

THE FOREST REPUBLICAN.

J. E. WENK, EDITOR & PROPRIETOR.

WEDNESDAY, FEBRUARY 8, 1906.

THE Beef Trust is forcing us to lead the Simple Life whether we want to or not.

PITTSBURG wants more money and less taxes, but these are things that don't mix in many municipalities.

THE Kansas Legislature has killed an "anti-smoking bill." We don't know what that is, but think it was quite a safe thing to kill.

AN Oklahoma girl fainted upon being kissed. She should come East and get insured to it. It really isn't so bad when you know how.

WE don't see how Mr. Carnegie can refuse a hero's medal to Mr. Johann Hoeh who has gotten along so well with more than twenty wives.

THE Democrats in Congress are still trying as hard as ever to find an issue. The latest is that they are endeavoring to make one out of Gen. Miles.

THOSE scientists who have been sitting up at night to tell that there was radium in the sun, are no friends of ours unless they tell us how to get it out.

THOSE Iowa students who have acquitted Othello of the murder of his beautiful Desdemona should look into the case of Mr. Shylock and report at once, as the public may be mistaken in him also.

A FEW days ago, Senator Dolliver of Iowa made a notable speech on the Trusts and the Democrats put forward Joe Bailey of Texas to answer him. Senator Bailey, however, has requested "something easier."

THOSE conversant with the German language can appreciate the meanness of the following, taken from the Meadville Tribune-Republican: "The latest Chicago bigamist can at least be convicted of indulging in a continuous Hoch-zeit."

THE Democrats in the House at Washington have again refused unanimous support to the leadership of John Sharp Williams. There doesn't appear to be much concern whether Williams resigns the leadership or the leadership resigns him.

IN Germany it is being contended that poker is not a game of chance, and in Missouri it is now asserted that horse racing is not a game of chance. Everywhere neither poker or horse racing is a game of chance to people who haven't a chance to win.

MR. BRYAN's paper remarks that "Speaker Cannon is talking very much like a man convinced that he can sit in the speaker's chair and do a lot of White House thinking." As the probable Democratic nominee in 1908, is Mr. Bryan prudently intimating that Uncle Joe is not his choice for an antagonist?

THE more people learn about President Roosevelt, the better they are convinced that he is very much in earnest in everything that he does; that he means to be President in all that the term implies, and that when he talks he means every word that he says. Politicians do not take kindly to that sort of an executive, but the people will be with him unanimously.—[Blizzard.]

THE records of the Washington courts show that the number of men arrested last year for whipping their wives was larger than ever before. That shows the need of such punishment as that provided in Representative Adams' bill. Mr. Adams was right in saying that wife beaters are sent to jail at the expense of the taxpayers without their having any effect on their cowardly and brutal conduct.

NO CHILD under 14 years of age should be permitted to work in a factory, and it is a source of gratification that there is a fair prospect that such a law will be passed by the Legislature. State Factory Inspector Delaney says that Pennsylvania is the only state north of the Mason and Dixon line that does not have the 14-year limit. The sooner the state is rid of that shameful exception in its behalf the better.

A LEGISLATIVE apportionment bill increasing the representation to the house of representatives from two hundred and four to two hundred and seven has been introduced in the House at Harrisburg by Mr. McWhinney of Allegheny. The bill gives Allegheny county eight additional representatives; Philadelphia, Luzerne and Lackawanna two each, and Blair, Cambria, Clearfield, Fayette, Jefferson, Northumberland and Westmoreland counties one each. The counties of Adams, Bedford, Bradford, Bucks, Centre, Chester, Clarion, Columbia, Crawford, Huntingdon, Indiana, Lancaster, Lycoming, Mercer, Montgomery, Schuylkill, Susquehanna and Wayne each lose one representative. Whether the bill passes or not depends upon whether the counties adversely affected are strong enough to prevent it.

THE work of substituting electricity for steam is progressing with such immense strides that another decade may relegate the steam locomotive to the company of the stage coach and canal packet. In comparing notes on the latest changes in motive power the Wall Street Journal says: The nineteenth century was the age of steam, the twentieth century is to be emphatically the age of electricity. No one can safely predict the limits to which electrical development will proceed, but it is safe to say that at the end of this century, conditions of life upon the globe will be wonderfully changed from those which now exist, by reason of the ability of men to control this mysterious, but wonderful force to their advantage. We are now actually engaged in transmitting speech without wires, and are dreaming of the transmission of power without wires. We are truly living in a time of wonders.

Eagle Rock.

The woodchuck saw his shadow. Six weeks more of good hard winter. We will appreciate the "good old summer time."

Last Thursday while cutting ice on the river, John Greek had the misfortune to fall into the water. The water being deep and the current rapid the man was unable to swim and he was swept to the lower edge of the hole, and was about to go under the ice when he was caught by Frank McFarlane, and others assisting they got the man out. The weather being very cold he was taken with a chill and went to bed feeling badly. In the evening he got up for supper, thinking he was better, and starting down stairs lost his balance and fell. When picked up he was found to be severely hurt. A physician was summoned and when the unfortunate victim was examined it was found that three ribs were broken, his skull fractured, besides several other bruises, and at this writing he is in a critical condition, but improving slowly.

Al. Coltz and Chester Johnson made a business trip to Titusville last week.

Miss Susie Hall was visiting friends a few days last week at Centreville.

Mr. Stevens made a business trip to Oil City Thursday.

Several of our young folks, and some that are not so young, attended the dance at President last Friday evening.

News has been received here that Lory Thompson, who went to his home with a felon on his finger, of which note was made in these items last week, has developed blood poison and his finger will have to be amputated.

G. L. Ball and M. A. Cunningham were business visitors to Oil City Monday.

Frank Zuck of Oil City was a caller in town Saturday.

James Spark, who has been working in the lumber woods of W. Va., is the guest of his folks this week.

The Eagle Rock man who traded his wife for a fiddle says he knew his needs better than his critics. He says there is a time in the life of every man when he hungers for a change from one kind of music to another. He says he was tired of vocal music and wanted to try instrumental awhile. Now, can you blame him?

Mr. and Mrs. Earl Norton of Hickory were guests of Mr. and Mrs. John F. Henderson over Sunday.

Andrew Swanson of Tidouste was the guest of Mr. and Mrs. James Vincent last Thursday.

An oil rig is being erected on the Stevens farm. The company is known as J. F. Henderson & Co. This location will be their No. 1. We are in hopes a nice gasser will be found. It's such a job to cut wood.

Mr. and Mrs. J. F. Vincent, were visiting friends and relatives at Tidouste Saturday and Sunday.

WHISTLING RUFS.

A Righteous Protest.

A correspondent at Lickingville, writing to the Clarion Democrat, offers the following righteous protest against the dissemination of unfounded reports about that community in general and the case in point in particular: "We have been reading what has been reported in the papers concerning the recent tragedy which took place a mile west of here and feel that justice to our own community demands some corrections. In the first place the people connected with this awful affair were not natives of this part of the country at all, having lived but a few weeks on the Kagle farm, few people around here knowing of their existence. We make no pretensions to perfection, neither do we claim that nothing unrighteous is ever done. We have the same evils to contend with that are found elsewhere and that ought not to be, but we have law-abiding citizens in and around Lickingville, God-fearing people who would not willingly or intentionally injure anyone. In one report we read that the murdered boy was buried on Sunday morning, in the clothes he wore when murdered. The truth is he was buried on Monday afternoon, had a decent, inexpensive coffin, clean, new, respectable burial clothes prepared by plying neighbors. He was buried in the cemetery at Washington church. The funeral sermon was preached by Rev. L. L. Haviland, to a fair congregation from the words "Thou shalt not kill." We are not altogether heathen and do not bury people like dogs, and we decidedly protest against all the meanness and vice for miles around being centered and heaped upon Lickingville. We are getting tired of all the unkind, uncharitable and unjust things said about us which we are compelled to hear repeatedly. We have no desire to retaliate but would gently remind our accusers of the story of people who live in glass houses."

STATE OF OHIO CITY, OF TOLEDO, ss.

LUCAS COUNTY.

Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

FRANK J. CENEY, Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1896.

A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

Startling But True. People the world over were horrified on learning of the burning of the Chicago theatre in which nearly six hundred people lost their lives, yet more than five times this number or over 3,000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have ward off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." W. D. Wilcox, Logan, N. Y. Sold by Dr. J. C. Dunn.

TO PLEASE THE WOMEN. The Pittsburg Dispatch has added a New Section to Its Wonderful Sunday Edition. The Pittsburg Dispatch has beyond all doubt solved the problem of pleasing the women. Commencing Sunday, February 5, The Dispatch will increase the size of the paper by adding an entirely new six-page 12-column section which will be a delight to the hundreds of thousands of women who read that paper and which, if possible, will make it more popular than ever. It is by far the most pretentious woman's section ever incorporated into a Sunday newspaper. Expense has been a secondary consideration with The Dispatch, its one purpose being to furnish something that will be just what women like. The Dispatch has succeeded in doing this and the large increase in its circulation which is bound to result from the new section will evidence its success. Those who secure a copy of next Sunday's edition can judge for themselves, for it is not possible to give a faint idea of the delightful entertaining features which will make up The Dispatch's New Woman's section.

February clearance sale at Hopkins'. Sick Headache. This distressing ailment results from a disordered condition of the stomach. All that is needed to effect a cure is a dose or two of Chamberlain's Stomach and Liver Tablets. In fact, the attack may be ward off, or greatly lessened in severity by taking a dose of these tablets as soon as the first symptom of an attack appears. Sold by Dr. J. C. Dunn.

PROCLAMATION.

WHEREAS, The Hon. W. M. Lindsey, President Judge of the Court of Common Pleas and Quarter Sessions in and for the county of Forest, has issued his precept for holding a Court of Common Pleas, Quarter Sessions of the Peace, Orphans' Court, Over and Terminus and General Jail Delivery, at Tionesta, for the County of Forest, to commence on the Fourth Monday of February, being the 27th day of February, 1906. Notice is therefore given to the Governor, Justices of the Peace and Constables of said county, that they be then and there in their proper persons at ten o'clock A. M., of said date with their records, inquisitions, examination, and other remembrances, to do those things which to their office appertain to be done, and to those who are bound in recognizance to prosecute against the prisoners that are or shall be in the jail of Forest County, that they may be then and there to prosecute against them as shall be just. Given under my hand and seal this 30th day of January, A. D. 1906.

TRIAL LIST. List of causes set down for trial in the Court of Common Pleas of Forest County, Pennsylvania, commencing on the Fourth Monday of February, 1906:
