#### Opening the Spring Season of 1905 with Choice Displays. - -

We have, beyond all question, the most complete Dress Goods store in Venango county.

In providing for our customers we exercise the strictest censorship. Nothing but what is best and most desirable ever reaches our counters, and so in opening the new season with stocks of Dress Goods splendidly representative in every way, we feel new reason for congratulation.

Prices are more than usually tempting; that's another reason why you should come here.

#### "The Way to Wealth, if You Desire it, is as Plain as the Way to the Market."---Benjamin Franklin.

Watch your expenditures; know how much you spend, and for what you spend it. It's what you save that counts, and right here let us impress you with this store's great, great saving powers. Occupying the position we do, we have advantages for buying enjoyed by but a very few stores. As members of a buying syndicate whose combined annual purchases aggregate near two million dollars, we can go into the open market and obtain concessions very few stores know anything about. It will be our determined policy to sell just as we buy; where we save you money in buying, we'll always give the benefit to our trade. You may look for some surprising values this coming season.

Boston, March 28 -- Dr James L Barton, secretary of the American board of commissioners for missions, declared that the recently proposed gift of John D.
