Calendar for April 1904 showing days of the week and dates.

MOON'S PHASES table showing dates for New Moon, First Quarter, Full Moon, and Last Quarter.

Republican Ticket.

STATE: Supreme Court Justice - JOHN P. ELKIN, of Indiana County. COUNTY: JOSEPH C. SIBLEY, of Venango County. Assembly - JOHN H. ROBERTSON, of Tionesta. Associate Judge - FRANK X. KREITLER, of Green Twp. Treasurer - WM. H. HARRISON, of Green Twp.

The Chinese exclusion treaty is about to expire. She now demands reciprocity and says if there is an open door it must swing both ways.

While reading in schools is held to be legal by the Supreme Court of Kansas, but has been prohibited by the Supreme Court of Nebraska.

The Parker boomers propose to nominate their favorite on faith and take all chances on his opinions. Voters will be less eager to get into a blind pool.

HEARST has obtained a "partial victory" in the Ohio delegation and hopes to swing the whole as a unit at St. Louis. The bar will not be out of the fight until it emits a hollow sound.

WITHIN a month more than twenty large commercial trusts have ceased to pay dividends and gone into bankruptcy. This would seem to indicate that the trust problem is solving itself.

CAPTAIN HOBSON, not having succeeded in stopping the mouth of Bankhead where a good many exhibitions of Hobsonian folly debauched, has been beaten for Congress by that old stager.

SECRETARY WILSON says it is the farmers who make the country rich; that in 1903 our farm exports amounted to \$900,000,000-\$9,000,000 for every working day; \$125,000 an hour; \$2,000 a minute, or \$33 per second.

NEW YORK physicians are worried over a young woman who has been laughing for weeks and cannot control her mirth. She has probably been watching Bryan's efforts to consolidate the Democratic party.

THE Democrats in Congressman Mudd's district in Maryland are going to nominate a candidate of the same name in order to confuse the negro voter, by disabling him from distinguishing between the different sorts of it.

TWO MILLION immigrants have arrived in this country within ten years. Yet seven great steamship companies are now cutting steamer rates and passengers can come from Europe to New York for \$12. What will the harvest be?

ALREADY some of the newspapers are discussing the availability of Hon. J. C. Sibley as a successor to Governor Pennycuik. It is early for this talk, but when the time comes he can probably get a seat in the gubernatorial chair if he wants it.—Blizzard.

THE Hon. Myron Matson, of the Twenty-fifth State Senatorial District was unanimously re-nominated at a meeting held in Bradford Monday of the Republican conference of the district. Unity and harmony are dominant in the three counties of the district, and a Republican victory is assured.

HON. JOHN P. ELKIN, who is booked for a place on the Supreme bench of Pennsylvania, has been asked to be orator at the dedicatory exercises in the Pennsylvania building at the St. Louis World's fair. Attorney General Carson had been scheduled to speak, but is prevented by the return of his family from Europe. The ceremonies will take place May 1st.

EMERSON well says the poet is a prophet. Goethe, the prince of German writers, predicted the Panama canal in 1827. He said, "Merchant as well as war vessels should have quicker connection with the western and eastern coasts of America. It is entirely indispensable for the United States to make a passage from the Gulf of Mexico to the Pacific Ocean, and I am certain that she will accomplish it."

A LOUD protest has been raised against the so-called "bonding" of John Turner, an immigrant ordered deported because he was an anarchist. It was claimed that he was a perfectly harmless man who held sentimental objections to government, but opposed violence. While his case was before the Supreme Court, (which has not yet announced its decision) a meeting was held in New York at which he spoke. Being asked if he favored the assassination of rulers, he said, "Each one of you must decide that subject for himself." Being asked if he advocated assassination, he replied, "No; I hold that the man who sits back safely and urges another to do something he thinks ought to be done, is a coward." Is this man a desirable citizen? We should think not.

MR. HEARST is reported to have chartered all the St. Louis hotels for convention week. This emphasizes the fact that he is an anti-monopolist.

THE Democrats of the United States Senate last Monday made a violent demand for a Congressional investigation of the Pestifolice Department. It was voiced chiefly by Senator Gorman, candidate expected, but Senators Aldrich, Allison and Lodge blocked the game, showing that a complete investigation had been made by the Department itself and that the guilty were being punished. Thus has another Democratic "issue" been checked.

Mr. Sibley Will Look After Pensions.

EDITOR REPUBLICAN:—The recent new ruling of the Bureau of Pensions, known as Order No. 78, becomes operative April 13th. As there are a very large number of pensions from the 28th Congressional District favorably effected by this ruling, my two secretaries will remain in Washington until May 10th for the purpose of filing and so far as possible expediting any applications addressed to me prior to that date, after which claims may be sent to my address at Franklin, Pa., and blank applications will be sent upon request.

(Signed) JOSEPH C. SIBLEY.

The ruling referred to above provides that every man who served 90 days during the late rebellion, in the service of the United States, either in the army or navy and has an honorable discharge, is entitled to a pension of \$6 per month at the age of 62 years; to \$8 per month at reaching the age of 65; \$10 per month at 68 years, and after 70 years to \$12 per month. The order takes effect April 13, 1904, and is not retroactive.

Proof of age will be taken from record of enlistment, or church or Bible records. Those who are getting a pension at present must apply for an increase and a medical examination will be made for all those under 70 years of age. The medical examination will be made because the pensioner applying at 62 years of age may have disabilities which would warrant a higher rating than the \$6, but he would in any event be allowed the \$6 per month.

It should be understood that this is not an additional pension. It will not benefit those of these ages who are already getting the amount specified.

WEDDING PRESENTS.

Some Hints About How and What and When to Send.

It is a golden rule to send your wedding gift in good time, the first to arrive being much more appreciated than that which is one of the many pouring in from all quarters during the last week.

By adhering to this rule you are also saved the annoyance of hearing that the set already received.

A month before the wedding day is not too early to send the present, which should be accompanied by a visiting card, to be placed on the gift when displayed among the others.

The package should be addressed to the bride if you are intimate with both the happy couple, and to the bride's house, addressed to the bridegroom, if it is he with whom you are best acquainted.

Most people wish to give something novel, useful and pretty. The future circumstances of the happy couple should influence the choice.

If they are going abroad, do not give anything unsuitable to the requirements of the climate or so cumbersome that packing and conveying it to its destination will amount to half the value of the present.

If the recipients will not be particularly well off, it is only kind to select some useful present. In these days, when artistic taste is shown in all the necessities of life, this should not be difficult.

If the happy couple are likely to receive many presents, it is safe to give something which will not be amiss if received in duplicate, such as silver sweetmeat baskets for the dinner table or a set of afternoon teapots or a bronze or china ornament.

The Saliva.

The poisons of some of the common and also some of the most loathsome diseases are frequently contained in the mouth. In such case anything that is moistened by the saliva of the infected person may, if it touches the lips of another, convey disease. The more direct the contact the greater the danger. It is believed that much can be done to prevent contagion by teaching habits of cleanliness. But if such instruction is to be effectual it must be continuous. The teacher in the public school should notice and correct violations of these rules as habitually as violations of the more formal school rules are corrected.

Enough Said.

Two Boston ladies strolling along a road just outside of the borough came upon the first milestone. On it was written, "I m. from Boston." Having never ventured so far from their native place before, they mistook the stone for a sepulchral monument. "How touching!" they exclaimed. "How simple! How human! 'I m. from Boston.' What more needed to be said? So the dead speak!"—Rochester Post-Express.

The Ambitious Chamber.

The Guide—Well, here we are on the peak at last.

The Tourist—Oh, guide, do you mean to say we got no higher? Don't say that I can ascend no further.

The Guide—Well, you can climb up this alpenstock if you want to. It's seven feet long.—Chicago Tribune.

Her Preference in Games.

"Does your daughter play Mozart?" inquired the young man with gold glasses.

"I think she does," answered Mrs. Camrox affably. "But I think she prefers whist."—Washington Star.

Japan and Her War.

The most fascinating series of war stories that has yet come to America of the conflict of the Russian and the Japs is that from William Livingston Comfort in "The Pittsburgh Dispatch," which began two weeks ago. Mr. Comfort is a young writer who has already achieved distinction in two wars, having served with the United States troops in Puerto Rico during 1898, and then spent three years in the Philippines, where he wrote some of the most thrilling war tales that have been published since the days of the Rebellion.

Mr. Comfort sees war from the standpoint of the soldier, the man in the ranks rather than the general. He will follow the march of the forces of the Mikado through Korea, and his descriptions of the scenes during the actual land fighting are looked forward to with interest by those who have read his wonderful stories of the Philippine struggle. Mr. Comfort will write from the Far East exclusively for the Dispatch.

"DO IT TO-DAY."

The time-worn injunction, "Never put off till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TO-DAY—and let that remedy be Dr. Boschoe's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparent hopeless cases of lung trouble. New trial bottles, 50c; regular size, 75c. At J. D. Davis'.

STORY OF CAL-CURA.

Discovered by Dr. David Kennedy. Small Free Bottle sent on request.

Dr. David Kennedy was born in New York City, but at an early age his family moved to Roxbury, N. Y. He was graduated in 1869 from the New York College of Physicians and Surgeons. He at once volunteered as a surgeon and was assigned to the United States Army General Hospital in West Philadelphia, and soon became the President of the Executive Board and Consulting Surgeon.

After the war, Dr. Kennedy settled in Rondout, City of Kingston, N. Y., where for a number of years he enjoyed a large practice as an operative surgeon. He was one of the President Electors of the State, Mayor of Kingston for four years, and held many other professional, business and political offices. The latest achievement of his life was the discovery of Cal-cura, solvent of the kidney and bladder. In speaking of this remarkable remedy, he said: "Cal-cura is now the crowning achievement of my life. It will not disappoint."

Cal-cura cures 98 1/2 cases of Kidney, Liver, and Bladder troubles. Send to the Cal-cura Company, Kennedy Row, Rondout, N. Y., for a free sample bottle. Large bottles \$1.00 (only one size) all druggists.
