To the general disappointment, no further telegrams from Gen. Kuropatkin have been pub lished by the war commission, nor will the censor pass press dispatches wired from the front.

The absence of news led to the cir culation of wild rumors. For instance, it was reported that General Sassulitch would be relieved of his command and court martialed for making a too strenuous stand on the right bank of the Yalu. As a matter of fact, while the war office is surprised at the resistance made by General Sassulitch, a telegram from General Kuropatkin to the emperor on April 26 announced that Sassulitch, in view of the preparations which the Japanese were mak-

In view of the cautious advance of the Japanese it is not expected they will quickly follow up Sassulitch but will take a few days in getting the remainder of their troops and supplies across the river and in clearing the country of Russian detachments in order that their communication may not be exposed to attack.

DIVORCED WIFE CAN INHERIT.

Will Made In Her Favor by Her Husband Before Divorce Must Stand.

Pittsburg, May 2 .- Judge J. J. Miller handed down an opinion in the or phans' court which decides an important question affecting the inheritance of divorced persons. Under the decision Mary Brown Jones, the divorced wife of the late Thomas Midlin Jones. nephew of the dead millionaire steel manufacturer, B. F. Jones, will get the estate bequeathed to her under a will written by her husband before the granting of a divorce.

Some years ago Mrs. Jones created a sensation in Pittsburg social circles by filing proceedings for divorce against her husband. Her husband died 20 months after the decree of divorce was obtained by his wife and another sensation was sprung when his will was filed and found to direct that one-third of his entire estate, worth at most a million dollars, be given to Mrs. Jones. When the estate came up in the orphans' court for distribution the question was raised: "Can a legatee, the former wife of a decedent, take under his will made when the marriage relation showed that there had been a divorce and separation of the couple."

The court decided that the wife should get what the will called for.

JOHNSTOWN MORTGAGED.

Validity of Title to Valuable Property In City's Heart is Questioned.

Johnstown, May 2 .- Sheriff Samuel Lenhart has served Luther Levergood with a summons to appear in court at Ebensburg as the legal representative of the Levergood heirs and show cause why a mortgage that was filed in 1813 in favor of Peter Levergood, one of the founders of Johnstown, should not be marked satisfied.

The mortgage is on the land that is now occupied by the central portion of the city and was given by Thomas Burrell, George Brenzier and the latter's son. The Levergood heirs think that the matter will bear looking into, as the mortgage was never canceled and as it is for \$10,500, with the interest for 91 years, would amount to a considerable sum

no doubt that the Llao Tung peninsula will, if any success attends our land

forces, be cut off from supplies. "Neither Port Arthur nor Vladivostok can be taken from the sea front, but I think you will find Port Arthu: either taken by our land forces or starved out by September. The Chinese are smuggling provisions into Port Arthur now from Chefoo but only to an immaterial extent and that will soon cease.

"Vice Admiral Togo will doubtless remain on watch outside Port Arthur. By September, when the hurricane season comes, he should be able to safely house his fleet in a Japanese port. No fleet, Russian or Japanese, could be particularly effective then. I scarcely think Russia will send her Baltic fleet to face our autumn hurri canes.

Referring to the long period which elapsed between the declaration of war and the land fighting, Minister Hayashi said: "That waiting which taxed the patience of the rest of the world has been a busy and exciting time for us. Just after the late Duke of Richmond and Gordon received the latter half of his title-he was created Duke of Gordon in January, 1876-he was sent to this country as president of the British commission to our centennial exposition.
