NEW
Wool Dress Goods.

All that's Novel or Exclusive Here in Matchless Array.

In the front rank of new spring fabrics are the Wool Eolines, Voiles and Crepe de Chine, and not far behind come the Melroses, Nun's Veilings and Eglantine Crepes. From present indications it is altogether likely that Mohair Weaves, which last year scored such a hit, are booked for another run. Henriettas, too, those old-time favorites, will again be heard from. Of these and all the other fashionable fabrics our spring assortments are rapidly approaching completion. But as many of the extreme novelties cannot be duplicated, an early inspection is advisable.

An Item of Especial Interest from the Underprice Dress Goods Section.

Can we interest you in a new line of Mohair Brilliantines to be introduced at 50c, 75c, 85c and \$1 yard? They are here in plain colors, in fine stripes, in neat figurings, in checks and plaids. This Mohair year should receive a royal welcome. Mohairs in the light weights are very cool fabrics. Splendid dust shadders and with hardly an exception very serviceable.

FIL DE SOIE FOR 15c YARD.

Just stand back a bit and get the effect of these Mercerized Cotton Fabrics that makers have given a name that suggests their kinship to Silk. Foulards you would say without hesitation. They are very close copies in weaving and perfect pictures of the popular Silks. There are perhaps 50 pieces of this Fil de Soie on Wash Goods counter, a fabric which you have not bought before for less than 25c, for 15c yard. Patterns include dotted effects of every description, in browns, blues and other desirable colorings. See window display.

Women's Right Apparel for March Weather.

For every mild and lamb-like day of March and later a Covert Jacket is the thing. Our new spring lines include hip-lengths. Top Cost three quarters tight and loose back, and the newest of all the "Hach de Kaiser" Coat, one of the prettiest models ever introduced. In all 25 different new models at \$3.50, \$4, \$5, \$6, \$8, \$10, \$12, \$15, \$18, \$20 and \$25.

Rain Coats that give protection against the lion-like days of early March may be had in many new materials, in styles of cut and finish. Splendid new varieties at \$7, \$8.50, \$10, \$12, \$15, \$18, \$20, \$25.

SKIRT SPECIAL.

Don't fail to see the greatest Skirt ever made to sell for the price. Our double box box pleated Skirt, the entire Skirt pleated very full and wide at bottom. Made in Mohairs and Panamalmaterials, black, blue, brown, white and tan, at \$5.85.

Prison Productions.

John Bunyan wrote "Pilgrim's Progress" during one of his terms in prison, which altogether lasted twelve years. The brilliant Frenchman, Mirabeau, during his three years' imprisonment at Vincennes wrote many pamphlets and his "Lettres de Cachet et Prisons d'Etat." Luther while in the solitary castle of Wartburg wrote that noble hymn, "Eine Feste Burg ist unser Gott." During his thirteen years' confinement in the Tower of London Sir Walter Raleigh wrote a history of the world from the creation to 150 B. C. Daniel Defoe, who was imprisoned for two years for the publication of an ironical pamphlet entitled "The Shortest Way with Dissenters," produced during his imprisonment several of the 210 works he is said to have written. The poet Lovelace wrote "Lucasta" while a political prisoner, and the Roman philosopher Boethius wrote in prison a work singularly appropriate to his situation, "On the Consolation of Philosophy."

A Poor Show.

An American was describing to an English sportsman the west of the part. "Our old time western miner," he said, "had an ingenuous and simple mind. There was a miner in Montana who rode into Anaconda one day to see an entertainment which had been announced. This entertainment was a play, but the miner had never seen a play—a panorama was the only sort of entertainment with which he had ever been regaled. "Long before the hour to begin he bought his seat and entered the hall. He sat there in solitude for about twenty minutes. He gazed at the curtain intently. It was a poor curtain, nothing but a gray, pyramidal mountain painted on a dark blue background. When the miner had looked his fill at it he rose and departed for his distant home. "A pretty rotten panorama," he was heard to mutter as he mounted his horse."

ALBERT W. HAIGHT.

Albert W. Haight died Tuesday, March 7, 1904, at the home of his son, Capt. J. J. Haight, of the Cooper Tract, this county. His death was the result of a shock attending a fall in which a hip bone was fractured. Mr. Haight was born at St. Andrews, Canada, March 6, 1805, and had therefore just completed his 97th year. He was the oldest man in Forest county and probably in northwestern Pennsylvania. His father, Joshua Haight, came to this country from England with his parents when but a small boy; and his mother, Dorothy Capron, was a native of Vermont. Her father being a soldier in the revolution. After the marriage of Joshua Haight he moved to Montreal, Canada, and in 1836, removed from there onto a tract of land near Hickory Corners, Crawford county, Pa. Here Albert W., then a young man, who had learned the carpenter trade, assisted his father in clearing the land which he afterwards owned. In 1837 Albert Haight was married to Isabella Corbetsen of Crawford county. Three children were born to the union, John J. of Cooper Tract, with whom the venerable father passed his declining years; Elizabeth, deceased, and Charles B., deceased. Mr. Haight was engaged for several years in the manufacture of threshing machines at Newark, O. From that city he moved to Tidoute and bought a tract of land. He here built a sawmill and manufactured lumber for several years. His first wife died in 1846, and in 1848 he was married to Nancy Connolly of Tidoute. They were the parents of four children—Mrs. J. C. Goal of North Clarendon; Mrs. Edwin P. Flowers and Mrs. Emma Scott of Detroit, Mich., and George C., residence unknown.

He sold his mill and removed to his farm in Crawford county. In 1852 his second wife died and a year afterward he was married to Mrs. Angelina Calhoun. Some years later he sold his farm and removed to Pleasantville, where he and his brother-in-law, William Porter, formed a partnership for the manufacture of stone pumps. He resided at Pleasantville until the death of his third wife in 1894, when he went to Cooper Tract to live with his son. Mr. Haight attributed his long lease of life to his temperate habits and an excellent physical constitution. His only periods of sickness were slight attacks of rheumatism and fever and ague. For forty-one years he was a member of the Methodist Episcopal church, and was very much interested in the sermons published in the "INDICATOR." Born on the eve of a presidential election—that of James Madison—he has lived to see the nation on the verge of the 23d presidential election since his birth. Only by comparison may one appreciate the great age to which Mr. Haight lived. He was born the year following Fulton's experimental steamship ride on the Hudson. He watched the growth of the anti-slavery sentiment, and more than a half century had gone by since his birth when the first gun was fired at Fort Sumpter. He has seen the progress of civilization in its westward course, driving before it the Red Man and the buffalo. His was a wondrously eventful life. Perhaps no other century of the world's history has been or will ever be fraught with more of importance mundanely than that of Mr. Haight. The burial took place in Oakland cemetery at Warren, Pa., on Thursday afternoon.

PATRICK APPEAL CASE.

Is on the Calendar For Today—Arguments Expected to Last Two Days.

Albany, March 14.—The calendar of the court of appeals today contains the famous Patrick murder case and when it is reached the court will settle down to hear arguments, expected to last at least two days. The defendant, Albert T. Patrick, was convicted of murder, first degree, in April, 1902, on the charge of having brought about the death of William Marsh Rice, a New York millionaire, for whom he was confidential attorney. The prosecution alleges that Patrick devised the scheme by which Rice's valet, Charles F. Jones, chloroformed his master on a sick-bed.

So far as the mass of testimony and the fame of the counsel are concerned the Patrick case is one of the most notable criminal actions ever before this court, rivaling the Mollineux case in point of interest. Patrick will be defended by former Senator David B. Hill and Samuel Bell Thomas, Assistant District Attorney Howard Gans, who is conducting the prosecution, has associated with him as counsel former Supreme Court Justice Judson S. Landon, who recently retired from the court of appeals bench on account of the age limitation.

The long delay in arguing Patrick's appeal was largely due to the immense amount of evidence collected, which with the counsel's briefs fills a pile of pamphlets five feet high.

The defense asks for a new trial on the ground of newly discovered evidence and errors in the trial. An effort will be made to show that Rice was not murdered at all, but died from natural causes.

"Hurry-Up" Rites For Veteran.

Rockport, Ind., March 14.—To the inspiring strains of a brass band the mourners at the funeral of Captain W. H. Sargent Sunday marched to the grave. On the double-deck they marched back again keeping time to an old-time war march. The "hurry-up" funeral procession was carried out in accordance with the last request of Captain Sargent, who was a civil war veteran. He died Thursday in Fordsville, Ky.

Atkins Trial at Geneva.

Rochester, March 14.—The trial of Burd Ray Atkins of Geneva, Ohio, charged with murder in the first degree, was begun at Batavia, Justice Childs presiding. Atkins was a member of a traveling theatrical company and is charged with killing Edward East Buffalo Live Stock Market.

FOR BEAUTIFUL WOMEN

THOMPSON'S BAROSMA.
The most attractive of all God's creatures is a beautiful woman. A pleasure to herself, a delight to everyone who comes near her. How to preserve womanly beauty? Maintain perfect health—easy to say, difficult to execute, unless you are familiar with that great boon to woman—Thompson's Barosma. This medicine, regulator, alterative, tonic, is designed to maintain in perfect order the functions peculiar to the female sex. It is a preparation given to the women of America after a lifetime of experience with their distinctive ailments—the enervation of active social life, the drain on vitality of busy housewifery, the delicate and dangerous physical transitions of mid-childhood, the inevitable wasting processes of mature age. Thompson's Barosma will invigorate all organs—it never fails. Not in a single instance in which it has been taken according to directions has the patient failed to derive immediate manifest benefit and eventually radical cure. The most successful specialists for women in the world prescribe it. It gives women a bearing, a bright, sparkling spirit, because it drives out of the system the many disorders peculiar to women—drives them out permanently and quickly. Thousands of women in every country and clime have testified to its marvelous benefits in the many delicate ailments to which the sex is heir. It preserves and produces beauty, because it makes perfect health. It is pleasant to the taste, without the slightest disturbing effect in its operation. Remember, Thompson's Barosma, the balm of beautiful womanhood. All druggists, 50c and \$1.00.

A VETERAN'S STORY.

How Col. Stone, of Catskill, N. Y., Was Cured of Bladder Trouble.
Col. Benj. B. G. Stone is one of the best known veterans of the Civil War. He writes: "I am 74 years old, but Dr. Kennedy's Cal-cura Solvent cured me of a bad case of bladder trouble of twenty years standing. Deposits accumulated, I suffered acute pains and I was in a bad condition. I finally used Cal-cura Solvent and after a few days great relief came to my bladder, and gradually but surely my trouble was removed. I am now in first class condition." All druggists, \$1.

Why
CANDEE
RUBBERS
Are the Best.

The Candee Rubber Co., founded in 1842, is the oldest company making rubber boots and shoes in the world. That's RELIABILITY. Its workmen have been making rubbers all their lives. That's EXPERIENCE. It makes 5,000,000 pairs of rubber boots and shoes a year. Big production means ECONOMY.

SO WHY BUY OTHERS WHEN YOU CAN GET CANDEES?
