He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholers and Diarrhoes Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured meentirely. Two fellow jurcrs were afflicted in the same manner and one small bottle cured the three of us." I wish to announce that the new fall and winter line of samples for Men's and Boys' Made-to-Measure Clothing, from the Glasgow Woolen Mills Co., of Oil City, has been received by me and can be seen and inspected by calling at the Lanson building, next door to White Star Grocery. To say that the line is a complete one is putting it very mild, as it without doubt contains more selections and better values than any line ever shown here. In this elaborate display you will find all the popular weaves known in men's goods from which you may select a Suit, Overcoat, Top Coat or Rain Coat and have it Made to Your Measure at a very nominal cost.

And this backed by Glasgow's world famous guarantee, "No Fit, No Pay, is the Glasgow Way." And of course, we have them at higher prices, ranging from \$18 to \$35.

As to styles, both Single and Double Breasted Sack Coats will be "in it" this fall, made in either three or four button styles, with vent at either center or side seams and with corners only slightly rounded on the single breasted style. The most radical change is in the length. All coats will be longer.

In Trousers either full or one-half peg top are right.

However, by coming here for your clothes you may have them made in any style to suit your own little whims. I will indeed appreciate your order for a Suit, Overcoat, Rain Coat, Top Coat, or pair of Trousers.

THE rule to bar girls from murder trials in New York city, growing out of Hopkins has the new stock. See it. It the large attendance of morbid young females at such events, may be wise as a necessity forced by the vellow journalism which New York has so greatly encouraged.

THE Republican ticket of this county is composed of as clean, capable and upright business men as any that ever came before the people, and no Republican in the county can possibly form a valid excuse for not supporting every man on the ticket.

She has played a star part in no fewer than six matrimonial enagagements, the last of which was only one day past when her husband fied from her. Out of her experience she has deduced the following matrimonial axioms: "All men are deceitful," "Marriage for love is a failure," "Women should marry for money, not love. After being married for a few months most men, when pretty girls cross their paths, only pretend to love their wives."

BEFORE taking it for granted that there is an overwhelming public sentiment in favor of tariff revision, why not wait until the next Congressional election and see how many Republican members are elected on a revision platform?
