LOCAL AND MISCELLANEOUS.

NEW ADVERTISEMENTS. Joe Levi, Ad. Divorce Notice. Lammers, Ad.

—Benjamin Mealy, of the township, met with a painful and serious accident while loading telegraph poles on his wagon near Lickingville last Friday.

—Mary had a little lamb, it followed her to church, and there it stood outside, like an owl upon a perch.

—The first local institute of the teachers of Forest county for this year will be held in the High School here on Saturday, December 5th, beginning at 10 a. m.

—A postal card from C. R. Main, Titusville, asks us to state that the football club of that city will play any football team whose average weight is not over 145 pounds, theirs being 133.

—Daniel Cropp, of Fropp Hill, met with an accident which will lay him up for some time and may cripple him permanently.

—Tom Gallagher, with three other prisoners, escaped from the Columbus, Ohio, penitentiary last Saturday night.

—Every string of tools in the vicinity of Pleasantville, as well as in other parts of the local field, is running.

—Here's the difference: If an editor makes a mistake he has to apologize for it, but if a doctor makes one he buries it.

—Mrs. Joseph Clark, Mrs. James Elliot and Misses Pearl Mealy, and Florence and Bertha Thompson, were among the Oil City visitors Saturday afternoon.

—Miss Frances Siggins, of West Hickory, after an extended visit with her sister, Mrs. Frank A. Wheeler, left for her home on Saturday.

—Mrs. J. J. Fisher and daughter, Miss Lou, of Oil City, returned home yesterday from a week's pleasant visit in Tionesta as guests of Mrs. Wilbur Grove.

CLIMATIC CURS.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup.

Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat.

Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly.

Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c, at James D. Davis.

Only Makes a Bad Matter Worse. Perhaps you have never thought of it, but the fact must be apparent to every one that constipation is caused by a lack of water in the system, and the use of drastic cathartics like the old-fashioned pills only makes a bad matter worse.

Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken, the action is so natural that one can hardly realize it is the effect of a medicine. Try a 25 cent bottle of them. For sale by Dr. J. C. Dunn.

A Boom for President.

President, the little town up the river, is thought to be on the eve of quite a boom, in consequence of the activity which is expected to accompany the removal of the timber from the extensive E. E. Clapp tract of land, recently purchased from the owners of the land by the Grandin Company, of Tidouate.

It is undoubtedly the finest piece of timber in Pennsylvania, it being estimated that there are 100,000,000 feet of it on the tract, and that it will require at least three or four years to cut, saw and market it.

During his lifetime the late E. E. Clapp would hardly allow a stick to be cut on his property. As a consequence there is a large area of almost virgin forest, including quite a quantity of pine, hemlock, oak and chestnut, all of which, at the prices now current, is very valuable.

The recent purchasers have already commenced cutting some railroad ties, but the real lumbering will commence in earnest at an early date.

Among other things a sawmill will be erected on the flats, near the mouth of Hemlock Creek, with a capacity of 40,000 feet per day. An iron railroad bridge is also to be built across the river, by the lumber company, probably at a point midway between President and Eagle Rock.

The idea at present is to construct it at the lower end of the island, between the two places, at the head of Eagle Rock eddy. This site has been selected because the river is narrower there than at President. The bridge at this point would be only about 400 feet long, while at or near the President railroad station it would be about 600 feet long.

There is also talk that when the timber shall have been removed the company will sell the bridge to the county, if terms can be agreed upon, the same to be plank-ed and used by the people who are now compelled to utilize the ferry.

This will tend to attract to the place quite a little army of workmen, all of whom will help to make business in the various lines. Already Mr. Long, who keeps the hotel, is experiencing a forecast of what is to come, his hostelry being well filled with patrons most of the time. He is setting a good table and giving better satisfaction than did his predecessors.

There is every reason to believe that the population of President will increase materially within the next year.—Oil City Blizzard.

Clarion County Poor House Muddle.

A Clarion dispatch under date of 13th inst., says: J. A. Summerville and Geo. W. Texter, commissioners of Clarion county, and John Shirley, county solicitor, were arrested to-day on information of County Commissioner John S. Saxon, charging conspiracy and fraudulently altering and falsifying a public record and the minutes of the county commissioners, and also charging conspiracy to defraud the county.

It is charged by Mr. Saxon that the plans and specifications of the new poor house were never adopted in an executive meeting of the board and when this defect was made known to the other commissioners and Solicitor Shirley they changed the minutes of the meetings so as to remedy the fault.

Mr. Saxon also alleges that the other two commissioners fraudulently paid \$100 to Solicitor Shirley. It is claimed that the commissioners have not proceeded according to law in the matter of the county poor farm and house ever since the beginning of the matter, which was last spring. It is also understood that proceedings in equity will be instituted to test the legality and stop the proceedings of the commissioners in erecting the poor house. U. J. Peoples, of Pittsburg, is the architect for the building and the contract was let last week to Mr. Zortman, also of Pittsburg, for the sum of \$69,000.

The accused appeared before A. R. Cyphert to-day and were placed under \$300 bail each for a hearing.

It is said that G. G. Sloan, Esq., has been retained as counsel to institute proceedings in equity to test the legality of the action of the board of commissioners in regard to the county poor house matter, and is now engaged in the necessary preliminary steps to enjoin the commissioners from proceeding with the construction of the poor house.
