Following is the list of letters lying unclaimed for in the Tionesta, Pa. post-office for week ending May 17, '05. James W. Stives, D. S. Knox, P. M.

The Workmen, the G. A. R. and the Relief Corps have removed to Haslet's hall. The hall over the Killmer building, which these orders have occupied for several years, will be taken down, and the material will be used in the construction of a second story over Killmer Bros' store.

According to an exchange the "yaller" shoe will be worn very considerably this summer. The shoe manufacturers put their taboo on it a couple seasons ago, but there was such a public demand for it that they had to bring it back. The tan is a too comfortable summer foot to be ruthlessly set aside.

Albert Jesse Weatherbee, of Titusville, who shot Daniel P. Roberts on the evening of December 19, 1904, and was indicted on the charge of assault with intent to commit murder, was convicted of the crime Wednesday in the Crawford county court. The jury deliberated but 30 minutes in reaching a verdict.

It is reported that the Shotts Oil Co., near Crown, Clarion county, has drilled in a hundred barrel well at that place. The well is said to have made four flows over a 72-foot derrick. The well was not drilled into the sand over two feet when the hole filled up and began to flow furiously. The well is in the third sand.

Some of our fishermen will be glad to learn that Jack Brown, the veteran host of the Fisherman's Inn at Thompson's Eddy, is recovering all right so far from an operation performed in a Buffalo hospital last Friday. Down the river wouldn't seem natural in the summer without Jack and his boats.—Warren Mail.

Miss Marie Stephens, of Indiana, Pa., a returned missionary from Africa, will speak in the Wesleyan church, Stewart Run, Sunday morning, May 28th, at 11 o'clock. Also in the evening at 7 o'clock. Miss Stephens has been two years in Africa and her lectures will doubtless be very interesting. Everybody cordially invited.

The Prohibition committee of Forest county nominated the following ticket on the 6th inst.: Associate Judge, Wm. Lowman, Marienville; Prothonotary, J. G. Bromley, Tionesta; Commissioner, C. A. Lanson, Tionesta; Sheriff, J. G. Carson, West Hickory; Jury Commissioner, Asa W. Heath, Tionesta; Auditor, Robert C. Young, Kelleitville.

The gay and festive trout, once wont to linger in the shadowy pools of many nearby streams, is apparently becoming an extinct species. Fishermen who have essayed to deceive the speckled beauties this spring have little to say about their success. Not half a dozen have made even a fair catch. The trout is unable to withstand the clearing of land and the progress of civilization. Fry, planted in hundreds of streams, is not thriving and apparently makes little difference in the number of legal sized fish. Like grone, and the quail the trout is destined to go, and many there will be who will lament his departure.—Titusville Herald. And that's all too true.

After considerable correspondence Sheriff Noblit was able to locate the home of the old gentleman, Henry Brockelhurst, whom he had detained some days ago pending an investigation as to where he belonged. He communicated with his son, F. H. Brockelhurst, who lives in Keating Summit, Potter county, and who came on and took his father away last Friday. The man had been missed from home about three weeks, having succeeded in eluding the search of his relatives completely until they heard from the Sheriff, who had found some letters among the old man's effects that led to the discovery of his proper home.

The very sad word has been received here by relatives of the family, of the sudden death of Mr. Will Stow, eldest son of Mr. and Mrs. Hobart Stow, of Toledo, Ohio, on Tuesday morning, May 9. The death of Mr. Stow was a peculiarly sad one, he being struck by a car and instantly killed. This bereavement is doubly great to the parents, as they have been called upon to part with both of their sons within a short period of time. Mr. Stow's many friends in this section will also be pained to learn that he has been in quite precarious health of late, and when the letter was written conveying this sad news to the friends here, he had not been apprised of the death of his son.

According to well authenticated reports some important changes in the train service of the P. R. R. take place on May 28. The new time card is not yet out, but as nearly as can be figured now the morning train north, No. 31, will reach Tionesta nearly an hour earlier, or about 7:55. The first train south, No. 30, will pass here about 10:00 o'clock in the morning. Train 33, going north in the afternoon will pass here about 4:15, and the evening train south, No. 32, will pass Tionesta about 8:30 instead of 7:18 as now. An additional Sunday train will be run, leaving Oil City at 2 p. m. and going as far as Warren, returning about 5:25. These are the most radical changes that have been made in many years on this division of the road, and should be carefully noted by travelers.

Have you planted any garden seeds this spring? There is pleasure and profit in a garden, whether the plot is a back yard or a soap-buff affair, and it is, of whatever dimension, is not necessarily a blue-overall drudgery. There are fertile spots, rich in humus and decomposed barn-yard manure, in many back yards, where all kinds of vegetables of luxuriant growth and prolific fruitage could be grown with little effort, and which would mature in less time than if grown on less fertile ground, by reason of a more rapid growth. A few minutes each day spent in caring for a garden in a well-adapted spot would amply supply the family table with produce during the season. There is a peculiar quality in vegetables "right from the garden" that compensates for a little effort in their production in one's own garden.

Andrew McDonald, a young man living near McDonald's corners, Clarion county, was the cause of a little excitement on our streets Friday forenoon. It seems that the young man got into a fight on Thursday with Joseph Habinger, the proprietor of a hotel at Vovnekel, in which the hotel man got decidedly the worst of it, having an ear and thumb badly chewed. A warrant was sworn out for McDonald, who came to Tionesta in the Tylersburg stage, closely followed by Constable David Greenwalt. When McDonald saw the officer he started to run and after a lively sprint through the back lots was captured by George Brady on the river bridge. He was taken back to Tylersburg the same day and at a hearing before Squire F. E. King was bound over to court, giving bail for his appearance. As an aftermath to this case we are informed that McDonald's father has caused the arrest of the hotel man on the charge of selling liquor to minors.

On Sunday, the 7th inst., the dead body of Miss Mary Ditz, daughter of Joseph Ditz, of Washington township, was found at the bottom of the old grist mill pond on Paint creek at Heufner. The victim was 22 years of age and was of a retiring, shrinking nature, and of late weak-minded. She suffered greatly from melancholy and had been missing a week before her body was discovered. On Sunday evening, April 30, after preparing supper for the family, she left the house and walked three miles to the pond to commit self-destruction. It was supposed that she had gone to visit a neighbor until she failed to return on Monday and a general alarm was given and a careful search made for her throughout that neighborhood. At the end of a week it was decided to draw off the water from the pond and beneath a log, with her arm clutched around it, the dead body was found. There were no marks of violence on the body and there is no doubt but that she drowned herself while demented.

Which Died First.
A case of special interest to Forest county people was argued before the supreme court at Pittsburg last week. It was the appeal of Andrew L. and Ellisworth Armstrong, sons of our townsman Geo. B. Armstrong, from the award of the auditor of the estate of Emma Viola Johnston, deceased. Attorney T. F. Ritehey appeared for and argued the case for the Armstrong boys. As will be recalled by our readers, Mrs. Johnston was murdered by her husband, who was a son of Mrs. James Eastlick, of Coolspring township, Mercer county, in December, 1903, at the home of Mrs. Johnston's step-sister in Green township, Forest county, whither they had moved from Greenville. After fatally wounding his wife Johnston left the house and was found dead in the woods several hours later. Mrs. Johnston, at the time of her death, was a minor, and her guardian, H. G. Grigsby, of New Castle, held in trust for her several hundred dollars. As Mr. and Mrs. Johnston had no children, the auditor awarded Mrs. Johnston's estate to her husband's mother, Mrs. Eastlick, concluding in doing so that Mrs. Johnston had died before her husband, in which event her estate went to her husband, and upon his death to his next of kin. Andrew and Ellisworth Armstrong, step-brothers of Mrs. Johnston, claim that when found Johnston's body would indicate that he had died before his wife, and if this can be substantiated the money would revert to his heirs. A large amount of expert testimony to determine which died first has been introduced into the case.

Mr. and Mrs. Alfred Sperry, of Cleveland, were visitors in Tionesta over last Sabbath, being guests at the home of J. R. Osgood. It is a pleasure to Mr. Sperry's friends here to note his recovery from his very serious accident in a trolley wreck last November, and while yet suffering severely from the effects of his injuries, he bids fair to ultimately regain his health.

Cunningham, is well up in the tonsorial art and will give his customers satisfactory service.

Hon. Frank P. Ray, member of the legislature from Crawford county, died at his home in Meadville on the 11th inst. and was buried on Sunday. Mr. Young has been called upon to pass through deep waters of affliction within the past ten days in the taking away of his faithful life companion, and the rest and change which this visit will afford will no doubt prove beneficial to him. He hopes to be able to see many of his friends in the county before the Democratic primaries take place, before which he is a candidate for county commissioner.

Former Forest County People in Kansas Tornado.

The great tornado which swept over and destroyed a large portion of the town of Marquette, Kansas, in the night of the 8th of this month, resulted in the loss of 28 lives, among the dead being a son of Mr. and Mrs. S. N. Norris, former residents of Forest county. Mrs. Norris was formerly Miss Louie Range, sister of M. L. Range, of Stewart Run, and is well remembered by many of our people. She was sick when the storm struck the town, about 11 o'clock in the night, and her son Clyde, aged 18 years, was one of the watchers at her bedside. He was killed almost instantly. Their house was entirely demolished, and strange to say the other members of the family, Mr. Norris and Sam Samuel, and the sick mother, escaped uninjured. Their property loss will amount to \$1800. The son carried \$1000 insurance in favor of his mother. The young man succeeded in rescuing his mother from the wrecked building but lost his own life in his efforts.

The tornado tore through a section of the town leaving a track two to three hundred feet wide where not a house or building was left standing, mowing a swath as clean as a reaper could do. Over 50 people were more or less seriously injured.

Played Good Ball, But Lost.

Tionesta fans saw a good game of ball at the opening of the season on the home grounds last Saturday afternoon, when the strong Clarendon team came down and carried off the honors. There was nothing doing in the way of run-getting until the seventh inning began, when by an error or two on the part of the home team Clarendon managed to pull out a run. The same thing happened in the eighth inning, and that was all the legitimate scores that were made. Three more Clarendon scores passed over the home plate in the ninth inning, but they were so manifestly unfair that the manager of the team, who was one of the official scorers, refused to count them, although the umpire had failed to notice the trick, and in a contest they would have been counted. It was a pitchers' game from start to finish, and but three or four hits all told were made, and they so scattered as to let in no runs. Bankhead and Lawrence formed the home battery and better work was never done on the Tionesta grounds. If "Billy" keeps up this pace for the season our people will see a me base ball fun this summer. The official score was 2-0 in favor of the visitors.

A Good Suggestion.

Mr. C. B. Wainwright, of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pain in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by Dunn & Fulton.

In Memoriam.

Ruth May Shoup, the only daughter of Rev. and Mrs. Forest F. Shoup, departed this life, from their home 108 Bush St., Buffalo, N. Y., at 3:00 p. m., May 9, 1905. She was born in Sharpsville, Pa., March 29, 1852, being thirteen years, one month and ten days old. She was a modest, unassuming girl, but in intelligence was in advance of her years. The cause of her death was general tuberculosis which became noticeable first in the hip joint. Through months of suffering she uttered no word of complaint. Those who visited her were edified by her gentleness and patience. All that medical skill and kind friends could do failed to loosen the grasp of the stubborn disease, but it completed its work on the above mentioned date. She went down into the river of death without a shudder. Her end was peaceful. She had accepted Jesus while in health, and she trusted Him fully in death. While friends stood at her bedside weeping she said, "Don't cry, I am all right."

Services were held in the house at Buffalo on Wednesday evening, and on Friday morning at 9:30 o'clock her body was laid to rest in the beautiful Riverside cemetery at Tionesta. The services at the grave were conducted by Rev. R. A. Zahniser.

Three boys remain to cheer the family hearth.

DEAR SIR:—Why don't we make paint, as many others do, to go three quarters as far, or two-thirds, or half, or a third, or a quarter?

Mr. Aaron Higgins, Plainfield, N. J., always used 15 gallons of paint for his house; Devoe cost 11.

There are two sorts of paint; all paint, true paint, strong paint, full-measure; and part paint, false paint, weak paint, short-measure.

The paint-manufacturers are two sorts; Devoe and the rest.

Yours truly,
