### PACKET STEAMER LOST

Fifty-Two of the Passengers and Crew Drowned.

First Damage Suit From Theater Fire. United States Marines at Seoul. Death of Ruth Cleveland and Gen eral Gordon-Express Collided With Cattle Train.

The steamer Clallam of the Seattle-Victoria fleet sank early Saturday midway between Smith island and Dungenness in the straits of Juan de Fuca

Fifty-two persons were drowned. Three boats were launched. The first contained only women and children, three deck hands from the Clallam and Captain Lawrence. The boat was overwhelmed 600 feet from the Clallacu and its occupants shricked in vain for aid from those aboard the steamer. Not a hand could be raised to aid them.

The second boat disappeared in the darkness, but some of the occupants were seen to go overboard. The third boat, containing only men was swamped in launching.

By heroic efforts the crews of the tugs Sea Lion and Holyoke saved the lives of nearly all who remained aboard the Clallam. A few were swept away and perished. The closing scene was eight miles north of Protection island only a short distance north of Port Townsend and approximately 30 miles from Victoria.

Closed Skylights Caused Disaster. "The overwhelming mistake of the Iroquois disaster was in the condition of the skylights and ventilators above the stage," said Fire Inspector Monroe

Fulkerson. "Had the ventilators over the stage been opened or the skylights not been tastened shut," said Mr. Fulkerson, "there would have been no loss of life by fire, regardless of the asbestos cur-

rain falling to work.

"All the testimony given me forms a story of incompetence, blunders, carelessness and neglect upon the part of ouilders and managers of the theater." George M. Dusenberry, head usher at the theater, was called before Inspector Fulkerson and the other ushers were examined to discover whether the ushers tried to prevent by threats of arrest the outpouring of frightened

people from the burning theater. David Jones, John Kingsbury, Otto Rausch and William Brown, the Fuller rested on a charge of malicious mischief in destroying evidence by changing the skylights, were held under bonds of \$2,000 each. Their cases

were set for hearing Jan. 11. The latest count of victims by the Chicago theater fire shows that 591

persons were billed.

First Damage Suit From Fire. The first of many possible damage suits against the proprietors of the Iroquois theater and the city of Chicago growing out of the fire has been filed by Ivy Owens as administrator of the estates of Miss Amy Owens and Mrs.

Francis E. Owens, her mother. The action is for the recovery of \$10,000 damages and is directed against the Iroquois Theater company, the city of Chicago and Will J. Davis and Harry J. Powers, managers of the thea-

Miss Owens was a teacher in the Curtis public school.

St. Louis Theaters Closed. Notice was served on seven theaters in St. Louis by the license collector that their licenses were revoked and that they would be required to secure new licenses based on certificates from the building commissioner's office that they had complied with the city ordinances in the matter of safeguards against fire before being allowed to continue giving performances.

Ruth Cleveland Dead,

The eldest daughter of former President Cleveland, aged 14, died suddenly of diphtheria on Thursday.

Dr. Joseph D. Bryant, who has for many years been the family physician of the Clevelands, was summoned from New York but did not arrive until after the death. Mrs. Cleveland is prostrated because of the death of her daughter. Ruth Cleveland was born on Oct. 3, 1891, in her father's residence at 618 Madison avenue, New York. She was named after Mrs. Cleveland's grandmother, and as "baby" Ruth was 4 great favorite in Washington during her father's second term in the White

House. Mr. and Mrs. Cleveland have four remaining children, Esther, who was born in the White House, Sept. 9, 1893; Marion, born at Gray Gables, Buzzard's by the ravages of the cotton boll Bay, July 7, 1895; Richard Folsom Cleveland, born here Oct. 28, 1897, and Francis Grover Cleveland, born at Gray Gables, Buzzard's Bay, July 18, 1903. It is now understood that the child's illness prevented Mr. Cleveland's attendance at the dinner to Mr. McClel-

lan in New York, Jan. 4. Situation In the Far East. Long and careful consideration was given to the situation in the Far East

by the president and his cabinet. At

the conclusion the members were reti-

This government's relations to the controversy are purely commercial. If war between Japan and Russia should result, while it is not expected that the United States would be drawn into it, efforts certainly would be made by this government to protect its commerce in the Far East. To afford this

protection in such a way as not to of-

fend either nation, party to the war, would be a delicate and difficult task. All the advices of recent date reseived by the state department from its own agents regarding the situation 'n the Far East have been of a reassuring character. It may be necessary to await the outcome of the present controversy before proceeding with the negotiations for the opening of Wiju

as a treaty port.

United States Marines at Seoul. A detachment of 35 marines from the United States gunboat Vicksburg, now laying at Chemulpo, have arrived at Seoul, in Corea, as guard for the American legation. Another body of

70 marines will arrive this week. The United States transport Zafiro is also at Chemulpo, where Austria, Japan and Great Britain have each one warship. Quiet prevails here but the palace is heavily guarded by the Corean army.

War Talk Stiffens Cereals.

The new year opens quietly, but with satisfactory features predominating. Wholesale business is seasonably quiet at leading Eastern and Central Western markets, but it is worth not ing that spring demand and shipments have begun at the Southwest. Preparations for spring are going forward actively and with a good show of conservative confidence.

War talk has been a stimulus to many markets, notably those for cereals and provisions, but securities and cotton have been depressed thereby. Speculatively dealt in products, like wheat, corn, beef and hog products, are all higher, despite some realizing.

Business failures for the week ending Jan. 7 number 262, against 209 last week, and 336 in the like week of 1903.

Express Collided With Cattle Train. Seventeen persons were killed and 37 injured in the wreck of a Rock Island express train at Willard, Kan., early Wednesday morning. Most of the injured are in hospitals in Topeka. The doctors announce that all of the intured will recover with the exception of Mrs. M. A. Hill of Greensburg.

General Superintendent Gruber of the Rock Island makes this statement: "The engineer of the passenger train had orders to wait at Willard for the special stock train. He passed on, mistaking a freight train on the siding at that station for the stock train. This caused the wreck. Nobody else is to blame, so far as our information goes."

No Dividend on Steel Common.

The dividend on United States Steel common was passed at the regular quarterly meeting of the directors this week, but the regular one and three-quarters per cent dividend was declared on the preferred stock. This was practically what Wall street expected. At the previous quarterly meeting the common dividend was cut

from a 4 to a 2 per cent basis. The statement of earnings for 1903 shows a great shrinkage in the corporation's business. Net earnings (December estimated) aggregate \$108,979, 012, as against \$133,308,763 in 1902 an i \$105,947,160 in the first nine months of the corporation's history in 1901.

Dietrich at Omaha, Neb., for alleged bribery in connection with the appointment of postmaster at Hast ings, Neb., came to an abrupt end when United States Circuit Court Judge Vandeventer, presiding, decided that Dietrich was not a senator at the time the alleged acts occurred.

diseases among cattle. Iowa Capitol Burned.

Fire Monday gutted the northwest wing of the Iowa capitol at Des Moines, rausing a loss of \$500,000. The chamber of the house of representatives was completely ruined. At one time it was thought that the entire building was doomed. It is announced that the legislature will meet one week from Monday in temporary quarters.

## INDICTMENT DISMISSED

Richard A. Canfield Acquitted of Charge of Gambling.

Trial Transferred to Binghamton From New York-District Attorney Jerome Not Ready to Try Case Till He Could Get a Law Passed Compelling Witnesses to Testify.

Binghamton, Jan. 12.-Justice A. H. Sewell in supreme court dismissed the indictment against Richard A. Canfield in the celebrated gambling case transferred to this district from New York city.

It is understood that District Attor ney Jerome will appeal the case and will seek to have this order dismissmg the indictment set aside. Should he fail in that, it is understood, he will seek to have Mr. Canfield reindicted on the same charges, and have the case tried after the legislature passes a new law which Mr. Jerome ts seeking to have passed, whereby he can compel witnesses to testify. In regard to these statements George B. Curtiss, one of Mr. Can-

this is the end of it." When the case was called Assistant District Attorney William Rand was in court to represent Mr. Jerome, contrary to his announcement, made on Friday, that he would not be present He refused, however, to move the case for trial and asked to have it put over until Mr. Jerome can secure his desired legislation, saving that the prosecution was not ready to go on with the case now, and cannot get any evidence until the law is changed. Although it has all along been understood that this was what Mr. Jerome was fighting for, this was the first official admission that has been made in court that Mr. Jerome could not get evidence against Mr. Canfield without

a change in the law. John B. Stanchfield, for Mr. Canfield, asked to have a jury drawn, and in case no evidence was introduced for the prosecution, for the court to instruct the jury to return a verdict of not guilty. To this Mr. Rand objected, on the ground that no one but the district attorney can move a criminal case for trial.

Justice Sewell refused to grant Mr. Stanchfield's request in regard to empaneling a jury saving he thought the defense should be satisfied to have the indictment dismissed. The case of David Bucklin, manager

for Richard A. Canfield and who is under indictment on the charge of conducting a gambling house, came up before Justice Forbes in supreme court at Cortland.

O. U. Kellogg, attorney for Mr. Bucklin, moved to have the indictment dismissed, inasmuch as assistant district Attorney Gray refused to move it for

### BUCHANAN CONFIRMED.

Senate Voted to Lay on the Table Mo tion to Reconsider Confirmation

Washington, Jan. 12.- The senate in executive session laid on the table the motion to reconsider the confirmation of nomination of W. I. Buchanan to be minister to Panama. The vote was 30 to 16, divided on party lines with the exception of Senator McCreary, who

voted with the Republicans. By this action Mr. Buchanan now has full powers to act for this government in Panama. The motion to reconsider was made before the holidays by Senator Morgan, thus withholding for three weeks Mr. Buchanan's commission. Mr. Buchanan in the meantime was in Panama with a special committee to act as the personal representative of the president in gathering information concerning existing conditions there.

Senator Morgan took the floor when the senate went into executive ses

He made a general protest against the confirmation of Mr. Buchanan as minister on the ground that the position to which the president had made the appointment was not in existence at the time the appointment was made and could not be created without the

co-operation of the senate, Senator Spooner for the Republicans cited numerous authorities and precedents in support of the presi dent's action. The motion to lay Mr Morgan's motion on the table was made by Mr. Lodge.

Understanding as to Bids.

Washington, Jan. 12.-In view of the recent testimony of Charles M. Schwah before the courts that the Carnegie and Bethlehem Steel companies had always had an understanding with the navy department as to the price of ar mor before their bids were submitted. the house committee on naval affairs voted to ask Rear Admiral O'Neil, who in his testimony before the committee last week stated that he believed there had been an understanding between these two companies regarding their bids, to state specifically whether Mr. Schwab's statement is true.

Banquet.

New Haven, Conn., Jan. 12.-William J. Bryan was the principal guest last night at a Jackson day banquet at which about 150 Democrats, mainly of this city, were present. Governor Garvin of Rhode Island and Congressman DeArmond of Missouri . ere among the guests. The banquet was considered preliminary to the New England campaign.

Mr. Bryan, in discussing "A Con-

science Campaign," said in part: "The great issue at this time is the issue between man and mammon, between plutocracy and democracy. All surface questions of policy, of taxation and of regulation and of finance are but phases of that century-long. that world-wide struggle between the common people and organized wealth.

"To say that it does not pay for a nation to violate the rights of people of another nation involves so much of addition, subtraction, multiplication and division that many get lost in a maze of mathematics. But to say 'the wages of sin is death' is to give an epitome of history that accords with each person's experience. In dealing with the trusts, with finance, with labor problems, and with all the other questions at issue we must view them from a moral standpoint and arraign every evil at the bar of public conscience. Nothing else will give permanent success."

of Alleged Pittsburg Anarchists. Pittsburg, Jan. 12. - Rev. Father John Sutkaitis, pastor of St. Casimir's Lithuanian Catholic church, which was the scene of a disturbance Sunday night, alleged to have been started by anarchists, made information against Joseph Petritis charging disorderly conduct. A warrant was issued for Petritis. Rev. Father Sutgaitis says he is afraid that Petritis and anarchist associates will destroy the

church. Father Sutkaitis gave further details of the alleged plot to assassinate President McKinley three years ago. He also asserted that the anarchists had arranged to kill the late Pope Leo XIII and dynamite the Vatican and St. Casimir's church, but a crusade against

anarchists frightened them off. A committee of members of St. Casimir's church called on the coad jutor bishop and requested an investigation of troubles in the congregation. One member said that Petritis is a leading member of the church. The assertion that he is an anarchist is absurd, he said, and the pastor will have to prove the charges against the mea named in the information.

Secretary Hay at State Department. Washington, Jan. 12.-For the first time in several weeks Secretary Hay appeared at the state department. He saw the Japanese minister, Mr. Takahira, and the two had a long talk about the situation in the Far East. The tone of advices at hand was to the effect that the situation on the whole was slightly more pacific. The last Russian note is said to be decidedly conciliatory in language and goes far toward recognizing Japan's predominant interests in Corea, though not conceding a similar interest on Japan's part in Manchuria. Argument Before Court of Appeals

Begun Yesterday and Continues. Albany, Jan. 12. - Argument upon the appeal of Mrs. Kate Taylor of Centerville, Sullivan county, who shot ter husband, Lafayette Taylor, and burned his body in their kitchen stove, was begun in the court of appeals late

yesterday afternoon and will continue. W. W. Smith and W. W. Smith, Jr., for Mrs. Taylor, attacked the conduct. of the case both by the prosecution and by Justice Howard, who presided at the trial. They contended that the testimony of Ida May Dekay, the woman's daughter, the only eye witness of the crime, was vague upon essential points and that between the date of the crime and that of the trial she had been influenced unduly by the family of Taylor's brother and later by a New

York detective. The contention of the defense is that Taylor, who was drunk and abusive. was shot during a scuffle for posses sion of a pistol, and that her destruction of his body was due to the woman's ignorant fear and frenzy. The prosecution by District Attorney F. S. Anderson of Sullivan county, claims that the murder was planned with one Peter Yerkins of Fallsburgh, an uncle

of Mrs. Taylor. Mrs. Taylor is now under sentence of death in Clinton prison. Yerkins is awaiting trial in Sullivan county for complicity in the murder.
