BATTLESHIP KANSAS. Is the Largest Ever Launched at an

Eastern Yard. Philadelphia, Aug. 14.-The battle ship Kansas, biggest warship ever built at an Eastern yard, was launched Saturday and spring water was used for the christening by Miss Anna Hoch, daughter of the governor of Kansas. Governor Hoch was present with his staff.

The suggestion that water from a spring at Camden, N. J., be used by the sponsor for the vessel was made by Governor Hoch and the navy officials and officers of the New York Shipbuilding company, which built the ship, acquiesced.

The Kansas is a sister of the Vermont now being built at the yards of the Fore River Ship and Engine Building company, Quincy, Mass. She will have the same armament as the battleship Minnesota, launched several months ago:

The keel plates of the Kansas were laid on February, 10, 1904. She is known as a 450-foot battleship and her contract calls for a maintenance of 18 knots speed for four consecutive hours. Her length over all is 456 feet 4 inches and her extreme beam 76 feet, 51/2 inches. Her trial displacement will be 16,000 tons and when she goes on her speed test are will carry 900 tons of coal, although her bunker capacity is

Her armament will be: Main battery, four 12-inch guns, eight 8-inch, 12 7-Inch breech-loading rifles, 20 14pounder rapid-fire guns, 12 3-pounder semi-automatic guns, six 1-pounder automatics, two 3-inch field pieces, two machine guns of .30 calibre and six automatic guns of 30 calibre.

PENNSY PAYS IN CASH.

Will No Longer Use the Check System and All Employes Will Get Money.

Philadelphia, Aug. 14.-The Pennsylvania is perfecting arrangements for the paying of its employes in cash instead of as now by check. On some of the divisions the new system has been tried and found to work admirably. There are employed on the Pennsylvania nearly 20,000 persons. For the last 35 years the employes have been paid by check.

It was found that the payment by check caused the men to absent themselves from their work for a long time and, besides, in many instances it was very inconvenient to get the checks cashed.

There was another reason why there is a desire to have the employes paid in cash. It is that many of the men had their checks cashed in places At the state department it is said that are not prescribed as a depository of the railroad. And, beside, it is understood that in many cases the mea were compelled to pay from 25 cents up for having their checks cashed.

To make this change will mean a revolution in the system of handling the monthly payrolls. It will seem like old times to see the pay car comthe anti-American boycott is thorough- that it is the best system.

Mr. Schwab's Plans.

New York, Aug. 14. - Charles M. Schwab is preparing to go to Europe for a three-months' study of continental shipbuilding industries with a view on his return to America of putting into operation a system of shipbuild ing plants along the entire Atlantic coast. Each plant is to have such an German banks are participating in a vessel built in any one of the yards and in need of repairs to regular influence in Tangier and Fez and in nearest yard and there be refitted as regard to which much indignation is promptly as would be possible at the yard which built the vessel. Mr. Schwab's study will be made in the

Sheet Metal Workers.

Washington, Aug. 14.-The convention of the Amalgamated Sheet Metal Workers Alliance adjourned after electing officers and fixing upon Atlantic City, N. J., as the place for holding the next meeting in July, 1907. M. O'Sullivan, Pittsburg, was elected president; J. V. Ryan, Buffalo, N. Y., ues of exports of farm products and fifth vice president, and P. J. Downey, Albany, N. Y., general organizer. A resolution was passed giving the copper workers representation in the alliance, but this action must be ratified by the coppersmiths before it becomes

Lessened Demand For Horses.

Cleveland, Aug. 14.-As a direct result of the agitation against pool selling in Ohio, creating a dearth of demand for horses, the famous two-minute stock farm, including Star Pointer, 1:59%, and many other wellknews horses, will be sold at public sale or in private this fall. This announcement is made by Will B. White, manager of

TERMS STAGGER WITTE

Main Features Are Reimbursement and Cession of Sakhalin.

Clergyman and Wife Assaulted-President's Midsummer Trip-Vivtim of Yellow Fever-The Chinese Boycott. Investigation of Albany Disaster. Vote Against Scandinavian Union.

Reimbursement for the expenses sustained in the prosecution of the war and the cession of the island of Sakhalin constitute the main features of the peace conditions handed by Baron

Komura to M. Witte. The word "indemnity" is carefully avoided, the term employed being "reimbursement" for the cost of the war. No sum is fixed, the amount being distinctly adjourned for mutual adjustment between the two countries after the Japanese expenditure has

been ascertained These are the two all-important conditions and those which the Russian plenipotentiaries find absolutely unacceptable. Unacceptable as they are, however, it can be stated that these two principal conditions did not come as a surprise to the Russian plenipo-

The other terms are substantially what the world expected and with one or perhaps two exceptions, could probably be entertained as bases of negotiation. They include the follow-

The cession of the Russian leases to the Liao Tung peninsula, comprising Port Arthur and Dainy; the evacuation of the entire province of Manchuria; the retrocession to China of any privileges Russia may have in the province, and the recognition by Russia of the principle of the "open door"; the cession to Japan of the Chinese Eastern railroad below Harbin, the main line through Northern Manchurla to Vladivostok to remain Russian property; the recognition of the Japanese protectorate over Corea; the grant of fishing rights to Japan in the waters of the Sherian Littoral northward from Vladivostok to the Behring sea; the relinquishment to Japan of the Russian warships interned in neutral ports, and finally a limitation upon the naval strength of

Russia in Far Eastern waters Russia's Reply to Overtures, Russia's reply to the Japanese terms

of peace were delivered by M. Witte to Baron Komura Saturday morning. Upon the two crucial points, indemnity and the cession of the island of Sakhalin, the reply is absolute non-possumus. Other points are acepted as bases for discussion, while

still others are accepted condition-The tactics of the Japanese are in scrutable. They have shown throughout the war this ability to guard their secrets, military, naval and diplomatic, and now not the remotest clue comes from behind their closed doors as to whether they are prepared to make substantial concessions. Silence and secrecy are their watchwords. But if the conditions as submitted constitute their last word, hope of peace may be regarded as having disappeared, if the feeling reflected in Russian circles is a true criterion. And that no substantial concessions on the main

ssues will be made is the belief both in Russian and Japanese circles.

The session of the plenipotentiaries at Portsmouth which was to have been held Sunday afternoon was postponed by mutual agreement out of reverence to the fact that it was the Holy Sabbath, which is universally ob-

served in Russia as a day of rest. The Russian envoys attended services at Christ Episcopal church Sunfay morning and in the evening Mr. Takahira, the Japanese minister, and Commander Takeshita, naval attache of the Japanese legation at Washington, attended services at the Christian

church in Kittery, Me.

Clergyman and Wife Assaulted. Rev. Bernard Schulte and his wife of New York, the latter a sister of Bishop Nelson, were attacked at Mechanicsville Saturday night and probably fatally injured by a negro, who was Sunday shot and killed in Sara-

toga while resisting arrest, Early Saturday evening William Curtis, whose home is in Saratoga, presented himself at the door of the rectory and asked for a drink of water Mr. Schulte was in the act of turning back to get the water when the negro drew a piece of lead pipe from beneath his coat and felled the clergyman with a terrific blow on the head, following this up with a rain of blows until his victim lay unconscious and apparently

Mrs. Schulte, who was up stairs, the coarsest and guarantees his work to give perfect satisfaction. Prompt attention given to mending, and prices reaments, who instantly struck her down before she could utter an outery, and continued beating her with his heavy weapon until he had inflicted injuries from which she can hardly recover. Policeman James Suliivan discov ered Curtis Sunday in Searing's alley, a negro colony in Saratoga, and arrest ed him. The negro, however, broke away and ran, and after firing one

> fired again, shooting him through the head and killing him instantly. It is reported that a motive for the attack upon the couple may be found in the fact that Curtis' wife had been employed in the family of Dr. Newell, whose place Rev. Mr. Schulte was supplying but was not engaged by the Schultes,

shot in the air to halt him, Sullivan

President's Midsummer Trip. President Roosevelt, on his return trip to Oyster Bay from Chautauqua Friday, passed through New York, Pennsylvania and New Jersey. At every station where a stop was made he was accorded a greeting as affec-

tionate as it was enthusiastic. During the afternoon Mr. Roosevelt made brief addresses from the rear platform of his car at Salamanca, Hornellsville, Elmira and Waverly.

His speech at Salamanca was simply a complimentary address to the people of a city of which he is fond and an appeal to the people to conduct themselves always with honesty and decency in private life and relations with a view thereby of bettering the government of the state and of the country. At Hornellsville the president touched effectively upon the horrors of the yellow fever epidemic now

raging in New Orleans. At Elmira, where a convention of the volunteer firemen is being held, the president addressed his brief remarks particularly to them.

Victim of Yellow Fever Scourge. Public interest in the general yellow fever situation at New Orleans last week suffered a temporary eclipse in the death of Archbishop Chapelle, the most distinguished victim of the present scourge. Although the prelate was a subject of scientific treatment and attention his physique and fatigued condition on his return from a particularly irksome trip through the

country counted against him. What is held remarkable is that the archbishop should have contracted the disease so quickly, whereas he had spent many years in Cuba and Porto Rico, where the disease is endemic, without having contracted it there.

Among the scientific men there is little doubt that the archbishop fell a victim to a mosquito during a brief visit he paid to the old archbishopric on Chartres street, or from an insect which found its way into his residence in Esplanade avenue, which is not far from the territory within which there has been infection.

The Chinese Boycott. Alarm regarding the impending financial crisis in consequence of the Chinese boycott of American goods is increasing at Shanghai and President Roosevelt has instructed Minister Rockhill to warn the Chinese government that the United States government will insist on the full observance

of article 15 of the Tien Tsin treaty of Article 15 of the Tien Tsin trenty provides that "At each of the ports open to commerce citizens of the United States shall be permitted to import from abroad and sell, purchase and export all merchandise of which the

hibited by the laws of the empire." Investigation of Albany Disaster. Investigation of the collapse of the Myers building in Albany is now under way and the city authoritles promise that it will be pushed as rapidly as possible. William A. Cattell, the New York civil engineer, and William F. Hanrahan, the Schenectady builder, who with John Magill, a Troy mason contractor, constitute the special investigating commission ap-

pointed by Mayor Gaus, will soon make a report. Miss Ella J. Donahue is the only one of the 50 injured who is not expected to live. Her death would bring the total number of deaths up

Volunteer Firemen's Week. The annual convention of the Volunteer Firemen of the State is being held at Glens Falls. Every business place and hundreds of private residences have been decorated for the oc-

The delegates will enjoy a moon light excursion through Lake George. Thursday will be tournament day with hand engine contests, hose races, prize drills, etc. On Friday the con vention will conclude with a parade.

Ferry Boats and Depot Burned. Inside of an hour Monday night fire swept away the Delaware, Lackawanna and Western Raliroad company's terminal in Hoboken, seized two ferryboats and practically ruined them and for half an hour thteatened a conflagration of the entire water front in the vicinity, including the big Hamburg-American and North German Lloyd

ships were lying. Passengers Thrown Into Mud Hole. At Utica on Sunday evening a car on the Cemetery branch of the Utica and

Mohawk Valley railroad jumped the

track at a curve on Highland avenue at the foot of a short hill and about a thousand feet from Genesee street. The car was thrown on its side and the passengers thrown into a mud hole, There were 28 people on the car, of whom only four were seriously hurt and all of these will recover.

Unanimous Vote Against Union. The Norwegian people in a referendum taken Sunday pronounced for dissolution of the union with Sweden with remarkable, though not unexpected, unanimity. Of 450,000 voters, \$20,000 cast ballots, only about one person in 3,000 voting adversely.

lusurance Committee's Lawyers. The New York state legislative insurance investigating committee has invited Charles E. Hughes and James McKeen to act as counsel in the forth coming inquiry. Joseph H. Choate also has been invited to act in an advisory capacity. Mr. McKeen has aleady accepted.

NO INDEMNITY-GOLDWIN SMITH AUTO STRUCK BY TRAIN. He Declares That Japan Should Re-

Harry P. Lindsley and Miss Willing Instantly Killed.

Accident Occurred as Auto Was Climb ing Up a Steep Grade Leading Over Railroad Crossing-Locomotive Ten der Struck Rear Seat of Automobile Which Was Smashed to Pieces.

Rutland, Vt., Aug. 15. - Harris P Lindsley, deputy police commissioner of New York city, and Miss Evelyr P. Willing of Chicago were almost in stantly killed at Pikes Crossing near Bennington, Vt., yesterday afternoon when the automobile in which they were traveling from Manchester, Vt. to Williamstown, Mass., was struck by a train on the branch division o the Rutland railroad from North Ben

Ambrose Cramer of Chicago, the Adamson, the chauffeur, were thrown out and hadly cut and bruised, but

otherwise uninjured. The locomotive and one car were running backward to meet the flyer from Burlington at the Bennington sta tion and they were thrown from the rails, the engine being overturned and rolling a distance of 10 or 15 feet from the rails, which were torn up for nearly

100 feet. Engineer William Sibley and Fire man William Mangan jumped from the cab and were unhurt, while 15 passen gers also escaped injury. The automo bile was smashed to pieces and after wards was destroyed by fire.

The dead: Miss Evelyn P. Willing of Chicago, aged about 48 years. Harris P. Lindsley of New York city. aged about 35 years. The injured were removed to the

hospital at the Soldiers' home and were resting comfortably. The accident occurred shortly after 4 o'clock as the the party were travel ing up a steep grade leading over the crossing. Mr. Lindsley and Miss Will ing occupied the back seat of the car a big touring machine, registered 1041 City of Chicago. The boy and the

chauffeur were in front. There is a curve near the crossing and Adamson states that he did not see the train until it was on them Engineer Sibley and Fireman Mangan make the same statement. The locomotive tender struck the rear seat of the automobile, which was thrown about 60 feet and reduced to

ers for nearly 100 feet, ripping out the importation or exportation is not pro rails, then was overturned. Sibley and Mangan sprang out and escaped with a severe shaking up. The car return until Sept, 1, the acting goversoon came to a stop. Lindsley had been killed instantly and Miss Willing lived but a few minutes. The bodies were taken to a Ben

the rails and ploughed over the sleep

nington undertaking shop. Young Cramer and Adamson were removed to the hospital at Bennington. It developed last night that Miss Willing and Mr. Lindsley were to have been married next week. The former is a granddaughter of former Governor Mark Skinner of this state, and the daughter of Mrs. Willing who gave the Mark Skinner library to the town of

Manchester A wrecking train was sent from this city but it is believed traffic on the branch road cannot be resumed before

DAUGHTER OF H. J. WILLING. Who Was a Partner In Chicago Firm

of Marshall Field & Co. Chicago, Aug. 15 .- Miss Evelyn P Willing, who was killed near Bennington, Vt., was a daughter of the late Henry J. Willing, who was a partner of Marshall Field and Co., for many years. Both Mr. Willing and his wife died some years ago and Miss Willing and a brother, Mark S. Willing, lived in the family mansion in Rush street Miss, Willing, who was prominent in society, spent most of last winter and the early part of this year in New

York, returning to Chicago early in ment to Harris Lindsley of New York was a surprise to the fashionable se in Chicago. Miss Willing left Chicago for New York on July 29 to make motor tour of the East with Mr. Lind steamship docks, at which several big

sley and some friends. Appointed Commissioner In 1904. New York, Aug. 15 .- Mr. Lindsley was appointed third deputy police commissioner in 1904. He was a member of the Strollers and Princeton clubs of this city and the Metropolitan club of Washington. He graduated from Princeton in 1893 and was a lawyer in practice before being appointed to the

Permission to Abandon Station Albany, Aug. 15 .- The state railway commission has granted the applica tion of the New York Central railroad to abandon the station on the main line

deputy commissionership.

month. Six trains a day stopped there Albany, Aug. 15.-The state agricultural department has notified the towns of Addison, Rathbone, Wood hull Tuscarora, Lindley and Caton in Steuben county that beginning Aug 16 they will be quarantined to prevent the spread of rabies.

ceive No Money From Russia. Toronto, Aug. 15. - In the simple manner the characterizes the man.

Goldwin Smith celebrated his 82nd birthday at his residence, the Grange, yesterday. The event was marked only by the presence at the dinner table of a few relatives and intimate friends.

Goldwin Smith is following with the keenest interest the progress of the Russo-Japanese peace conference at Portsmouth. The game of war and the game of peace are both familiar to him. In conversation Goldwin Smith said that in his opinion Japan was not entitled to a cent of indemnity from Russia, and that the czar should not

pay it. "It was Japan who started hostilities without a formal declaration of war, Japan has spent enormous sums, of course, but so has Russia, and the latter has lost territory. If the mikado attempts to enforce his alleges, demand for \$1,000,000,000 indemnity, or any large part of it, the czar will be enabled to appeal to the patriotyoung nephew of Miss Willing, and J ism of his people, disorganized though the nation is, to resist the demands. And if Japan were to succeed in obtaining recognition of her money claim, she could not collect it. Ger many collected from France because she had conquered France, but Japan will have absolutely no means of making Russia pay.

"Russia has lost territory and should not have to pay enormous money claims in addition. If she gives up Manchuria, recedes from the Pacific coast, being allowed to retain a port there, along with some of the other territorial stipulations alleged to be set forth in Japan's proposals, that is all that can reasonably be expected of her."

Mr. Smita did not seem to be of the opinion that this conference would result in peace. He seemed more pessimistic over the result.

GOVERNOR'S VACATION.

Sails Friday For England - He and

Mrs. Higgins Will Be Gone Four Weeks. Albany, Aug. 15.-Governor Higgins will spend nearly all his vacation on the ocean. Upon returning from Olean he said that on Friday he and Mrs. Higgins would sail for England. They will take the White Star liner Cedric and be cone in all four weeks.

"The trip," said the governor, "is

undertaken mainly on account of Mrs.

Higgins' hay fever, which experience has shown is best relieved by a sea voyage. I shall not fill the vacancy in the state railway commission until I kindling wood. The locomotive left return." Since Lieutenant Governor Bruce, who is representing the state at the Lewis and Clark exposition, will not

nor during the first part of Governor

Canadian Pacific's Dividends. Montreal, Aug. 15 .- At a meeting of the directors of the Canadian Pacific

Railroad company yesterday a divi dend of 2 per cent on the preferred stock and of 3 per cent on the common stock for the half year ended June 30 was declared. The gross earnings for the fiscal year ended June 30 were \$50,481,882. The working expenses were \$35,006,794, leaving net earnings of \$15,475,088. The total net income from all sources was \$17,059,752. The net revenue available for dividends after payment of fixed charges and of the amount applied against ocean steamships and pension fund, was \$8,-875,686. The surplus for the year

after payment of dividends was \$1. 784,553.

Elks' Home Nearly Ready. Pittsburg, Aug. 15.-The handsome new club house and lodge building of McKeesport lodge No. 136, B. P. O. E., which is being erected at a cost of \$140,000, is nearing completion, and the members are planning for three of the greatest days in the Tube City's history when the building will be dedicated in November. On account of Mayor Falkenstein's prominence in the national organization many of the most prominent Elks in the country

will attend the ceremontes.

Wyoming is Looking Up. Cheyenne, Wyo., Aug. 15.-For the Erst time in its history Wyoming now has more than one inhabitant for each square mile of its territory. The census of 1905 gives the state a population of 101,819, and the area of the state is 97,890 square miles. In 1889 there were nearly two miles of territory for each inhabitant and in 1890 one and one-half miles. In 1900 each inhabitant could have had more than a square mile of country in which to

Somnambulist Walks to Death,
