Mrs. Mealy, widow of the late John Mealy, died at the home of her son, Joseph, who lives on the old homestead, a short distance from Johnlowen, Clarion county, Thursday morning, Nov. 9, 1905, aged upward of 90 years, Catherine (Knisley) Mealy was the daughter of John and Catherine Knisley, and was born in Bedford county, Pa., July 14, 1815, where she grew to young womanhood. March 17, 1836, at Hollidaysburg, she was united in marriage with John Mealy, and six years later, in 1842, they came to Clarion festponed with white ribbon and smilax. | county and settled on a piece of land which they cleared and ever after made last hours upon earth, the husband pass ing away nearly 20 years ago. Seven boys and four girls were born to them, of whom seven still survive, as follows: Mrs. Samuel Whitton of Newmansville, Mealy of Tiona, Moses M., of Newmans ville, Aaron, of Tiona, Elijah, of Youngs ville, and Joseph, on the old homestead, They were among the earliest settlers of country was scarcely more than a wilderness, with neighbors few and far between, but they tolled together through it all Next came the little people of the bridal overcoming hardships with cheerful hearts that would be considered too great for the present generation to endure. One of the Funny Items.

Newspaper reports say that the people of Forest county are considering the propriety of attaching themselves to some other county and thereby wiping themselves off the map as a political and geographical division. The county had a population of only 11,039 at the last census and the burden of maintaining a county government naturally falls heavily upon each taxpayer. We assume that this is all talk from irresponsible outside sources as Forest has the territory and resources to make a great county some day. All that is necessary is to saw wood and be patient. Besides, in a county where there are so few people, nearly every male citizen has a chance to becoman office-holder some time during his life and thus get even. But if "Jake" Wenk and "Billy" Croasmun, and the rest of the boys up there are really tired, and want to quit, we hereby extend to them a cordial invitation to annex to Jefferson

ounty .- Punxsy Spirit. What would be the matter with Elk nnexing both Forest and Cameron counties. We would cordially welcome either or both of them .- Ridgway Advocate.

Now, friends, you've both been so loy ing and lovable to us, that were we Forestonians ever to consider the proposition of "throwing up the sponge" we'd scarcely know which of "yees" to embrace first. But since there are at least three other counties smaller than we in population, several smaller in area, and the further fact that both Jefferson and Monday will leave for the Pacific coast, Elk slopped clear over and went "hell bent" for Berry, while Forest county stayed by the old flag at the recent election, if there's any annexing business on he tapis it will have to come our way, and you fellows must come to us.

MRS. H. R. SIGWORTH. Millionnire's Poor Stomach.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station.
