The teacher may tell a boy what he ought to do, but if the teacher's own life is not clean and pure to the heart, the precept is of little value. Since temperament is the natural tendency of the mind or body to act in a certain way, we ought to build into our characters the very best of all the temperaments. We should then try to catch out the very best in ourselves to build and strengthen the characters entrusted to our care. Those only are successful teachers who try to live out the gospel that the most help to the upbuilding of character is not found in the class room. It is the example of the teacher in the social and religious life that will be remembered. If the types of ideals we teach are of the purest and best, we may say with David Starr Jordan, that "it takes but 50 cents to educate a \$1000 boy," but if the ideals are imperfect, it will "take a \$1000 to educate a 50 cent boy." There was never a time when more back-bone was needed in young men and women than at the present time. Five out of every six go into the city. While it is true that all our great men and women have known something of country life, yet they have been trimmed down in the city. Our ancestors were not all good. Some were lung, others should have been. We enjoy things that are not elevating to character. We have inherited tendencies toward these things and it is most essential that the environment of our boys and girls should be good. Teachers must have clean hands that their interest in the children may be genuine to the core. They must be thoroughly imbued with the spirit of growth, culture and the higher life, in order to conceive high destinies for their children. And above all they must be faithful. There was one teacher who had but 12 pupils and one of these was a traitor; but he taught so faithfully and well that his influence has turned the world upside-down.

Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin, as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in third the time required by the usual treatment. It is for sale by Dr. J. C. Dunn.

—The self-made man resembles a hand-organ whose repertoire consists of only one tune.

—If troubled with a weak digestion try Chamberlain's Stomach and Liver Tablets. They will do you good. For sale by Dr. J. C. Dunn.

—Love may make the world go round, but it takes money to lubricate the machinery.

—Many Mothers of a Like Opinion. Mrs. Pilmer, of Cordova, Iowa, says: "One of my children was subject to croup of a severe type, and the giving of Chamberlain's Cough Remedy promptly, always brought relief. Many mothers in this neighborhood think the same as I do about this remedy and want no other kind for their children." For sale by Dr. J. C. Dunn.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. P. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75. Hall's Family Pills are the best.
