THE GREAT REPUBLICAN VICTORY. **Roosevelt's Popular Plurality Exceeds Two Million Votes.**

Not in the history of this great Republic has there ever occurred an election that has so completely paralyzed and dumbfounded the opponents of the Republican party, as the one that has just resulted in the triumphant election of Theodore Roosevelt to the Presidency of the United States, There was scarcely a sane person in the land, who was honest with himself that did not believe that the President would win, and many had prophesied a big majority for the Republican candidates, but such an avalanche of votes as came down on the 8th inst, had never for might spare Carl Schurz fiv- minutes for a moment entered anybody's mind. a personal explanation as to why he dug When the figures have been finally com- himself up and butted in."

HE MISSED THE BEARS.

A Question That Rid President Me-Kinley of a Beggar.

3818 No one asking assistance was ever turned away empty handed from the McKinley door, and many were those | 3177 who applied. One day a rather old 5142 man, with every appearance of belonging to the species hobo, called and asked for aid. He was given a small sum of money and, evidently thinking 3824 he had struck a soft spot, returned the following day and from then on went back every few days until finally, on what proved to be his last visit, the president came out while he was talking to a member of the household and, learning the man's errand, entered into conversation with him,

The man stated, in reply to the president's question, that he was a naturalized American citizen, but was born in Switzerland. The president asked if he had ever been in Berne, and he said he had lived there. The president then asked if he had ever seen the bears. This question rather stumped the old man, and he stammered that he could not understand. The

president merely smiled and passed on. Now, as every one who has any knowledge of Switzerland knows, the coat of arms of the city and state of Berne is a bear, and in a pit in the center of the city & number of live bears

have been kept for years out of memory and are likely to be so kept for years to come, frequent bequests having been made for their comfort and many thousand francs being deposited in the banks of Berne for their maintenance. The old man, not knowing these facts, certainly could not have been from Berne and was a self con-

victed disciple of Ananias, and as he disappeared from the neighborhood it is to be supposed that some one must have shown him the joke .- Leslie's Weekly.
