Laborers From Martinique Refused to Disembark at Colon.

Forger Got Valuable Securities-Tunnels Under North River-Raybrook Consumption Hospital-Supplies For Indians-Gomez Withdraws From Cuban Election-Advance in Oil.

Six hundred and fifty laborers from Martinique, brought to Colon last Friday on the French steamship Versailles under contract to work on the canal, refused to disembark or to submit to vaccination, which is inperative under the American sanitary regulations.

Saturday morning, however, 500 of them were with difficulty persuaded to land and these were sent to points along the line of the canal. One hundred and fifty remained on board and declined to leave the ship under any

consideration. These were forcibly ejected from the vessel Sunday afternoon by Panaman and Canal Zone police, but not until nearly every one of them had been clubbed and several were bleeding from bad wounds. All of Saturday and Sunday the Versailles was guarded by

Panaman policemen. Seeing that resistance was useless, the men vielded, came ashore and began to eat the food which had been placed on the dock in sight of them for several hours. Many of them had not eaten since Saturday. At 5 o'clock all the laborers, who were in a pitiable condition, were placed on board a train which left for Corozal, where they will be put to work.

Forger Got Valuable Securities, The details of a plan whereby the National City bank of New York was victimizedby a clever forger have been made public. The forger presented a bogus check bearing the name of a wellknown stock exchange firm and received in return securities valued at about \$360,000.

A private detective agency was called in and transfer of the securitles was at once stopped. The detectives intimate that they have a clue to the identity of the forger, who is believed to have had accomplices.

The securities include 1,000 shares of United States Steel common, 1,000 shares of Rock Island common, 1,000 shares of Metropolitan Street raffway; 700 shares of Missouri Pacific, 200 shares of North American company, 47 of American Tobacco Co. 6 per cent bonds and some Wabash debenture bonds.

Tunnels Under North River

The twin tunnels to connect New York and New Jersey, started by Hudson company 27 years ago but abandoned for a time because of engineering problems which it was thought could not be overcome, were completed Friday when the barrier at the Manhattan side on the south tunnel was broken through by means of a hydraulic jack.

The north tunnel, which was opened March 11, 1904, has since been lined with cement and if necessary cars

could be run through it in a week. The south tunnel, which is vet only metal-lined tube, will be cement lined as quickly as possible and it is expected that cars wift be running through the twin tubes from Jersey City and Hoboken to 33rd street and Sixth-avenue and Astor place and Fourth avenue within 18 months.

State's Consumption Hospital. The trustees of New York state hos

pital for incipient pulmonary tuberculosis in the Adirondacks have issued their completed statistics for the first year, which show an excellent percentage of recoveries and improvements. There were admitted during the year

207 patients, more than half of whom were incipients, according to the strict definition of the term. There were no deaths. Of the 105 patients discharged 52 were apparently recovered.

Treatment at the hospital consists mainly of outdoor air, wholesome food and rest. Scarcely any medicine is given. During the summer months nearly the entire time has been spent on the verandas or in tents with all the flaps raised,

Fear of Financial Breakdown.

Notwithstanding the silence of the government, the real fact was disclosed at Tokio recently that Japan made peace at Portsmouth in fear of a financial breakdown. The war proved more costly than had been calculated and the rice and cereal crops seemed doomed to failure. During the month of August, when the crops ripen, there was continuous rain and exceedingly cold weather. While some improvement may still be in store, it is certain that the rice crop promises to be from 15 to 20 per cent below the average and far below last year's crop, when it was marvelously large. Six months more of war would have meant very hard times, for the masses of the people are very poor and rice is their

Old and New Points Raised by Former Senator Hill.

Opposing Brief Characterizes Senator Hill's Comment on Judge Gray as Being Such as No Degree of Emi nence In Counsel Could Render Respectable.

Albany, Oct. 3.-The case of Albert T. Patrick, who since March 26, 1902, has been under conviction of the mur-Her of the aged millionaire, William Marsh Rice in New York city in 1900, came again before the court of appeals yesterday afternoon in an aspect as remarkable as any of the previous phases of this case, which throughout has been one of the most extraordinary in the criminal history of this state.

Patrick's counsel, former United States Senator David B. Hill, presented a brief in support of his motion for a reargument of the case, which was decided against Patrick by the court last June by a vote of 4 to 3.

Judge Gray's Part In Judgment. In the course of this brief he points out that a son of Judge Clinton Gray, one of the judges of the court of appeals and one of those who voted against the reversal of Patrick's conviction, was an assistant district attorney of New York county and participated in the prosecution of Patrick.

The opposing brief of District Attorney Jerome, drawn it is said by the late ex-Justice Judson S. Landon a short time before his recent death and filed by Assistant District Attorney Howard Gans, characterizes Senator Hill's comment upon Judge Gray's participation in the judgment of the court as being such as "no degree of eminence in counsel could render respectable."

"The suggestion that Judge Grav violated the proprieties in taking part in this case is as contemptible as it is impudent," the district attorney's brief

The legal history of Patrick's case may be summarized as follows: Arrested Oct. 4, 1900; trial began Jan. 20, 1902; convicted March 26, 1902; put in death house at Sing Sing April 2, 1902; appeal for new trial Feb. 10, 1903; petition for new trial denied by the trial court March 3, 1903; argument on appeal to court of appeals 1904; argument for reopening case

March 15, 1905; court refuses to grant new trial, affirms conviction June 9, time of their commitment 1905; refuses stay of execution June 14, 1905; execution set for Aug. 7, 557, an increase of 1,022. The number June 16, 1905; motion for reargument and stay of execution granted July 25,411. From that number 3 inmates 24, 1905; renewal of motion for re-

argument Oct. 2, 1905. Jerome's Opposing Brief. The brief filed for District Attorney Jerome in opposition to the motion for a reargument thus criticises the effort to secure a reargument: "It is an attempt to reopen the case founded upon a rehash of all that was urged upon the argument and in the briefs and coupled with motion papers which, while conceding that practically all the points urged had been discussed in opinions written by members of the court, undertakes to criticise, in terms which, were counsel less eminent, might well be regarded as insolent, those of the court's deliberate conclusions which the distinguished coun-

sel is constrained to criticise, and as-

sails the judicial conduct of a mem-

ber of this court in a manner which no degree of eminence in counsel could render respectable. "This diatribe covers two volumes aggregating 164 printed pages and enumerates under 20 separate heads considered but was unable to grasp, devotes one head to a meritless point worthy of discussion, one to the attack on the learned judge who wrote the prevailing opinion and two to a laudation of the members of the court who dissented, conceived in a spirit which renders it scarcely less objec-

tionable than the attack upon their associates. The brief goes specifically into a review of the points raised by Senator Hill, denying that they constitute a ground for the reargument of the case. Referring to the point of Senator Hill that the son of Judge Gray was an assistant district attorney in the case the Judge Gray violated the proprieties in taking part in this case is as contemptible as it is impudent."

The brief concludes: "The opinions make clear that the defendant's guilt was established beyond the shadow of | for service in about a year, a doubt; that he had a fair and impartial trial and that he had the careful and painstaking hearing and consideration of his appeal which this court always accords, and hence it is respect-The journey from Oyster Bay was fully submitted that the motion for a reargument should be denied,"

# BOOTHMAN TRIAL OPENED.

Alleged Confederate of Whiteman In Fidelity Company Swindle.

Buffalo, Oct. 3.- Joseph Boothman, alleged confederate of Alonzo J. White man in the swindling of the Fidelity Trust company, was placed on trial in criminal term of supreme court under one of the half dozen indictments reported against him more than a year

The indictment under which Boothman was placed on trial, charges grand larceny in the second degree. It is almost identical with the indictment under which Whiteman was last placed on trial. It charges Boothman with complicity in the theft of \$150 from the Fidelity Trust company on July 5 1904 .

On that day a check for \$750 was drawn against the "Hubbard" account in the Fidelity bank. The check was signed by F. H. Hubbard and was payable to the order of one H. R. Thomas, who is said to be Boothman. The check was handed to John W. Flynn, the horseman, and he got the cash on the check. Flynn has already testified that when he got the cash on this check he gave it to Boothman and Boothman has sworn twice that he gave the money to Whiteman. The account drawn against was the \$9,000 account formed by the deposit of a

check raised from \$51 to \$9,000. Boothman, nattily dressed and debonair as ever, was early in court, and, for the first time since the Whiteman case became of any importance, had a place in the prisoners' dock He chatted earnestly with his counsel.

William Armstrong. Charles A. Dolson and E. W. McIntyre, counsel for Whiteman, were on hand and conferred earnestly with Mr. Armstrong. It was evident from this that for the first time since the arrest of Whiteman he and Boothman

joined forces. Thomas Kennedy, serving time in Auburn prison on his plea of guilty in connection with a bank swindling transaction, and who is alleged to have been a member of the Knox-Whiteman gang, will be one of the witnesses for the defense. An order has been se-cured from Justice Kenefick upon which Kennedy will be brought here.
