Aged Ex-Senator Stewart Goes Back to Nevada to Regain His Lost Fortune

Washington, April 4 .- A pathètic fi lustration of the ups and downs of polftles and wealth is found in the removal of ex-Senator William M. Stewart to Tonnpah, Nev., where he goes to establish a law office and keep an eye on mineral developments. He will start in bright and chipper to build up a new fortune for himself.

Ex-Senator Stewart is 78 years old, but seems to be hale and hearty, despite his patriarchal appearance. He went to California when gold was discovered, and began work with a pick and shovel. He accumulated a fortune and was always regarded as a milfionaire until recently. His property dwindled away until now it is necessary for him to resume the practice of law. He hopes to profit by new gold

or silver discoveries, and will do some prospecting. Mr. Stewart served 30 years in the

United States senate, and was among those envied as affluent members of the millionaires' club. He refused a re-election, and his last term expired March 3.

Fight Against Extradition.

Cincinnati, April 4 -- That the contest by J. Morgan Smith and wife, relatives of Nan Patterson, against ex tradition and the fight against the New York detectives will go hand iu hand, was indicated by the proceedings in court yesterday. Attorney Shay for the defense asked for time to prepare an answer. The court granted till Wednesday when the habcas corpus proceedings will be disposed of. Mr. Shay afterwards wos asked what he intended to do about the Smiths' letters that were taken by detectives and sent to New York. Ha replied that action would be taken against these officers.

Takahira Galls on Taft.

Washington, April 4 .- Mr. Takahira, the Japanese minister, was at the war department and had a long talk with Secretary Taft, who is the head of the government in the absence of the president. Mr. Takahira talked of the possibilities of peace and of the general situation in the Far East, but he had no proposals to make and as far as he made it known the object of his visit appears to have been to get in touch with the secretary in his new capacity. Mr. Takahira learned from Mr. Taft that there was no change in this government's attitude.

Equally important news is that a column of Japanese is moving against Kirin, perhaps with the intention of turning the position eastward and striking at the Viadivostok line of communication with the double purnose of isolating the fortress and separating General Linevitch's army from a valuable base of supplies, the Ussuri district.

enter upon their duties at once. Reorganization Plans.

After their induction into office and their consultation with Secretary Taft the commissioners talked over the reorganization plans. . Under the president's order the actual headquar ters of the commission will by in Panama and probably there will be a considerable transfer of employes from

Washington to that place. Chairman Shonts, with Governor Magoon and Engineer Wallace, will spend most of his time in the zone but as the administrative offices are directly in Mr. Shonts' charge he will be in Washington more or less. The purchasing agent of the contmission probably will establish himself in New York.

Rear Admiral Endicott and Colone Ernst at present are charged with im portant duties in connection with the navy and army. The admiral is chief of the naval bureau of yards and docks and Colonel Ernst is not only in charge of important river and harbor work in the neighborhood of Chicago but is president of the Mississippi river com mission and a member of the interna tional deep water way commission which is to meet during the summer at Toronto. Their continuous pres ence on the 1sthmus 1s not necessary and it probably will be quite sufficient if they are there only long enough to attend the regular quarterly meetings

at Panama. Colonel Ernst will be relieved of the river and harbor work in the Chicago division by Lieutenant Colonel W. H Bixby and come here at once. Colonel Ernst will continue to act as presi dent of the Mississippi river comn u sion and member of the international deep water way commission

Governor Magoon will reside perm anently on the isthmus and has resigned his present position as law officer of the bureau of insular affairs and of the commission.
