LOCAL AND MISCELLANEOUS.

NEW ADVERTISEMENTS. Joe Levi, Ad. Lammers, Ad. Jewel Stone Co. Ad. Devoe & Co. Letter. Wm. B. James, Ad. Penn's Rev. Readers. Smart & Silberberg, Ad. Hopkins, Ad. and Locals. White Star Grocery, Locals.

Oil market closed at \$1.56. Oil and gas leases at this office. We are right here with the goods. Hopkins. It.

The finest peaches ever grown. White Star Grocery. It. The man who talks to himself hears a lot of compliments. See "Helios" the heater, at McKinley's hardware store. It.

The man who is forced to swallow his words usually chews them well. A small caravan of gypsies passed through town Monday, en route from nowhere to no place.

The ball game between Tionesta and Tylersburg, on the former's grounds here last Wednesday, resulted in a score of 14-6 in favor of the home team. The excursion train which passed down the river from Bradford and other upper points last Sabbath, contained 12 well-filled coaches of excursionists.

Chestnuts, which are said to be a fair crop this year, are bursting their jackets since the first freeze and will be in market soon, warm and all, no doubt. "Helios," the tripple radiator, is the king of gas savers in the heating stove line, besides it is a beauty in appearance.

The annual conference of the Free Methodist church begins its sessions at New Castle today. Rev. R. A. Zahmiser, pastor of the church in this place is in attendance. Fred. Glassner has purchased the Morgan house and lot on Vine street from F. M. Morgan, legatee of his sister, the late Miss Lizzie Morgan, and will make it his permanent residence.

Following is the list of letters lying unclaimed for in the Tionesta, Pa., post office for week ending Sept. 28th, 1904: Mr. E. W. Lindsey. D. S. Knox, P. M.

When troubled with constipation try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no gripping or other unpleasant effect. For sale by Dr. J. C. Dunn. A word to Republicans: Are your taxes paid? If not, then don't put it off else you will lose your vote.

For two weeks only—this week and next—I will be at Brookville fair grounds with a carload of horses, until Oct. 1st. Don't fail to see them. These horses must be sold or exchanged regardless of price. Grant Shuster. 2t.

The local showers of Saturday and Sunday in this section were sufficient to raise the creek and river to a small boating stage, letting considerable stuff out, most of which, in the shape of flats and barges have pulled out for the Pittsburg markets. Mahala, wife of John E. Sloughton, died at the family home in East Hickory, on Sunday evening last, after an illness of nearly four years from cancer. Deceased was aged 63 years. Funeral services were held yesterday. A more extended notice of this death will be given next week.

Tionesta has a new case of smallpox on its hands, of which the Courier says the usual precautionary measures of quarantine have been taken. The victim is James Brown, a laborer residing at the corner of Spring and Fourth streets. A mild form of the disease is expected. Where and in what manner it was contracted is not yet apparent. At the recent conference of the United Evangelical church at Johnstown, Pa., the following were among the ministerial appointments made: D. P. K. Lavan, presiding elder of the Franklin district; Brookville, T. J. Barlett; Clarendon, C. H. Daseh; Dempseytown, S. V. Carmony; Liekingville, D. R. Miller; Oil City, S. H. Bartlett.

George Stephens, at one time engaged in the manufacture of staves in this section, and well remembered by many of our citizens, died at his home in Tionesta on Sunday evening, after a short illness. He was aged 77 years, and was one of Tionesta's wealthiest retired business men. His widow, two daughters and one son, William J., the latter also well remembered here, survive him.

There is a sort of counterfeit tailoring that undertakes to pass for the real thing; but when you place your order with F. E. Dick you are sure of getting a fall or winter suit or overcoat that will have the true tailoring stamp about it. We don't know as carefully made garments cost any more than the ill-fitting sort of clothes, but they ought to, because they look it. Mr. Dick has a magnificent line of the new fall suitings and overcoatings.

The following squib from the Oil City Blizzard is quite apropos, and not half as funny as it appears to be, right here in Tionesta, where most of the people are having their initial experience with the pumpkin-shaped hummers: "I think," said the gas meter, rousing itself and wiping the cobwebs from its face, "I think that I will brace up a little now and see if I can't stiffen up my batting average a few points." For further particulars see next month's gas bill.

J. C. Scowden has been doing a right smart business in the sale of a new coal stove, which burns either lump or slag coal, or any other combustible for that matter, and is very economical in fuel saving. It is known as Cole's Hot Blast, and is used very extensively in coal countries on account of its fuel saving qualities. Mr. Scowden sold five in one day last week, and if you are thinking of going from gas to some other fuel he would be pleased to demonstrate the excellencies of this new stove to you.

The handsome new M. E. church edifice at Kellestville was appropriately dedicated last Sabbath. Presiding Elder A. R. Rich, and Revs. Hillard and Torrey were present and assisted the pastor, Rev. F. M. Small, in the dedicatory services, which were of an impressive and interesting nature. The handsome edifice, which is 28x40 feet in dimensions, with an ell 16x28 feet, was turned over to the service of the Lord free from debt, a few of the liberal citizens present engaging to liquidate the amount that remained.

There is little call in business life for the services of men who drink and gamble. The Panxustawney Spirit, warning young men against such indulgences, says: "The young man who contracts boozing and gambling habits is generally done for so far as any conspicuous usefulness in this world is concerned. The farther he travels on this road the weaker he becomes, and it requires a very strong character to return to wholesome paths after the wrong step has been taken. The youth who with unabashed forehead wags the means of weakness and debility" must suffer the consequences of his folly.

The REPUBLICAN has made arrangements whereby the New York Tribune Farmer can be supplied to old and new subscribers at the remarkably low rate of 25 cents a year. The long winter evenings will soon be here and you will want something, not only interesting but highly profitable to read, and you can hit on nothing better than this world-famed farm and fireside magazine. Regular subscribers get the paper by paying a year in advance and 25 cents extra, and new subscribers get it on the same terms. Sample copies on application. Now is the time to renew or subscribe.

In a private letter from Dr. A. E. Stoncipher, of South Bond, Ind., formerly of Marienville, this county, he says things are quiet in politics even in Indiana, but that the general opinion is that Roosevelt will have a good majority in that State. Democratic Chairman Tom Taggart fails to create enthusiasm even in his own State. Edward J. Fogarty, their mayor, is on the State ticket, and so is Prof. Herring, of Notre Dame University, but neither seems to be making any effort, and are apparently half-hearted in the campaign. Indiana is as sure for Roosevelt as Pennsylvania, but by a smaller majority.

The marriage of Miss Maud Butler to Mr. Henry M. Dove was solemnized at the home of the bride's parents, Mr. and Mrs. James H. Butler, in this place this morning at 8:00 o'clock. Rev. W. O. Calhoun officiating. Only members of the immediate families of the contracting parties witnessed the ceremony. After a sumptuous wedding breakfast Mr. and Mrs. Dove left on the morning train for Warren, their future home, where a reception will be tendered them at the home of the groom's mother, and which a number of the intimate friends and associates of the bride in Tionesta will attend. This worthy young couple has the best wishes of a large circle of friends in this community for a prosperous and happy future.

The "Presbyterian Mission Tidings" is the title of a neat little eight-page monthly publication that has made its initial bow to its friends during the past week. It is published under the auspices of the ladies of the home and foreign missionary societies of Clarion Presbytery, and is designed for the dissemination of Missionary knowledge throughout this Presbytery. They have given it seems to fill to the letter, being brim full of such information. The office of publication is at Tionesta, and the subscription price is 25 cents per year, which amount may be forwarded to Miss Nancy C. Morrow in case you wish to subscribe. It is a worthy enterprise, and the Tidings should be in every Presbyterian home in the Clarion Presbytery.

Last Saturday evening two of Tionesta's popular and highly respected young people—Mr. Ray Birtell and Miss Maude M. Mays—hid themselves to Oil City, where they were quietly united in marriage, Rev. W. A. Broadhurst, D. D., of the First Presbyterian church, performing the ceremony. While most of our people have left for some time that the pleasant relations between this young couple would sooner or later culminate in a happy union of hearts, they succeeded in giving their friends quite a surprise by thus quietly slipping away and having the knot tied without their most intimate friends becoming aware of what was their intention. Nevertheless all of their many friends will join the REPUBLICAN in extending congratulations and well wishes to Ray and his fair bride on this auspicious occasion. May you live long and prosper. On Monday evening a number of the young people tendered the bride a chaperon and she received a large number of beautiful and useful presents.

Already the glories of autumn are with us and the beautiful varicolored tints are fast showing up on the mountain sides. The early and severe frosts are responsible for this state of affairs, from three to four weeks ahead of schedule time. But we'll not look for winter yet, and our beautiful fall weather is yet to come, even if it did have "just a wee little summer," as a little tot expressed it.

After years of patient research, two professors of Geneva, Switzerland, have discovered a new anesthetic which promises to revolutionize the practice of dentistry. In reporting this to the State Department, Consul Liefeld, at Freiburg, Germany, states that, finding that the nervous system is influenced by colored light, the professors soon perceived, after experimenting with each hue, that blue had an extraordinary soothing effect upon the nerves. The Consul says a tooth may be painlessly extracted with none of the after effects on a system by shutting up the patient in a dark room and exposing his eyes to a blue light of 16 candle power for three minutes, causing him to lose all sense of pain, although at the same time retaining his senses.

Gen. Harrison Allen, a former prominent citizen of Warren, and for many years a prominent figure in Pennsylvania politics, died suddenly in Washington on the 13th inst., from heart disease, having been found dead in his bed in the morning. He represented his county in the legislature for a number of years, being in both House and Senate, and was afterward elected Auditor General of the State. In 1882 he was appointed Marshall of the territory of Dakota, and has since resided in South Dakota. At the time of his death he held the position of second deputy auditor of the Postoffice Department at Washington. General Allen had a very creditable war record, having entered the army as a captain and was brevetted brigadier general for meritorious services. He was a brother of Hon. O. C. Allen, well known to the people of our county.

It will be a pleasant surprise to many of the Tionesta friends of Miss Laura Mae Smith to learn of her marriage on the 27th inst., the lucky groom being Mr. S. M. Winget, of Cleveland, Ohio. For the past two or more years Miss Mae has been employed as cashier and bookkeeper in one of the large Delmont restaurants in that city, controlled by Lockwood Bros., and there she met her future husband, who was foreman of the institution. The wedding took place in St. Louis, where the company is also extensively engaged in the restaurant business, and to which city the young couple were transferred, and where they will reside in the future. The bride, a former Tionesta girl, is a daughter of Mr. Henry E. Smith, of this place and has a host of young friends here who will join the REPUBLICAN in extending congratulations and best wishes on this happy occasion.

From Nebraska: Mrs. Mary Smith of this place, delightfully entertained a number of her lady friends at a dinner given last Thursday in honor of Mrs. Gary Chase, of Jamestown, N. Y. The other ladies present were Mrs. Lizzie Hulings, of Tionesta, Mrs. Cook, Mrs. Small, Mrs. Klinefister, Mrs. Knapp and Mrs. Weant. Nebraska W.C.T.U. officers for the year are as follows: President, Mrs. Ida E. Small; Vice President, Mrs. Emily Cole; Rec. Sec., Mrs. Harriet Cook; Cor. Sec., Miss Edith Gayley; Treas., Miss Emma Thompson. This union carries twelve departments of work and has decided to give a meeting to each department. The subject for the October meeting is "Franchise for Women."

Franchise for Women. The yards and scaffolds are all running and the trains have more freight than they can handle, sometimes handling 40 cars in the day's trip. New Mail Carrying Contracts. C., until December 15, 1904, for carrying the mails of the United States on the several routes and by the schedules which the department has adopted. He reports all the Forest county people in the section where they stopped as quite well when they left, but predicts that a number of them will return home before long.

Letter to R. M. Herman. Tionesta, Pa. Dear Sir: Devoe is worth \$1 or \$5 a gallon, put-on; how much is another point worth? Depends on how many gallons you've got to put on, to be equal to one of Devoe. Mr. J. J. Hall, Sheffield, Pa., painted two houses one coat, five years ago, lead-and-oil, took 40 gallons. Last summer bought 40 gallons Devoe for same houses; had 10 gallons left. Mr. N. Avery, Delhi, N. Y., owns two houses exactly alike; painted one with Devoe; took 6 gallons. The other with some other; took 12 gallons. What'd you give for those off paints? Bear in mind, you've got to pay for the painting. Yours truly, F. W. DEVOE & Co., P. S.—Jas. D.
