The American boat wins in the race across the Atlantic. It is one of Uncle Sam's habits and points out the place to look for the best craft and seamanship.

Those editors who are emphasizing the fact that Mr. Cortelyou gained prominence by keeping his mouth shut, are reminded that Mr. Bryan is an evidence that there are other ways of achieving that end.

If the Democrats expect that President Roosevelt and Secretary Shaw will meet the treasury deficit by issuing bonds, they will be disappointed. Rather than do this, the President will resort to the expediency of selling his collection of bearskins.

Dr. T. J. ROTHROCK, of West Chester, who organized and developed the state forestry movement in Pennsylvania, may be appointed a member of the state water supply commission created by the recent legislature. Dr. Rothrock is being urged by his friends for the appointment because of his intimate knowledge of the streams of the state gained by his twelve years' service as forestry commissioner, which office he resigned one year ago on account of ill health. The law creating the water commission provides that it shall consist of the forestry commissioner, the health commissioner and three persons to be appointed by the governor, the latter to receive a salary of \$3,000 each, and the first two to be allowed only their expenses. The commission is also authorized to appoint an engineer at a salary of \$2,500. None of these appointments has been made.—Harrisburg Telegraph.

SPEAKING of the filling of the vacancy on the supreme court bench caused by Justice Dean's death, the Philadelphia Press says: There have been a dozen or more prominent local judges and members of the bar who have been named for the position, but it is reasonable to assume that as three members of the present court are west of the Alleghenies and two in Philadelphia, with one in the eastern rural section of the state, the new judge should come from the interior or western section of the commonwealth. With right disposition there will be no difficulty in presenting a new judge of the highest character and attainments who will meet the other requirements. The six present members of the court are equally divided between judges who have been promoted and members of the bar who have been called to judicial duties. It will be natural to take the new judge from the bench, and it could not be deemed injudicious to say that Judge Stewart, of Franklin, and Judge Rice, president of the superior court, would be universally accepted as ideal men for the highest judicial position of the state; but Judge Rice has been president of the superior court since its organization, and his measure of usefulness could hardly be enlarged by promotion to a junior position on the higher tribunal.

The Portland, Oregon, exposition was opened last week with the ceremonies usual to such occasions. President Roosevelt, at his home in Washington, touching the golden electric button which set the machinery in motion, and from all reports the exposition was more nearly in readiness for the reception of visitors than has been customary with similar occasions on the day of opening. The Portland Fair, which is designed to commemorate the Lewis and Clarke explorations, fittingly supplements the great Exposition at St. Louis last year, and has the advantage of some important and attractive features that were there displayed. It is well timed for that purpose, as was the Midwinter Fair in California which immediately followed the Columbian Exposition at Chicago in 1893. It has not attracted great attention in the East though very well advertised here. Few of the States east of the Mississippi are taking part in it, and Pennsylvania is wholly without representation. In fact, the enterprise—except for the liberal contributions of the national Government—must depend largely upon the section west of the Rocky Mountains, both for exhibits and visitors, though there are many important foreign exhibits transferred from St. Louis. All of the Pacific

Coast country is full of the spirit of self-exploitation, and the exposition cannot fail to be profitable in many ways, but can hardly be expected to achieve a financial success.

THE wise merchant, who desires to do business, is advertising his spring and summer line of goods. The wise merchant advertises when trade is good, to increase it; when it is dull for the same reason. In other words the wise merchant knows that the only way to gain the greatest possible success in business is to advertise, not extravagantly, but judiciously, and to place the money where it will do the most good—in the columns of the local papers.

Discussion is frequently indulged in as to the use of the apostrophe in such names as Childrens Aid Society, Citizens Banking Company, Citizens Traction Company, etc. Usage usually makes the law in such matters, and while there is room for argument as to the correctness in doing so, the apostrophe is now generally omitted. Take, for example, the "Childrens Aid Society." At first glance it would seem the mark should be placed between the "n" and the "s," to indicate possession. But the children do not own or possess the society. On the contrary, it is simply the name of the association. The tendency of the times in writing is to omit all unnecessary letters or marks. Where it is equally proper to spell a word with one or two letters, as in the case of "employee" or "employee," "whiskey" or "whisky," "traveler" or "traveller," the preference is usually given the former. Time is too precious to be wasted in making superfluous and unnecessary letters or marks. In common usage the apostrophe is therefore dropped.—Blizzard.

East Hickory Memorial.

Memorial Day at Hickory was all that could be desired as far as weather was concerned. The day was cloudy but no rain fell. A large crowd turned out to honor the old veterans. Eli Berlin Post, No. 629, G. A. R., assembled at the K. O. T. M. hall and forming in line marched to the cemetery, followed by the largest procession that has ever marched to the Hickory cemetery. Among the people were the two Sunday schools, Hickory Five, L. O. T. M., and East Hickory Camp, M. W. of A. After the services at the cemetery were concluded, all assembled at the hall again, where the people listened to an excellent tribute to the old soldiers by Rev. Mr. Bard, of Endeavor, followed by an address by Rev. Mr. Mowrey, of West Hickory. Miss Judson, with her class of kindergarten children, furnished no small part in the entertainment. The speaking of the Sunday school scholars was a good feature. The singing of the choir was excellent. Eli Berlin Post wishes to extend through the columns of our paper their sincere thanks to all the people of East Hickory and vicinity for the active part taken by them in honoring their dead comrades.

Mrs. Greeley Sent to the Asylum.

At court in Clarion last week the case of the Commonwealth vs. Ella Greeley, indicted for the murder of her son John Hoskins, aged 6 years, near Johnstown, on the return of an inquest held by Justice of the Peace M. C. Willings, acting coroner, and a jury of six, was taken up on Thursday afternoon at 4 o'clock. The Democrat says the defendant was formally arraigned on the charge of murder, and being asked how she would plead replied distinctly "not guilty." The Commonwealth was represented by District Attorney John T. Reinseel, and the defendant by John S. Shirley and G. G. Sloan. After hearing the testimony brief arguments were made to the jury by John S. Shirley, Esq., for the defendant, and by District Attorney Reinseel for the Commonwealth, and a succinct charge to the jury by Judge Wilson as to the law of homicide, and the defense on the ground of insanity, that body retired at 12 a. m., yesterday, and three hours later returned a verdict that the defendant, Ella Greeley, was not guilty of murder by reason of insanity at the time of taking the life of her son. She was committed to the Warren Insane Asylum where she is to be fed, clothed and kept as the law directs until discharged by due process of law.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Letter to Tionesta Doctors.

Tionesta, Pa.
DEAR SIR:—For your house, no matter what the matter with it isn't a human you know—a prescription:
Devote lead-and-zinc. Apply with a brush, from one to three coats—get a painter to do it.
Seven state chemists know all about Devote; have analyzed it; report it pure; will analyze it occasionally. They buy it in the open market; whenever they like.
You know what the color and dryer are for; do you know what the lead-and-zinc and oil are for? Not being a painter, you may not choose to know; but we'll tell you.
Lead-and-zinc and oil combine to form a rubbery waterproof coat to keep out dampness. That's the whole business.
The oil would do it alone; lead-and-zinc would do it, without the zinc; zinc and oil without the lead; but the three together are best, because they wear best.
We say to you, "get a painter," as we'd say to him, "get a doctor"—every man to his trade. Can't all be painters and doctors; don't want to.
You will be more successful in a prosperous looking house; and he in good health. Take good care of one another.
Yours truly,
F. W. DEVOTE & CO.,
71 New York.

Just What Everyone Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by Dunn & Fulton.

—Draw on many a bright future and you'll find no balance.

The Secret of Success.

Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders—that it has proved itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of these distressing complaints—a success that is becoming wider in its scope every day, at home and abroad, as the fame of August Flower spreads. Trial bottles, 25c. regular size, 75c. For sale by Dunn & Fulton.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this distile more effective than so much water. Cuban omelet, and that ordinary remedies have little effect as a mild attack of cholera. There is one remedy, however, that can be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs, of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him; our neighbors will testify. I thank God for so valuable a medicine." For sale by Dunn & Fulton.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by Dunn & Fulton.
