—Oil market closed at \$1.27.

—Hammock comfort at Hopkins'. Get one.

—Raspberries at the White Star Grocery, but the season is wanting, so get what you want now.

—The Tionesta branch of the Zuver Studio, at the City Building, is open Tuesday and Saturday of each week.

—The subject of Rev. W. O. Calhoun's sermon at the M. E. church next Sabbath evening will be "A Valuable Franchise."

—If our ladies desire a nice stylish straw hat, now is their chance to get it at reduced price, at the Joyce Millinery.

—Hopkins has too many Wooltex skirts and is going to sell two dozen at just half price. You know them. Get one now.

—Can you realize that six months from now, you will be trying to walk over the one next to you trying to get "closer" to the stove.

—All straw hats at the Joyce Millinery are selling at greatly reduced prices. A good time to purchase, as the season is still quite young.

—The unsightly ruins of the opera house, burned some time ago, are being cleaned up, making a big improvement in the looks of Bridge street.

—Keep in mind the great Odd Fellows picnic at Monarch Park, Oil City, Thursday, Aug. 10th, and arrange to attend if you would have a fine outing.

—Self exertion, self control, and self reliance characterize Edinboro Normal students. Fall session begins Sept. 12th, 1905. John F. Bigler, Principal.

—Quarterly meeting services will be held in the Free Methodist church at Mayburg, July 28th to 30th. Rev. J. S. McGeary will have charge. All are invited.

—A new dwelling house is building on an unopened street in rear of the public school lot, which will be occupied by Mrs. Moore, of the West Side, when completed.

—The corn and potato crop in this end of the county look exceptionally promising for the season of the year, and the yield will be a big one if everything goes right from this on.

—Following is the list of letters lying unclaimed for in the Tionesta, Pa., post-office for week ending July 26, '05. Mr. Wm. Price, 1 card.

D. S. Knox, P. M.

—The brick layers have commenced work on Col. Amster's new residence on East Main street. The work is progressing rapidly and when completed it will be one of the finest homes in Clarion county.—Clarion Republican.

—Generally speaking the country roads are in fine condition considering the continuous wet weather and dashing rains of the past two months. It all comes of "piking" them up well early in the spring, so that the water runs off readily.

—The special train for the Odd Fellows picnic at Monarch Park, Aug. 10, will pass Hickory at 9:54 and Tionesta 10:06 a. m., returning will leave Oil City 11 p. m. Fare for the round trip 75 cents, which includes street car fare to the Park and return.

—The Emporium Press tells of a man named Warren McConnell, of Cameron, who holds the record for the most raspberries gathered in seven days. His record is six hundred quarts, and when you come to think of it that means a few berries.

—The Tionesta branch of the Zuver Studio was formally opened last Saturday and did quite a nice line of work for the beginning. Mr. Zuver's work is of the best grade, and he guarantees to give entire satisfaction to all customers. Open every Tuesday and Saturday.

—Manner Landers has booked two games with the strong team of Brum, Butler county, on the local grounds, Aug. 3d and 4th. This club is making a tour of the circuit in this section, and is one of the snappiest teams in the country. Good games may be expected.

—The boys from this section who attended the annual encampment of the N. G. P., at Erie returned home Saturday evening. They report a very successful week's outing, but it was no picnic in the sense of having a do-nothing time, for their drill work was arduous and constant, though the weather for such an occasion and the location of the camp were all that could be desired. Among the prizes awarded, two fell to Cook Fred Bristow, of Tionesta, a member of Co. G, 16th Regiment, for nearest most tent and best cooking. Fred is a star in his line and easily captures all prizes that are offered.

—S. T. Carson drilled in a good well on the old Allender tract, now known as the Thomas farm, near the White church, Harmony township, the last of the week. The company operating the lease is composed mostly of Tionesta people, and this makes their third good well on that lease. It is believed it will settle down to a five barrel pumper.

—Rev. Dr. Slonaker's subjects for next Sabbath at the Presbyterian church are: Morning—"The Shepherd Character of Jesus." Evening—"Self Culture." The sacrament of baptism will be administered at the morning service. These will be the last preaching services in this church before vacation, as the pastor will take his vacation during the month of August.

—A truth from the Franklin News: Small boys need no board walk or other Atlantic City attractions to make it possible for them to enjoy bathing and all the delights of a shore life. Perhaps they are wiser than we who will not profit by the opportunities at our door, but must go long distances in smoke and dirt and heat to enjoy what the children find close at hand.

—The contest for President Judge in Venango county is between two candidates—the present incumbent, Judge Criswell, and Robert F. Glenn, who was nominated by the Democrats and endorsed by the Prohibitionists. The contest is expected to narrow down to one of the "wet or dry" sort, and will doubtless be a warm one at least.

—The Barnett township school board has elected the following teachers for the term of 7 months, beginning on the 4th of September: Redelyfe, Geo. Dunkle; Shippens, H. E. Sloughaupt; Jeffries, Anna Brewer; Greenwood, Harry Cook; Pleasant Grove, Bessie Chittler; Cookburg, Ralph A. Blocher; Fitzgerald, May Cyphert; Clarington, primary, Olive Myers, No. 2, no election.

—Judging from the following item from the Brookville Democrat that town is threatened with an epidemic of typhoid fever: "There is no cause for fright on account of typhoid fever in Brookville. So far as we have been able to learn there are only a few cases, four or five, and all are very mild ones. There seems to be no danger of a fever epidemic at all. The few who are sick are all getting along nicely, and we believe the disease will disappear in a few weeks."

—An unknown and peculiar disease has broken out among the horses in certain parts of the country and the veterinarians are at a loss how to treat them or what is the cause of the affliction. The disease, if it might be so termed, resembles a severe attack of the heaves, with a loud rattle in the throat. The animal is prostrated and might as well be dead, as it is useless to the owner. The State Veterinarian is unable to offer relief and owners of afflicted animals are greatly worried.

—The Oil City races were the best ever held on that track, Frank Yokum, one of the speedy horses, making a new mile record for the half mile track, going the mile in 2:06, beating Edie Powers' time of 2:08. Many from this section attended the races and were well pleased with the interesting sport. Visitors to the grounds noted with much satisfaction the absence of all gambling devices and grafts, and pickpockets were given the run early in the game and made themselves scarce during the week.

—We have just received a copy of the New Education, published by the Meadville Commercial College in the interest of business education. The new number is nicely gotten up and contains a number of articles that should prove of interest to those who believe in an education that has a money value. The College has taken additional space, and the rooms are being renovated throughout. The outlook for this year is very encouraging, and the advance registration indicates a larger enrollment than ever before.

—The funny (?) man who does the base ball for the Youngville Citizen, at the end of a long article in answer to our remarks last week on the Tionesta-Youngville game, makes the tin-horn sport's bluff about wanting to play on a neutral ground, for the "gate receipts and any side bet that is desired." The Tionesta manager desires us to say that if Youngville wants to come to Tionesta for a return game and desires to play a gentleman's game they will be accommodated, for we know how to do that. Now come on, if you haven't got cold feet.

—The school board of Howe township have elected the following teachers for the term of eight months, beginning Aug. 25th: Clough's, No. 1, Hattie Breneman, No. 2, Wealtha Richey; Cook and Haight, Flossie Odell; Porkey, Gertrude Thompson; Gusher, (Cooper Tract), Edna Zuen-dei; Sheriff, Oren Kelley; Lynch, Mortimer Rorabaugh; Iron City, Ellen Yetter; Frostown, Ethel Alcock; Pebble Dell, Gertrude Black; Watson Farm, Edna Agnew; Sheffield Junction, Katharine Mohney; Brookston, No. 1, M. Elizabeth Merrick, No. 2, Sara Hefron, No. 3, Charles Anderson.

—Ten years ago a farmer put his initials on a dollar, went to town and spent it with a merchant. Before the year was out he got the dollar back. Four times in six years the dollar came back to him for produce, and three times he heard of it in the pockets of his neighbors. The last time he got it four years ago he sent it to a mail order house. He hasn't seen that dollar since and will not. That dollar will never pay any more school or road tax for him; will never build up or brighten the homes of the community. He sent it entirely out of the circle of usefulness to himself.—Exchange.

—Hon. Cadwallader Biddle, secretary and general agent of the board of public charities, and Drs. J. N. Mitchell and George I. McLeod of the State Lunacy commission, were here on Wednesday last, and visited the jail and county home, being on their semi-annual inspection of the charitable and correctional institutions of Pennsylvania. They seemed to be well pleased with the condition of these institutions in Forest county and so expressed themselves freely. The Derrick states that "Mr. Biddle and his associates found the hospitals at Oil City and Franklin in excellent condition and spoke in the highest terms of these institutions, both as to building, equipment and management. He was equally commendatory of the Forest county jail and poor farm, classing them as 'models.' Of the Franklin jail he declared that there was only one worse than it in the state and that was located in Crawford county."

—According to the very best information obtainable, we pass this way but once, and when we step into the valley of the shadow, all our earthly belongings will be left behind. Not a cow, nor a sheep nor an acre of land, not a dollar of money, will go into the grave with us. Why then should men race through life in a mad fight for gold, brushing all the better things aside, when at the tomb? Would it not be better to smile a little and do a few good deeds as we go along? Would it not be a better plan to put a flower in the hand of some sad-hearted human being struggling along the road of life, than to clutch to the almighty dollar until death forced us to relinquish it?

—Isaac Reed, one of the oldest inmates of the State hospital at North Warren, died on Friday last. He was sent from this county to the institution upward of 30 years ago. Until a short time prior to his incarceration he had been a quiet, harmless, though considerably demented individual, and had made his home in this community as early as 1890, or thereabouts. He was lame for many years from an injury to one of his legs, sustained by being hit with a piece of an old exploding cannon which he had "touch'd off" on a Fourth of July morning long years ago, and always after claimed that the piece of cannon had gone through his shin bone. Reed was aged about 75 years. He was buried in the hospital burial plot.

—There are a great many more deaths from heat than from cold, at least the sudden deaths number more. We pay attention to low temperature and guard against it, but the science of comfortable living in hot weather is badly neglected. Especially do infants suffer because of this ignorance. The old-fashioned idea that a child must be bundled up in mid-summer coats many a little life and keeps many a parent awake trying to quiet a fretful child who is making a perfectly natural and proper protest against being swathed in hot woolen blankets when it ought to be clothed mostly in its own innocence. Savage people know enough to let the new arrivals crawl about freely, and thus get exercise, and they allow them to keep as cool as possible in their very light garments of bare skin.

—Henry Harrison Evans, in his 77th year, died at his home in Tidouite, Pa., on Tuesday, July 18. He was born in Chautauque county, N. Y., October 29, 1825, going with his parents when a child to Cochranton, Pa., where he was engaged in the cabinet making business for some years and where he was married to Mary A. Kemble, Jan. 1, 1852. In 1856 he removed to Tidouite, which was his home from that year until his death. He built the first sidewalk in Tidouite and for some time maintained a free school at his own expense and had served for 12 years as a director of the Tidouite schools and for nine years was postmaster at that place. He was a member of the Masonic fraternity for the past 45 years and the last surviving charter member of lodge No. 412, F. & A. M. Mr. Evans' first wife died in 1886. He was again married, in 1888 to Mrs. Cordelia Jackson, who survives. He is also survived by two sons and two daughters—Mrs. G. W. Warden and Gus B. Evans, of Endeavor, Pa.; Mrs. Alice M. Smith, of New York City, and W. P. Evans, of Charlestown, W. Va. The deceased was one of Tidouite's most highly esteemed and honorable citizens, and will be missed by a large circle of friends. The funeral services were held Thursday and the interment was in charge of the Masonic fraternity.

Picnic at Fox Creek.

The W. C. T. U. of Nebraska, have a program of social meetings for this year, one for each month. We think one of the best was enjoyed last Friday, when they picnicked at Fox Creek, with Mrs. E. L. Dewoody as hostess. Our excursion car was a bark rack, made very comfortable by the addition of seats, and with well filled baskets about forty-three tourists got aboard. Arriving at our destination we proceeded to spread the feast in the cool, pleasant dining room, finding it more agreeable than the woods. Our hostess supplemented the bill of fare with ice cream and coffee, and with her daughters, the Misses Lottie and Nellie, did everything for our comfort and pleasure. After dinner Mr. Dewoody gave us the use of one of the logging engines, and under the piloting of engineer John Gold, we spent an hour in traveling over the log road and its branches. This was a most enjoyable trip, the road going from the mouth of Fox Creek to within sight of Golliza. But to any one who has ever gone into the heart of the forest, among the ferns and wild flowers, further description is unnecessary. Returning to Fox Creek, the members of the Union assembled in the parlor and after a short business session, listened to recitations and a song by Miss Edith Desher, and a vote of thanks to Mr. and Mrs. Dewoody, the tired but still jolly party returned home. Among those present from a distance were: Mr. Ned Secor, of the U. S. Marine Corps; Mr. Chas. Kreitzer, of Troy, N. Y.; Misses Lillian and Edith Desher, of New Rochelle, N. Y., and Mrs. J. B. Haggerty, of Tionesta. I. E. S., Press Supt.

M. E. Church Dedication.

The Methodist Episcopal church at West Hickory will be dedicated, free of debt, on Sabbath morning next, July 30th, at half past ten o'clock, by Bishop C. C. McCabe, under the following program:

Voluntary—"Open the Gates of the Temple," Mrs. Sheasley.
Scripture Lesson.
Congregational Singing, led by Dr. Wm. G. Morrow—"Coronation."
Prayer—Rev. E. D. Mowrey.
Congregational Singing—"Old Hundred."
Sermon—Bishop C. C. McCabe.
Solo—"Alone With Thee," Mr. F. A. Shaw.
Prayer.
Congregational Singing—"I Love Thy Church, O God."
Benediction.
A cordial and general invitation is extended to this dedication. The new edifice is one of the finest in the county, and what is best of all, it will be given over to the congregation without a dollar of indebtedness hanging over it.

Notice, Farmers.

In case your mower breaks in harvest, call. I have them in stock.

PERSONAL.

—Dr. Dunn spent several days of last week in Pittsburgh on business.

—Will Hunter was down from Tidouite to spend Sunday with his parents.

—Miss Hazel Bone, of Bradford, is a guest of her aunt, Mrs. H. B. Peil.

—Mrs. A. C. Brown is entertaining her niece, Miss Alice Brown, of Clarion.

—Miss Blanche Pease returned Monday from a two-weeks' visit in Meadville.

—Miss Maud Green is visiting her teacher, Miss Norlin, at Ludlow, Pa.

—Mrs. J. B. Siggins, of Oil City, visited Mrs. J. D. Davis a day or two of last week.

—Rev. W. O. Calhoun spent a portion of last week with his parents at Sherman, N. Y.

—Dr. C. Y. Detar, of Kellettsville, was a business visitor to the county seat Monday.

—Mrs. Wm. Lawrence went to James-town, N. Y., Tuesday afternoon for a week's visit.

—Miss Iva Carpenter, of Endeavor, went to Sparta, Pa., Monday, for a few weeks' visit.

—W. W. Wilson, Clarion's handy base ball twirler, was a business visitor here Saturday evening.

—Will Scott and Arch Perry, of Oil City, were guests of Russell Hopkins a few days of last week.

—Mrs. M. E. Abbott and daughter Marie spent a few days the first of the week with friends at Endeavor.

—Mrs. Paul J. Slonaker and children returned Monday evening from a week's visit with Mrs. Slonaker's parents at Franklin.

—Mrs. R. A. Zahniser and children returned last Wednesday from a month's visit with her parents in Fairchance, Fayette county.

—J. W. Kelley and son J. S. and daughter, Miss Aggie, of Marienville, visited with Mr. and Mrs. Geo. W. Noblit on Saturday evening.

—Mr. and Mrs. Truman Couplan, of East Hickory, spent Sunday and Monday with the latter's grandmother, Mrs. R. H. Barr.—Seneca Kicker.

—J. E. Leech drove down from Marienville yesterday morning, bringing Misses Queenie Mintz and Frances Brockway, who took the morning train for Oil City.

—Archie Bonner, who spent the past winter in Denver, Colorado, where he expects to permanently locate, arrived here Monday evening for a visit with relatives.

—Miss Blanche Mays returned Saturday from her visit in Oil City. She was accompanied by the Misses Bertha and Gertrude Kline, who were her guests until today.

—Mr. and Mrs. M. M. Barnes, and little daughter Irene, of New Castle, spent the past week as guests of Mr. and Mrs. O. F. Miles. Mrs. Barnes is a sister of Mr. Miles.

—Dr. Morrow's condition remains unchanged, except that he is possibly growing weaker. He is confined to his bed, and although suffering no pain is unable to move about any.

—Clerk Gust has issued the following marriage licenses since our last report: W. H. Hood and Miss Minnie Overlander, both of Tionesta, Clemens G. Eifert and Miss Adella L. Sandrock, both of Marienville.

—Mrs. Quitta, the cook at the Central House, fell on the back porch at the hotel Monday night and fractured a bone in her left wrist. Dr. Dunn attended her and the injury, while not serious, will lay her off for a number of weeks.

—Robert Walters, of the Citizens National Bank force, had his face rather severely burned Thursday last, by an explosion of gas at the well drilled in by S. T. Carson in Harmony township. The burns were not deep however, and he will be as well as ever in a few days.

—Lewis Dubois, of Marienville, one of the well known drillers of the oil country, was a Tionesta visitor Saturday, and made the REPUBLICAN office a pleasant call while here. He will be one of the drillers that will shortly begin operations for gas on a large tract near Marienville.

—The REPUBLICAN enjoyed a pleasant visit last Wednesday from ex-Senator John H. Landis, of Lancaster county, who is now superintendent of the United States Mint at Philadelphia. Mr. Landis is making a tour of Pennsylvania in the interest of the project to establish a memorial school to the memory of that great commoner, the late Thaddeus Stevens, who saved to our Commonwealth its grand free school system.

—C. F. Fox and Bruce Crain were in town Tuesday. They spent the past six months at Lamson, Ala., where they are interested in lumber operations, and are now visiting their families at Lynch for a few weeks. It is interesting to hear Mr. Fox tell of the habits and customs of the people of that state. He says one of the things he has learned from the natives is the practical use of the eight wheeled wagon, which he says is all right.—Sheffield Observer.

—Mrs. Eliza Paup, who has been in delicate health for a number of years, much of which time she has suffered great pain, was taken to the hospital at Buffalo, where she submitted to an operation last Saturday by the eminent specialist, Dr. Parks. Twenty-three gallons were removed, most of which were larger than a grain of corn. The patient rallied very well from the shock, and at last accounts the surgeons were hopeful of her recovery, although the crisis had not passed. Mrs. Paup is upward of 74 years of age, which fact militates somewhat against her restoration, but her many friends are hoping for the best. Mrs. R. M. Herman, Miss Ida Paup, and O. W. and Miss Eureka Proper were with her when the operation was performed, Miss Paup and Miss Proper being still with her.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Dunn & Fulton.

Yowinkel Oil Field.

The Kane Republican of Saturday gives this information of the new oil field in the vicinity of Yowinkel, Clarion county: The North Pine Grove Oil Company brought in a new well in the Yowinkel field at noon yesterday, on the James Wray farm. The sand was struck at about 1,000 feet, and the well began flowing by heads before shooting.

Barlett, Kane & Company's No. 2 has been put to pumping and made 21 inches in a 100-barrel tank on Friday afternoon. James McMannus & Co. are starting a well on the James Haggerty farm, fifteen hundred feet west of Barlett, Kane & Company's last producer.

A. Culbertson & Co. are starting a well on the James Butler farm, about one mile southwest of the Barlett, Kane & Company's lease.

Big Lumber Firm Finishes Up.

The extensive lumbering concern of Wagner & Wilson, located near Marienville, closed down for good on Saturday, July 15, having sawed the last log at 10:45 in the forenoon of that day, when a long blast from the mill whistle announced the passing of the firm's business in that locality. The first operations at that place were conducted by Haskell & Co., 15 years ago, the plant and timber passing into the hands of the present firm some two years later and they have continued up to the present time, or until all the merchantable timber was exhausted. During these years they have taken the timber off 6,500 acres of land, and have produced in the meantime an aggregate 120,000,000 of lumber, 95 per cent. of which has been hemlock. In the beginning of their operations and for some years later hemlock sold at \$6.50 per thousand feet; but during the past seven or eight years has been bringing from \$13.00 to \$15.00. In a brief history published in the Express of last week this rather extraordinary statement occurs:

"It is remarkable and a source of great satisfaction to the owners that there has not been one serious accident in the mill or on the property since they owned it, and the men are equally proud that there has never been a strike or any serious labor trouble. This is a record of which both sides may justly be proud."

The passing of this firm is a serious blow to the business interests of Marienville, but as the change was inevitable in the very nature of things, and therefore no surprise, the town was prepared for the shock, which was not so great as it might otherwise have been.

Mr. George Wagner, the senior member of the firm, and who has personally superintended the work of taking the timber from the stump, converting it into lumber and selling the same during these years, has determined to take a much needed rest, and with his wife has set sail for Wurtemberg, Germany, their old home in the Fatherland, where they will spend a couple of months very pleasantly among friends and scenes of their childhood.
