-At 6 o'clock Monday morning fire was discovered in the engine room of the Tiouesta tannery, located at McNairtown, upper Sheffield. The flames communicated to the yards and before they were gotten under control damage to the extent of \$30,000 to \$40,000 resulted. The greatest day. loss was to the hides, of which 1,600 were destroyed. Two frame buildings, utilized for the storage of hides, were consumed and two steam ergines used for the bark mill were badly damaged. The company will immediately rebuild the destroyed portion of the plant. The Penn Tanning Company, by which the Tionesta tannery is owned, carry their own insurance, and consequently the loss

falls entirely upon the trust, -Excellent authorities agree that in a thunderstorm, and notwithstanding the cold and backward spring, violent electric disturbances may come at any time, the middle of a room is much the safest place in the house. A carpeted floor, or one covered by a thick rug, is better to stand on than bare wood. It is well to keep away from chimneys and out of cellars. In the open air tall trees are dangerous. A person sheltered under a low tree or shrub 30 or 40 feet from a large and lofty tree, is quite safe. If lightning strikes in the immediate vicinity, it will hit the high tree as a rule, with few exceptions. Water is a very good conductor, and it is well to avoid the banks of streams in a violent thunderstorm.

#### Forest Fire Fighting.

The State Forestry Commission is exfires by means of a force pump. The trout-to hear them tell it. kegs are to be conveyed to the scene of farm was never in a more flourishing the conflagration on the backs of horses is expected that two kegs of water will people who, regret her departure. protect nearly a mile of fire line.

This method of fighting forest fires than that now in vogue by fire wardens. If the water were to be available at the beginning of a blaze many of the extensive fires that sweep over the mountains in spring and summer could be prevented. The commission's apparatus would be of no practical benefit in some parts of the State, where horses would find it impossible to reach the fire line, but where Mrs. John Yutes, of Sheffield, fell from it could be employed to advantage it would be a most excellent substitute for the weagons the fire fighters now use,-Williamsport Sun.

Mr. Bible will shortly embark for the missionary work in China, where he will be sustained by the Endeavor Presbyterian shurch, and this may be the last opportunity his friends will have of seeing him before his departure. He will deliver a short discourse during the evening. Everybody made welcome.

Letter to L. Fulton. Starr, Pa.

Dear Sir: "Three-quarter paint" is a good phrase for the best outside of Devoe. Devoe is the standard; mark it 100. The next best-there are several not far apart-are three-quarter paints; you may mark them 75 to Devoe's 100.

The bulk of the paints in market are 40 or 50 or 60; a few are better than 60; a few are worse than 40. How do they act? They cover from

one to three-quarters as much as Devoe; and they last from one to three-quarters as long as Devoe. What are they worth? The same rule

worth anything; the "put-on" costs two

Yours truly. F. W. DEVOE & Co., New York. P. S.-Jaz. D. Davis sells our paint.

For Sale. farm, Stewart Run postoffice. Sudden Death of Mrs. Peter Berry.

The Derrick of the 5th inst. contains the following account of the death of a former Forest county lady whose hus--Merton Mealy was up from Oil City band is well known in the county, and whose friends will be saddened by the news and will share in the grief which has come so suddenly to him.

Mrs. Anna L. Berry, wife of Hon. Peter Berry, whose home is on the Plumer road about eight miles from Oil City, died suddenly and alone on the public road about a half mile from her homeon Tuesday night. Her dead body was found by her husband shortly before midnight.

Mrs. Berry, who was a most hospitable voman, left her home on Tuesday aftersoon to take supper with and visit Mrs. John Russell, of Plumer. She left the Russell residence at 8:30 o'clock and before 9:00 passed a young man of that neighborhood near where her dead body was found. She spoke to him and seem figures strangely in the discovery of her death. The husband heard the animal whine and bark and noticed that he was running between the barn and the house frequently between 9 o'clock and 11 p. m., but up to the latter hour paid no par ticular attention to his actions. At 11 o'clock he became alarmed over the long continue i absence of his wife, who ex pected to be home about 9 o'clock, and decided to walk down the road to meet her. The dog met him by the front door Fagundus, are visiting Mrs. Chas. Blum, and by his actions plainly showed that he wanted Mr. Berry to follow him. Mr.

Berry followed him to the barn and there found the family horse and buggy that had been taken away that afternoon by his wife. He and his hired man got into the buggy and drove towards Plummer and half way between his home and that of the Romer family found the dead body of his wife lying near a small stream that crosses the wagon road. She had taken off her collar and pinned it to the bosom of her dress and loosened her dress at the waist, For some time past Mrs. Berry had been suffering at short periods from heart trouble, especially when in an overheated room, It is supposed that she got out of the buggy to bathe her head and neck at the small stream in the hope of relieving the pain and died before she could carry out this intention. Every effort was made to revive her, but the physician who was called after her body had been taken to the family residence stated she had been dead for some time from heart disease.

Mrs. Berry was born at Lockport, N. Y., and was 43 years of age. She had been a resident of this vicinity for about 12 years, coming here with her husband. who is a well-known oil producer, from Forest county, in which county he was elected a member of the State legislature. She was a woman of unusually amiable qualities, neighborly, kind and cheerful, and few in this vicinity had so many warm personal friends. She was notably devoted to her family and was a value i and active member of the Rouseville M. E. church. Besides her husband, Hon. Peter Berry, she is survived by two children: Leon T., at home, and Miss Ada Berry, who is attending Allegheny College at Meadville, and who arrived here vesterday forenoon in response to a telephone message informing her of the sudden death of her mother.

Funeral services were held in the M. E. church at Plumer, at 2 o'clock Saturday afternoon and were largely attended. Oil City.

#### 'Twould Make Your Mouth Water.

ED. REPUBLICAN: May 3, 1904, as I had a few hours of of Forest county, I concluded to try it. I arrived at the mouth of the stream in the afternoon and as I drew up in front of Jack Foley's home I was greeted by Jack himself with a hearty "Hello! there, swered, "Well, Jack, I thought I would try for a few trout in this stream, and would like to stop with you all night." "All right, George. I will put your horse away. Go right over to the house and get ready for a two hours' fish before supper. I know you will get a few if you are careful." I did so and the result of fishing in the evening was something between 18 and 20 nice trout, I was somewhat late for supper, but I had the satisfaction of getting very hungry, and on my arrival at Jack's, after the fishing, I had one of the best suppers that ever a hungry man sat down to. Mrs. Foley certainly can get up a meal to fit the appetite of the average fisherman. Next morning I was up by half past five, (somesomething unusual, by the way) and was digging bait out of Mr. Beardsley's garden, and by the time I had a good supply of worms, breakfast was ready, after which I started up the stream. After Sycamore, Seneca and Centre Streets, - OIL CITY, PA walking up stream for about a mile, o until I had gotten above the oil wells, I concluded to drop in and try for one. I was not surprised to have a strike. The result was a 10-inch trout, for which I felt very grateful. Did you ever enjoy landing a 10-inch trout up on the limb of a tree eight or ten feet above ground? If you did you know how I felt when I sat down on the ground and caught my breath and had the satisfaction of knowing he was mine. All that was necessary for me to do was get him down off that limb, which I did by using a dead branch which I booked over the limb and drew down. Oh, I have you, my beauty! Say, if you want to enjoy a good fishing trip, and want to get next to nature, just go up on either of the two Sheriffs and you can have one of the most enjoyable experiences of your life. I arrived home about 8 o'clock in the evening of the 4th with 63 of those gamiest of fish-trout, G. W. N.

#### Farm For Sale.

A farm of 79 acres located three and a half miles north of Shippenville, Clarion county, and about the same distance from the railroad station, 65 acres cleared and under good state of enlitivation, balance covered with good growth of timber, and about 20 acres underlaid with four foot vein of coal.
