The winter session is a good season for study at the Edinboro Normal. Dec. 28th is the time for the opening of the winter term. New catalogue free.

JOHN E. BIGLER, Prin.

Warren experienced quite a scorching last Saturday, the losses running up to \$12,000. The losers are Scheelhammer & Son, Mrs. Schwing, H. H. Hinkin, F. A. Steber, Palm Restaurant and Paul Horton.

F. A. Keller yesterday shipped three of his fancy partridge Wyandotte chickens to a customer in Mexico. Forest county poultry has quite a reputation in these broad United States, it would seem from this.

You'll find there's something doing in Christmas things at the White Star Grocery as usual this year. Everything good to eat, besides an endless lot of the handsomest toys that has yet been seen in Tionesta.

What profiteth it a merchant if he has a large stock of Holiday goods and nobody knows it? The merchant who does not advertise during the month of December is a fit subject for the commercial junk pile.—Bizzard. True enough.

The time to plant holiday ads. is right now.

Every store has more or less articles that make excellent Christmas gifts, and the way to do it is to help your friends in the selection of presents by suggesting to them through the newspaper.

The attention of our readers is called to the advertisement of the Duquesne Silverware Co., which appears in another column. The Duquesne company quotes some very reasonable prices upon sea sonable and desirable holiday goods.

The cartoon department in the December Review of Reviews is entirely devoted to American cartoons of the month. The elections and the Panama situation are effectively "covered," as well as many other topics of the time.

The finest line of Christmas goods, consisting of albums, toilet cases, handkerchief boxes, jewel boxes, sterling silver novelties, dolls, boxing gloves, striking bags, juvenile books, etc., ever displayed in Tionesta or vicinity will be on exhibition at Dunn's drug store on and after Dec. 7, 1903.

W. W. Calton, who has been conducting a boarding house for the Warren Lumber Company, near Warren, Pa., is moving this week to Clarion, where he will stay till spring, and then go back into the boarding house again. At times he has as high as fifty-three boarders.—Brookville Democrat.

Two men, said to hail from Meadville, boarded the train here Saturday noon having in their possession 96 rabbits and four pheasants, which they claimed to have killed in the space of three days in these parts. That sort of sportsman (?) ought to spell their name with a g. h. appendage.

The Derrick's report of oil operations for the month of November gives the number of new wells completed in the Pennsylvania field at 824, with 1234 rigs and drilling wells on the way, showing a gain of nine wells and 439 barrels new production over the October report. There was an increase of 24 in new work.

Poultry fanciers and all others interested in chickens and pet stock of all kinds should keep in mind the second annual exhibit of the Forest County Poultry, Pet Stock and Horticultural Association, which will be held in this place Dec. 22 to 26, inclusive. Write F. A. Keller, Sec'y, for any information desired.

The past week has bordered mightily close onto real winter weather, and with the little snow that has fallen the sleighing for several days has been quite good, better, in fact than wheeling, for most purposes. If this means that winter has come to stay, then it is a little out of the ordinary, being two or three weeks ahead of schedule time for this section.

By a ruling of the Postoffice Department a person having mail delivered by rural carrier can get his mail at the office from which the mail is distributed any time he wishes to call for it during office hours. Thus a man living on a rural route can get his Saturday mail in the afternoon when in town and will not have to wait until Monday morning for it.

Between forty and fifty liquor dealers and druggists in Franklin, Warren and Titusville have been arrested during the past two weeks for selling impure wines and brandies. All claimed to be ignorant of the fact that they were breaking the law, and most of them settled their cases out of court by paying the fines, which amounted to about \$37 in each case.

The typhoid scourge in the city of Butler is growing in magnitude daily, and it is said there are over eighteen hundred cases now reported, which number is being almost hourly added to. Many deaths are occurring every day and the physicians are being worked far beyond their capacity. Impure water is blamed for the prevalence of the terrible scourge.

The flourishing little city of Ridgeway is to have a daily paper, and the fact that it will be one of which it may be proud, is assured by the announcement that the versatile and all round newspaper man, William H. Baker, for years past editor of the Advocate, is to be at the head of the concern. If a daily newspaper disideratum exists in the town of Ridgeway there is no one better calculated to supply the want than "Old Bill Baker." Success to the enterprise.

A charge in the schedule of the Pennys trains went into effect Sunday, but only slight changes are noted at this station. The first train up in the morning reaches here at 8:48, three minutes earlier than usual, and the first train down is due here at 11:10, three minutes later than formerly. The evening train down arrives at 7:30, also three minutes later. No change is made in the afternoon train up, which arrives at 4:45.

Thanksgiving day was spent in quietude and ease by most of our people. The weather was crisp and snappy, not too cold to be in one cared to be, and yet just frosty enough to make indoors cheery and inviting. Many family gatherings were enjoyed, and many found pleasure in entertaining friends and visiting relatives. The union services at the M. E. church were well attended. Those of a sportive turn found the field an inviting place to spend a part of the day, and some were rewarded with fairly well filled game bags.

Advertisements are really news for the housekeeper, business man, young man and woman and often for the boys and girls. They tell you where you can get the best to supply the larder, to furnish the home, to assist you in business and to make your person neat and attractive and where you may save a few dollars, for merchants buying in larger lots some special class of goods can secure a lower rate and can therefore offer to sell them cheaper. Because an advertiser pays for the privilege of telling you about his goods is no reason why it cannot be considered news.

C. F. Cropp, of Cropp Hill, met with a very painful accident yesterday morning about ten o'clock, by being thrown out of his sleigh near his home.

Dr. Boward was called, and believes there is a fracture of the left hip joint. If this should prove to be the case Mr. Cropp, who is upward of 72 years of age, will have a very serious time of it.

The cases against two members of the Clarion county board of commissioners and their solicitor were pretty severely sat upon by the court of that county last Tuesday. The judge instructed the jury that the evidence adduced by the prosecution was insufficient to convict the defendants of conspiracy or fraud, and that there was nothing for them to do but make disposition of the costs. This the jury proceeded to do by splitting them in three parts and dividing them equally between the two commissioners and the prosecutor. This is another sensation smashed to smithereens, and the county can again settle down to the consideration of the poor house question.

Judge R. B. Crawford met with a painful accident last week one day while piloting a fleet of barges to Pittsburg. The barges had reached Hillville, a few miles above East Brady, when a Bruce was thrown off the gunwale into the barge, a distance of about eight feet, striking on the top of his head. He was rendered unconscious and remained in that condition for several hours. A physician was at once procured who found it necessary to take five stitches to close the deep and long gash cut in the Judge's scalp. He continued his trip to Pittsburg, but let another pilot give the orders while he remained in the shanty. He has been at home since Friday, and is able to be about.

The State board of health held its annual meeting in Pittsburg last Friday with practically the full membership present. The report of the secretary, Dr. Benjamin Lee, of Philadelphia, was a voluminous document, covering all phases of the state's health during the year. Special attention was given to statistics on smallpox. According to the report, nearly 90 per cent of the small pox cases in the state during the year were in Allegheny county, and over 75 per cent of the whole were in counties west of the Allegheny mountains. The record gives Allegheny county 3,010 cases with 262 deaths. The other counties combined developed 3,016 cases, with 71 deaths. In Philadelphia county there were 548 cases and 13 deaths. Cambria county came next with 445 cases and 25 deaths.

Tionesta Prize Winners.

The Tionesta poultry fanciers who sent their fancy birds to the Erie poultry show last week fared very well in the distribution of prizes, as will be seen by the official awards that follow:

K. C. Heath, barred Plymouth Rocks—first on cock 85, third on pen 175.

Brilliant Church Wedding.

One of last Wednesday's handsome affairs was the marriage of Earl B. Catlin, of Kellewell, to Miss Minnie Klabbatz, of Byrontown, which took place in the M. E. church at Byrontown at high noon. The ceremony was performed by the Rev. F. M. Small, of Kellewell.

The church was artistically decorated with cut flowers, ferns, palms and pink chrysanthemums.

The bride, who was given away by her father, wore a dainty costume of crepe de chine, cut with pronounced train, and trimmed with point lace. She wore a full tulle veil and carried a cluster of white carnations and roses, fastened with long strands of delicate foliage in which rosebuds and lillies of the valley were knotted.

To the strains of Mendelssohn's wedding march rendered by Mrs. C. Y. Detar, the ushers, Mrs. Blanch McGuire and Miss Mae Sillard, led the way to the altar, followed by the groomsmen, Messrs. P. J. and A. C. Klabbatz, brothers of the bride. The bridesmaids were Miss Agnes Layer, of Kane, and Miss Lola Kubus, of Leeper. They were followed by the bride leaning on her father's arm. The groom and best man, C. Y. Detar, met them at the altar from the left.

After the ceremony was performed the bridal party with invited guests assembled at the bride's home and partook of a wedding breakfast.

Congratulations were extended the happy young couple by those present. The out of town guests were, the groom's mother and husband, Mr. and Mrs. Wm. Tobey, Mr. and Mrs. L. J. Catlin, Mrs. Cora Pope, M. F. Catlin, Mr. and Mrs. C. J. Catlin, Mr. and Mrs. W. S. Gillespie, Mr. and Mrs. C. Y. Detar, Mr. and Mrs. U. S. Day, Mrs. M. Andrews, Mr. A. C. Beason, Mr. and Mrs. W. Leon Watson, and two of the groom's cousins from Frewsburg, N. Y.

The groom is a very popular young man of Kellewell and holds a responsible position with the Salmon Creek Lumber Co. as sawyer at their Buck Mills plant, while the bride is well and favorably known here, having been employed for the past year as music teacher.

The happy couple returned to the home of the groom on Saturday after a short wedding tour of Buffalo and Niagara Falls.

The best wishes of a host of friends at both the bride's and groom's home and at Buck Mills are extended them. Kellewell, Nov. 30, 1903.

Many friends of the bride here will learn with pleasure of the marriage of Miss Grace Hassey, of Oil City, to Mr. Beecher Morlan, of Ash-tabula, Ohio, on Thanksgiving. The ceremony was performed at St. Stephen's parochial residence at 6 o'clock in the morning, by the rector, Rev. John A. Link. The bride was a former Tionesta girl, and has a host of friends here who will be happy to extend congratulations on this occasion. The groom is a prosperous and worthy young man, who is highly esteemed at his home.

Thomas J. Payne, one of Clarion's most prominent and substantial citizens, father of Mrs. J. H. Robertson, of Tionesta, died at his home in that place on Friday afternoon last. His end came suddenly and unexpectedly, being caused by a stroke of paralysis sustained a few hours beforehand. His health had not been good for the past two years, and during that period he was frequently confined to his home for several days or weeks at a time. Mr. Payne, who was well and favorably known to very many Forest county people, had been prominently identified with the business interests of Clarion county for many years, and was quite successful in his business ventures. He was for a long time engaged extensively in lumbering, and always took an active interest in the welfare of the community in which he spent most of his life, being a leader in religious affairs also, and a member of the M. E. church. He was aged about 70 years. Mr. and Mrs. J. H. Robertson attended the obsequies, which were held from his late home on Monday last.

Dr. Chapin Sentenced.

Judge Fisher, of Mayville, N. Y., before whom Dr. Henry C. Chapin was tried and convicted of performing a criminal operation on Miss Iva Center of Marienville, sentenced him to hard labor in the state prison at Anamora for not less than one year nor more than three and one-half years. Attorney Ottaway had previously pleaded for leniency and District Attorney Green for punishment adequate to the crime of abortion. Petitions in behalf of Chapin from Corry and Findley Lake were presented.

Important to School Districts.

Dr. Schaeffer, State Supt. of Public Instruction, calls the attention of school directors throughout the State to a very important matter affecting the distribution of the school appropriation for the next three years. The Doctor says:

"As this is the year in which the triennial assessment is made from which the county commissioners certify to the Department of Public Instruction the number of resident taxables, also the year in which the commissioners make the biennial return of the number of children between the ages of six and sixteen for appropriation purposes, we desire to call the attention of the school directors throughout the State to the matter and urge them to see to it in time that their assessors and county commissioners make correct returns. This can be easily attended to now, but it will be difficult to make corrections later on, and neglect may result in the loss of a portion of the appropriation."

"The list of taxables now certified to the Department of Public Instruction will be used in the distribution of the State appropriation to schools for the next three years, and the list of children between six and sixteen years of age will be used for the next two years, hence the importance of having the correct number certified."

"Directors of independent districts should ascertain if the assessors have properly marked on the books the names of those residing in their districts. If this is attended to by directors at once it may prevent considerable trouble hereafter and save the districts from financial loss in the distribution of the appropriation."

RECTOR OF ST. LUKE'S.

Ashburnham, Ontario, Testifies to the Good Qualities of Chamberlain's Cough Remedy.

Ashburnham, Ont., April 18, 1903.—I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your Cough Remedy. I at once procured a sample, in bottle, and took about three doses of the medicine. To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter Day. I know that this rapid and effective cure was due to your Cough Cure. I make this testimonial without solicitation, being thankful to have found such a God-sent remedy.

Respectfully yours, E. A. LANGFOLD, M. A., Rector of St. Luke's Church, To Chamberlain's Medicine Co. This remedy is for sale by Dr. J. C. Dunn.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectation in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warm climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c, at James D. Davis.
