VERDICT FOR DEFENSE.

D. V. Miller and Joseph M. Johns Acquitted.

New Panama Treaty Signed — Ear Grafting Operation—House Passes Cuban Bill—Massachusetts Grand Lodge Secedes—Thirty-One Workmen Killed—Another Mine Disaster.

D. V. Miller of Torre Haute and Joseph M. Johns of Rockville, Ind., were at Cincinnati on Friday night acquitted of the charge of conspiracy to extort a bribe from John J. Ryan, made by the postoffice department. The verdict of "not guilty" was received by the crowd with demonstrations that could not be suppressed by the court officers.

As soon as court adjourned and Judge Albert C. Thompson had retired pandemonium broke loose among the jollying friends of the defendants. Miller and Johns and their attorneys were overwhelmed with congratulations.

The defendants finally broke away from the crowd of friends to shake hands with the jurors and wept like children as they did so. Mrs. Johns was the only lady present when the verdict was rendered. She was overcome with joy.

The jury retired shortly before 2 p. m. and rendered its verdict after deliberating six hours. It is understood that a majority was for acquittal from the start.

Considering the charge to the jury, the verdict was a surprise, as the general prediction was that the jury would be unable to agree on a verdict. The federal officials acknowledged their disappointment in the outcome but express some satisfaction in a definite result.

New Panama Treaty Signed.

The Hay-Bunau-Varilla isthmian canal treaty was signed at the residence of Secretary Hay by the secretary and Philippe Bunau-Varilla, the minister from Panama.

The treaty is a much simpler document than the Hay-Herran treaty though it follows its general lines. Absolute sovereignty is awarded the United States over the canal strip and the convention, it is said, in every way meets the requirements of the Spooner act.

The treaty in its text cannot be made public at this moment for two reasons: first, because of the unwritten law, which obliges the state department to await the pleasure of the senate in the matter of publicity, and second, because the president has not yet determined when the convention shall be submitted to the senate for ratification.

Will Maintain Panama's Independence

From various sources information in regard to the terms and provisions of the Panama canal treaty has been obtained. Under it the United States guarantees and agrees to maintain the independence of Panama. Within the zone of territory for the canal and within the limits of the other lands acquired by the United States, the United States will have the same power and authority as if the territory were ceded to the United States and the republic of Panama will cease to exercise any power and authority within the zone.

General Reyes Predicts War.

After much difficulty a press correspondent at Colon succeeded in interviewing General Reyes, the distinguished Colombian soldier, who came to the isthmus on a peace mission representing his government. General Reyes said:

"The day I left Bogota, which was on the 11th inst., United States minister Beaupre and Secretary of Legation Snyder were well though a little anxious. I assured your minister that he was in no danger and I am today able to give the same assurance to the American people. At the time I left Mr. Beaupre was preparing to go down the river.

"This morning Admiral Coghlan informed me officially that the United States would prevent the landing of Colombian troops on any part of the isthmus. I promised Admiral Coghlan that Colombia would not take such action until I reached Washington, whither I am proceeding via Port Limon and New Orleans. I also told Admiral Coghlan that if my efforts at Washington failed to bring about some arrangements concerning the present situation on the isthmus satisfactory to Colombia the United States would have to fight the entire Colombian people and that it would be a second Boer war."

Ear Grafting Operation.

Dr. Andrew L. Nelden of New York performed in Philadelphia the operation of grafting an ear upon the head of a Western millionaire, whose name the surgeon says he is under bond not to reveal. The operation was to have been performed in New York, but District Attorney Jerome is said to have interfered. Dr. Nelden said: "The operation promises to be successful. The operation took place at a private hospital here, where I was assisted by a Philadelphia physician and one from New York. I think they will be willing to have their names known later." "The two men were placed in opposite directions upon an elongated bed. One-half of the volunteer's ear—the upper half—was cut off, together with about four inches of the skin behind the ear.

ADVICES FROM COLON.

General Reyes Tenders Thanks Through Admiral Coghlan.

General Reyes Sails For Washington. Will Present Proposition to Remove Capital of Colombia to Panama. Mr. Beaupre's Status at Washington Remains Unchanged.

Washington, Nov. 24.—Rear Admiral Coghlan, commander of the Caribbean squadron, cables the navy department from Colon under date of Nov. 21 that General Reyes, the special commissioner of the Bogota government, tenders his sincere thanks to President Roosevelt and Secretary Moody for his gracious treatment at Colon by our naval force. Admiral Coghlan further states that General Reyes expects to have amicable relations with the special commissioners from Panama, now in Washington.

Admiral Glass, commander-in-chief of the Pacific squadron, has cabled from Panama stating that the conference of General Reyes and the authorities of Panama was without result and that General Reyes had sailed for the United States.

It is believed here that aside from the proposition from Panama to assume part of the Colombian foreign debt, General Reyes' main purpose is to advance the suggestion that the capital of Colombia be transferred to the city of Panama. This is equivalent to the annexation of Colombia to Panama. The opinion in official circles here is that the proposition will be rejected by the Panama commissioners.

Mr. Beaupre's status remains unchanged so far as the officials here know, and notwithstanding the menacing tone of the notes addressed to him by the Colombian minister for foreign affairs, as sent out in the press dispatches from Bogota, the state department does not consider that there has been a breach in the relations between the United States and Colombia.

Mr. Beaupre has informed the minister for foreign affairs that the United States has recognized Panama and has extended the good offices of our government to patch up peace. The Colombian answer to this last proposition has not yet been received.

BANKRUPTCY DISCLOSURES.

Large Rebates Received by James S. Watson From Fruit Growers' Express Company.

Chicago, Nov. 24.—Extensive private interests of James S. Watson, former president of the Porter Brothers' company which failed some time ago, were revealed before Bankruptcy Referee Wean. It was shown that Watson was interested as stockholder in a number of large corporations, as well as the owner of much real estate, now heavily mortgaged. The private schedules of Mr. Watson showed his debts to be \$1,295,000, much of which was contracted on account of the concern of which he was formerly the president. Of the total liabilities only \$164,375 were secured by shares of stock.

Mr. Watson's revelations regarding the large rebates received by him from the Fruit Growers' Express company, amounting to, it is said, at least \$1,800,000, has led Attorneys Buch and Greenfield to search for other evidence on this matter, and in this connection J. Ogden Armour and George S. Robbins have been summoned to appear Nov. 30. Both are said to be connected with the express company.

The list of assets filed by Mr. Watson includes large blocks of stocks in a number of companies, most of which are hypothecated, and real estate which is heavily mortgaged. When questioned as to where the money came to buy these stocks, Mr. Watson said he had borrowed it from the Armours. He was not positive whether he had bought some with money drawn out of the Porter Brothers' Co. The referee continued the case until January.

NEELY'S CASH BAIL.

Judge Lacombe Overrules Motion to Restore It to Him.

New York, Nov. 24.—Judge Lacombe in the United States circuit court handed down an opinion overruling the motion made by Charles F. W. Neely, convicted in Cuba of appropriating \$45,375 of its postal funds, to vacate the attachment filed by the United States against \$20,000 cash bail deposited by Neely with the registrar of the United States circuit court in this district.

Neely's counsel had moved the dismissal on the ground that the act of amnesty passed by the Cuban congress in May, 1902, removed all penalties and disabilities and that the money should therefore be returned to him.

In his opinion Judge Lacombe says: "It is difficult to understand by what process of reasoning a provision as plain as this (amnesty act) can be construed as to transfer the title to property from the true owner to the thief that stole it."

Hon. Warren B. Hooker Designated.

Albany, Nov. 24.—The governor has designated Hon. Warren B. Hooker of Fredonia as associate justice of the appellate division of the supreme court in and for the Second judicial department for the term of five years from Jan. 1, 1904, in the place of Michael H. Hirschberg, who has been designated as presiding justice of such department for the term ending Dec. 31, 1910, to succeed Hon. William W. Goodrich, whose designation as such presiding justice will expire by limitation on the 31st day of December, 1903.

Accused of Murdering His Sister.

Glens Falls, Nov. 24.—The trial of William Silverman of Glens Falls for the murder of his sister, Rachael Kugel, was opened at Lake George before Justice Spencer of Gloversville. Silverman was so weak from the effect of his long confinement, and his refusal to eat anything except bread and water, and apparently so terror-stricken that he had to be almost carried to his seat. Nine jurors were secured. It is feared Silverman will collapse before the trial is concluded.

Life Insurance For Church.

Bergen Point, N. J., Nov. 24.—The Rev. Frederick M. Kirkus, rector of Trinity Episcopal church, Bergen Point, has suggested to his people that 25 members of the church carry \$1,000 life insurance each to form an endowment fund. He says he is willing to be one of the 25. The church revenues have decreased because of the removal of wealthy members. Mr. Kirkus' plan has been favorably received.

Mayor Removed City Attorney.

Oswego, N. Y., Nov. 24.—Mayor Foster of Fulton has removed City Attorney Claude E. Guile from office. Both are Republicans. The removal grows out of the contest now on in the courts between George W. Brooker, Republican, and Marvin Thompson, Democrat, both of whom claim to have been elected mayor. Mayor Foster claims that Mr. Guile represented the common council in court without authority.

EXECUTION APPARATUS.

Governor Holds Up Money Appropriated to Buy E. D. Davis' Patents.

Albany, Nov. 24.—The last legislature appropriated \$10,000 to purchase the patents owned by E. D. Davis, who conducts the executions by electricity in the state. Davis has taken out two patents for execution purposes. The chair has never been used, but the helmet and leg electrodes have been used by Davis at all executions for several years. He also has other apparatus, not patented, that he uses. He carries this apparatus with him in his little black grip from place to place and has jealously guarded his secret. Davis refused to sell outright but now has agreed to it.

In the meantime there has grown up a considerable opposition to capital punishment and it is understood that Governor Odell will not allow the payment of the money to Davis until it is learned what the legislature will do in the matter. In any event Davis will have to instruct several people in the use of the apparatus and that will take some time, as he must wait for practical tests with criminals.
