COMMANDERS TO MEET

Midway Between Armies to Sign an Armistice.

Another Battle Imminent-Franco-German Relations-Guns Taken Out of Fighting Tops-President Asked to Recognize Norway-Extra Session of Legislature.

Alone on the plains of Manchuria midway between the two great armies, the Russian and Jananese commanders will meet to sign the armistice which will pave the way for the Washington conference, if the present program is followed.

Exchanges on this point are now in progress between Tokio and St. Petersburg, via Washington, but no finai conclusion has been reached.

It was first thought a preliminary protocol might be signed at Washington providing for a temporary cessation of hostilities, but in view of the fact that this concerns directly the armles in the field 4r is believed that the belligerents will agree that arrangements for the armistice may be entrusted to Linevitch and Oyama, the respective commanders-in-chief who in such event would be telegraphed special powers to sign. .

Will Meet - In Washington. Washington has been selected as the sent of negotiations between the plenipotentiaries of Russia and Japan for a treaty of peace. The choice of Washington as the location of the peace conference marks another forward step in the negotiations toward ultimate peace in the Far East instituted by President Roosevelt.

Both Russia and Japan are moving with the utmost deliberation, for the same of diplomacy now being played is of even greater importance to each government than are the movements of armies on the battlefield. It will require at least a month for the negotiators of the two governments, with their respective staffs, to assemble. It is well understood that the Japanese government will not make known prior to the assembling of the plenipoten'aries the terms on which she will be willing to conclude peace. The Japanese emperor is known to desire that, when peace is concluded, it shall be coupled with reasonable

assurances of its permanency, Among well informed diplomats it is deemed probable that Japan's terms once they are stated will be regarded by the world as reasonable and like-

ly to be acceptable to Russia.

Another Great Battle Imminent. The certainty that peace negotia, tions cannot begin for another month leads to the conviction that another great battle will be fought in the in-

terval. According to London Telegraph's Tien Tsin correspondent a Japanese forward movement has already commenced in spite of the rainy season.

The Dally Telegraph's Tokio correspondent gives an interesting idea of the situation from a correspondent who is said to be in a good position to know the actual facts. This correspondent says that the principal Russian depot is at Gunshu pass, whence many light rallroads are being constructed northward to facilitate re-

Lieutenant General Linevitch bewildered by the strategy of the Japanese, is making repeated reconnaissances and throwing out innumerable scouts. Nevertheless at the present moment, the correspondent says, all his army is completely enveloped. The Japanese army has made a circle a hundred miles in circumference around Linevitch and is gradually closing in.

Franco-German Relations.

The strained relations between France and Germany over Morocco continue to give rise to serious apprehensions at Paris, but while openly admitting that there are real difficultles involved the officials protest HOTEL WEAVER,
E. A. WEAVER, Proprietor.
This hotel, formerly the Lawrence House, has undergone a complete change, and is now furnished with all the modern improvements. Heated and lighted throughout with natural gas, bathrooms, but and cold water, etc. The comforts of guests never neglected.

The supervised the shrowed the basis of exaggerated reports. Such reports have been circulated for several days of this is the inability thus far of either party to propose a remedy acceptable to the other. France is tenacious to uphold her predominant position in Morocco without subjecting it to in-Morocco without subjecting it to inspection and revision by the international congress proposed by Germany. On the other hand Germany does not recognize French predominance in Morocco or the Anglo-French agreement on which this predominance I based. Thus Germany's issue is equally against Great Britain and France, although the latter is more immediately involved.

Death of General Gomez.

General Maximo Gomez died at Havana Saturday.

El Caudillo (the Chieftain), as the great leader of revolutions was called by his countrymen, leaves a widow, five sons and one daughter. Only Saturday the secretary of the treasury delivered to one of General Comez' sons a check for \$100,000, which had been voted unanimously by congress for the general's benefit and approved by President Palma. This was in addition to \$50,000 previously voted by

General Maximo Gomez, who commanded the Cuban forces during the Insurrection which broke out in 1895 and ended with the complete independ ence of the island on May 20, 1902 was born at Bani, Santo Domingo, in 1836, and came of a Spanish family

which had settled there. He began life as a cavalry officer in the Spanish army in Santo Domingo 1 partments.

and served during the last occupation of Santo Domingo by Spain. When the Spaniards were driven from the Island, Gomez went with the Spanish troops to Cuba and for a time was in garrison at Santiago.

Being disgusted at the manner in which the Spanish general, Villar, treated starving Cuban refugees for whom Comez had collected funds, the young lieutenant severed his connec tion with the Spanish army.

He joined the patriots in the insurrection of 1868 and fought 10 years, being Cuban commander-in-chief from 1873 to 1878.

25 Deaths In a Collision. The death roll of Saturday night's wreck on the Western Maryland raffroad, near Baltimore, now foots up 25 and this number is likely to be increased from among the list of those grievously mangled.

All the dead were employes of the railroad returning to their homes in the small towns along the railroad to spend Sunday. With the exception of the train crews they had been at work repairing the damage done to the roadbed 10 days ago by a minor freight wreck at Mt. Hope station,"

The train, which was No. 5 passenger westbound, carried many passengers, all the coaches being filled .-

As many of the workmen as could do so went into the baggage car, the remainder of the gang of 35 finding places on the platforms between the rall and baggage cars and between the latter and the tender.

An extra freight made up of heavy coal and provision cars, running east, was ordered to take a siding to allow No. 5 to pass. Why the orders were disregarded will never be known, for all those who should have seen that they were obeyed are dead.

The passenger train was running 30 miles an hour and the freight, drawn by two engines, was making good time. West of the bridge they came together with terrific force, the three engines being piled one top of another.

Beldame Won the Suburban.

Beldame, August Belmont's great 4year-old mare, won the Suburban easfly. Proper was second and First Mathird. Delhi, the favorite, went to the front at the start and stayed there for a mile with open daylight between him and Beldame, Adbell got into third place and alternated there with Jacquin until the stretch turn. Beldame rushed up to Delhi at the turn and passed him like a flash. Delhi dled away under the whip. Others closed around him and he finished sixth. First Mason cut in behind Beldame, but Proper passed him in the last few jumps and secured second money. The winner was a heavily played second choice at 3 to 1.

No Guns In Fighting Tops.

Orders were received at the Nev York navy yard from the navy department to remove the guns from the fighting tops of the battleship Alathat the guns are not to be replaced on the fighting tops of the battleship Indiana which is being repaired.

It is reported that the guns are to be replaced by range finders and that similar orders were to be issued regarding other battleships. The news of the victory of Admiral Togo in the battle of the sea of Japan is said to have influenced the decision to put range finders in place of the onepounders which have occupied the

Requested to Recognize Norway. Norwegian residents of the United States have appealed to the president to recognize the new government of their country. It is the understanding here that Norway will ask recognition as a nation from all the civilas can be agcertained, no protest yet has been made to this government by Sweden against the recognition of Norway, but it is believed not unlikely

King Oscar May Name a Prince.

the London Daily Mail says he learns from a very reliable source that if the Swedish rikadag agrees to the dissolution of the union of Sweden and Norway, King Oscar will be perfectly willing to designate a prince of the Bernadotte family as King of Norway in accordance with the request of the

Returns Pension as Unearned.

Commissioner of Pensions Warner has received a contribution of \$1,924 to the conscience fund. It came from a pensioner and was the total pension money drawn by him since the civil war, beginning at the rate of \$2 and rising to \$6 a month. The identity of the pensioner is withheld. He says to "has not earned and does not de serve a pension."

Improved Methods of Business. President Roosevelt has appointed a committee of five to report to him on improved methods of doing the public business in various bureaus and de-

QUAKER CITY POLITICS.

Regular Republican Candidates _Asked to Withdraw.

Committee of 70 Insists on Repeal of "Ripper" Law Taking From Mayor Selection of Heads of Police and Public Works-Ministers Ask Dur ham's Removal by Governor.

Philadelphia, June 20.-The Repub lican city campaign committee held ar unusual meeting to consider a demand from cifizens that the party ticket to be voted for in November be changed The candidates are: Sheriff, Henry C Ransley; coroner, John B. Lukens, city commissioners, Hugh Black and Jacob Wildemore.

At the conclusion of the meeting which was secret, it was announced that a sub-committee of three consist ing of Chairman James L. Miles, Davić Martin and David H. Lane, had beer appointed to meet a similar committee from the "committee of 21," as citi zens who signed a letter to the city committee demanding a new ticker have been designated. The commit tee is also empowered to see the can didates and endeavor to induce them to withdraw.

This action is the result of a letter written on June 13 and signed by 21 Republicans, urging the leaders to co operate in naming a new ticket that would have the confidence of the Re publican voters of Philadelphia. Al the candidates who are asked to with draw are "ward leaders" of the Repub lican organization and as such were active in pushing through councils recently the legislation extending the United Gas Improvement company's lease of the gas works.

Mr. Ransley, as president of select councils and head of the ticket, brought down upon his head the condemna tion of citizens because of the active part he took in passing the legisla

It was concluded by the leaders that it would be necessary to place a new ticket in the field made up of men who had no connection with the gas lease legislation. The naming of a new ticket will no

necessarily cause a withdrawal of the opposition to the Republican organiza tion under the leadership of I. W Durham. Mayor Weaver and his friends, who were formerly strong al lies of the organization, are believed to be hostile to any move that will continue the present leaders in power.

In addition, the committee of 70 is perfecting itself in every ward with the declared intention of placing a tick et in the field independently of what the Republican organization may do.

The reform leaders are apparently confident of their ability to defeat the regular Republican ticket and they claim they will have the support of Mayor Weaver and practically all of the officeholders recently appointed to take the places of the men removed since the mayor's war on the organiza tion leaders began

The committee also adopted a reso lution favoring the repeal of the "ripper" law which was passed in the last days of the legislature and changed the selection of the director of public safety and director of public

The "ripper" law took from the mayor the power to appoint the direc tor of public safety and director of public works and vested the appoint ive power of these officials in city council. The resolution was introduced and passed without comment.

Five policemen and one fireman were discharged yesterday. The men had been found guilty of charges pre ferred against them,

Isaac J. Fleming, who for 27 years has been foreman of the city hall laborers, was also dismissed for neglect of duty.

The Methodist preachers at their weekly meeting adopted a resolution asking Governor Pennypacker to re move from office State Insurance Com missioner Israel W. Durham.

Canadian Alien Labor Law.

Ottawa, Ont. June 20 .- It is under stood that the department of justice does not feel bound to accept as fina the decision of Justice Anglin to the effect that the Canadian parliament has no power to deport aliens to a for eign country. The decision was hand ed down in the case of Pere Marquette officials who had been ordered deport ed. If there is no appeal as Jude Anglin announced, then the Dominion government will take other-steps to get a final judgment in the case.

Gaynor and Greene Case.

Montreal, Que., June 20. - Justice Ouimet has ordered the issue of a writ of habeas corpus in the case of Gay nor and Greene on a petition present ed on behalf of the accused. The grounds were as usual that there was & lack of jurisdiction on the part of Judge La Fontaine to deal with the matter of the accused contractors case and that the offense charmed i not included in the extradition act The writ is made returnable Wednes

Fredonia National Bank Closed. Washington, June 20. - The Fre

donia National bank, Fredonia, N. Y. was closed by order of the comptroller of the currency, on information received from the examiner that it is in

THE EXTRA SESSION.

Probability That the Hooker Charges Will Be the Only Business.

Albany, June 20.-Indications multiply that the charges against Justice Warren B. Hooker of the supreme court will be, the only matter pro posed by Governor Higgins for the attention of the extraordinary session of the legislature which he has summoned to convene here at noon on

Wednesday, The governor said last night that he had been urged to recommend action on almost every proposition which failed of passage at the regular ses sion. He would not intimate in any way what matters he would propose for legislative action, adding that probably he would give no intimation on the subject until the two houses of the legislature had actually convened and that his message thereupon would b€ very brief. "I am not prepared to say," he said, "whether any other than

the Hooker matter will be proposed." Topics pertinent to the extra sea sion will be considered at a conference to be held here today by Governor Higgins, former Governor Odell, as chairman of the Republican state com mittee, Senator Raines, Republican leader in the senate; Chairman Malby of the senate finance committee Speaker Nixon of the assembly and possibly one or two other prominent legislators. Governor Higgins said he had no intimation that the conference would have any particular reference to the matter of the Equitable Life Assurance society or the report there on of Insurance Superintendent Hen dricks

Governor Higgins declined to ex press any opinion as to the probable length of the special session of the legislature. Most of the leaders who have been here say they believe it will last at least a month.

The present expectation is that or Wednesday or perhaps Thursday the formal charges against Justice Hooker will be adopted substantially as for mulated by the assembly judiciary committee and will be delivered to one or both of the rergeants-at-arms to be served upon Justice Hooker at his home in Fredonia.

The legislature will probably then take a recess for about 10 days or perhaps over the Fourth of July to give Justice Hooker time in which to prepare a reply. Upon reconvening the reply will be taken up and probably the taking of evidence will be begun.

MERCHANTS' TRUST COMPANY.

Sale of Hudson Valley Stock Will En able Directors to Pay Off Depositors at Once.

of the suspended Merchants' Trust company have voted to accept the offer of \$850,000 made by a syndicate for the Hudson Valley Railway company stock which is held by the trust com-

An official statement which was giv en out after the meeting says that it now remains only for the consent of the court to permit the sale to be obtained

It adds that in event of the sale be ing completed, the \$850,000 thus obtained added to \$309,000 in cash on hand, \$500,000 in New York city bonds held by the company and \$300,000 promised by certain of the directors to be advanced for the purpose, will enable the depositors to be paid off immediately.

It is the intention of the board of directors, after the depositors are paid, to apply to the courts for an order directing the receivers to turn over the other securities to a committee to be named by the stockholders and approved by the courts.

They expect that this committee will be authorized and empowered to merger such remaining securities as they best can, and that the stockholders will be finally paid a substantial portion if not all of the value of their

Francis Murphy Better.

Los Angeles, Cal., June 20.-Francis Murphy, the Gospel Temperance apostle, is now in the seventh week of his enforced confinement to his room. His general health is good, but he is weak from long inactivity, this being the first time in his life that he had been "off his feet." The immediate cause of his indisposition is blood poisoning as the result of a pin prick in one of his toes. The inflammation and swelling have largely disappeared and the process of healing has commenced. and it is thought his recovery will now

Printers Taboo Nine-Hour Day. St. Louis, June 20.-The St. Louis Typegraphical Union rescinded its action of June 8, accepting a contract calling for a nine-hour day and an advance of \$1.50 a week in wages for the union job printers, and by a declaration to abide by the ruling of the Executive Council of the International Typographical Union abrogated the contract which had been signed with the employing printers. The decision was voted at a general meeting atsended by about 700 members.

Jailed For Selling Adulterated Milk. the owner of about a dozen grocery stores in the lower east side of this city, was sent to jail for 15 days for havme oa sale milk that had been skimmed and adulterated. Inspectors of the health department seized 70 quarts of so-called milk in his stores. It was marked "fresh from the cow" solvent. J. W. Schofield has been ap skimmed and to contain 14 per cent of

They Were Given to Him by Bose Durham and Contractor McNichol. Philadelphia, June 19 .- Christmas a year ago Santa Claus brought Mayor Weaver a fine team of bays and a brougham. He brought son Ray a

pony and cart, and Mrs. Weaver a set of dishes. It was popularly supposed that Boss Contractor Jim McNichol was the Santa Claus of the horses and pony. Anyway the mayor drove them cheerfully and stabled them at the nearest fire station at the city's expense. Nobody knew anything about the dishes. Then came the mayor's change of

heart. It was announced yesterday that he had written to Boss Durham that he must take back at once the horses and the pony and appoint a time and place. Thus was Santa Claus Durham revealed. Mayor Weaver also notlfied Boss Jim that he must take back his dishes and that there wasn't one broken. And so Santa Claus McNich-

ol was revealed. Attorneys for Durham and McNichol have the letters and are pondering over them. There are other things that the mayor could give back. Davy Smyth, ex-director of public safety, gave him a costly stickpin once. Davy is out of a job now and needs the money

"Say," said Davy, "do I get it back, do you think?" There is also a library and much good fat law business that was gathered in by the mayor when he trained with the ring. Nothing as yet has been said of this.

BOYS DERAIL FAST TRAIN.

Threw a Heavy Board From Bridge In Front of Engine-Three Hurt.

Philadelphia, June 19. - The New York express on the Baltimore and Ohio, going at a rate of 50 miles an hour, was derailed at Thirtieth and Pennsylvania Saturday. Although the baggage car and coal tender upset and the engine, after leaving the tracks, ran along the ground for 50 yards and then crashed into a tower house, demolishing it, only three persons were injured. The engine and baggage car

were wrecked. According to a trackwalker who was on the spot, two boys hurled a heavy board from the bridge over Thirtleth street in front of the engine. The locomotive shot high in the air as it struck the obstruction and left the

tracks. Yardmaster Price, who was in the tower that was demolished, was seriously scalded about the body. He was taken to the German hospital and later removed to his home. Engineer Propert was hurt about the shoulder and hands. Following the wreck an engine was dispatched and took the passengers to the Reading terminal. whence they were sent to New York.

Proposed to Work Convicts on Roads

Cleveland, June 19 .- A. H. Leimbach of Vermillon, secretary of the Ohio Good Roads association, suggests a plan which he believes would not only remedy the consumption plague In the Ohio penitentiary, but also be of enormous benefit to the people of the state. "Instead of building a new prison," says Leimbach, "let the state buy about 25 farms of about 500 acres each in various parts of the state. but all containing limestone deposits Then build sanitary buildings enough to house the prisoners and walls enough to guard them, and with modern stone-crushing machinery, let all the prisoners work in the production of crushed stone for road improve ment. Enough material could be furnished free to the townships each year to improve hundreds of miles of high

way at the least possible cost."

Woman and Child Found In the River. Pittsburg, June 19 .- A pitiful trag edy, it is believed, lies back of the discovery of two bodies, presumably those of a mother and her child, in the Monongahela river at McKeesport Tied tightly about the waists of the woman and the child was a bed sheet which had been twisted into a rope The clothes Indicate that the two came from a home of comfort. The theory that first gained credence was that the woman and child had been murdered, but the belief more generally held by the authorities now is that the woman deliberately tied the sheet about herself and her daughter and that the two then plunged into the

Bought Corry Radiator Works.

water to die together.

Corry, Pa., June 19. - G. C. Blackmore of Pittsburg, representing the United States Radiator works, has bought the plant of the Corry Radiator works, which has been idle for months, and also the buildings formerly occupied by the shovel factory. A special session of court confirmed the sale. The plant will be in operation shortly and will employ 500 men.

Suspended on Awning Hook,

Lishon, O., June 19.-In jumping to datch a rope above his reach, William J. Jones struck an awning hook. The sharp point fore through his arm, and he hung suspended. It required two men to raise him from the hook, and his arm may have to be amoutated.

Fatally Burned by Explosion. Newark, O., June 19.-Finnel Buch-

ler, ex-president of the city council and one of the most prominent business men of Newark, was probably fatally burned by a natural gas explosion that partially wrecked his home.
