D. S. KNOX, P. M.

—This is the season of danger from lightning. Scientific American says if you are afraid of lightning, here is a very simple safeguard to remember. Simply put on your gum shoes or rubbers and then stand up so that your clothes won't touch anything. Whether you are indoors or out of doors, you are perfectly safe for rubber is a very good nonconductor, and you are perfectly insulated.

—Harry McVaigh, Sr., for many years a prominent citizen of Oil City, died at his home here on Sunday morning last, after an illness extending over three years. He was a veteran of the civil war and since his residence in Oil City had followed contracting and building, and as such was well known to many Tionesta people, where he did considerable work some years ago. He was 64 years of age.

—Very heavy downpours of rain have occurred throughout this neighborhood during the past week, causing more or less damage to crops, roads, bridges, etc., and making it difficult for farmers to do much in their line of work. The heat has also been intense, but that has given the corn crop a much-needed boost, so that with favorable weather from this on we may expect an average yield if not better.

—The lady editor of the Penfield Press has this to say in her last week's paper: Show us a woman who acknowledges that she does not like children and we will show you a woman of undeveloped character, mistaken ideas and many disappointments. The company of a little child is one of the most inspiring things in the world. It offers a world of opportunity to be kind to somebody who is weaker. It is a brisk agitator to deep thoughts that are liable to remain dormant all the years. Remember that the trustfulness, the affection, the simple attractiveness and open frankness of a child should bring out the best that is in us. Do not repel the advances of innocent childhood nor chill their young hearts by surly and critical treatment.

PERSONAL.

—Something in the nature of a cloud-burst occurred at the head of the small stream along which the logging railroad of the Warren Lumber Co. courses, at Grandville, last Saturday evening, tearing up considerable of the company's road-bed, which will necessitate a shut down for a few days till the damage is repaired.

—The Jefferson county Republican primaries held last Saturday were the hottest the county has experienced in many years, the contest centering on the judgeship fight, between the present incumbent, Hon. John W. Reed and Attorney Edward Carmalt, Judge Reed being nominated by a majority of over 2,500. Evidently the Judge and his friends were worse scared than hurt.

—Wm. Albaugh recently sold his farm on Albaugh Hill, in Hickory township, and has removed to and will make his home in East Hickory. He has on his hands a miscellaneous lot of farming implements, etc., which he has advertised at public sale at the blacksmith shop in East Hickory, Saturday, July 1st, at one o'clock p. m. Property consists of mowing machine, rake, wagon, buggies, cutter, harness, sleds, plow, harrow, cutting box, and 2 horses, all in good condition.

—State Committeeman A. R. Meehling, of Clarion, representing Forest county, is in Philadelphia this week in response to a call issued by Chairman Andrews for the assembling of the committee for the purpose of nominating a candidate for Supreme Judge, the vacancy on the bench to be filled by election this fall having been caused by the death of Justice Dean. Judge John Stewart, of Franklin county, already filling the place by appointment, will be nominated without opposition.

—Not a line or word has the Titusville Herald seen fit to give on the ball game played here Saturday between the S. & M. team of that place and the locals, in which the former got a good drubbing. For a paper that is making such strenuous efforts to solidify itself with the people of this vicinity such a snub and contemptible treatment of an institution in which most of our citizens feel a pride, comes with mighty poor grace. As a matter of news the Herald ought to give the result of the game, even if it should be impelled to sneeringly allude to our crack ball team as "backwoodsmen."

—Very timely are the following interrogatories from the Oil City Blizzard, but will they be heeded? "Is it worth while to save the lives of several hundred children? Is it worth while to prevent thousands of accidents by which eyes are blown out, arms are torn from their sockets, hands are incurably maimed or fingers lacerated until they are forever useless? Is it worth while to prevent serious cases of lockjaw and to cut down a list of fatalities that is shocking to contemplate in advance, or to experience with unspoken grief, when it is too late to take measures against them? Think it over. The Fourth of July is only a few weeks away."

—Yesterday the drive belt in James Whitman's shingle mill, at Endeavor, broke, and in turn broke the governor belt. This allowed the engine to "run wild," and before the engineer could stop it the large drive wheel flew to pieces, and in a second later the entire engine was a total wreck, the pieces being hurled in every direction. Five men were at work on the mill at the time, and strange to say not one was seriously injured. Engineer Smith was struck by one of the flying missiles but was not badly hurt. A lucky escape for all concerned. The Georgia & Aylesworth hand mill at Endeavor will start in on the "day and night" run this week, which looks like business in that quarter.

—Not until one leaves home does he really appreciate the value of his home property. Distance lends enchantment to truly proven in this case. When a man pulls up stakes and shakes the dust from his old home from his shoes to seek pastures new he naturally has a hankering to know what is going on in his old home. It is then he appreciates the home paper that had always made weekly visits to his home, but which he had heretofore looked upon as a mere circumstance in the whirlpool of life. Its weekly visits to those who are abroad are like a spring shower upon the parched fields. The movements and actions of those whom we had left behind is ever of interest and we are delighted in reading about our one-time neighbors. Truly the home paper is not really appreciated until we get where it is hard to get.—EX.

—Frank Matha, aged 21 years, and whose parents reside near Tylersburg, was instantly killed in the lumber woods on Coon creek, in Green township, last Thursday morning. He was engaged with others in peeling bark, and at the time of the accident they were felling a tree. In falling the tree knocked a dead limb off another tree which struck the young man squarely on top of the head. Mr. Dewoody, the jobber, was near by and was first to reach him. All possible assistance was rendered, but the young man showed no sign of life after being struck, and strange to say the skin was not even broken, but it is evident the skull was crushed. The body was prepared for burial, and taken to the home of Matha's parents at Tylersburg, where the funeral was held on Saturday. He was a young man of industrious habits, and well liked by his companions and acquaintances.

—The last Legislature so amended the law regulating the sale of concentrated commercial feeding stuffs as to add to the feeds that shall not be sold without having affixed thereto in a conspicuous place a legible and plainly printed statement certifying the number of net pounds of the feeding stuff the package contains, the name, brand or trade-mark under which the article is sold, the name and address of the manufacturer or importer, and a statement of the percentage it contains of crude protein of the following: Corn bran, wheat, rye, and buckwheat bran and middlings. Also hay, straw and corn stover, when the same are mixed with other materials. In other words, the feeds above named have been added to the list of feeds that cannot be sold without the above cited certificate being attached. This, however, does not, under the provisions of the Act, interfere with persons engaged within the State of Pennsylvania in manufacturing flour so as to prevent them from selling at the place where made their own manufacture of bran and middlings, without having the above named certificate attached.

School Directors' Convention.

The third annual Convention of the School Directors of Forest County, was held in the Court House at Tionesta, Pa., June 19 and 20, 1905. The first session began Tuesday afternoon at 1 o'clock with President T. F. Ritchey in the chair, and after the reading of the minutes of the last convention by Secretary R. L. Haslet, the following topics were taken up:

The County Uniform Course of Study; Joint Meetings of Teachers with Directors, and the Selection and Change of Teachers. These were fully discussed by Directors Ritchey, Youngk, Cassett, Youngk, Cassett, Shields, Catlin and Supt. Morrison. The question box was then opened after which the session closed.

The first topic took Tuesday morning was the Compulsory School Law by Director Brown, who in a short time showed that he was thoroughly acquainted with the subject. He was followed by Directors Ritchey, Youngk, Cassett, and Barton.

The Value of Teacher's Term Reports was then well discussed and this was followed by the topic "Some Points Needing More Attention," by Supt. Morrison. In this interesting talk he showed himself thoroughly acquainted with the school laws of Pennsylvania and made everybody feel that a wise choice had been made in the selection of County Superintendent.

The officers for the following year were then elected, as follows: President, T. F. Ritchey, of Tionesta. Vice President, Peter Youngk, of Nebraskas. Secretary and Treasurer, D. B. Shields, of Marienville.

Twenty-five directors were in attendance and showed great interest in the convention.

The lecture announced for Tuesday evening was not given, for the reason that the speaker engaged missed the train and failed to arrive.

Base Ball.

TITUSVILLE AGAIN WALLOPED. For the third time this season Titusville has gone down in inglorious defeat before the Tionesta invincibles, or as the Herald is pleased to put it, the "backwoodsmen." On Saturday afternoon the strong S. & M. cutlery team came over to retrieve some of the prestige lost by the flower of the Queen City base ballists, but returned empty-handed and crestfallen. At no time during the visitors' nine times at bat was there the least chance for them, and only for careless playing, born of prospects of certain victory on the part of the home team, would the Titusvillians have scored a run. Had it not been that our boys took pity on their guests and played very loosely in the 6th inning it would have been another clean shut-out for the visitors. Bankhead and Lawrence formed the battery for our boys, and they had their guests at their mercy from beginning to end, "Billy" allowing but few hits, while 11 went down before his delivery. The game was too lopsided to be interesting, and unless Manager Landers books some stronger combinations than can be found in Titusville, interest in the great North American game in Tionesta will begin to lag. Titusville, while all nice people, don't seem to be in it with the "backwoodsmen." The score:

Titusville isn't satisfied yet and another game has been scheduled to be played on the Tionesta grounds next Saturday afternoon at 3 o'clock. The manager of the Titusville bunch states that he will pick the best players of all the Titusville teams and fortified with two good pitchers, will be prepared to give our boys a good run for their money. Bring 'em along, our boys can hold them even. Don't miss the game, for it will be a hot one.

Manager Landers has scheduled a fine game to be played here July 4th, with the famous Iroquois team of Buffalo, N. Y., the amateur champions of western New York.

PLEASANTVILLE JRS. 5, TIONESTA JRS. 6. In the game here last Thursday afternoon the Tionesta Jrs. rather evened up matters for their defeat at the hands of the Pleasantville Jrs. a few weeks ago, when the latter won by a score of 4 to 3. The game Thursday was anybody's to the end and was hotly contested, showing some good ball playing on the part of both teams. The score by innings:

Pleasantville..... 0 1 2 0 0 2 0-5
Tionesta..... 3 2 1 0 0 0 0-6

Summary—Batteries, for Pleasantville, Benedict and Scott, for Tionesta, Hepler and Foreman; hits, Pleasantville 5, Tionesta 6; struck out, by Benedict 10, by Hepler 8. Umpire, C. Feit.

Distance.

Do you realize the short distance between your home or place of business and the Oil City Trust Company. In a business sense you are just as near their building as you are the Post Office. This is written for people who seldom or only occasionally visit Oil City. If you wish to open an account, take out one of their four per cent. certificates of deposit, or have any other financial business mail it to them and see how promptly you hear from it.

Thomson-Haines.

A charming and interesting event to which society has been looking forward to for some weeks was the marriage of Mr. Ralph Emerson Haines, of Marion, Indiana, to Miss Florence Jeannette Thomson, which was solemnized at the home of the bride's mother, Mrs. Mary L. Thomson, in Tionesta, Wednesday, June 14th, 1905. Rev. Paul J. Slonaker, pastor of the Presbyterian church, officiating.

The day was an ideal one and everything combined to make the affair one of beauty. The home had been simply but tastefully decorated with rhododendron, smilax, peonies, roses and carnations, which carried out the color scheme of pink, green and white. Across one corner of the parlor was a rope portiere of smilax with a background of maiden-hair ferns. In the center of this rose a fine large hydrangea, flanked on either side by a mass of white peonies. In front of this the ceremony was performed.

Mrs. R. A. Fulton presided at the piano and promptly at 12 o'clock as the sweet strains of the "Marche de Nuit" filled the rooms, the bridal party entered. The usher, Mr. John Jamieson, led the way, followed by the groom and best man, Mr. H. T. Kilstetter. These were followed by the two bridesmaids, Miss Blanche Pease and Miss Belle Anderson, who were gowned in delicate dresses of white and carried pink carnations. They were followed by Miss Bertha Thomson, who acted as maid of honor to her sister. Her pretty gown was of white and she carried an armful of white carnations. Next came the flower girl, sweet little Edith McKeen, a niece of the bride, who strewed the carpet from the doorway to the parlor with sweet peas, a profusion of which she carried in a dainty basket.

Then came the fair bride leaning on the arm of her brother, Howard Thomson. Her gown was a dainty creation of imported lawn and lace and she carried a shower bouquet of bride's roses and valley lilies.

The bridal party was met by Rev. Dr. Slonaker, who in a pleasing and impressive manner performed the marriage ceremony, using the beautiful ring service.

Hearty congratulations and best wishes from the hundred guests followed and shortly after a dainty wedding breakfast in three courses was served. The bride's table in the dining room with covers laid for ten, presented a very pleasing appearance.

The gifts were numerous and very handsome and consisted of solid silver, china, cut glass, linen, pictures, furniture, etc.

Among those present from out of town were: Robert Lockhart, of Pittsburgh; Miss Edna Young and Charles Jamieson, of Oil City; Miss Bessie Byers, of Pleasantville; Miss Nellie Carson, of West Hickory; Mrs. K. L. Haugh, Miss Emma Thompson, Miss Bessie Cook, Miss Ruth Cook, Miss Lottie Dewoody, Fred. R. Kilstetter, Earl Small, Mrs. Wilbert McKeen and children, of Nebraska, and Misses Pearl and Mae Elliot, of Stewart Run.

During the afternoon the bride and groom left on their wedding trip, which includes "sight-seeing" in Buffalo, Niagara, Albany, New York and Boston and a two weeks' visit to Barton, Nova Scotia, where the groom's mother lives. After July 15th they will be "at home" 819 West 4th street, Marion, Indiana.

Mr. Haines is a most excellent young man, whose steady and correct habits have won the confidence and esteem of all who know him. His fine executive ability and knowledge of the oil business have placed him in a position of profit and responsibility with the Southern Oil Company, of which he is the State Superintendent for Indiana.

Mrs. Haines—Florence, as we all know her—has spent her life principally in Tionesta and we all know her to be a woman of sterling worth and ability, with friends from every walk of life. She well deserves even more than the allotted share of happiness falling to humanity and we all trust and hope that her new life may be under the guidance of the Father of us all and that her every path may be thickly strewn with roses.

Aggravated Assault and Battery.

Amos Walton, of Marienville, was lodged in jail here recently on a charge of aggravated assault and battery, the victim of the assault being a Swede named Johnson, who was taken to the Kane Hospital for treatment, his injuries being of a very serious nature. The trouble between the men took place in a shanty at a backpeeling camp, near the mouth of Pigeon Run, in Howe township, on Sunday the 4th inst., and is said to have been caused by bad whisky. Johnson was cut on the head and breast with an axe, and when taken to the hospital was in a serious condition. Four other men who saw the fight were held under bail for their appearance at court as witnesses by Squire Wilton of Marienville, before whom the hearing was held. The case will come up for trial at September session of court.
