Senator O. H. Platt Dead. **RUSS FLEET EXPELLED.**

France Ordered Its Removal From Kamranh Bay.

Death of Joseph Jefferson and Senator O. H. Platt-Unprecedented Steerage Arrivals - From President's Hunting Camp-14 Deaths In Conwent Fire-Revenue Bill Signed.

The French government has been officially informed that Rojestvensky's squadron left Kamranh bay Saturday. The announcement concerning M. Delcasse's intention to resign the ministry of foreign affairs was but one of the many incidents in a day of much anxiety throughout government circles. Following close on the heels of the complications with Germany over Morocco the Franco-Japanese incident suddenly assumed serious proportions and unusual energy Was shown in preventing its embroiling France in complications in the Far

In order to secure definite co-opera tion between three departments of the covernment, namely, naval, colonial and foreign, a conference was held between leading representatives of each department. This brought about a clear understanding regarding the measures necessary for the maintenance of the neutrality of Indo-Chinese waters, and orders were sent to Governor General Beau to specifically report the exact location of the Russian

squadron and whother it had withdrawn from French waters. Communication with St. Petersburg led to orders being transmitted by the Russian government to Vice Admiral Rojestvensky to rigorously respect the

neutrality of French waters Reported Firing Outside Kamranh Bay Beyond the report that from Kamranh baythe Russian squadron proceeded northward, there is no further news of any kind nor confirmation of

United States Senator Orville Hitchcock Platt of Connecticut died at his summer home in Washington, Coun., his native town, at 8:53 o'clock on Friday night from pneumonia. The end came almost unexpectedly, the immediate cause being the breaking of an abscess which had

produced strangulation. Senator Platt, who was born July 19, 1827, was first elected to the senate

in 1879 to succeed Senator W. H. Barnum, a Democrat. His last re-election was in 1903. Senator Platt's connection with the upper house was marked by tireless industry and devotion to the interests of his state and country.

Harriman Quits \$12 a Week Job.

After five months of effort to learn railroading from the ground up, starting as a clerk in the general auditing offices of the Union Pacific, young Herbert N. Harriman, cousin of the wealthy railroad magnate, and himself worth more than \$1,000,000, has returned to his home in Westbury, Long

Island. Before departing Mr. Harriman de clared he had accomplished his purpose, and enjoyed the novelty of working for his bread, but, he added, "no

more \$12 a week jobs for me." Mr. Harriman, who admits he was unable to carry out his original intention of living in Omaha entirely on his salary, will engage in some business of his own in New York.

Unprecedented Steerage Arrivals. Four steamers which arrived at New York Friday brought 9,675 steerage passengers, the largest number ever passed in quarantine in one

day. Never since Ellis island has been established as a clearing house for foreigners entering this country has the immigration bureau there been so crowded with new comers. It was impossible to handle the great throng in one day and at least 4,000 would-be citizens had 'to remain over night aboard the ships on which they arrived, as 6,000 is the limit of Ellis is land's clearing capacity. Up until that night 62,791 immigrants had been landed this month, compared with 42,-447 up to the same date in April last

year. From President's Hunting Camp. President Roosevelt's hunting party in camp 15+miles northwest of New

BIGELOW UNDER ARREST President of Milwaukee Bank

Charged With Embezzlement,

formed in the right lung and which | Had Been Connected With Bank For 15 Years and Was Last Year President of American Bankers' Association-Familiar Method of Concealing Shortage In Reserve Fund.

> Milwaukee, April 25. - Frank G. Blgelow, president of the First National bank of Milwaukee, was arrested charged with the embezzlement of over \$100,000 of the bank's funds. The arrest of Mr. Bigelow followed his confession to the board of directors of the bank that he was a defaulter to the extent of \$1,450,000.

Following Mr. Bigelow's confession he was removed from the presidency of the bank and the facts in the case were laid before the federal authori-

The complaint was sworn to by United States District Attorney H. K. Butterfield. It charges that Bigelow, as president of the First National bank, embezzled a sum exceeding \$100,-

A complaint and a warrant identical with those in Bigelow's case were made out to Henry G. Goll, assistant cashier of the bank, but Goll could not be-found.

President Bigelow was taken before United States Commissioner Bloodgood and ball was fixed at \$25,000. He was released to appear before the next federal grand jury.

Confessed to Directors.

President Bigelow's confession was made at a special meeting of the board of directors Saturday night. He met with the directors Sunday and all of that night. In addressing his fellow directors President Bigelow said he had a painful, statement to make, a confession that he had misdirected the funds of the bank and that an examination of his books and a comparison of figures would show that he was indebted to the bank for more than \$1,450,000.

This money, he said, had been lost in speculation in wheat and stocks. Not a dollar of it could be recovered and the only sum he could offer toward compensating the bank was personal securities valued at \$300,000.

Mr. Bigelow had been recognized as among the foremost financiers of the Northwest. He has been associated with the First National bank for more than 15 years. He was honored a men welcomed the chance to rest. year ago by election to the presidency of the American Bankers' association

FOUR MEN ASPHYXIATED.

Two Heroes Died Trying to Save Fellow Workmen.

Pittsburg, Pa., April 24 .- Four men were asphyxiated and two seriously overcome by gas Saturday at the Edgar Thomson blast furnaces in Braddock.

They were repairing a gas leak in a brick tunnel about 20 feet underground connecting two furnaces. The men perished in pairs, the second pair dying in trying to rescue the first.

Henry Meredith and Isaac Woomer went down first and when they did not come out Frank Kilgour went into the tunnel and was later followed by Fred Knox, but the small leak at which the men were working became larger and all four were asphyxiated.

Not hearing from the men, two others went down and they were also partly overcome, but managed to reach the opening in time to save their lives.

TO SELL STREET RAILWAY.

Work Will Be Resumed After Execution is Satisfied.

Somerset, Pa., April 24-Sheriff Audrew J. Coleman will sell the property of the Meyersdale and Salisbury Street Railway company May 12 to satisfy an execution for \$5,500 in favor of A. N. Slocum of Pittsburg. The franchise will be sold also.

The road was projected 18 months. ago by Pittsburg capitalists. Work had been started and rights of way secured, but several months ago was abandoned.

It is said the company will be reorganized after the sale and work will be resumed. The proposed railway was to connect Salisbury and Meyersdale, and when completed, it was proposed to extend the line to Johnstown.

Wanamaker's Engagement.

Philadelphia, April 24.-William H. Wanamaker, reputed millionaire, said he falled to see why there should be any public interest in his becoming engaged to a highly educated, but poor, young school teacher, whose age happened to be less than one-half of his. He confirmed the rumor of his engagement to Miss Mabel L. Walton, daughter of an employe of a woolen mill at North Adams, Mass. Miss Walton is an instructor in a fashionable school for girls. She has taken great interest in the work at the Central Congregational church, where Mr. Wanamaker is superintendent of the Sunday school. Rumor puts Mr. Wanamaker's age at 65; Miss Walton is little more than 20.

Russian Cruiser to Be Disarmed. Orders have been issued for the disarmament of the Russian cruiser Diana, which took refuge at Saigon French Cochin China, in August, 1904. She has undergone important repairs to essential portions of her machinery, which now will be handed over to the French authorities there,

Dispatches under date of Sept. 6 1904, stated that the French minister at Tokjo had informed the Japanese government that the Russlan cruiser Diana, which sought refuge at Salgon on August 20 after having taken part in the battle of Aug. 10 off Fort Arthur, would disarm. It appears that the disarmament of the Diana was not effective at the time previously indicated.

Death of Joseph Jefferson.

Joseph Jefferson died on Sunday night at West Palm Beach, Fla., after years, and four old women perished in being unconscious all day.

At his bedside when he died were his wife and two of his sons, Charles B. and Frank Jefferson; Mrs. Nellie Symonds, his nurse; Miss Mabel Blug ham, Dr. R. B. he suffered an attack of indigestion. Since his return to his home his con dition grew steadily worse with slight rallies until the end. Joseph Jefferson was born in Philadelphia in 1829, and was looked upon as the dean of the dramatic profession in this country. He began on the

stage as a child and he has played in a number of foreign countries. His great reputation was made in "Rip Van Winkle," which he played in almost every city in the United States. Of late years he has played but a few weeks of each season, and in almost every one of these short seasons he confined himself to the one character of Rip Van Winkle. In his retirement he was an enthusiastic angler at Buzzards Bay, and he was a painter of more than passing ability.

Persistent Bull In Wheat Market. Mr. Bigelow said he had been a persistent bull in the wheat market and recent losses in grain had been added to heavy reverses in Wall street From small manipulations of the bank's funds he had extended the defalcations until his shortage had pass-

possibility of returning the money and therefore confessed his actions. Funds were at once provided by the directors of the bank to protect depos itors against loss and to save the bank from a stampede. More than a million dollars was guaranteed to the bank by various stockholders and no serious run was made on the bank. It is not thought that any complications with creditors of the bank will follow,

During the meeting of directors which was almost continuous for 36 hours, several plans were suggested for protecting the interests of the bank. One, it is said, was to accept the resignation of the president and to permit him to go to Europe while

the directors make good the amount of his shortage. This alleged proposal never came to a conclusion be cause several directors demanded that the defaulter be punished. A plan to make up the shortage for the protection of depositors was then approved
