JAPS WANT INDEMNITY.

Indications That Russian Proposals Will Be Rejected.

Early Opening of Navigation-Morgan Smith and Wife Caught-Mrs. Stanford's Will - Emperor William at Tangier-Sports Prohibited on Memorial Day-President's Southern Trip.

M. Takahashi (Japanese special financial commissioner at London), in an interview said:

"The war cost between \$250,000,000 and \$200,000,000 the first year and it is Estimated that it will cost \$350,000,000 during the present year. It would be unprecedented in the history of great wars that no indemnity and no territory be given up by the vanquished. While it is beyond my province to dissuss terms of peace, I can express my personal opinion. As the war was forced upon Japan it is not likely that she will waive the right to an indemnity and ceasion of territory when concluding peace. What indemnity will be demanded I cannot say, but it is my private opinion that it will at least cover the expense of the war.

"If Russia assumes that a continuance of the war will deplete our finances before hers it will be another mistake of judgment on her part. We can maintain a sufficient army in Manchuria to keep out the Russians indefinitely, but this will necessitate Japan remaining in Manchuria and administering the province on a war footing, which we do not desire.

"Manchuria is fertile and productive and an army can be maintained there more economically than in the case of the opposing force in Siberia. If Russia is prepared for the test of a war of finances we are willing. The longer the war lasts the more certain it will be that it will not be resumed."

Bold Japanese Move. Gunshu Pass, 108 miles north of

Tie Pass, April 3.—The situation here is unchanged. General Mistchenko has moved forward into close touch with the Japanese and keeps up constant skirmishing. Elsewhere everything is quiet, Native reports, which may be taken

for what they are worth, state that the Japanese are leaving before the Russian front only a screen capable with the help of the Mukden and Tie pass fortifications and parrisons of holding in check General Linevitch. and are transferring the bulk of their five armies to Vladivostok and by means of a wide movement through

Considering the great distances involved, the plan appears too bold and almost impracticable; but Japanese intoxication from continued success, bold initiative and determined perseverance must be regarded. The situation affords an opportunity for Russian cavalry, which thus far has played an insignificant role to distinguish itself by penetrating the Japanese in-

tentions. Opposing Armies Again Approach. Another duel between the two opposing armies in Manchuria may be on the program this week. The Russians according to a Harbin correspondent, are now strongly fortifying their po-

sitions at Sipinghai, against which the

Japanese are reported to be gathering

Equally important news is that a column of Japanese is moving against Kirin, perhaps with the intention of turning the position eastward and striking at the Vladivostok line of communication with the double purpose of isolating the fortress and separating General Linevitch's army from

Russia Outlines Conditions. Russia has outlined the conditions under which she is prepared to nego-

a valuable base of supplies, the Us-

tinte peace, It was stated with every sembland of authority, that, thanks to the good. offices of the United States France, the question of peace had as-

sumed practical shape. Serious Conflict In Warsaw.

A serious conflict occurred Sunday night in Dzika street, Warsaw, where a Jewish Socialist society known as the Bund had organized a demonstration. The troops which came to disperse the gathering fired into the crowd, killing four persons and wounding 40 others

NEW CANAL COMMISSION

Benjamin M. Harrod Only Old Member Reappointed.

Secretary Taft Made Public the Per sonnel of New Commission and Dis tribution of Dutles Among Them President's Idea of Only Three Mem bers Partially Carried Out.

Washington, Auril 4.-The president has carried out his plans for the re organization of the Isthmian canal commission as to personnel and busi ness methods, generally on the lines of the legislation he suggested to con gress at the last session, which failed in the crush of business in the closing hours.

Yesterday, within half an hour after the president's departure from Wash ington, Secretary Taft, directly in charge of canal matters, made public the personnel of the new commission and the division of duties among them Only one member of the old commis sion, Benjamin M. Harrod, was reap pointed

Finding he was obliged legally to ap point seven commissioners, the presi dent did so, but he carried out his plan by making three of them prac tically the commission. The other four, though bearing the title of com missioners not only receive a lower compensation but are assigned much smaller fields of activity.

Each Has a Special Field.

The president also has carried out his scheme of dividing up the work of canal building among the commis sioners, so that nominally acting as a body on stated occasions, each Indi vidual member would operate in a special field.

The head of the commission is a trained railway man chosen for his ad ministrative ability in the financial and purchasing field; the new governer of the zone is a lawyer who also has had to do with state affairs; the engineer commissioner already is known for his abilities in the execution of the practical work of canal cutting.

The other members of the commis sion are placed to comply with the law as to the number of the comulssion, but are men of high ability as hydraulic engineers. Secretary Taft told them that they were expected to show results and that is said to be the key note for the president's ac tion.

The personnel of the commission is as follows:

Charles E. Magoon, governor of canal zone; John F. Wallace, chief engineer; Rear Admiral M. T. Endicott, U. S. N.; Brigadier General Peter C. Hains U. S. A., retired; Colonel Oswald M Ernst, corps of enginers, U. S. A., and Benjamin M. Harrod.

The commissions of Messrs, Shonts Magoon, Endicott, Hains and Harrod were delivered to them yesterday and they took the oath of office as Isth mian canal commissioners. They im mediately called upon Secretary of War Taft and it is expected they will enter upon their duties at once.

and their consultation with Secretary

Taft the commissioners talked over the reorganization plans. Under the president's order the actual headquar ters of the commission will by in Panama and probably there will be a con siderable transfer of employes from Washington to that place,

Chairman Shonts, with Governo Magoon and Engineer Wallace, will spend most of his time in the zone but as the administrative offices are directly in Mr. Shonts' charge he will be in Washington more or less. The purchasing agent of the convaission probably will establish himself in New

Rear Admiral Endleott and Colonel Ernst at present are charged with important duties in connection with the navy and army. The admiral is chief of the naval bureau of yards and docks and Colonel Ernst is not only in charge of important river and harbor work in the neighborhood of Chicago but is president of the Mississippi river commission and a member of the international deep water way commission which is to meet during the summer at Toronto. Their continuous pres ence on the isthmus is not necessary and it probably will be quite sufficient if they are there only long enough to attend the regular quarterly meetings at Panama.

Colonel Ernst will be relieved of the river and harbor work in the Chicago division by Lieutenant Colonel W. H Bixby and come here at once. Colonel Ernst will continue to act as president of the Mississippi river commusion and member of the international deep water way commission

Governor Magoon will reside permanently on the isthmus and has resigned his present position as law officer of the bureau of insular affairs and of the commission.

Proposed Road Abandoned.

Albany, April 4. - Chief Engineer McMartin of the Deleware and Hudson railroad said that the branch line which the road jutended to build from State Line in Massachusets to Mechanleville, a distance of 56 miles, to connect the Delaware and Hudson with the New York, New Haven and Hartford railroad has been abandoned It was found that it would be too expensive to build the line on account of the hilly country it would have to

REVENUE BILLS PASSED

Senate Adopted Stock Transfer Tax and Mortgage Tax Bills.

Albany, April 4.-The senate last night passed by party vote, ayes 33, noes 14, the two administration reveaue measures adopted by the Repub lican party caucuses in both houses One is the so-called stock transfer tax bill, prescribing a stamp tax of 2 cents per \$100 or \$2 per 100 shares on the sale or transfer of stock securities; the other provides an annual five-mill state tax in lieu of all other taxes on all mortgages recorded after July 1 next, one-half of the proceeds to go to the state, one-half to the local

There was a two-hours debate on the stock transfer bill, which was opposed solidly by the Democrats, led by Senators Grady and McCarren. The alx senators from Greater New York-Cooper, Drescher, Elsberg, Gardner Page and Saxe and Senator Hinman of Binghamton, all signified their opposition to the bill, but voted for it, though under emphatic protest, be cause bound by caucus action, The mortgage tax bill was passed

with little debate. Senators Cassidy and Tully strove to amend it so as to exempt mortgages held by building and loan associations but they were the only Republicans who voted with the Democrats for the amendment,

The passage of the bills was in the nature of a surprise, although Senator Raines said last week that he would bring them up "Monday or Tuesday"; it had been generally believed the bills would pass the senate today.

Senator Grady declared that the whole indirect taxation scheme was evolved to blind the farmers to the ex travagance of the state administration and with Senator McCarren bitterly arraigned the whole system.

Senator White declared that the Democrats always lined up solidly against the down-trodden and for the money corporation interests of the state. He recalled that the second day after the senate Republicans caucused in favor of the measure the record price was paid for a New York stock exchange seat.

"In deference to the sentiment that has arisen in my community," said Senator Elsberg of New York city, "I cannot join my Republican colleagues in voting for this bill without recording my regret. This might well be called a bill to drive the Republican party out of New York city and I want to tell my friends that they are making it impossible to elect a Republican

He declared that all six Republican senators from New York city voted for the bill under protest. Senator Hinman of Bir

the second Republican to voice a pro-

test. He said, however, that he was willing to see New York city taxed to help the rural communities pay for the \$101,000,000 canal folsted upon Senators Page and Saxe of New York city expressed views like those

of Senator Elsberg declaring that they voted for the bill only because bound by caucus action.

Senator Saxe declared that in so voting they were committing political

Senator Marks offered an amendment taxing all telephones \$3 and gas and electric light meters 50 cents a year, explaining that its main purpose was to distribute the indirect tax more evenly over the whole state. Senator Marks' amendment was lost

and the bill passed by a vote of 33 The mortgage tax bill was then tak en up. Senator Cassidy presented an amendment exempting mortgages held by building and loan associations which was supported by the Democrats and by Senators Tully and Cassidy both Republicans. The amendment was defeated and the bill passed by a party vote-33 to 14.

Cleveland, April 4 .- James H. Huff, colored, who was shot by William Hill, on a street car Sunday night, died yesterday. Hill alleged that Huff and his companion, Ralph H. Lewis, both colored, had made insulting remarks about Mrs. Hill, and as a result shot them. Lewis died almost instantly while Huff lived only a few hours. Hill is in jail.

Prince Kills Assassin.

Belgrade, Servia, April 4.-Prince George, heir apparent, has been in trouble with a rifle. Various versions of the affair are given, the most sensational of which is that an attempt was nade to assassinate the crown prince while he was hunting. The prince, according to this story, shot the assail-

Mine Owners Grant Demands.

Aged Ex-Senator Stewart Goes Baok to

MUST BEGIN ALL OVER.

Nevada to Regain His Lost Fortune Washington, April 4 .- A pathètic fi lustration of the ups and downs of polttics and wealth is found in the removal of ex-Senator William M. Stewart to Tonapah, Nev., where he goes to establish a law office and keep an eye on mineral developments. He will start in bright and chipper to

build up a new fortune for himself. Ex-Senator Stewart is 78 years old. but seems to be hale and hearty, despite his patriarchal appearance. He went to California when gold was discovered, and began work with a pick and shovel. He accumulated a fortune and was always regarded as a milfionaire until recently. His property dwindled away until now it is necessary for him to resume the practice of law. He hopes to profit by new gold or silver discoveries, and will do some

prospecting. Mr. Stewart served 30 years in the United States senate, and was among those envied as affluent members of the millionaires' club. He refused a re-election, and his last term expired March 3.

Fight Against Extradition,

Cincinnati, April 4.—That the con test by J. Morgan Smith and wife, relatives of Nan Patterson, against ex tradition and the fight against the New York detectives will go hand in hand, was indicated by the proceedings in court yesterday. Attorney Shay for the defense asked for time to prepare an answer. The court granted till Wednesday when the habeas corpus proceedings will be disposed of. Mr. Shay afterwards was asked what he intended to do about the Smiths' letters that were taken by detectives and sent to New York. He replied that action would be taken against these officers.

Takahira Calls on Taft.

Washington, April 4 .- Mr. Takahira, the Japanese minister, was at the war department and had a long talk with Secretary Taft, who is the head of the government in the absence of the president. Mr. Takahira talked of the possibilities of peace and of the general situation in the Far East, but he had no proposals to make and as far as he made it known the object of his visit appears to have been to get in touch with the secretary in his new capacity. Mr. Takahira learned from Mr. Taft that there was no change in this government's attitude.

1,040 Irish Immigrants.

New York, April 4 - Among the sturdiest and brightest of the 1,986 eerage nassengers who arrived aboard the White Star liner were 1,040 Irish immigrants. Many rosy cheeked and sparkling eyed girls were in the lot and hundreds of Irish-Americans thronged the street in front of the barge office to see the newcomers land and to greet them. It is said at Ellis island that the Celtic's shipment marks the beginning of an exodus from Ireland this spring that will beat all records of recent

years in Irish immigrants.
