Republican Voters Should Remember.

In order to qualify for voting this fall, that the

Last day for registration is Wednesday, Sept. 7th.

Last day for payment of taxes is Saturday Oct. 8th.

Don't forget this important matter. See to it at once and make sure of your vote for Roosevelt and the whole Republican ticket.

See that your name is on the registry list. See to it at once.

THE Republican campaign book is now giving our Democratic friends the shivers, but these are only the preliminaries.

SOME funny people out in Nebraska want to give the electrical vote to Roosevelt and send Bryan to the Senate. There is no doubt about Roosevelt—the question is how to get Bryan into the Senate.

A VICTORY for Parker in 1904 would bring calamity quicker than it came in the Cleveland case, for Parker lacks Cleveland's ability, independence and sanity on the money issue, and he shares Cleveland's errors on the tariff.

EX-GOVERNOR Morgan G. Bulkeley of Connecticut is a candidate for the United States Senate in place of Joseph Hawley, whose health is such as to forbid his reelection. Gov. Bulkeley is one of the foremost Republicans of New England. And yet the passing of Gen. Hawley will cause sincere regret among all who knew him.

It will not win. Burnt children dread the fire, and Democratic talk about a "robber tariff" in this year 1904 will not win intelligent votes. The people everywhere have learned from sad experience the truth of the statement of James G. Blaine: "The benefit of protection goes first and last to the men who earn their bread in the sweat of their faces."

MEN of all parties and all shades of opinion are praising President Roosevelt for his letter to the U. S. Attorney General of Alabama, to put a stop to the removal of Federal office holders for partisan reasons. The letter is worthy of high praise for it has the true ring. The President will make no political speeches this year. He follows the example of McKinley in 1900.

PATRICK EGAN, formerly United States Minister to Chili, and once an anti-imperialist, will support President Roosevelt. Corporal Tanner announces that he will take the stump for the President. Speaker Cannon has been stumping Vermont. He says President Roosevelt is the friend of the laboring man, and that he did a perfectly proper thing when he invited John Mitchell to the White House.

THE proposition to transfer an eminent gentleman from judicial to political and executive life moves Mr. Justice Brewer of the Supreme Court to say that he would be glad to see a constitutional amendment forbidding any such transfer. Thus far no judge on the bench has ever become President of the United States, and there is little prospect that any one of the designated class ever will.

THE third battle of Bull Run, which is to be fought next September, will cost \$1,500,000. Already troops are on the march from Fort Ethan Allen in Vermont. They will have a 700 mile tramp. One thousand horses will be taken to the field; there will be thirty-eight ambulances; and six escort wagons. The boys all over the Union are enthusiastic at the prospect of fighting on the same field where their fathers fought and bled more than forty years ago. It is expected that a vast crowd of spectators will witness the mock carnage.

THE Sun, of New York, has had a varied experience in the course of its career as a paper which shone for all. One need not recapitulate the list of all the candidates it has supported; enough for our present purpose to know that it refuses to sup upon the Democratic platform, which it describes as being made of "hell, broth, dishwater and dynamite," and that it announces it prefers the "impulsive candidate," Roosevelt, to the "representative of the Hun vote in the back ground." This is pretty severe, but the Sun always did use strenuous language.

MUST LOOK TO CONGRESS

Pennsylvania's Interests Have Much at Stake at Next Election.

AGGRESSIVE FIGHT TO BE MADE

A United States Senator and Thirty-two Representatives to the House Who Will Vote On Tariff Legislation Will Be Chosen.

[Special Correspondence.]

Harrisburg, Aug. 22.—Naturally interest centres here in the selection of members of the general assembly, as the next legislature, which meets here in January next, will be called upon to elect a United States senator for the full term of six years to succeed Governor Pennypacker's appointee, Philander Knox.

Among the nominees for the senate and the house who have been placed in the field already are many new candidates, and there is considerable speculation regarding the outcome of the contests in several districts.

The election of a stalwart Republican to the United States senate is of paramount importance to the vast industrial and other interests of Pennsylvania, as is also the matter of the election of Republican candidates for the national house of representatives.

The election of candidates for the legislature, who will have a vote on the United States senate, and the success of Republican nominees in the 22 congressional districts in this state will occupy the attention of the party leaders from now until the 8th of November next, when the ballots will be cast and counted.

Senator Penrose, as chairman of the Republican state committee, will give personal attention to this phase of the campaign, and he will have the hearty co-operation of every loyal member of the Republican organization throughout the state.

The fight for the election of these candidates will be made upon clean-cut lines, and will be aggressive from the start.

The voters of Pennsylvania will have impressed upon them the fact that the Democracy has ever been antagonistic to the Pennsylvania idea of the protective tariff, and that it is vitally essential that the Republican majorities in both branches of congress shall be maintained, in order that the great manufacturing interests, the vast army of industrial workers and the millions upon millions of capital invested, shall be kept free from harmful legislation at Washington.

In some respects, Republican loss of congress would be more disastrous to Pennsylvania's interests than the loss of the presidency.

It is pointed out that the Republicans have a majority of less than 30 in the present house of representatives and that a change of 15 votes would give the house to the Democrats.

It is known that the Democrats are figuring upon gains in the congressional districts of Pennsylvania.

Colonel Guffey and his associates in the management of the Democratic machine have been boasting to the Tammany leaders in New York that they will have a gain of half a dozen congressmen in this state, and they have persuaded the party managers to put up a liberal campaign fund to put their plans into operation.

They are talking of carrying the Luzerne, Lackawanna and Schuylkill districts in the anthracite coal regions, and are predicting as absolutely certain to go Democratic the York-Adams district, the Berks-Lehigh district, the Northampton - Monroe - Pike-Carbon district and the Northumberland-Columbia-Montour district, and one or two others.

The Democrats are always hopeful, particularly in national campaigns, but this time they seem to be unusually aggressive. This fact has made the Republican leaders determined to leave nothing undone to rouse the Republican committee men and others throughout the commonwealth and have them put forward their best efforts to thwart the Democratic plans.

Colonel Wesley R. Andrews, who is in charge of the Republican state headquarters in Philadelphia during the temporary absence of Chairman Penrose, wrote to a friend in this city a few days ago saying that it is Senator Penrose's intention to work to offset every move of the Democracy and to labor to keep their representation down to the lowest point possible.

The Democrats now have three members of the house from Pennsylvania—Kline, of Lehigh; Schull, of Monroe; and Dickerson, of Northumberland.

Senator Penrose believes that he will be able to hold them down to three members, and he may succeed in cutting them down to two.

This will require a vast amount of work and the expenditure of much energy in lining up the party workers to get the Republican voters out on election day.

The greatest danger to the Republican cause will be in the apathy of the voters. It is difficult to make Republicans in Pennsylvania believe that there is any Democratic party in this state, but time and again the minority party has succeeded in electing members of congress through Republican indifference or over-confidence.

It is not intended that this shall be permitted in the present canvass.

An effective organization will be formed in every debatable congressional district, and a corps of trained orators will be available to address mass meetings to be arranged for by the chairman of the several county committees.

Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Perhaps a Life Saved

"A short time ago I was taken with a violent attack of diarrhoea and believe I would have died if I had not gotten relief," says John J. Patton, a leading citizen of Patton, Ala. "A friend recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I bought a two-ounce bottle and after taking three doses it was entirely cured. I consider it the best remedy in the world for cholera and diarrhoea complaints." Sold by Dr. J. C. Dunn.

"A rich man never refuses the pennies offered him in change."

THE Hon. Champ Clark, M. C., president of the Democratic National Convention, says that President Roosevelt is hot-headed and indiscreet. This is the same Champ Clark who on a public platform declared that if a certain man in the audience would meet him outside of the park he (Clark) "would cut his throat from ear to ear." Clark seems to be an expert in hot-headed indiscretion.

THE Commercial Intelligence, London, says that under a system of high tariffs Portuguese industries have increased considerably within the last few years, particularly the production of coarse woolen and unbleached cotton goods, glass and butter. The introduction of motor cars is also rapidly developing in that country. It is being discovered in England, too, that a protective tariff, like the Republican tariff in the United States makes a country prosperous.

BRYAN is not doing very much in the way of harmonizing things. In his paper, the Commoner, he says: "Mr. Cleveland has endorsed the nomination of Judge Parker, but he did it in such a way as to justify the Judge in praying to be saved from such friends. He insults loyal Democrats by talking about a return to 'sanity' and enlarges upon the Judge's telegram. Mr. Cleveland seems more anxious to turn the campaign into a vindication of himself than to contribute towards Judge Parker's election."

THE Chicago Tribune has taken a straw vote in Chicago to indicate the preferences of the voters, and finds a cheerful outlook for the Republicans. It employed professional canvassers, who did not tell any one who their employer was and who took every precaution to secure a fair vote. In this way it ascertained the presidential preference of 3883 Chicago voters living in various parts of the city and representing all classes of voters. Of the total 1896 were regular Republicans and 1588 Democrats. But 2131 stated their purpose to vote for Roosevelt, and 1235 for Parker; 121 for Debs, Socialist, and 18 for Swallow, Prohibition. The figures show a Republican gain in Democratic votes of 195, and a Democratic loss in regular party votes of 251. That is probably a fair indication of the feeling in the West, where the Republicans carried every State east of the Missouri River in 1900.

Deafness cannot be cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Cholera Infantum.

This disease has lost its terrors since Chamberlain's Colic, Cholera and Diarrhoea Remedy came into use. The uniform success which attends the use of this remedy in all cases of bowel complaints in children has made it a favorite wherever its value has become known. For sale by Dr. J. C. Dunn.

HEALTHY MOTHERS.

Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Boesche's German Syrup would put a stop to it at once? No woman should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble, based on her indigestion. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives it stant relief and refreshing rest to the cough-racked, congested. New trial bottles, 25¢; large size, 75¢. At J. D. Davis.

Cured by Cal-eura Solvent, the great New Medicine. After Other Treatment Had Failed.

Write for a Small Free Bottle. Mr. Martin Montgomery, of Silvana, Pa., formerly of Roxbury, N. Y., writing to Dr. David Kennedy, of Kennedy Row, said:

"I was in Mr. Montgomery's case, rheumatism is often, indeed almost always, complicated with kidney and liver trouble. It is because Cal-eura Solvent acts on the kidneys and liver and at the same time expels uric acid from the blood, that it is such a reliable remedy for rheumatism and the attendant disorders. It cures by removing the cause, therefore the cure is permanent, safe and sure. Remember, Cal-eura Solvent cures 98% of all cases of Kidney, Bladder and Liver disorders. You may have a free sample bottle of this wonderful medicine, and descriptive booklet, by simply sending your name and address to The Cal-eura Company, Kennedy Row, Rondout, N. Y.
