pleat inquiry and explanation by the first person to receive the report of this uncommercial woman would have set the matter right, but the acceptance of her unwarranted conclusion brought on a panic among small depositors. The incident illustrates the danger of using a "short cut" in dealing with people unaccustomed to business methods.

The Hotel Brusher.

The position of brusher in the barber shop of a large hotel in New York is worth at least \$20 a week if a young man attends to his business. Hotel patrons are liberal tippers. The brusher is expected to find seats for customers if the barbers' chairs are filled and to hand around the morning and illustrated papers. The boss barber pays them no salary. Permission to work in the shop is considered sufficient compensation. The hours are long, and in most cases brushers are allowed a boy as an assistant.

Had It Bad.

Dear Sirs:—December 25, 1901, I was taken with what physicians pronounced MUSCULAR RHEUMATISM. I had it bad. I took, as I thought, every known remedy; paid out enough money, anyhow. I was entirely helpless for nearly eighteen months; about that time saw your ad. in the National Tribune; sent for a bottle; then sent for another; then another, and now I am out of the medicine business entirely. I give Crocker's Rheumatic Remedy the credit of curing me. I can heartily recommend it. Very truly, I. F. Towser. For sale by Dunn & Fulton, Tionesta.

Cole's Hot Blast

WILL SAVE \$25.00 IN FUEL THIS WINTER. Cole's Hot Blast is a great value. We sell it under a positive guarantee. It burns soft coal, lignite coal, coke, hard coal, wood or any fuel without any change in the stove. You only need one stove for the entire year. Spring, Fall or dead of Winter. Strikes or coal combines cease to be a terror if you have a Cole's Hot Blast. Fire Never Out. It is the only stove that keeps the house warm all night and gives the family a warm breakfast room in the morning without kindling a new fire. Guaranteed to hold fire from Saturday night to Monday morning. Saves the Dollars. If you feel poor it saves half your fuel bill, while giving the above beautiful results. It will even make a ton of cheap slack soft coal do more work and hold fire better than your neighbor gets out of a ton of hard coal in his \$50.00 stove. Scientific and Air-tight construction throughout. A patented steel collar connects the elbow draft to the stove body and cannot open by action of the fiercest heat. The patented compound hinge on the lower draft cannot warp and the draft door closes air-tight by its own weight. The guaranteed smoke-proof feed door prevents smoke, dust or escaping when fuel is put in the stove. Perfect results, therefore, from any fuel. The heavy fire box protects the points where other stoves burn out first, and insures great durability. Ask to see the patented dustless ash cover for removing ashes. Our method is the only clean way. Cole's Hot Blast makes \$5.00 worth of fuel give more heat than \$10.00 worth in any other stove. Sold on a positive guarantee. Investigate today.

CAUTION

See the words, "Cole's Hot Blast from Chicago" on the feed door of each stove. None genuine without it.
