### PACKING HOUSE STRIKE.

50,000 Butcher Workmen Quit Work In Nin? Cities.

Russian Story of Heavy Jap loss Denied - Excursion Train Wrecked. Death of Paul Kruger-Double Murder and Suicide - Three Negroei Sentenced For 49 Years.

Fifty thousand employes of the seven largest packing concerns in the country were marshaled in a struggle which has few parallels in the history of organized labor when a strike called by officials of the Amalgamated Meat Cutters and Butcher Workmen of North America went into effect at noon Tuesday. In addition to the 50,-200 employes already on strike, upwards of 30,000 more are involved indirectly and most of them probably

will be made lifle. With no sign of weakening on either side the only ray of hope in the situation was the possibility that ar bitration may intervene to prevent a labor war fraught with suffering and privation to the strikers, heavy financial loss to the packers and incalculable inconvenience to the general pub-

Nor is the effect of the strike con fined to the employes and packers in the nine cities where the fight will be centered.

Almost at the moment the mer walked out of the packing houses reports came from various cities that prices of the product had been raised This advance, too, was said to be but a forerunner of others if the conflict continued long.

Of the 50,000 workers on strike 20, 000 are out in Chicago. The others are on strike in Kansas City, East St Louis, St. Joseph, South Omaha, Sloux City, St. Paul, New York city and Fort Worth.

Reported Heavy Japanese Loss Denied A dispatch received at St. Petersburg from a Russian correspondent at

Mukden, dated July 12, says: 'According to intelligence received here the Japanese last night attacked positions near Port Arthur and were repulsed with enormous losses, not less than 30,000, it is said, being killed

and wounded by our mines." Private dispatches received in St Petersburg from Russian zources in the Far East confirm the reports from Mukden and Chefoo. According to a usually reliable source the Japaness sses were 2,800 and the Russian

A dispatch arrived from Ta Tche Kiao communicating an undated dispatch from Port Arthur received there July 13, It did not mention the as sault or the repulse but it is quite possible that it was sent from Port Arthur earlier than July 10, so that it cannot be fairly regarded as contra-

dictory evidence, There is a general conviction that it Vicerov Alexieff decided to communi cate the report to the general staff it must be true. The rejoleing in the Russian capital is increased by a for eign dispatch confirming the Japa

nego reverse. The news that the Vladivostok cruis ers and torpedo boats were out again filled the Russian cap of joy to over-

Times in a dispatch filed at 9:45 p. m. July 15, says that the St. Petersburg story of a Japanese repulse with heavy casualties at Port Arthur, July 19, is wholly discredited at Tokio where no such reports have been received. It is believed that the story originated in Shanghai.

Twenty persons were killed and about 50 injured last Wednesday night in a collision on the Chicago and Eastern Illinois railroad at Glenwood

Bi., 23 miles south of Chicago. The collision occurred between a pienic train from Chicago which was returning from Momence, Ills., and a freight train, into the rear end of which the excursion train dashed at high speed. The picnic train was coming north, and the freight was

on the southbound track. The picnic was the annual outing of the members of Doremus church. After spending the day on the pienic grounds at Momence the train load started on the return trip, running in as the second section of regular paspenger train which is due in Chicago

nt 8:25 p. m. Engineer Hoxie and the crew of the freight train say that their train part ed at Chicago Heights and the break was not noticed until the train was mear Glenwood, causing delay. The engineer knew that the excursion train was coming, but believed that it was on the northbound track and was switching his train from the northbound to the southbound track, in an effort to keep out of its way, when it came north on the nouthbound track

and smashed into the freight train. Death of Ex-President Kruger

The announcement of Mr. Kruger's coath at Clarens, Switzerland, was the that he has no intention of going back tack without support of the field ar main feature of all the afternoon to St. Louis to compete for prizes in papers of London on Thursday, it was the airship competition there, secompanied by lengthy sketches of his career. All the papers devoted ed itorials to the former president's de mise, refraining from anything de Timbers, Jonas Sims and William Ausnunclatory and speaking generously a tin, the three negroes who confessed his remarkable characteristics.

The Westminster Gazette said Burlington, were sentenced to 49 years Reough time has clapsed between the cach in the state prison at Trenton.

Kruger and his death to enable us all LOSS EXCEEDED 1,000. to pay a sincere tribute to his memors. His stubborn conservatism and tenacity to the lost cause was in many respects herole

The Pall Mall Gazetto remarked: "Englishmen can aford to give him his due. History will be unable to deny that he was a great man."

The Pall Mall Gazette remarked: "A great figure has now passed finally from the world's stage. However bane ful an influence he may have exercised on the affairs of South Africa, most Englishmen will certainly concede that his abilities entitled him to the fullest measure of respect."

General Business Situation Irregular. Diverse movements in trade, indua try and speculation give an irregular appearance to the general business altuation. Distributive trade and in custry is still quiet and even dull

Damage to the winter wheat cross by heavy rains is admitted, though al

leged to be exaggerated. Good progress has been made corn, spring wheat and cotton, and this has overshadowed disappointing re-

turns from the winter wheat crop. Disorganization in the meat slaugh tering industry has followed a strike which, if not settled, as now seems likely, contains much power for evil All meat prices have been advanced and cattle shipments checked.

The general undertone is one of con fidence, good results being looked for by the business world from an expect ed large volume of fall trade. The out look is for an immense cotton crop

The Southern peach crop this year has been enormous and has sold at good prices Among the industries the iron trad-

notes increased quiet, production be ing scaled down to meet receding con sumption Business failures for the week end-

ing July 14 number 263, against 172 last week; 178 in the week in 1902.

### Double Murder and Suicide.

One of the most shocking tragedie that ever occurred in Buffalo came to light on Friday morning when the dead bodies of Edgar T. Washburn, a member of the grain firm of Heathfield & Wastiburn on the board of trade. Washburn's wife Janella and his pretty young daughter Gladys, 15 years old, were found in a bedroom on the second story of their home at 89 Putnam street

Mr. Washburn had shot and killed his wife and daughter and then turned the gun on his forehead and killed bimself

It is believed the terrible crime was committed while Mr. Washburn was and Wafankwan pass. suffering from a temporary fit of in canity. He had written a letter to a relative recently saying he was having trouble in business. As far as is known the members of the family had not had any trouble among themselves. Thursday was the daughter's 15th birthday, and her father present ed a mandolin to her as a birthday

Two Guilty of Van Gorder Murder. After being out 15 minutes the jury nt Belmont in the case of Guiseppe Versace, one of the Italians indicted for the killing of John Van Gorder and his half-sister, Miss Anna Farnham, returned Saturday afternoon a verdict of guilty of murder in the first degree Antonio Giorgia, the ringleader of the

quartette, was convicted on Thursday. Both men were arraigned before Justice Kenefick for sentence. Giorgia was sentenced to die in the electric chair at Auburn during the week beginning Aug. 29, and Versace was sentenced to die during the week begin-

Pasquale Olivia and Sebastine Piz zati, the younger men of the indicted band of Italians, were released from custody, it appearing that they had no hand in the commission of the double morder and were not present at the Van Gorder house when the crime was

### Vanderbilts Buy Trolley Lines.

The controlling Interests in the Syracuse Rapid Transit and the Utica and Mohawk trolley lines are reported to have been sold to the Vanderbilts and these roads will be used as feeders for the New York Central. Information to this effect has been received at Cleveland. The sale was made by J. J. Stanley and H. E. Andrews, reprecenting a Cleveland syndicate. The Vanderbilts will have 51 per cent of the stock of the two roads, while the remainder of a large portion thereof will be retained by the Cleveland men.

Victims of Loop-the-Loop Accident. Miss Ethel Royd of Cleveland died riday as the result of injuries re celved in an accident on the loop-the loop at Celeron. Miss Irene Broad-

well, also of Cleveland, another victim, is in a dying condition. The coroner and the district attorney have begun an investigation.

Santos-Dumont, who has arriveat Havre, France on his return from America, is very much dis couraged by the cutting of the balloon of his airship at St. Louis, and says

Official Report of Russian Attack on Motien Pass.

Drove Back Japanese Outposts-Russian Attack on Passes Failed Because Field Guns Could Not Be Brought Into Action-General Keller Decided Not to Continue Fight.

St. Petersburg, July 19. - General Kuropatkin reports that Lieutenant General Count Keller lost over 1,000 in killed or wounded in the attack on

Motien pass July 17. The following dispatch from General Kuropatkin to the emperor, dated "July 17 on our eastern front," was given out last night: awaiting clearer views of the crop out

"After the occupation by General Kuroki's army of the passes in the Fenshui mountain chain, our information concerning his forces and dispositions was in general inadequate. According to some reports, his army had been reinforced and he had even extended his forces toward Saimatsza. Other reports stated that a displacement of his troops had been made in the direction of Ta pass and Siuyen. There were even indications that Kuroki had transferred his headquar-

ters from Tskhakhekan to Touinpu. "On the strength of the information received and on the basis of reconnaissances which had been made, the hypothesis was formed that the principal forces of the enemy were concentrated around Lianshankwan and that their advance guards had been strengthened in the passes of Slaokao Wafankwan, Sinkia, Lakho and Papau as well as at Sybey pass, two and a half miles north of the road and half

the height of Slaokao pass. To Determine Enemy's Strength. "On July 17 in order to determine the strength of the enemy, it was decided to advance against his position in the direction of Lianshankwan. Lieutenant General Count Keller had been instructed not to start with the object of capturing the pass but to act according to the strength of the force that he would find opposed to

"The left column of this expeditionary force consisting of three battalions was dispatched towards Sybey pass. The center column, conmanded by Major General Kashtalinsky, consisting of 14 battalions with 12 guns, was destined to attack Siaokao pass, the heights surmounted by the temple

strong, was occupying points where the roads leading to Sinkla and Lakho passes cross in order to cover the right flank of General Kashtalinsky's column. The general reserve was left at Akhavuen and a portion of the force occupied a position at that place.

At 10 p. m. July 16 the head of the column advanced from Ikhavuan. At 11 o'clock a battalion of the second regiment dislodged a Japanese outpost at the point of the bayonet at the crossing of the Lakho and the Sinkai roads.

The details of this engagement have not yet been verified, but its general course, according to telegraphic reports sent in by General Keller, was as follows:

"During the night the Japanese had evacuated Slaokao Pass and the heights surmounted by the temple, leaving only outposts there. At dawn General Kashtalinsky's column occupied these passes, driving back the

Japanese advance posts. "At about 5:30 on the morning o July 17 the Japanese in considerable strength and with numerous guns oc cupied Wafankwan passes and the mountainous bluffs to the south on the flank of General Kashtalinsky's col umn. From this position and from the crest of the mountains to the east of the heights surmounted by the temple the enemy directed a very heavy

### rifle and artillery fire. Failure to Occupy Bluffs.

"General Kashtalinsky advanced to occupy the bluffs, sending forward at first one and then three battallons. but the attempt falled notwithstanding the support given by the horse mountain battery, as our field guns could not be brought into action on account of the nature of the ground.

"At about 8 a. m. General Keller who was directing the fight around Ikhavuan deemed it necessary to lend assistance to General Kashtaliasky' column by bringing up from the gener al reserve three battalions to the heights surmounted by the temple. In order to maintain the position we had already occupied it was necessary, ow ing to the enemy's pressure, to rein force immediately with other reserves the troops in the fighting line, but these positions owing to their situa tion were untenable.

"General Keller found the strengt of the enemy so great compared with ours that he decided not to continu the fight and not to bring up either the special or the general reserve especially in view of the fact that in case of his ultimately taking the of fensive it would be necessary to at

"In consequence of this, General Keller decided about 10:30 to withdraw his troops to the positions original, occupied in the Yanze pass. The troops refired slowly, step by step and in perfect order, covered by the fire of a field battery which had

been brought into action. "Towards midday an offensive move. of the right flank of the Yanze pass position developed and at the same time a Japanese mountain battery was brought into position in the village of Tsoudiaputse, two and a half miles south of Ikhavuan.

"After 34 shots had been fired from the third battery of the third brigade which held the Saddle to the south of Yanze Pass, the Japanese battery was finally reduced to silence.

"The fight ceased at 3 p. m., and the troops returned to Ikhavuan. The Japanese advance was stopped above the valley of the lantakhe river at a position occupied and maintained by us. "In consequence of a sleepless night and the heat of the day our troops were greatly fatigued, having been over

15 hours on foot and fighting. "Our losses have not yet been exactly ascertained, but General Keller reports that they exceed one thous-

tions the activity, courage and coolness shown by its commanding offithe ranks until the end of the action."

General Kuropatkin precedes his report with a lengthy statement of skir mishes by patrols which brings events up to July 16. He does not mention any important engagement, with the possible exception of the occupation of the heights north of Yaolinazza by Cossacks, before a detachment of which the Japanese fell back.

### INDEPENDENT TRADE.

Philadelphia Butchers Preparing to Supply Atlantic Seaboard.

Philadelphia, July 19.—The Western houses have a short suplyy of meat on hand in this city and the independent trade, in consequence, is increasing rapidly. One of the Western houses tried to secure a large abattoir in the southwestern rection of the city but failed.

Another large firm wanted to get West Philadelphia abattoir, but none of the independents would take the contract. Some of the dressed been which has been on the rail for export has been recalled by Western houses and sent to this city to help supply retail dealers. Prices today were about the same as on Saturday, when figures stood about 2 cents above ante strike prices. Swift & Co. have a small slaughter house in operation in this

city, for the killing of sheep. The independent butchers feel cor fident they can supply the entire city with meat. If the strike continue for any length of time and an agree ment is reached with the union to sup ply men it is possible that Philadel phia will supply a portion of the At lantic seaboard with dressed meat The independents declare that the city

### Army's Meat Supply.

Washington, July 19.—The commissary department of the army does not anticipate any trouble in procuring supplies on account of the butchers strike. A large amount of meat, es pecially bacon, already had been sup plied to the army and the only diffi culty might be the filling of orders for

canned meats in the Philippines. The department, however, enough of this food for the next ship ment to the Philippines and there are large supplies at nearly every army post. Fresh meats for the troops in the Philippines are not purchased in this country but are sent from Argen tina. Army posts in this country car be supplied with beeves to be slaugh
