Mrs. Wheeler Writes Entertainingly of the Holy Land.

The following letter was written by Mrs. N. P. Wheeler to the Shakespeare Club, of Tidouite, of which she is a member:

My DEAR FRIENDS!—According to promise I shall try to send you a greeting from this land of Syria, as a very poor apology for not fulfilling my duties in preparing my papers to be read in the Club. We left Egypt with regret, and awaited anxiously the moment of landing from the ship which bore us from Port Said to Jaffa. We had heard of travelers not being able to land at the latter port for twenty days. The rocks are very numerous and the harbour very insecure, but we were favored with bright skies and a sea as calm as a mill pond, and our gallant crew carried the Crosley party in, triumphantly passing a Cook's tourist boat on the way, much to the chagrin of the latter's passengers. As it was the 23d of February, we Americans all felt that it was in honor of the day we won the victory. A drive about Jaffa gave us a glimpse of the orange groves and pretty gardens, and also took us out to see Tabitha's house and tomb. How surprised the faithful Dorcas would have been could she have looked forward down the long ages and have seen the stream of pilgrims visiting the old site of her house and picking up a pebble near her tomb. We also walked to Simon the Tanner's home, and the fifth and squalor through which we passed is totally indescribable. Our pigs in America inhabit much cleaner habitations than those we saw and we wondered how Peter could have had any heavenly visions in such a spot. But when our dragoman had dispersed the crowd of beggars with his whip and had ascended to the house top, then the view before us was enchanting—the blue Mediterranean, the red roofed houses, the graceful date palms, the charming Oriental atmosphere. We could see why people go to the house tops for prayer and meditation. We took the train, a funny little affair looking like a ten cent tin toy train, and went through an interesting country up to Jerusalem. We made ten or twelve miles an hour which gave us time to view the landscape o'er. We spent a busy day and happy week in Jerusalem, visiting the sacred places with Bible in hand, trying to locate the various sites of tomb and temple, and always with the feeling that although we may not have seen the exact spot, yet we knew that our dear Saviour walked these same streets, looked on these same hills and wept over this very city of Jerusalem nineteen hundred years ago. The Jews of old have left few traces of their lives in stone. This is in such marked contrast to the way in which the Egyptians wrote their histories in enduring tablets as plain to-day as they were five or six thousand years ago. It was doubtless this custom of carving the gods on so many temples that was the reason for the second commandment being so strongly enforced. I never knew the meaning of graven image until I went to Egypt. I was not pleased with either the places of Christ's birth at Bethlehem or His sepulchre in Jerusalem. The tawdry altars of Greek and Armenian churches take away the solemnity. I felt as if I would like to sweep away all the discordant signs of the various sects who quarrel over their revered places and set up a plain granite cross or a simple pavilion to protect and point out the spot.

—It takes a stout courtship to weather the storms of matrimony.
Just What Everyone Should Do.
Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by Dunn & Fulton.

red, pink and white, all kinds of new blossoms that I never saw before, many of them fragrant as violets, and then the many points of historical interest and finally our sail on the beautiful Sea of Galilee. We came back to Haifa over the same road but a strong wind had been blowing for two days and we knew by the palm trees' wild waving that the sea would be rough. We faced the situation, about a mile out from shore our ship was anchored, between it and us was a constantly shifting line of huge breakers terrifying to behold. Behind us was a week to wait in Haifa for another boat. We all decided to venture. The party and the baggage could not all go in one boat, so both were divided, but our boat was too heavily loaded and we stuck on the sand. Manfully the sailors worked, standing up to their middle in the raging foam. (I neglected to say that we were carried out on the backs of the men like so many sacks of meal.) We could not get off until the incoming breakers washed us free. It was very much like waiting for a tooth to be drawn, as each breaker seemed to be higher than the last. Would we ride the wave or would we go under? As several men were drowned lately by their boat capsizing under like circumstances, the situation was grave in the extreme, but finally after much going up, up, and down, down, down, we reached the ship. One wave dashed over me and filled my mouth, "which was open, of course," I can hear Mrs. Curtis say. Our baggage, some of it, was soaked, and when we arrived at Beyrout the kind owner of the hotel put his own beautiful home at our disposal and we had a grand opening in the large stone paved hall. Nothing of any consequence was injured and we were all very thankful that we were safely out of Haifa.

Later: I am finishing this in Damascus, where we arrived this afternoon. We came by cog wheel railroad over the Anti Lebanon mountains. The views were fully as fine as Switzerland and at the height of 8000 feet we came into a veritable old fashioned snow storm. Mr. Wheeler nearly jumped out of the window when he saw the familiar drifts 3 or 4 feet deep. This is the first storm we have seen since we sailed, so really the sunshine was getting monotonous.

I have just ordered a fire in a diminutive stove. Two men came in and jabbered Arabic. Then one went and brought some diminutive roots and between them they started a fire which went out as soon as they did, and I have been trying madly to get it to burn. There is one thing about the whole affair that is not diminutive and that is the bill. Mr. Wheeler and Rae have gone with the party to the Bazaars but you see I must get this letter in the post and hope it will reach you all safely and bear a large portion of love for each one of you dear ladies. I shall expect to see you at Bonniebrae sometime this summer and hope you will have the new railroad built down the east side of the river, or maybe it is my trolley, who knows? Goodbye, with warmest affection, Yours, RACHEL A. S. WHEELER. Damascus, March 8, 1905.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know that this disease, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs, of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by Dunn & Fulton.

The Good Old Way.

A severe cold or attack of la grippe is like a fire, the sooner you combat it the better your chances are to overpower it. But few mothers in this age are willing to do the necessary work required to give a good old-fashioned reliable treatment such as would be administered by their grandmothers, backed by Boschee's German Syrup, which was always liberally used in connection with the home treatment of colds and is still in greater household favor than any known remedy. But even without the application of the old-fashioned aids German Syrup will cure a severe cold in quick time. It will cure colds in children or grown people. It relieves the congested organs, allays the irritation, and effectively stops the cough. Any child will take it. It is invaluable in a household of children. Trial size bottle, 25c; regular size, 75c. For sale by Dunn & Fulton.

A GUARANTEED CURE FOR PILES.

Itching, Blind, Bleeding or Protruding Piles. Druggists refund money if Pazo Ointment fails to cure any case, no matter how long standing. It is good in 14 days. First application gives ease and rest. 50c. If your druggist hasn't it send 50c in stamps and it will be forwarded post-paid by the Paris Medicine Co., St. Louis, Mo.

Reduced Rates to Baltimore.

For the International Convention United Society of Christian Endeavor, at Baltimore, Md., July 3 to 10, the Pennsylvania Railroad Company will sell round-trip tickets to Baltimore, at greatly reduced rates, from all stations on its lines east of and including Pittsburg, Erie, and Buffalo.

The rate from Pittsburg will be \$6.00, from Erie \$12.00, Buffalo \$11.00, with corresponding reductions from all other points.

Tickets will be sold on July 3, 4, and 5, good for return passage leaving Baltimore until July 10, inclusive. On payment of \$1.00 to Joint Agent at Baltimore an extension of return limit to August 31 can be obtained.

Tickets via Philadelphia permit stop-over within limit, if deposited with the ticket agent at Broad Street Station.

Special excursion tickets are on sale every Saturday and Sunday from Baltimore to Washington and return at rate of \$1.25 for the round trip. These tickets are good for return passage until the last train Sunday night, affording ample opportunity for delegates to visit the National Capital.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who has suffered upon a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says: "I find that they have done me a great deal of good. I have never had any suffering since I began using them."

Had Your Vacations Yet?

Let us help you to select a nice cool spot along the line of the Nickel Plate Road. For list of hotels, boarding places, resorts, and good camping and fishing grounds call on agent, or address C. A. Asterlin, D. P. A., 807 State St., Erie, Pa., or B. F. Horner, C. P. A., Cleveland, O., Jan 28

—There will be no "divvies" in marriage fees hereafter by the Protestant clergymen of Olean, if the following resolution recently adopted by them is religiously "stuck to": "Whereas, as ministers of the gospel of Jesus Christ, in Olean, N. Y., we believe the ordinance of marriage to be a sacred ceremony, established by the Almighty for the establishment and protection of the home; and whereas, a custom has grown up in our city whereby the porters at hotels and hackmen have demanded of the ministers a division of the marriage fee; the outcome of this pernicious and degrading custom we are well assured has been corrupt practice. We therefore deem it our duty to make this public statement and ask the papers in neighboring towns and cities to copy the same, so that the widest circulation may be given thereto. We whose names here appear have or never will we from this date give to hotel porters or employes or hackmen any share or division of fee to thus induce the said parties to give to us the performance of the marriage ceremony." It is a cold day when the "grafter" fails to get in his nefarious work now-a-days.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c. Hall's Family Pills are the best.

My arm was covered with twenty-four running sores and swollen to twice its natural size. San-Cura Ointment removed the pain, drew out the poison and healed the arm in an incredibly short time. It is the greatest compound for healing I ever used. I shall always keep San-Cura Ointment in the house. B. D. Dutton, Tionesta, Pa. All druggists, 25c and 50c.
