He Undertook the People.

One of Jay Gould's campaigns as a dealer in railroads with the Wash-burn system of railroads. He got control and after effecting a reorganization which increased the capital stock and also the bond debt sold them out. It is related of him at this time that an associate said to him, "Mr. Gould, don't you think you are dealing this much higher than the property will stand?" "That may be," answered he, "but the American people are tightly partial to bonds."

A Resemblance.

"What do you think of my historic novel?"

"It resembles some of the most successful works of its kind," answered Miss Cayenne.

"In what respect?"

"In being neither novel nor historic."—Washington Star.

THOMPSON'S BAROSMA.

Have you a family? Do you realize that the annoying kidney trouble of your young children, of your baby, evidenced by irregular and involuntary emissions, will lead in time to fatal results if not remedied? Thousands of children, of young men and women, die every year because of the neglect of parents to give the proper care in this respect in their early years. Generally this is due to a non-realization of the meaning of the symptoms, often to lack of knowledge of the proper remedies. Even your physician, man of science that he is, may be led astray by the varying symptoms of liver and kidney ailments. If your little one gives any evidence of a weakness of the kidneys, or of a fluxion of the liver, soiling the linen or acting sluggishly, get Thompson's Barosma for it. The remedy is unfailing. It is absolutely harmless, composed of pure vegetable ingredients, and prescribed all over the world by medical practitioners of the highest skill and reputation. Mrs. Fred Lobel, of Tionesta, Pa., writes that her little son, four years old, after being given three bottles of Thompson's Barosma, was permanently cured of bed-wetting, an annoying trouble since babyhood. Mrs. N. F. Leslie, of Oil City, Pa., says her five year old daughter, after several months of ineffective treatment by physicians for bladder trouble, and being in dangerous condition, was completely cured by six bottles of Thompson's Barosma or Kidney and Liver Cure. Ask your druggist for it. 50c and \$1.00 a bottle.

True to His Friends.

An answer to an advertisement for a school assistant "capable of teaching the classics as far as Homer and Vergil" makes one of the best stories in the dean of Bristol's book, "Odds and Ends."

"Sir," the answer ran, "with reference to the advertisement which were in the Times respecting a school assistant, I beg to state that I should be happy to fill that situation, but as most of my friends reside in London and not knowing how far Homer and Vergil is from town, I beg to state that I should not like to engage to teach the classics farther than Hammer-smith or Farnham Green, or, at the very utmost distance, farther than Brentford."
