STUDENTS' CRAZY ACT.

Placed Lives of Score of Trolley Passengers in Peril.

Arrests in Suit Case Murder—Visiting British Cruiser Squadron—Rewards For Middletown Murderer—Jews Massacred in Russia—Cunliffe to Be Sentenced Nov. 11.

The lives of a score of trolley car passengers were placed in great peril Thursday night at Thaca, N. Y., by a prank of several Cornell students. The street car rails, at a curve on a dangerous grade, a short distance above the deep Cascadilla gorge, at the edge of the Cornell campus, were greased with soap, evidently to cause the motorman to lose control of his car while descending the hill.

As a car approached the curve several students jumped from behind trees and grabbed the rope at the rear of the car, pulled the trolley pole off the wire. The motorman and conductor managed to replace the pole in time to reverse the power and check the speed of the car as it passed over the slippery rails.

Manager Post of the Street Railway company said that had a less experienced motorman been in charge nothing could have prevented the car from leaving the rails at the curve and that in all probability it would have been precipitated into the deep gorge.

The matter is regarded as a criminal attempt to wreck a car and has been placed in the hands of the district attorney and police. The railway officials say that if the offenders can be captured they will prosecute them to the full extent of the law.

Arrests For Suit Case Murder.

Dr. Percy D. McLeod, a reputable physician of the Back Bay district of Boston, was arrested on the charge of performing an illegal operation on Susan Geary, the Cambridge chorus girl whose body was found in two suit cases in the waters of Boston harbor.

While the authorities admit that other arrests may be expected soon they say that the case is practically completed and that it no longer remains a mystery.

Through the confessions of Louis Crawford and William Howard, who were arrested in New York Thursday, the authorities received evidence which, in their opinion, warranted the arrest of Dr. McLeod. It is alleged that Dr. McLeod was called into the case after the first operation was performed in a Tremont street office and that he performed a second operation, of a desperate nature, in a vain attempt to save the life of the young woman.

Miss Geary failing to recover, it is alleged that Dr. McLeod in an effort to conceal the crime, dismembered the body.

Head of Woman Found. What is confidently believed to be the head of Susanna Geary, the dress suit case victim, was recovered in a leather hand bag from the bottom of Boston harbor on Sunday. It was dragged to the surface very near the point where Lewis W. Crawford and William Howard, who have confessed to disposing of the dismembered body of the girl, said they dropped it from the stern of the East Boston ferry boat.

Visiting British Cruiser Squadron. Rear Admiral Prince Louis of Battenberg and the British armored cruiser squadron under his command arrived Wednesday at Annapolis, Md., and were cordially welcomed by navy officers and the governor of Maryland.

Rear Admiral Prince Louis of Battenberg was received by President and Mrs. Roosevelt Friday afternoon. The prince was the bearer of a personal message of good will from King Edward to President Roosevelt, and was presented to the president by Sir Henry Mortimer Durand, the British ambassador. The presentation was made the occasion for a brilliant reception. At night the British ambassador and Lady Durand gave a state dinner to their distinguished house guest, followed by a large reception and ball.

Reward For Middletown Murderer. It is announced that sufficient evidence has been secured to convict Charles Henry Rogers of Middletown, N. Y., of the murders of Fred and Willis Olney and Alice Ingerick and the murderous assault on Mrs. Georgia Ingerick, mother of the girl. Rogers, who was a motorman on the electric railroad, disappeared soon after the murders. He is also charged with issuing worthless checks about the time of the murders and the reward of \$1,000 recently was offered for his arrest for grand larceny. A reward of \$500 also was offered by the county authorities for the conviction of the murderer.

There is a suspicion that Rogers committed suicide soon after he disappeared, but many believe he is hiding in the woods near by.

Shot His Daughter For a Burglar. Believing that he was shooting at a burglar, Hayden R. Craft a hardware merchant of Uniontown, Pa., killed his daughter, Mrs. Elizabeth Coddington, at her home in that town on Sunday. Mrs. Coddington and her husband, Charles Coddington, lived with the former's parents. Early in the morning Mrs. Coddington went to the kitchen. The door closed behind her and locked itself with a spring

lock. Her father was awakened by the sound and going to the door called twice. Receiving no response he fired through the door, the bullet striking his daughter in the head. When he discovered what he had done Mr. Craft collapsed and now lies in the hospital in a critical condition.

Jews Suffered in Russian Riots.

From many Russian cities come reports of conflicts, in which the Jews appear to be the principal sufferers. In Kieff the loss of life and property has been very great. In Theodosia, Kostroma and Saratoff the disorders have been most serious. There is an unconfirmed report that Kishineff has been totally destroyed by fire.

A London newspaper's St. Petersburg correspondent estimates that in the leading 50 provincial towns of Russia 1,000 persons have been killed and 10,000 seriously wounded in the last 24 hours. The revolutionary movement in Finland is unchecked, the Finnish National Guard opposing the advance of Russian troops and compelling them to retire.

Latest accounts of devastation in the Odessa Jewish quarter add horror to the situation. Besides numerous mills all the bakeries, shops and nearly 600 homes have been destroyed. The Jews killed in every circumstance were treated with revolting barbarity. Skulls were battered with hammers, nails were driven into the bodies, eyes were gouged out and ears severed. Many bodies were dismembered and in cases petroleum was poured over the sick found hiding in cellars and they were burned to death.

It is alleged that the police and soldiers everywhere marched at the head of mobs, inciting them to destroy the Jews by crying "the Jews have killed our emperor" and similar expressions. While the mobs were engaged in the slaughter the soldiers busied themselves pillaging the cash and jewels, leaving the household goods to the mobs. The owners of many houses got rid of the bandits by the payment of a ransom to the police.

Lake Steamer En Route to Seattle.

The steel steamship Indianapolis arrived at Ogdenburg, N. Y., on Thursday en route to Seattle, Washington, having been sold by the Indiana Navigation company of Michigan City and Chicago to the Puget Sound Navigation company. The Indianapolis will be used as an excursion boat on the Pacific ocean. Captain Johnson and a salt water crew took possession of the vessel here for the trip of 30,000 miles around the Horn. The Indianapolis was built at the Craig Shipyards, Toledo, two years ago. She is 185 feet long, is licensed to carry 1,200 passengers and has a speed of 20 miles an hour.

Whalers Caught in the Ice.

The whaling steamer William Bayles, one of the vessels which escaped the grip of the arctic ice, has arrived at San Francisco, Cal., with over 30,000 pounds of whalebone and the oil from 16 whales. The value of her cargo is estimated at \$150,000. Captain Bodfish first sent from Unalaska the news that the whaling fleet had been caught in the ice. Experienced for all of the imprisoned vessels to remain in the Arctic until the sea opens and those who do survive will have to face the danger of the breaking up of ice floes in the spring.

Blame Esparta For Collision.

The lighthouse board at Washington has received a report from its officers aboard the Magnolia at the time she collided with the freight steamer Esparta coming from New Orleans with President Roosevelt on board. All blame for the accident is placed on the Esparta. It is stated to have been unavoidable on the part of the Magnolia. The collision is to be made the subject of investigation by the supervising inspector of steam vessels.

Cunliffe to Be Sentenced Nov. 11.

It was announced from Pittsburgh that Edward G. Cunliffe, the express robber, would be sentenced Nov. 11. He can only be sentenced to six years in the penitentiary, three years on the two counts of larceny, one for \$100,000 and one for \$1,000.

Great Eastern Poultry Show.

The Great Eastern poultry show, which takes place at the Grand Central palace in New York city on the 13th instant and four following days, has received over 2,500 entries in the various classes, completely filling the list. The pigeons are numerous, and the carrier classes, with records of from 600 to 2,000 miles, will prove one of the most attractive features. Over 120 entries have been made in the kitchen classes, the most numerous being the valuable long-haired Persian variety.

1,000-Mile March Planned.

An overland march of more than 1,000 miles has been planned for the Twenty-second Light battery, now at Fort Douglas, near Salt Lake City, Utah, and the Nineteenth Light battery, now stationed at Fort Riley, Kan., which have been ordered to exchange stations. The two commands will begin the march this week. The journey is scheduled to be completed in 70 days.

Tornado Killed Seven People.

A tornado at Mountain View, Ok., Saturday evening killed seven persons and injured many others and damaged much property.

Prominent Citizens in Both Parties in New York Formed an Organization to Bring about Laws to Prevent Fraud at Elections.

London, Ont., Nov. 7.—Thomas Flaven, 23 years old, an excessive smoker of cigarettes, yesterday ran amuck with two revolvers in London South. He was shooting at everybody in sight when Policemen Harry Green and Walter were sent to arrest him. When the officers got within a few feet of Flaven he turned and fired into Green's face, the bullet entering just below the left ear. Quick as a flash he turned on Smith and shot him in the arm. Smith, however, grappled with the demented man and finally overpowered him.

MRS. TODD'S STOMACH.

A Portion Will Be Taken to Philadelphia For Analysis.

Ingersoll Lockwood Claims to Hold a Trust Deed For the Von Hoffman Apartment House—Attempt to Show a Conspiracy to Cause Her Death in Philadelphia.

New York, Nov. 7.—Professor Meeker, chief pathologist and chemist of Philadelphia, with three attaches of the coroner's office in that city, called on Coroner Scholer with a view of obtaining the organs from the body of Mrs. Todd, which they intend to analyze for the purpose of discovering traces of poison. This was done at the instance of the district attorney of Philadelphia, who desires to complete his evidence in the case.

A portion of the stomach will be taken to Philadelphia and the rest will be retained here for examination by the local authorities. The body is at the College of Physicians and Surgeons and it was impossible to comply with the request at the hour the Philadelphia visitors called. Coroner Scholer made an appointment for Wednesday morning when the stomach will be removed.

There is only \$7,000 to be divided among the beneficiaries of Mrs. Margaretta Todd's estate according to a petition to her will filed for probate yesterday by counsel for Ingersoll Lockwood. This was a will which Mrs. Todd had drawn up by Mr. Lockwood in 1902. The petition gave the value of real estate left by Mrs. Todd as \$5,000 and of her personal property at \$2,000. Mr. Lockwood claims that he holds a trust deed for the Von Hoffman Apartment House which Mrs. Todd owned.

Assistant District Attorney Nott said definitely that the mysterious death of Mrs. Todd in Philadelphia would be investigated by the district attorney's office. He made this statement after conference with George G. Hastings, lawyer for the Toussie heirs.

Mr. Hastings said after this conference that an attempt would be made to show that a conspiracy was contrived in New York city and was carried out in Pennsylvania.

Ingersoll Lockwood, who after his client's death in Philadelphia endeavored to obtain control of part of her estate here as a beneficiary under her will, today denied the statement made by an undertaker that on the day after her death he ordered Mrs. Todd's body to be cremated.

Mr. Lockwood announced through his attorney that he expected to be the first witness before the grand jury, before which he had been given to understand the district attorney would lay the Todd case. His attorney said that his client would tell this jury the names of the two men who were seen with Mrs. Todd in Philadelphia on the night she was found dead and that other statements which Mr. Lockwood would make to the grand jury in the mysterious case.

LOVER KILLED HER FATHER.

According to the Confession of Gertrude O'Hara.

Mineola, L. I., Nov. 7.—Gertrude O'Hara, whose father, Patrick O'Hara, was murdered last August, told the police today that her sweetheart, Cleveland Poole, killed her father. According to the girl's confession Poole came to her within an hour after the father's death telling her the details of the crime, and both she and her mother knew where O'Hara's body lay for over a month before it was found by strangers and brought home.

O'Hara disappeared on Aug. 13 and his body was found on Sept. 20 bearing several bullet wounds.

Cleveland Poole was arrested by the police, who were holding him for examination by the grand jury when Gertrude O'Hara confessed. The girl's confession was brought about through her arrest yesterday together with her mother on the charge of being accessory to the crime.

Saw Her Daughter's Severed Head.

Boston, Nov. 7.—Medical Examiner Harris, Professor Whitney of the Medical school and Associate Medical Examiner George Steadman all agreed that the head found Sunday was the missing part of the body, the arms, legs and trunk of which had been previously found in suit cases in Boston harbor. Mrs. Geary, the mother of Miss Geary, the missing chorus girl, who is supposed to be the victim of the suit case murder, viewed the head. The shock of seeing the features of the girl, believed to be her daughter, proved to be more than the mother could bear. Medical assistants were needed while she was passing through the ordeal, and shortly after it was over she was conveyed to her home in a condition of prostration.

Demented Man Ran Amuck.

London, Ont., Nov. 7.—Thomas Flaven, 23 years old, an excessive smoker of cigarettes, yesterday ran amuck with two revolvers in London South. He was shooting at everybody in sight when Policemen Harry Green and Walter were sent to arrest him. When the officers got within a few feet of Flaven he turned and fired into Green's face, the bullet entering just below the left ear. Quick as a flash he turned on Smith and shot him in the arm. Smith, however, grappled with the demented man and finally overpowered him.

THANKSGIVING PROCLAMATION.

President Roosevelt Sets Apart Thursday, Nov. 30, as a Day of Thanksgiving and Prayer.

Washington, Nov. 3.—By the president of the United States of America—A Proclamation. When nearly three centuries ago the first settlers came to the country which has now become this great republic, they fronted not only hardship and privation but terrible risk to their lives. In those grim years the custom grew of setting apart one day in each year for a special service of thanksgiving to the Almighty for preserving the people through the changing seasons.

The custom has now become national and hallowed by immemorial usage. We live in easier and more plentiful times than our forefathers, the men who with rugged strength faced the rugged days; and yet the dangers to national life are quite as great now as at any previous time in our history.

It is eminently fitting that once a year our people should set apart a day for praise and thanksgiving to the Giver of Good and, at the same time, that they express their thankfulness for the abundant mercies received by should manfully acknowledge their shortcomings and pledge themselves solemnly and in good faith to strive to overcome them.

During the past year we have been blessed with bountiful crops. Our business prosperity has been great. No other people has ever stood on as high a level of material well being as ours now stands. We are not threatened by foes from without. The foes from whom we should pray to be delivered are our own passions, appetites and follies; and against these there is always need that we should war.

Therefore, I now set apart Thursday, the 30th day of this November, as a day of thanksgiving for the past and of prayer for the future, and on that day I ask that throughout the land the people gather in their homes and places of worship, and in rendering thanks unto the Most High for the manifold blessings of the past year, consecrate themselves to a life of cleanliness, honor and wisdom, so that this nation may do its allotted work on the earth in a manner worthy of those who founded it and of those who preserved it.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the city of Washington this 2nd day of November in the year of our Lord one thousand nine hundred and five and of the independence of the United States the one hundred and thirtieth.

Theodore Roosevelt.

WITTE AN UNPOPULAR MAN.

Says Mr. Stead, Who Fears For American Residents in St. Petersburg.

Copenhagen, Denmark, Nov. 7.—W. T. Stead, who has arrived here from Russia, visited the American minister, Thomas J. O'Brien, and asked whether any American warships were near at hand for the protection of the American residents of St. Petersburg. In case the situation grew worse, Mr. O'Brien said that no American ships were nearby. Moreover, he was not an alarmist regarding the situation at St. Petersburg.

Mr. Stead said: "While I hope for the best it will be wise to be prepared for the worst. No one knows what will happen. The American colony would feel comfortable if vessels under the stars and stripes were within call in case the worst comes to the worst."

Mr. Stead said that he feared the emperor's manifesto for liberal reforms in Russia had come too late to secure its early peaceful acceptance by the whole people. He was optimistic, however, on the eventual outcome.

"The question is," said Mr. Stead, "can Witte, who undoubtedly is a most unpopular man, rally the whole constitutional party and induce the whole people to put their trust in promises of a new liberty. If he can, then there is a chance of improving the situation. Count Witte is a clever man, and certainly now has the full support of the emperor. Unfortunately, however, nobody else has confidence in Witte, who himself places no confidence in anybody."

Blunder in Making Up Ballots.

Kingston, N. Y., Nov. 7.—When ballots for the township of Rochester, Ulster county, were distributed to election officials yesterday Leroy C. Keller, Republican nominee for town clerk, discovered that his name was not on the ticket, but instead the name of Leroy C. Baker had been placed on the ballots. Baker and Keller are neighbors. Discovery of the mistake was equally surprising to both. Baker has no political aspirations. The secretary of the town caucus acknowledged that he had unintentionally blundered in making up the ballot, and Supreme Court Justice Hasbrouck granted an order for the printing of new ones. These were delivered to the officials last night.

Founder of Y. M. C. A. Dead.

London, Nov. 7.—Sir George Williams, founder of the Young Men's Christian association and president of its London headquarters for 20 years, died yesterday. He was born in 1821. Sir George was knighted by Queen Victoria in 1894 for his services in behalf of the association.

Death of Miss Augusta Dodge.

Salem, Mass., Nov. 7.—Miss Augusta Dodge, the last surviving sister of the late Abigail Dodge, "Gail Hamilton" and herself a woman of much literary ability, died here yesterday. She was 76 years of age.

EXAMINER REMOVED.

Failed to Discover Conditions Existing in Enterprise National Bank.

Washington, Nov. 6.—The comptroller of the currency Saturday removed from service Bank Examiner R. H. Mattern, on account of his failure to discover the conditions existing in the Enterprise National bank of Allegheny City, Pa. The investigation showed that the conditions leading to the failure of that bank had existed for some time.

Owen T. Reeves, Jr., has been appointed to fill the vacancy.

Mr. Reeves has been an assistant bank examiner in New York city.

Examiner Mattern's case has been carefully investigated, and he has been given a full opportunity to be heard in his own defense. According to a statement issued by Mr. Ridgely, there is not the slightest ground for suspicion of any criminal intent on the part of Mr. Mattern, or any corrupt collusion with the officers of the bank. He was, however, it is claimed, entirely too credulous in his acceptance of their statements, and careless and inefficient in his examinations.

Mr. Reeves, who replaces Mattern, was at one time acting chief of the reports division in the comptroller's office. He has had several years' experience as assistant bank examiner in New York and other states. He has been detailed to the department of justice in many important criminal cases, notably those at Medina, Fredonia and Syracuse, N. Y.
