The Tionesta base ball team journeyed to Tionesta last Saturday and were taken in hand by the team of that hamlet to the tune 21 to 7. Saturday wasn't a very good day for Tionesta sports.

The Sheffield Observer says the Forest Chemical Co. is pushing work on the new plant at Barnes. This plant will be a large one and a considerable addition to the business interests of this section.

Following is the list of letters lying unclaimed for in the Tionesta, Pa., post-office for week ending June 29, 1904: Mr. C. P. Collins, Mr. Sidney Mox, Mr. Fead Hunter. D. S. Knox, P. M.

Wild strawberries, far superior in flavor to the home grown article, are more abundant this season than for many years past. A crisp short cake, with wild strawberry filling, and rich cream—

When two women are engaged in conversation, on the street, and a man happens to pass them, it is only the word "and" that he hears. And the manner in which the speaker dwells on it is a plain intimation to him to hurry on.—Billiard.

In the obituary notice of the late Mr. J. W. Gray, of Clarion, published last week, the name of Mrs. Frank L. Williams of Kane, Pa., was inadvertently omitted as one of the daughters of the deceased left to mourn the death of the kind and affectionate father.

The strong Cincinnati National League base ball team is booked to play a game with the strong Oil Well Supply team at Oil City to-morrow, Thursday, afternoon. Cincinnati is well up toward the top of the list, and will probably win the game, but may not have a cinch.

Men are still pounding away in the county jail, and are making good progress toward final completion. If they don't finish by July 4th they will be done some time next month and then our sheriff won't have to patronize the Forest county jail.—Warren Mail.

The excursion train which passed down the road last Sunday had a bad wreck near Rousseville. The engineer was badly scalded, and the fireman was considerably bruised, but will recover. The escape of the two or three hundred passengers from any sort of injury is quite miraculous.

J. W. Baughman, of Oil City, a passenger brakeman on the Pittsburg division of the Pennsy, was severely injured in a rear end collision near Kennerell last Thursday. It was at first thought that Mr. Baughman had received serious injury to his eyes, but it is now hoped that he will come out all right. He is well known in Tionesta, being a brother-in-law of A. C. Brown, Esq.

At a meeting of the borough school board Thursday evening the levy of taxes for the ensuing year was fixed at 29 mills for all purposes. This is a reduction of three mills, which the board felt justified in making in consideration of having one less room this term. S. C. Johnston was elected junior for the ensuing year, and the time fixed for the beginning of the school is the last Monday in August.

As long as Senator Quay lived he was powerful enough to prevent the sale of liquor in the city of Beaver, his home. Daniel Agnew, once Chief Justice of Pennsylvania, was chiefly instrumental in having the place made a "dry town," and before his death he made the Senator promise to keep out saloons. Mr. Quay liked that he did, but he kept his word. Now that he is dead those that are tired of drug store whiskey will make an effort to have the local option law repealed.

It is expected that fully 25,000 people will be present at the dedication of Wayside Inn, the Odd Fellows Home in Grove City, on July 21. All kinds of amusements are being arranged for, and the principal feature will be an ox roast. The Grove City company of the Sixteenth regiment will give an exhibition drill and the occasion will be taken advantage of to make a presentation to Past Grand Master Samuel A. Steele, of Wilkingsburg, of a jeweled badge, said to be the finest ever presented to an official in the State.

A fellow selling worthless electric belts at a dollar each, baiting his customers by giving back their dollars to a few of his first patrons, has been doing business in several of our surrounding towns and is liable to drop into this place any of these evenings. Quite a few of our people have had experience in that line in days gone by, but as a sucker is said to be born every minute, the visitor would be pretty certain to do business.—Connellsville Courier.

The fellow has been here and gone, taking with him a good many hard-earned Franklin dollars.—Evening News.

Dr. J. W. Morrow, who has for the past ten years been the county medical inspector and quarantine officer to the State board of health for Forest county, has, on account of failing health, tendered his resignation as such. In acknowledging receipt of the resignation, Dr. Benjamin Lee, Secretary of the State Board, uses the following complimentary language: "Allow me on behalf of myself and of the Board, to express our regrets that the condition of your health renders this step necessary, and our appreciation of your faithfulness in the discharge of the duties of your position for many years past."

A sad drowning accident occurred Sunday last, in the Clarion river, the victim being Miss Abbie Page, one of Clarion's brightest young ladies. A party of four—two young men and two girls—were boat riding, and in passing over a riffle, where the current was rapid, the boat capsized, throwing all into the stream. The others were able to get out, and they endeavored to rescue their companion, but she was carried into deep water and sank. The body was rescued in less than ten minutes, yet life was extinct, more than two hours being consumed in a vain endeavor to resuscitate her. The young lady was a daughter of B. F. Page, was aged about 18 years, and had just graduated from the high school in that town. The sad affair has cast a gloom over the entire community.

Mrs. Minnie, wife of Henry Youngk, died at the family homestead in Green township, Friday June 24th, 1904, after a short illness of peritonitis, following puerperal fever. Deceased was aged 26 years and 3 months, and was the daughter of the late Wm. and Mary Ikenburg of German Hill. September 17, 1904, she was united in marriage with Henry Youngk, who, with her mother, five sisters and four brothers, survives her. The funeral was held on Sunday last, services being conducted by Rev. A. H. M. Zahniser at the Zuendel church, German Hill, in the cemetery of which the remains were laid to rest. Mrs. Youngk was an exemplary Christian woman, greatly esteemed by all who knew her, and to the bereaved husband and friends the sympathy of the community goes out in sincere sorrow.

At the close of the morning services at the Presbyterian church last Sabbath, Rev. R. W. Hingworth asked for leave of absence until the next meeting of the Presbytery, when he will present his resignation as pastor of the Tionesta church. The congregation granted the request, and in the evening Rev. Hingworth delivered his last sermon here prior to his departure, which will be to-day. This leaves the church again without a pastor, which is generally regretted by the congregation, who had come to look upon their minister as one of the ablest in the Presbytery. We believe it is Rev. Hingworth's present intention to take a six months' course of study at the University in Edinburgh, Scotland, and he will depart for there some time in October next. Friends, both in and out of the church, will wish him success and a pleasant stay abroad.

Manley Duham, aged 20 years, while saving a man from being burned by an electric wire at Pleasantville on Tuesday morning of last week, was caught in the same trap and was almost electrocuted. Dutton's livery barn at Pleasantville is lighted by electricity from the Traction company lines. Frank Ross went through the barn on Tuesday forenoon and stumbled over a wire laying in the grass. He stooped to throw it to one side and caught hold of a place where the insulation was worn off. He was unable to let go and yelled for help. Duham responded and got Ross loose, but in doing so took hold of the wire with both hands and could not release himself. He called for help, but although there were several men around, they were all afraid to go to his rescue until Frank Henratty, owner of the Eagle Hotel, came with a pickaxe and shaved the wire away. By that time Duham was black in the face and the flesh on the inside of both of his hands was burned to the bone. He is recovering.

Where Are You Going Next Sunday? Make the day pleasant by a trip on the Nickel Plate Road. One hundred miles and return \$1.00 for each person when traveling in parties of 5 or more. Call on nearest agent or address A. C. Showalter, R. F. A., 307 State St., Erie, Pa.

The report of the agriculture department on the experiments made to ascertain the effects on the human system of borax and boric acid, used as preservatives, class them as substances injurious to health. If continued for a long time in quantities not exceeding a half grain per day they cause occasional periods of loss of appetite, bad feeling, dullness in the head and distress in the stomach. If given in larger and increasing doses these symptoms are more rapidly developed and accentuated with a slight clouding of the mental processes. When increased to three grams a day the doses sometimes cause nausea and vomiting.

Miss Josephine Zahniser, daughter of our townsman, H. M. Zahniser, was united in marriage with Mr. Randolph N. Kandellet, of Pittsburgh, June 14th, 1904. The ceremony was performed at the home of and by the bride's brother, Rev. J. J. Zahniser, New Castle, Pa. The bride is a graduate nurse from one of the leading hospitals of Pittsburgh, and for several years has followed her profession in that city. She has been visiting here for the past week, and expects to be joined by her husband, who is a drafting engineer, and was called to Wheeling, W. Va., shortly after the wedding, on important business connected with his profession. The accomplished bride's many Forest county friends extend hearty congratulations on this happy event.

The annual meeting of the Neiltown Cemetery association was held Friday at the church at Neiltown and according to the Titusville Herald's report, was one of the most successful in the history of the association. There were about 150 present, and owing to the fine weather of the day the tables were placed out of doors in the church yard and dinner was served. After dinner the business meeting was held and the following officers were elected for the ensuing year: President, Hon. J. J. McCrum; vice president, J. H. Bowman; secretary, J. O. Carson; treasurer, R. O. Carson; trustees, E. D. Berlin, Daniel Carson, R. Fogle, Mack Vincent, Josephus Dunham. Before departing for their homes the grand old hymn, "Blest Be the Tie That Binds" was sung.

Last Saturday a number of the tennis players of this place made a return visit to Marienville, sort of paying up for the visit given our town last year by the club of that town, but, previous to remark, the visitors were not as successful in vanquishing their adversaries as on former occasions. It isn't the proper thing to carry a joke too far, anyway. It is apt to make bad feelings after awhile, and so our boys allowed their friends on the summit to take a majority of the games thus leaving a better feeling all round. In the five events pulled off Marienville won three, as follows: Robertson and Fulton, Tionesta, vs. Amsler and Ploekens, Marienville, won by the former. Davis and Keller, Tionesta, vs. Keating and Sabine, Marienville, won by the former. Karl Wenk and Tom Fulton, Tionesta, vs. Yingling and Heyner, Marienville, won by the latter. Robertson and Landers, vs. Buhl and Keating, won by latter. And then Marienville put in her strongest team, Messrs. Yingling and Strongquist, against Dr. Dunn and another fellow from Tionesta, and having driven 25 miles in a blazing hot sun, as a matter of course we got licked, thus giving Marienville the odd "horse." Anyhow it was that "Express" push we were after, and they told us that Sam Pickens, sniffing defeat, skipped out and hasn't been seen in Marienville since. The result of this contest means a continuance of hostilities, and our boys will await the next coming of the east enders with "hay on our horns."

Cream of the News. A word to the unwise is superfluous. Our shoe stock for men and women, misses and boys, is the best in Tionesta, and is always kept so. Our sales exceed all others, hence we can give you the best bargains. Hopkins. There is no joy gained except where joy is given. Why is Lawrence paint so easy to use? Because it is ready prepared—ask Dr. Dunn. There is no reverence without reality in religion. Always consider the Wooltex when buying a skirt. Best in the world, and sold in Tionesta by Hopkins only. Marriage isn't always necessarily a failure. One always has a fighting chance. Beauty of Lawrence paint is it's so easy to use—Dr. Dunn sells it. There is no hope for the man who can't tell the truth without lying about it. Go to Hopkins for the latest in shirts. In negligees we beat them all. Often the self-made man boasts of a job that other men would be ashamed of. Watermelons and all other fruits and vegetables fresh every day at the White Star Grocery. A man's house is his castle unless it is in his wife's name. We can fit you out from head to foot at a very little cost, with the finest hat, suit, shirt, underwear and shoes. Come and see. Hopkins. When a man shines in society he seldom shines in business. Save carpenter bills—use Lawrence—at Dunn's drug store. The coming man is seldom noticed until after his arrival. If you haven't picked out that suit yet, come here and let us show you how nice we can suit you. Our stock is kept right up to date. Hopkins. What! Don't know anything about Lawrence? Ask Dr. Dunn. Politics has made a few men and unmade a great many. Lawrence paint don't fade when exposed—made for outside as well as inside—see Dr. Dunn. To err is human and the ability to hide it is divine. For sick headache take Chamberlain's Stomach and Liver tablets and a quick cure is certain. For sale by Dr. J. C. Dunn.

He was married last Wednesday to Miss Sarah Mills, of Scotch Hill, and the happy couple passed through Tionesta Saturday on their return from a short wedding trip. The bride is a niece of our townsman, S. M. Henry. Miss Nancy C. Morrow was last week apprised of her election as teacher of the first primary room at Tidouste, at a salary of \$45, which is considerably more than teachers in that room have been given heretofore at the start. Bleakley entertained at dinner in honor of the occasion Tuesday evening.

The Sir Knights and Lady Maccabees of Hickory received another of those welcome invitations from Nebraska, requesting the presence of their brother and sister Bees on Friday evening, June 24th. The invitation was gladly accepted and arrangements made with the superintendents of Hickory Valley and Tionesta & Sheffield R. R. for the use of the trains. A party of 40 boarded the side-door palace car at Hickory and was quickly whirled over the hill to Ross Ren, where a transfer was made to the narrow gauge. Eighteen visiting members from Kelletville already occupied seats in the train and the whole company was in very high spirits. Arriving at Nebraska we found the town alive with Bees and we were escorted to the lodge room where the meeting was called to order by Sir Knight Commander Fox, who quickly turned the gavel over to Lady Commander Knight. Remarks were made by Sir Knights Fox, Gorman, Haugh and Lady Catlin, Com. of Kelletville Hive, after which a part of the Maccabees' drill was given. Then the guests were summoned to the hall below where refreshments were served. And such good things! Well, really, they were beyond description, and let me tell you, friends, if you want an evening that you will remember, just pay the Nebraska Bees a visit.

"LE ROY PLOWS TURN THE EARTH." Horses and men grow fat, their labor is pleasant and easy, and the results of the labor are highly satisfactory, all because the farmer profited by the experience of his well satisfied neighbors and purchased a "Le Roy Plow." The draft is just right. The turn of the moldboard is found only on the "Le Roy" and is just right. If the "Le Roy Plovers" are not all right they will not cost you a cent. Sold by Lanson Bros., Tionesta.

Sued By His Doctor. "A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by Dr. J. C. Dunn.
