Birmingham, Ala., Feb. 21 .-- Meagre reports reached here of a terrible disaster in the Virginia mines which are located about 18 miles from Birmingham. One hundred and five men are entombed in the mine and it is believed that all are dead. Relief trains carrying physicians and laborers have been sent to the 'scene of the disaster from both Birmingham and Bessemer. From reports at 10 o'clock it was stated that every effort was making

to reach the men, but that they cannot possibly succeed before this forenoon. The mines belong to the Alabama

Steel and Wire company and are leased by Reid & Co. Both white and colored miners are employed and only recently union miners went to work. The mines are considered models of their kind.

The slopes are well located and there never has been any trouble from gas heretofore. It is stated that the accident was caused by a cave-in, due to the giving way of the timbers.

TRIBUTE TO SENATOR QUAY.

Incident Related of His Unswerving Loyalty to His Friends.

Summary of the Week's News Washington, Feb. 20. - Sitting in special session, the house of representatives Sunday conducted memorial services in tribute to the memory of the late Senator Quay of Pennsylvania. Five members from Pennsylvania and Grosvenor from Ohio and Gulden of New York eulogized Mr. Quay's life and character.

The remarks were particularly expressive of the esteem in which he was held and extolled him as a man, as a useful public servant and an organizer of wonderful ability, Mr. Grosvenor repeated the details of a meeting held in Washington in 1896 when the friends of Mr. McKinley, among them Senator Hanna, were not confident of his nomination and in which emergency, he said, they turned to Senator Quay to take command on account of his powers as an organi-

Mr. Quay, he said, declined because he had already committed himself "to the movements of another centleman not a candidate for the presidency." and because he could not, without disappointment to that gentleman, refuse to carry out what he had promised to do. friends, after once making them a promise

After the adoption of appropriate resolutions the house at 1:40 p. m., as a mark of further respect, adjourned until 12 o'clock today.

Therefore no positive decision has yet been reached upon the main points, but their number and circumstances seem to indicate a definite inclination of the majority of the commission toward partially justifying or excusing Admiral Rojestvensky's action. It is generally believed in well informed quarters that Vice Admiral Doubassoff (Russian), Admiral Fournier (France), president of the commission, and Admiral Von Spaun incline to the foregoing view, while Rear Admiral Sir Lewis A.
