ENGLAND has approved of the defense plans of Canada against the United States. An Englishman can see a joke, after all, more clearly than has been supposed.

MEDICAL science has determined that early rising is unhealthy. This corroborates Charles Lamb's theory that it is best to lie in bed until the world has been properly aired.

THE Filipinos are to have an assembly as soon as they are ready for it in point of preparedness, and not desire. We did not get one ourselves so soon as that, nor until after we had proved our preparedness by whipping the mother country.

At their State Convention last Wednesday, at Harrisburg, the Democrats endorsed the candidacy of Judge Stewart, the Republican nominee for the Supreme bench. They also decried corruption in office. "God save the Commonwealth."

PROVIDENCE seems to smile upon this country only in Republican years. The condition of corn is nearly five per cent. better than last year, and last year's showing was great. Without a special revelation on the point the circumstantial evidence indicates the divine sympathies.

In Switzerland the dairy maids sing while milking. Proprietors require the singing, as it has a soothing effect upon the cattle which increases the yield of milk. This is simply a practical form of applying the kindly treatment to animals which produces greater efficiency in service than is possible where the nervous system is excited by indifference or harshness.

The first week in October has been fixed upon for beginning the trials of peckers, lawyers and corporations charged with entering into combinations in restraint of commerce, and accepting rebates. There are twenty-four persons indicted, and the trial of the cases separately will consume a period approximating three months. The proceedings will be watched by the public with considerable interest.

BOURKE COCHRAN, who has exhausted the language of scorn and invective in denunciation of our Philippine policy, has experienced a change of heart, and now favors the retention of the islands. Mr. Cochran is a most eloquent and ingenious talker, but is a very poor thinker, not an uncommon fault among those who have a mania for public speaking.—Punxsutawney Spirit.

A SPECIAL from Washington says: "Representative Joseph C. Sibley, of Pennsylvania, is now spoken of as a strong possibility for chairman of the House Committee on Appropriations. In fact, a member of the committee in the last Congress stated yesterday that he knew Mr. Sibley had been offered the place and thought he would accept it. Next to Ways and Means the Committee on Appropriations is the most important in the House of Representatives and the chairmanship carries with it wide influence and much prestige. Mr. Sibley and Speaker Cannon are close personal friends and the speaker has recently been the guest of Mr. Sibley at his summer home on Lake Champlain. The Pennsylvania member is now looked upon as most likely to land the appointment."

The crop report of the agricultural department indicates the prospect of an unprecedented harvest yield in this country. The wheat outlook is the best in our history, with the exception of 1901, but in that year corn was a poor crop, while this year it is apparently to be the greatest on record. Spring wheat is being harvested and there is little apprehension for the future. The total yield is estimated at 710,000,000 bushels, within 40,000,000 of the maximum. Notwithstanding this yield and promise, prices remain high because the rest of the world has a shortage. Last year we sold little abroad, because our own crop was below the average and we had more people at home to eat it. This year the price will be kept up and 100,000,000 bushels extra will go to Europe. The corn crop promises to reach the staggering figures of 3,000,000,000 bushels, which would give more than 30 bushels for each man, woman and child in the country.

The interest which President Roosevelt manifests in movements against graft and corruption everywhere acts as a stimulant upon honest men of all parties holding political positions. The Pittsburgh Times, referring to the stand of the nation's chief executive upon the vital principles of courage and honesty in public affairs says: "There is a man in the White House whom the old political leaders cannot control, and of whom they are afraid. The people are not afraid of him. He represents to them higher ideals and stands for better things. He fears neither corporations nor labor organizations, but takes as his platform a declaration the humblest can understand—a square deal for every man," rich or poor. He is against graft, he is against

corruption, he stands for purity in politics and honesty in government. The people are with him. Everywhere in the United States there are ample signs of an awakened and aroused public conscience and public spirit.

The forest services of the department of agriculture has announced that it has taken up the study of woods for special uses and experiments will be conducted particularly to secure a wood for street pavement which will prove lasting. The circular states that in recent years engineers have become convinced that with the right selection and treatment of material and with the right method of laying wood paving can be made successful. Consequently a revival in wood paving has begun and many of the largest cities are again trying it. Wood pavement is now made almost exclusively of one or two of the best construction woods and if it should become popular the drain upon these woods would be seriously increased. The forest service will direct its experiments to determine if there are not among the various cheaper and more abundant species some which by proper treatment may be substituted for the more valuable kinds now in use.

Resolutions.

Whereas, It has pleased our Heavenly Father in His wisdom to remove by death Wilmon W. Blackmar, Commander-in-Chief of the Grand Army of the Republic; Resolved, That as a tribute to his memory Capt. George Stow W. R. C., No. 137, will be held in grateful remembrance the sterling qualities and integrity displayed by this brave soldier, faithful leader and true hearted friend of our order.

We know that his death creates a vacancy which cannot easily be filled, and realizing the irreparable bereavement which has come to his home, we extend to his family and friends the heartfelt sympathy of the members of Corps 157 and share with the Grand Army the keen sense of personal loss.

Resolved, That a copy of these resolutions be spread on the minutes and published in our weekly papers. SUE MAY SHARPE, ALICE Z. YOUGH, JENNIE E. AGNEW, Committee.

Inasmuch as it hath pleased the Father, who doeth all things well, to remove by death on August 5th our comrade, friend and neighbor, Dr. J. W. Morrow, therefore be it

Resolved, That while we yield trustfully to the wisdom that has taken him from our midst, we, the members of Capt. George Stow W. R. C., No. 137, desire to place on record a few words in memory of this honored Christian man. In his death one has been taken whose influence for Christ was deeply felt in the church and community. The church has lost a willing and efficient worker. The community a kind friend. The G. A. R. a faithful member and wise counselor. The family a devoted husband and father. Resolved, That the members of the Woman's Relief Corps extend to the bereaved wife and family their heartfelt sympathy in their hour of need.

Resolved, That copies of these resolutions be sent to the sorrowing family, placed on the minutes, and published in THE FOREST REPUBLICAN and the Democratic Vindicator. JENNIE E. AGNEW, ANNA F. CARSON, ANNA WATSON, Committee.

Letter to J. T. Dale, Tionesta, Pa.

DEAR SIR:—A great many people will see your house in the course of the next ten years. We want it to show what Devoe lead-and-zinc will do. We should like you to paint it, and then not paint it again for ten years—unless it needs repainting.

We'd like such a sample as that in every town in the country—with a notice about it in the local paper: "Mr. Dale's house was painted ten years ago with Devoe lead-and-zinc, and has never been repainted. The color is not so bright as it was; but the paint is as perfect a coat as ever, to keep out water."

A good lead-and-zinc job is expected to last three years; it is a good one that lasts three years; it generally does not. Devoe lead-and-zinc lasts twice as long, if not—

"If you have any fault to find with this paint, either now in putting it on, or hereafter in the wear, tell your dealer about it."

"We authorize him to do what is right at our expense."

We want your house as a sample, and you as a witness. Yours truly, F. W. DEVOE & Co., New York. P. S.—Dunn & Fulton sell our paint.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75. Hall's Family Pills are the best.

The Good Old Way. A severe cold or attack of grippe is like a fire, the sooner you combat it the better your chances are to overpower it. But few mothers in this age are willing to do the necessary work required to give a good old-fashioned reliable treatment such as would be administered by their grandmothers, backed by Bosche's German Syrup, which was always liberally used in connection with the home treatment of colds and is still in greater honor than ever known remedy. But even without the application of the old-fashioned aids German Syrup will cure a severe cold in quick time. It will cure colds in children or grown people. It relieves the congested organs, allays the irritation, and effectively stops the cough. Any child will take it. It is invaluable in a household of children. Trial size bottle, 25c; regular size, 75c. For sale by Dunn & Fulton.

Our employees frequently cut themselves and become poisoned, but are quickly cured by your wonderful remedy San-Cura Ointment. Personally I recommend it highly, as it healed my finger within a few days after the tip was accidentally torn off. I always keep a good supply of San-Cura on hand. S. S. On the Firing Line.

Philadelphia, Aug. 22.

Within 10 days the Republican campaign in Pennsylvania will be well under way and work will be begun in earnest to assure the election of the entire Republican ticket by large majorities. Much has already been done in that direction in the preliminary canvass, and the September extra session out of the way, the campaigning to interest the voters in the Republican cause will be spirited and unceasing until the polls close on the 7th of November next.

Colonel Wesley R. Andrews, chairman of the Republican state committee, states that the county chairmen have never before accomplished so much work thus early in a canvass, and his reports from every section of the state are exceedingly gratifying. His correspondence is very large and a corps of stenographers are kept busy until late every evening running off on typewriters his letters to committeemen and other active Republicans in the several counties.

Although this is what is styled an "off year" when it is not expected that there will be many mass meetings, Chairman Andrews has already got a number of applications from young Republicans and many veteran orators offering their services to the state committee to address any mass meetings that may be held under the auspices of the state organization. The chairman will also be in a position to furnish orators to county meetings held by direction of the county chairmen.

Young Men to the Front.

The state organization is giving every encouragement possible to the officers of the State League of Republican Clubs who are preparing for their convention, which will be held in Easton the middle of next month. This promises to be one of the most important conventions held in the history of the state league, and all possible arrangements are being made for the entertainment of the visitors.

There will be full representation of the clubs and a large attendance of active and earnest party men—men who are in the party from conviction and principle, and not for personal gain. The league always has been found on the side of clean and aggressive Republicanism. Most of the clubs have among the delegates who will attend the annual convention those active young men who are looking ahead for promotion in our state and local politics. They are the working volunteer force of the party. Neither faction nor dissension can swerve them from loyalty to the party which they place above and beyond men and individuals.

The league is a powerful and important adjunct to the state committee and a political help to success. The state ticket this year is a good ticket, clean, able and Republican, and there is no reason why it should not receive the earnest and zealous support of all good Republicans. It certainly will have the cordial untiring support of all the clubmen over the state.

Campaign of Misrepresentation.

As an indication of how the Republicans of the interior of the state view the Philadelphia situation, this from the Pittsburgh Gazette is of interest:

"In the history of Pennsylvania politics there has never been so dirty a campaign of misrepresentation as that now in progress. There has been trouble in the city of Philadelphia. It began with a gas franchise ordinance and has gone to the extent of involving some city contractors. In due course and by due process of law the accused will be declared guilty or innocent according to their deserts. In the meantime, however, there is a hue and cry sent out over the state that these men are guilty, and their sins are laid at the door of the Republican party."

"The attack on the Republican party, however, is of another color. There is no mistaking that. It emanates from the committee of the whole of the Democratic party and is boosted along by the organization of misfits whose motto is rule or ruin. Its very absurdity has led to allowing it to go unchallenged for so long that it is beginning to be accepted outside the state. The charge has been taken up by a lot of blatant yellow journals that try to carry political water on both shoulders, but which never lose a really good opportunity to thrust at the Republican party. That is all there is to it. There is no shadow of truth in the claim and the Republican voters in November will ram it down the false throats that give it utterance."
