THINGS will be coming around all right if Mr. Rockefeller and Mr. Carnegie could be flattered into a competitive game of give-away.

SINCE China has threatened to exclude our goods it is astonishing how much affection for the Chinaman has developed in this country.

THE report of the lynching at Watkinsonville, Ga., concludes with the statement that "no more trouble is expected." There are no more prisoners in the Watkinsonville jail.

Two heads may be better than one and able financiers assert the same of two dollars, but by no stretch of the imagination could we apply it to two. Fourth of July in one year.

BERLIN scientists say that rabies can be cured by radium. New York scientists say there is no such disease as rabies. London scientists say radium will cure nothing. Berlin scientists are thereby vindicated. Science is a wonderful thing, says the Cleveland Leader.

THE selection of Elihu Root as Secretary of State to fill the vacancy caused by Mr. Hay's death, at once satisfies all people that the very best appointment that could be had has been made. The country has reason to feel elated because so great a man has been induced to accept the place made vacant by the death of so great a Secretary as John Hay.

W. H. ANDREWS, territorial delegate to Congress for New Mexico, left last night on the Pennsylvania limited over the Pennsylvania railroad for Chicago. He will spend a few days there and will then leave for New Mexico. There he will remain for some time. He stated last night that he had not given up hope of having New Mexico admitted to the Union as a State, and he believes this will be accomplished within a few years.—Pittsburg Times.

THE political sensation of the past fortnight was the resignation of Insurance Commissioner Israel Durham, and the appointment by Gov. Pennypacker of David Martin. Dave was the Philadelphia leader of the Hog Combine in the noted Chairmanship fight against the late Senator Quay in 1895, but strange to say the members of the Combine who were at his back in that memorable battle now refuse to be satisfied with David's appointment. Some people would kick if they were to be hung.

IN consequence of recent disclosures and events in Philadelphia, Mayor Weaver is being groomed as a candidate for Governor. While Mayor Weaver is to be commended for anything good which he may have accomplished, it does not appear that he took the initiative in anything, but simply yielded to a storm of popular indignation that would otherwise have crushed him. It is scarcely probable that all this alleged rottenness could have existed in his administration without his knowledge.—Punxsutawney Spirit.

THE world conference of farmers now being held in the city of Rome on the call of the King of Italy will without doubt result in great good to the interest of agriculture. The fact that crowned heads in other countries as well as the highest authority in our land are taking so much interest in the products of the soil should awaken the tillers thereof to a fuller appreciation of their importance and arouse them as never before to a determination to put their business on the same basis with other interests of the land. To all who appreciate this and are wondering how and where to take hold we would suggest try the Grange.

IT may interest many people in this country to know that United States Senator John H. Mitchell, of Oregon, recently convicted of complicity in land frauds, was a Butler county boy, a brother of W. S. Hipple, of New Bethlehem, this county. Another brother is Dr. W. H. Hipple, of Allegheny. On account of family troubles originating in Butler county, Pa., John Mitchell Hipple had the courts of California change his name to John H. Mitchell. Mr. Mitchell is 70 years of age and has been a citizen of Oregon for many years. He claims to be innocent of any intentional wrong doing in connection with the land frauds.—Clarion Republican.

VERMONT comes forward with the proposition that the warship to be named for that State shall be christened with a bottle of maple syrup. This thing is getting around pretty well. It was suggested recently by Kansas to use a bottle of coal oil; Milwaukee wanted it to be a bottle of beer in her case, and, after a while, Georgia will be coming along with a claim for mini juleps. These propositions serve to direct attention to the specialties in which the States take a natural pride, but after a sufficient amount of advertising has been done they all come down to champagne, and the superstition is such that if champagne were not used it is probable no one could be induced to sail on the ship.

THE death of Secretary of State John Hay, of President Roosevelt's cabinet, occurred at his home at Newbury, N. H., early Saturday morning, July 1st, of pulmonary disease, after an illness of several months, but which had seemed serious only a few weeks. His remains were taken to Cleveland for burial, where interment took place Wednesday of last week. He was born in 1838 in Salem, Indiana. Graduated from Brown University in 1858. Read law under Abraham Lincoln and acted as his private secretary. Was a soldier in the civil war for a short time. Was in the consular and diplomatic service several years. Through Hayes' administration he was assistant secretary of state. Was minister to England under McKinley, and secretary of state under Roosevelt. He was one of the most accomplished diplomats this country ever had, and the nation has sustained an irreparable loss in his death.

RECENT DEATHS.

CAMPBELL. Claude A. Campbell, only son of Samuel J. and Ellen Rowels Campbell, was born at Tionesta, January 8, 1878, and died June 30, 1905.

The subject of this sketch was well known to our citizens, having been born and reared among us and having known no other home. He was a beautiful child and a general favorite among his kinsfolk and acquaintances. A twin brother and only son, lovable and unselfish in disposition, he was the master spirit of the household and it is not hard to understand how he became the idol of the hearthstone. He grew to manhood full of bright aspirations and hope, and in July, 1900, he was united in marriage to Miss Sarah Elizabeth Anderson, of Tionesta, by Rev. F. W. McClelland, then pastor of the Tionesta Free Methodist church. But the happy married life was of short duration for a dire disease took hold of his frail body with ruthless power and withered the beauty of the dreams of youth. Yet not without hope, for, through the earnest efforts of his devoted wife with whose beautiful, consecrated life won him to the Saviour, he found joy and comfort in knowing his sins were fully pardoned and in the glad expectation of joining loved ones gone before. For months his body was racked with pain but on Friday morning, June 30th, God's finger touched him and his soul was set at liberty.

On the following Sabbath afternoon at three o'clock, funeral services were held at the residence of his sister, Mrs. Rena Bigony, which had been his home for some time, and were conducted by his pastor, Rev. R. A. Zahniser, assisted by Rev. W. O. Calhoun, of the Methodist Episcopal church, and the remains were laid to rest in our beautiful Riverside cemetery to await the resurrection morn. The pall bearers were Fred Davis, Charles Zahniser and Will H. Hood, of Tionesta, and H. B. Scribner, William Hanton and William F. Boyle, of Oil City, representing Typographical Union, No. 151. The union also sent a beautiful floral tribute of cut flowers.

Besides his wife and aged parents, the deceased is survived by four sisters: Mrs. H. G. McKnight, of Oil City; Mrs. Rena Bigony, of Tionesta; Mrs. Gussie Giering, of Youngstown, Ohio, and his twin sister, Mrs. Maude Kirshartz, of Beaver Falls, Pa.

Odd Fellows Day at Monarch Park.

About four years ago the Odd Fellows of Oil City, Franklin and Titusville organized what is known as the Venango Picnic Association, the object being to bring the brethren and other friends together once a year at Monarch Park, Oil City, and have a royal good time. The first gathering was a complete success and each succeeding year the attendance has been greater until last year it had grown to immense proportions. This year the association expects to have a record-breaking crowd, and has fixed the occasion for August 10th, 1905. Every dollar above actual expenses realized from dancing, etc., is devoted to the Odd Fellows Orphan Home at Meadville, a most worthy institution in which every member of the fraternity in this section is deeply interested.

A special train will leave Warren at 9 a. m. for Oil City, and returning will leave Oil City at 11 p. m. same day. The round trip fare from Warren and Irvineton will be \$1.00, from Tidioute, Hickory and Tionesta 75 cents, and from Eagle Rock 50 cents; this includes street car fare to the Park and return. A special train from Titusville, and one from Meadville bearing the children from the Home, and other friends, will be run. Last year this train brought over 1000 passengers, and it is expected to be larger this year. While the children are the main attraction, yet a large number of athletic sports will be arranged at the Park, also a minstrel show in the theatre in the afternoon, and finest music by the Franklin mandolin and glee club. All this, besides dancing all afternoon and evening in the fine large pavilion. As another drawing card the management hopes to arrange a game of base ball between the hot rivals of Franklin and the Oil Well Supply team of Oil City. This alone should insure a big crowd.

Monarch Park is one of the most beautiful and commodious in Western Pennsylvania, capable of accommodating many thousand people with all the comforts essential to a delightful day's outing, while the trolley car service is of the very best, and those who attend this great event may expect to have a royal outing.

The Good Old Way.

A severe cold or attack of the grippe is like a fire, the sooner you combat it the better your chances are to overpower it. But few mothers in this age are willing to do the necessary work required to give a good old-fashioned reliable treatment such as would be administered by their grandmothers, backed by Bosche's German Syrup, which was always liberally used in connection with the home treatment of colds and is still in greater household favor than any known remedy. But even without the application of the old-fashioned aids German Syrup will cure a severe cold in quick time. It will cure colds in children or grown people. It relieves the congested organs, allays the irritation, and effectively stops the cough. Any child will take it. It is invaluable in a household of children. Trial size bottle, 25c; regular size, 75c. For sale by Dunn & Fulton.

A Bright Boy.

That is what you would say of a lad 10 years old who could speak Spanish, Italian, German and French. It is possible for your boy or girl to do that in a short time and not cost a penny. The Pittsburgh Daily Dispatch is publishing a series of language lessons which have been made sufficiently simple to enable a child 10 years of age, as well as grown persons, to acquire a conversational knowledge of the various languages in 90 days. It is a great opportunity for every person to learn. Ask the news-dealer to deliver The Dispatch to you regularly and take advantage of the Free Lessons in Languages.

Pott, District Passenger Agent, Room D, Park Building, Pittsburg, Pa. One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Dunn & Fulton.

"I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better.
