

THE FOREST REPUBLICAN.

J. E. WENK, EDITOR & PROPRIETOR.

WEDNESDAY, JULY 13, 1904.

Republican Ticket.

NATIONAL. President, THEODORE ROOSEVELT, of New York. Vice President, CHARLES W. FAIRBANKS, of Indiana. STATE. Supreme Court Justice, JOHN P. ELKIN, of Indiana County. COUNTY. Congress, JOSEPH C. SIBLEY, of Venango County. Assembly, JOHN H. ROBERTSON, of Tionesta. Associate Judge, FRANK X. KREITLER, of Green Twp. Treasurer, WM. H. HARRISON, of Green Twp.

WERE Dr. Swallow sure of election it is believed he would have no hesitancy in accepting the nomination.

It might be well for Judge Parker to begin to practice saying "yes," as it is likely he will be called upon now to do so.

ONE of our exchanges says the Democratic platform reads like this saying: "Give us the offices and we will try to be good."

THE profane Democratic talk about "a sane and safe candidate" naturally leads to the inquiry: "What have you been giving us?"

PERHAPS Senator Tillman's comment is the most correct, if not the most courteous: "The Democratic party can always be relied upon to make a damn fool of itself at the critical time."

BRYAN predicts that a campaign with Parker as the candidate "will begin with a foot race and end with a rout." The rout is in plain sight, and it is inferred that Bryan will lead the introductory sprinting if it becomes necessary.

THE Populists have beaten their sympathetic old friends, the Democrats, in their presidential nomination this year, having named a ticket on Tuesday of last week, as follows: President, Thomas P. Watson, of Georgia; vice president, Thomas F. Tribbles, of Nebraska. Two "doubting Thomases."

THE fact that the Prohibition candidate for President has the suggestive name of Swallow will not prevent a good many nice cold water people from voting for him. But it takes more than one Swallow to make a President. Destiny has long since decided that the next President will bear the name of Roosevelt.

WHILE the President remains at Oyster Bay he will receive but few persons. Even he, with all his youth and wonderful vitality, needs unbending and relaxation. He has been a continual busy man since the assembling of the extra session of Congress, and has had many perplexing problems to contend with. He is well entitled to a rest.

THERE is a wealthy club in New York known as the Civic, which heretofore has been in the habit of giving a grand excursion early in August, as many as 15,000 women and children participating. This year, in view of the awful Slocum horror, and the inadequate inspection of steamships, the excursion will be abandoned and the funds of the club devoted to charity. This is sensible and wise. People can enjoy themselves without flocking together en masse.

SENATOR LODGE recently received academic honors from his alma mater, Harvard University. During the course of his speech in reply he said: "When my class went through college a boy could come into Harvard and graduate, if need be, with highest honors, without knowing one word of the constitution of the United States, or being able to say who drafted the Declaration of Independence, or who fought the battle of Trenton." Things have changed since that day.

IT is with greatest pleasure imaginable that we note the unanimous re-nomination of Hon. W. O. Smith, of the Pennsylvania Spirit, for Congress in his district by the recent conference. It is not remarkable that his people should do this, for it is a way they have over their showing their appreciation of a good thing when they see it. Bro. Smith will be thoroughly re-elected in every respect this fall, and his people will be as well represented in the National House as any in the State.

IT is announced that there will be a re-organization of the Inspector's Office in New York City. There ought not to be any doubt about it. The present inefficient inspectors should be sent to jail at hard work, and new men of integrity and veracity put in their places. The whole inspection system is antiquated and needs overhauling with new laws, and the discarding of life preservers made of granulated cork and glue. Mr. Metcalf, the new Secretary of Commerce, has a chance to distinguish himself.

THE elimination of the sound money plank from the Democratic platform, through the efforts of Mr. Bryan and his adherents at the St. Louis convention has well nigh busted that party's spiritual column, if it ever had any. The nominee, Judge Parker telegraphed the convention to the effect that unless the plank was restored they would do well to hunt up another victim for the fall slaughter, as it must be understood that he was a gold standard man. Whereupon the convention replied in effect that there was no longer a money issue before the people, and it didn't matter much what the Democratic platform said anyway. This is hierarchal, for the Democratic party will have little or nothing to do with the shaping of the nation, financial or any other sort, for many years to come. It stands in the attitude of the boy who was waiting for the core of the apple which his companion was making way with, and was told he needn't wait any longer, for "there ain't going to be any core."

THE issues of this year's campaign, as defined by the party conventions, are the tariff and abandonment of the Philippines. After opposing the position of the Republican party on the money question for eight years, the Democratic organization has accepted the inevitable and abandoned the silver incubus. Gradually, in the course of time, the theories advanced by the Republican party are accepted by the Democratic opposition, but only through the aggressive and cohesive methods of the Republican organization are they made positive elements in practical government.—Kane Republican.

ALREADY 200 Porto Rican teachers have reached New York on their way to Ithaca to attend a summer school opened by Cornell University. The few hours they were in the world's metropolis they penetrated the city as far as Wall street. Four hundred other teachers from the same island have reached Boston. Many of them made great sacrifices to come to the United States, and they will return inspired with new ideas and a patriotism for America which will be most beneficial for the Porto Ricans at home. After all we do some things in this land of hurry and strife which are well worth doing. And this is one of them.

AFTER the most tempestuous and stormy gathering of the Democratic clans since the ante-bellum days, the national convention of that party, assembled at St. Louis last week, nominated Judge Alton B. Parker, of New York, for President, and Henry G. Davis, of West Virginia, aged 81 years, for Vice President. It's too bad, but neither one will do. Parker has either lost his tongue or can't use the one he has, and Davis is too old. They say he's Senator Steve Elkins' father-in-law, which counts for something of course, but as the Senator is a die-in-the-wool Republican, and wouldn't think of voting for his daddy-in-law, we don't see any chance for him. They say, also, that he has a bar, or several of them, and his Democratic friends doubtless put him on the ticket just "to make things good."

In nominating Judge Parker, Mr. Littleton said: "If you ask me why he has been silent, I answer because he has not attempted to be the master of his party, but is content to be its servant." This was intended for the dual purpose of explaining the candidate's silence and at the same time giving Bryan an additional rap on the knuckles. As an explanation of Judge Parker's muteness it was very weak indeed, and the reference to Mr. Bryan was ill-timed, injudicious and had too much the appearance of hitting a man who was down. The spectacle of a political party placing in nomination, for the highest office in the gift of the people, a candidate about whose convictions on the great questions of the day nothing is known, is without precedent. As time goes on the wonder will no doubt grow in the minds of many how the party ever permitted itself to commit har-kari by placing in nomination Dave Hill's protégé, the political sphinx. The silence which the man has maintained has been nothing if not cowardly. All efforts to obtain from him an expression of opinion on the issues of the day have been unavailing. So far as his opinions are concerned, a wooden Indian might as well have been nominated. The masterly silence which the New York jurist has maintained will hardly serve to elect him.—Oil City Blizzard.

—There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.—F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

—A woman is seldom as strict with her children as she is with her husband. Cured of Chronic Diarrhea After Ten Years of Suffering. "I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after giving it to my child, he was cured. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by Dr. J. C. Dunn.

House and Lot For Sale. A six room house in good repair, fitted throughout with natural gas and city water, situated on a large lot with a number of fruit trees, on Vine street, Tionesta, is offered for sale. For particulars call on or address J. O. Taylor, 239 Central street, Oil City, Pa. [1-21]

HEALTHY MOTHERS. Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Roschke's German Syrup would put a stop to it at once? No mother should be without this old and tried remedy in the house, for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives it instant relief and refreshing rest to the cough-racked consumptive. New trial bottles, 25c; larger size, 75c. At J. D. Davis.

One Lady's Recommendation Sold Fifty Boxes of Chamberlain's Stomach and Liver Tablets. I have, I believe, sold fifty boxes of Chamberlain's Stomach and Liver Tablets on the recommendation of one lady here, who has bought a box of them about a year ago. She never tires of telling her neighbors and friends about the great qualities of these Tablets.—P. M. Stone, Druggist, Rochester, Ind. "The pleasant taste of these Tablets makes them a favorite with my little ones." Sold by Dr. J. C. Dunn.

THE Late William I. Tobey. The subject of this sketch was born in Chautauque county, N. Y., on the 9th of August, 1825, and departed this life at his home in Keletville, Forest county, Pa., July 6th, 1904, aged 78 years, 10 months and 27 days. At the age of 12 years, his mother having died when he was an infant, he tied his earthly effects in a handkerchief and left his home to breast the tide of life and work his way through the world. He soon found employment, and at the age of twenty began contracting in the lumber business. In the early days he delivered lumber from near Jamestown and Frewsburg, N. Y., to Cincinnati, Ohio, floating it down the Conewango Creek to the Allegheny river at Warren, and thence down the Allegheny and Ohio rivers to Cincinnati. Several times he has gone from Cincinnati to Frewsburg, most of the way on foot, riding by steamboat and stage a part of the distance and walking the balance. A number of times he walked from the mouth of Beaver, 28 miles below Pittsburgh, by way of Butler, Franklin, etc., to Frewsburg, N. Y. In February, 1856, he moved from Frewsburg to McKean county, near Sheffield, where he took a large contract for L. D. Whitmore and Chas. Fox. After fulfilling that contract by which he accumulated several thousand dollars, he moved to the Glade Run House, near Warren, Pa., in 1860. While he was proprietor of that hotel, he was also engaged in manufacturing square timber and running it to market at Pittsburgh and Cincinnati. In 1862 he left the hotel and purchased a residence near that place, a pleasant spot on the river bank, where the family lived until 1864, at which time he entered into a large contract with F. A. Howe & Co., of Erie, Pa., and removed his family to Balltown, Pa. After fulfilling his contract for that company, he entered into a still larger one with the firm of Hall & May, and took charge of their extensive lumbering interests, and residing at Buck Mills, Forest county, he earned on a successful business, from the fall of 1865 until 1881. During that time he removed and delivered to Pittsburgh, Cincinnati, Ohio, and Louisville, Ky., all the pine timber (then considered worth handling) that grew on 7,000 acres of land, and that land produced as much valuable timber, perhaps, as any 7,000 acres in Pennsylvania. The fact that this company entrusted him with the responsibility and care of that extensive business, and that they scarcely visited him once a year, and advanced his money, as the work progressed, taking his word for the amount done, and only settling once a year, spoke loudly enough for his business ability, honesty and integrity. After completing his contracts with that company, he continued to manufacture lumber for Orris Hall, of Warren, Pa., and for himself, until on account of old age, he quit the lumber business and purchased a farm near Keletville, where he spent the residue of his days, and died as above stated. During his career in the lumber business, he was associated with Harrison Fenton, afterward Governor of New York; Daston Allen, of Jamestown, N. Y.; L. D. Wetmore, Warren, Pa.; Charley Fox, Jamestown, N. Y.; F. A. Howe and others, of Erie, Pa.; Orris Hall, Frank Henry, L. Valentine, of Warren; Wheeler & Dusenbury, H. H. May, A. B. Kelly, C. F. Gillespie, C. K. Bean and others. Few of these men, namely L. D. Wetmore, N. P. Wheeler and A. B. Kelly, survive him. To my personal knowledge all these men esteemed, trusted, confided in and stood by him with their means and influence. Practical friendship while living is of infinitely more value than flowers and eulogies after one is gone. Aside from those I mentioned, with whom he was directly associated in the lumber business, there are scores of others with whom he dealt, that could tell a long story of their pleasant dealings with him, and whom he counted as his most intimate friends. He would frequently relate to me how they had helped him and stood by him in times of need. He was clearly converted to God in the fall of 1895, in the F. M. church at Keletville, under the pastorate of F. W. McClendon, assisted by the writer, who was holding quarterly meeting at that place. He joined the F. M. church on probation soon after, and remained in that relation until his death. He left clear evidence that through the merit of Jesus Christ he was received in full connection into the Church Triumphant. From the time of his conversion his highest delight consisted in getting to prayer meeting and preaching services. During his last days he wanted to hear the scripture read, and have prayers frequently. A few hours before his death he asked his son-in-law, Rev. J. T. Brennan, to read and pray, and he praised God and remarked, after the reading of the 14th chapter of John, "Is that not a good chapter?" He was conscious until twenty minutes before his last breath. With a slight wave of his hands and in a clear voice, he said goodbye to all that stood around him, and with a smile on his face (that was visible after death), he went to sleep in Jesus. Funeral services were conducted at the home in Keletville by Rev. A. H. Zahniser, assisted by Revs. Monroe and Small. Interment the following day at Frewsburg, N. Y. He started life near that point, struck the circle of life, and just at sunset, while it was shedding its last golden rays on that beautiful spot, we said, Good-bye, dear father, until the sunrise of the eternal "Lord's Day;" there we expect to meet to part no more. He leaves a widow, one son, D. B., of Franklin, and three daughters, Mrs. J. T. Brennan, of Warren, Pa.; Mrs. J. C. Little, of St. Paul, Minn.; and Mrs. Nettie Norman, of Bullton, Pa. In behalf of all we extend our heartfelt thanks for the kindness and attention of the generous neighbors and friends of Keletville and surrounding country; no one kind attention was omitted; and we will ever cherish the same. CENTRAL STATE NORMAL School, LOCK HAVEN, PA. J. R. FLICKINGER, PRIN. Fall Term, 15 weeks, BEGINS SEPTEMBER 5TH, 1904. Last year was the most successful in the history of this important school—about 700 students. Location among the mountains of central Pennsylvania, with fine water, splendid buildings and excellent sanitary conditions make it an ideal training school. In addition to its Normal course it also has an excellent College Preparatory Department in charge of an honor graduate of Princeton. It also has departments of Music, Elocution and Business. It has a well equipped Faculty, fine Gymnasium and Athletic Field. Address for illustrated catalog, The Principal.

DISEASED KIDNEYS MADE WELL AGAIN. Mr. Tompkins Had Been Troubled for Years, but Cal-cura Solvent Cured Him. Write for a Small Free Bottle. A letter from Nathaniel Tompkins, of Windham Centre, N. Y., says: "To-day you can ask what has made me feel ten years younger and I will tell you. It was the new medicine discovered by the well-known Dr. David Kennedy. I mean Cal-cura Solvent. For years I was troubled with my kidneys, but I am all right now." That is the experience of thousands. Dr. Kennedy said he regarded his achievement as the culminating achievement of his life, and he was right. Cal-cura Solvent enriches the blood, aids digestion, regulates the bowels and sets the liver at work. It is mild, but thorough. Its effects are lasting. Remember, Cal-cura solvent cures 98% of all cases of Kidney, Bladder and Liver Disorders. You may have a free sample bottle of this wonderful medicine, and descriptive booklet, by simply sending your name and address to The Cal-cura Company, Kennedy Row, Rondout, N. Y. Large bottles \$1.00 (only one size) all druggists, or if they do not have it, send to the above proprietors.
