THE FOREST REPUBLICAN.

J. E. WENK, - EDITOR & PROPRIETOR.

WEDNESDAY, NOVEMBER 18, 1903.

NO DOUBT Johnson is very grateful for Bryan's moral support in Ohio. And so ought to be Senator Hanna.

TOM JOHNSON can now meditate on the folly of counting votes by the number who come to the free circus.

In the last elections, the Socialist vote in Massachusetts, their "banner State," fell from 32,629 last year to about 25,000.

WITH the aid of Tammany and the race prejudice the Democrats succeeded in carrying New York City and Maryland.

THE value of the patronage to be distributed by Mayor-elect McClellan amounts to about $40,000,000 All of it will go to Tammany.

BRYAN justifies his attempts to get $50,000 on the Bennett will on the ground that he owes it to his dead friend to see that his dearest wishes are carried out.

GORMAN is after the Democratic nomination next year, but if he gets it, he will be wise enough not to resign his seat in the Senate until he knows the result of the election.

IN the National House of Representatives there are 236 lawyers, 63 business men and 17 farmers; in the Senate are 61 lawyers, 18 business men and 3 farmers. There are only 21 foreign born legislators in both Houses.

IF you don't tip the porter at your hotel be sure he does not mark your trunk with a circle in chalk. That means that you are a "tight fister" and the porters throughout the country will do all they can to delay your baggage.

COLUMBIA begins to realize that it is insignificant in comparison with the new republic of Panama. Perhaps if the other Columbian States are well behaved, Panama will allow them access to the canal region on favorable terms.

BRYAN had promised to make his friend Bennett ambassador to England when he was elected President. As Bennett never got the position, Bryan should not get the $50,000 alleged to have been left him in on appendix to Bennett's will.

TWO HUNDRED sailors from the navy were recently served refreshments in the State dining room at the White House. There were five negroes among them. Had Gorman been President he would have requested these negroes to eat in the kitchen.

SENATOR HANNA has not yet finished with Tom Johnson. A bill will be passed by the Ohio legislature which will take the patronage of Cleveland from Mayor Johnson. After that the Democratic champion will have nothing left but his automobile and circus tent.

OUR member, Hon. J. C. Sibley introduced last Monday in the House a bill increasing the salary of rural letter carriers from $600 to $700. This bill ought to pass. We have no rural carriers in Forest county yet, but we expect to have some day, and when we do we want them to have decent pay.

WHEN the Democrats attempt to make political capital out of the postal frauds they should be reminded that August W. Machen, the arch grafter of them all, is a Democrat and voted against Hanna. He said, "If the Democrats nominate Olney and Gorman they will sweep the East from under Roosevelt." Unless Gorman wishes to loose a supporter he must be careful how he talks of postal frauds.

SOME Prussian officers experimenting with a war balloon were carried across the frontier into France. When they landed they were advised to change their uniform for civilian dress before taking the train back to Germany. After buying ready-made suits they pursued their journey without molestation. This incident illustrates the feeling which exists between France and Germany after a war of more than thirty years ago.

ESTIMATING the present condition of Democratic presidential timber, the Erie Dispatch says: The Democratic national political situation seems to be about like this: Bryan practically eliminated; Cleveland generally opposed by Southern Democrats; a strong southern sentiment favorable to Judge Parker, of New York, for the strange reason that he has had no political record, and is, therefore, considered quite "regular;" also a strong sentiment favorable to Senator Gorman. It begins to look as though the race would be between Gorman and Parker, with the chances more favorable to the latter on the ground of expediency. Meantime, all indications point to the increasing popularity of the forceful Republican President throughout the South.

THE Democratic attitude on the negro question is, first, the negro is so inferior to the white man that he should not have the right to vote; and second, the negro is making such progress that the whites are threatened with negro domination. In this connection it is interesting to know that while forty years ago no negro in the South owned a foot of ground, there are now 130,000 farms valued at $350,000,000 and owned by negroes. Besides this, 150,000 homes, valued at $265,000,000 and personal property worth about $165,000,000. After the war not one per cent. of the adult negroes could read or write, to-day 40 per cent. can do so. Fifty per cent. of the children are attending school and more could do so if there were facilities. There are 800 colored physicians, 300 lawyers and 30,000 school teachers. The colored people own and publish 450 newspapers and magazines. In view of the handicap under which they started and the limited opportunities they have had, it seems that their progress has been quite in keeping with that of the great nation to which they belong. Those who are not jealous of their prosperity and do not fear their competition, congratulate them on what they have accomplished. What arrent folly to spend millions in missionary work upon the negroes of Africa and yet try to repress their progress and prosperity at home.

THERE is much talk of General Nelson A. Miles as McClellan's choice for head of the New York police. Would the General consent to taking a position similar to that formerly held by Devery?

THERE is a general inclination to accord to Senator Hanna about all the credit for the Republican victory in Ohio, when, as a matter of fact, no different outcome could reasonably have been expected, under the existing conditions. There is little doubt that certain elements in the party would be glad to push Mr. Hanna forward for the nomination, and the Ohio man certainly possesses many characteristics which qualify him for the Presidency, but Roosevelt is stronger in the hearts of the people than any other man in America at the present time, and no one knows this better than Senator Hanna himself.—Blizzard.

Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. TO CONTROL STEEL TRUST.

Combination of Gould, Hill, Rockefeller and Other Capitalists.

Pittsburg, Nov. 16.—The Post publishes a story to the effect that a combination formed by John D. Rockefeller, George J. Gould, J. J. Hill and other capitalists has practically secured control of the United States Steel corporation; that the acquiring of the New York Central and its feeders by the Rockefeller-Gould interests is in furtherance of a plan to secure control of all railroads from the West to the seaboard, including the Baltimore and Ohio and eventually the Pennsylvania railroad.

The scheme, it is claimed, is a plain business proposition in which the syndicate has undertaken to secure control of the greatest tonnage producer in the world, the United States Steel corporation, and provide means for its transportation as well as for the immense tonnage made possible by the advent of the Wabash into the Pittsburg coal and coke producing district.

The article claims that the time is not far distant when in its fight against the Pennsylvania the Rockefeller-Gould syndicate will have at its disposal the enormous tonnage of the United States Steel corporation and of the Pittsburg Coal company.

MYSTERIOUS CATTLE DISEASE.

Many Animals Die of Starvation Although Well Fed.

Bangor, Pa., Nov. 16.—The most mysterious case of starvation, among cattle with good appetites, that are well fed, which the state veterinarians have ever encountered, has been reported by Farmer M. O. Reagle, near here. He has lost 36 cows in that way, and neighboring farmers have suffered similar, but not such extensive losses.

The first of Reagle's cows to die of the mysterious ailment baffled veterinary surgeons several years ago, and since then the malady has repeatedly manifested itself, always with fatal results, in his herds and those of his neighbors.

Last week two experts from the university of Pennsylvania visited Mr. Reagle's farm and made a post-mortem examination of one of the animals, but were unable to discover what had caused the sickness, for they found all the vitals of the cow in a perfectly healthy condition. Now one of his cows will be treated at the university veterinary hospital, as a case of vital interest to all Pennsylvania live stock owners.

Italians Boiled Dynamite.

The men were part of a force employed on the new Allegheny and Western at the William Fepple farm, at Fairmount station, three miles south of Chicora. People 50 feet away from the shot were knocked to the ground by the force of the explosion. Houses were shaken in Chicora, causing considerable excitement. The names of the dead and injured were not learned.

Pittsburg Builders Lock Out Men.

Pittsburg, Nov. 16.—The threatened lockout by the builders' exchange league against all crafts affiliated with the building trades council became effective today, throwing 8,000 men out of employment. With the 2,000 men on sympathetic strikes, 10,000 are now idle. The officers of the league say there can be no settlement until the sympathetic strikes are called off and if this is not done before the close of this week the number of men in the lockout will be increased to 20,000.

FROM SOUTH AFRICA.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman, writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Dr. J. C. Dunn.
