Geo. W. Osmond, Chairman. J. T. DALL, Secretary.

COTTON is very inflammable. A good many who handled it last week got singed.

THE Japanese language contains no cuss words whatever. But it probably will in a week or two.

SENATOR SCOTT, of West Virginia, proposes as a ticket for the Chicago convention, Roosevelt and Elkins. That's a good one.

THERE are thirty-four Democratic candidates in the field up to the present time. There ought to be some sort of a political sieve to separate the little nuggets from those not quite so big.

THE Chicago Coliseum where the Republican national convention will be held, June 21, will seat 10,000 people. Some 230 desks for newspaper men will be grouped in a semi-circle around the platform.

FROM being a side-splitting joke to the Democrats, the Hearst boom has become a great mystery. His personal clubs say that the yellow newspaper man is out for business. He will shortly be out of business, politically at least.

SENATOR CULLOM desires a vote on the Panama treaty in the Senate within the next fortnight. His desires are likely to be gratified, as nearly all the Panama ammunition has been fired off and the air is full of smoke and various mephitic odors.

SENATOR GOBMAN's relations with Isador Rayner, the new Maryland Senator, are very much strained. His presidential boom has become considerably weakened from the great strain upon it, the high wind blowing from an unexpected quarter.

PRESIDENT ROOSEVELT does not care for a nomination if it merely comes as a "thank offering" from Federal functionaries. It is announced that office-holders in the classified list, f. e. clerks, will not be permitted to take part in the nominating convention.

THE convention of Republican editors in Washington on the 5th was addressed by the President. He reminded the editors of their tremendous responsibility for rightly influencing the people. What we need, said the President, "is simply to have the exact truth told."

IN spite of cynics and pessimists the President believes that we can start digging the Panama canal within six months. "I'll grand to grapple such a task. To grind the Titan with a grith. To send our navies beating through The giant breast-bone of the earth."

THE terrible Baltimore conflagration has left two lessons behind it; first, all overhead wires that are deadly to the touch must be carried underground; second, steel and brick must move and more supersede wood and stone. Of the latter, sandstone is stronger than limestone or granite. Now that a fourteen-story building has burned the problem of skyscrapers comes up again for solution.

THE little Japs are as devoted as they are lively. A writer in Yokohama says, never will a Japanese ship, high or low, go into port as a prize. When the turrets are jammed and the big guns dumb, when the screws are still and all defense is dead and done, the men chosen by lot before the beginning of action, will form their station in the heart of the ship, perform the last full measure of devotion in exploding the magazines, and the 16-petalled chrysanthemum on the imperial standard will go deep down in a water of blood and steam and smoke till, "streaked with ash and streaked with oil, the lukewarm whirlpools close." Pretty hard to whip that kind of chaps.

Senator Hanna Dead.

The nation mourns to-day; the people are bowed in sorrow for the loss of a great man. The death of Senator Hanna has cast a pall over the country such as the taking of but one other of the nation's illustrious citizens could do at this time. It falls to the lot of but few men to be so interwoven in the minds and hearts of their fellow countrymen as has been the fortune of the one who has just passed over. The daily reports from the bedside of a beloved chief magistrate could scarcely have awakened greater interest and solicitude than has been the case with Mr. Hanna. He made a brave fight against the inevitable, but the odds were too great, and the spirit of the distinguished American passed to the other world in peace and without a struggle, the separation taking place at 6:40 o'clock Monday evening. This great nation has sustained the loss of one of its greatest men in the death of Senator Hanna. He was needed here, and his place will be hard to fill.

A GREAT hullabaloo has arisen because a troop of cavalry was sent by the President to meet Governor Taft at the Washington depot on his return from the Philippines, and also to escort Secretary Root out of the city on resigning his office. Our friends will have some difficulty in showing that this mere technical compliment is a crime against liberty.

SENATOR HOPKINS, the successor of "Billy" Mason, addressed the Senate on the Panama question, taking the position that the recognition of the new republic and the negotiation of the treaty were matters exclusively for the President and outside the jurisdiction of the Senate. He said there had been 38 rebellions in Panama in 50 years. He regarded President Roosevelt as one of the greatest men who had ever occupied the White House, and predicted that in another generation Democratic Senators, denouncing the Republican President, would class Roosevelt with Grant, Lincoln and Washington.

WHAT is to be the relation of candidates to platforms this blessed year of 1904? Assuming as a settled fact that Mr. Roosevelt will be the Republican nominee the Republican side of the question is easily answered. Since the days of Andrew Jackson no party has ever put up a Presidential candidate who was so sure to be his own and his party's platform as the virile, honest, ambitious, courageous and progressive young President who now sits in the White House.

But what of the Democratic side? The Washington Post, an independent Democratic journal, makes these inquiries for the cogitation of Democratic chiefs: "Can the Democratic party afford to put up any mid-mannered man, without a national record, no matter how respectable and amiable he may be, or what may be the measure of his erudition, against so original, resourceful and aggressive a candidate as Mr. Roosevelt? Does not the Democracy need for its leader a man who has done things, and in doing them has shown capacity for promptly and ably meeting emergencies? The party has such men at its disposal, and it seems to us that this year is the time to make use of that kind of material. But so many and so strange have been Democracy's antics in the selection of candidates that it cannot be confidently relied upon to steer clear of egregious blunders. There is an undertone of despair in that which will possibly become a full one when the Democratic party tries to find as leader 'a man who has done things' and done them with ability and well. Such a man is pretty hard, if not impossible to find within the Democratic pale.

Much interest was excited in Pittsburg by the appearance of advertising in all the Pittsburg papers referring to "The Bargain Hunters." No person knew just what was meant; many thought it was a new book, but the mystery was dispelled by the publication of a large advertisement in The Pittsburg Dispatch and a most liberal display on the billboards of the city, as well as in the various stores interested, which announced that "The Bargain Hunters" was a novel contest which The Dispatch had devised to test the skill of the reader as a shopper, make him conversant with the stores where he could save money and pay him well while amusing him. Prizes of \$40 each week are offered and on the whole the contest is destined to be one of the most interesting ever given by a newspaper. Get in "The Bargain Hunters" contest in The Sunday Dispatch.

DEAFNESS Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is a swelling of the inflamed condition of the mucous surface.

GOOD SPIRITS. Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State consist of a bad liver, the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a family household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At Jas. D. Davis.

Chamberlain's Stomach and Liver Tablets. Unexcelled for Constipation. Mr. A. R. Kays, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use to-day for constipation. They are sure in action and with no tendency to nauseate or grip. For sale by Dr. J. C. Dunn.

PALE, SICKLY CHILDREN. Grow strong and well after using THOMPSON'S SWEET WORM POWDER. Very pleasant to take. Contains no calomel. Never fails. Worms are often mistaken for indigestion and other diseases. Be sure to get Thompson's in glass bottles. Druggists, 25 cents.

FOREIGNERS NOT WANTED.

Will Not Be Allowed to Enlist in Japanese Army or Navy.

Tokio, Feb. 16.—The Japanese minister at Washington has officially advised his government that he is receiving numerous offers of large contributions to the war fund from Americans and requests instructions. It is considered probable that Japan will refuse to accept this aid.

The cabinet will consider the question and formally instruct the minister shortly. Many applications for permission to enlist in the Japanese army and navy are coming from various parts of the world. All these applications have been refused and no foreigners will be allowed to participate in the military or naval operations of Japan except as spectators.

At a meeting of the bankers, newspaper proprietors and commercial men it was resolved to support the government, irrespective of party lines. Those present at the meeting approved the proposed plan of curtailing the domestic administrative expenses and applying the amount thus saved to the relief of disabled soldiers and sailors. The meeting also agreed to send a letter of congratulation to Vice Admiral Togo.

A detailed report of his battle at Port Arthur has not been received from Vice Admiral Togo by the navy department and the public is as yet without the full particulars of the engagement.

A letter from one of the men who participated in the naval fight says that the torpedo attack succeeded through a clever feint. The majority of the torpedo vessels maneuvered in front of the Russian line and held its attention while the rest worked around to the rear and got close to the enemy before being discovered. Then they fired their destructive missiles and scurried out of range.

No further news of the Russian Vladivostok squadron has been received. It is thought to have returned to the port of Vladivostok in preference to risking a fight or exhausting its fuel.

Enormous military activity continues, but the government carefully conceals its plans. Although every movement of delay enables the Russians to become better prepared for a conflict, the Japanese apparently are unconcerned. They fully realize that the limited capacity of the Trans-Siberian railway, the distance of the Russians from their base of supplies and the lack of communication by sea sets limitations on the proposed accomplishments of Russia in Manchuria. They feel that no danger attaches in that quarter and are awaiting the completion of Japan's naval program.

Mortgage For \$10,000,000. St. Louis, Feb. 16.—The Washburn Railroad company has filed with the recorder of deeds a mortgage to cover a \$10,000,000 issue of bonds for the new world's fair improvements and terminals.

When You Have a Cold. The first action when you have a cold is to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. The remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less than twenty-four hours, and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by Dr. J. C. Dunn.

This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Why, of course, the man who is honest enough to pay for his goods has to pay the extra 10 per cent. profit to make good the "Dead Beat's" account.
